Dear Business Owner or Community Member;

I hope you will attend the next community Parent University which will be held on February 23, 2013, at Pleasant Lea Middle School. The event will showcase 30 community agencies that serve families in Eastern Jackson County. The showcase provides participants an opportunity to learn about community resources and how to access them.

After the showcase, participants choose 3 of 16 educational workshops on a variety of topics such as; Effective Discipline, Healthy Eating and Time Management. The program offers workshops choices for use with children 0 to 18 years so participants can select the workshops that are most meaningful to them. Additional features of the morning include a continental breakfast and child-care for children 1 to 11 years of age.

Lee's Summit CARES and the Parent University committee are in the stages of planning the upcoming event. LSC provides the leadership for the event which would not be possible without the support of 26 volunteer event coordinators as well as, business owners and community members like you!

Please consider being an event sponsor. In addition to helping families in our community you or your business will also be recognized on promotional materials that will be distributed throughout the Lee's Summit and Eastern Jackson County. To receive full sponsorship benefits and exposure your commitment must be made by October 31. Payment is due no later than January 15.

To attend, participants pay a \$10 fee. This fee is minimal to encourage everyone to attend regardless of income. As a nonprofit, 501C3 organization, Lee's Summit CARES does not profit on the event. LSC's goal is to cover program expenses.

Is this a good investment? Over the past nine years close to 2000 people have attended the event. Every year participants complete a post evaluation. Combined data over the past years showed that 98% of participants benefited from Parent University. Specific comments included; "This was well organized. Every part of the day was enjoyable and informative!" "I enjoyed the resource fair and picked up a lot of valuable information." "The speakers were wonderful and gave practical ideas for dealing with my kids."

Thank you for considering this request. A description of Sponsor Benefits is included, as well as the Donor Designation Form. We hope you will join us in carrying on the Parent University tradition! If you have any questions please contact Kerri Gray, Event Co-Chair at (816) 507-2298 or Roby Little, Director, Lee's Summit CARES at (816) 347-3298.

Sincerely,

Kerri Gray, ReDiscover

One overarching recommendation for Youth again emerged for 2012: **Implement an ongoing youth consortium and a Comprehensive Youth Master Plan.** This recommendation is based on the successful model of the Child & Youth Master Plan created for Metropolitan Nashville and Davidson County. Key to the continued progress on this plan was the assignment of a high level staff person in the Nashville Mayor's office, to convene task force meetings and coordination of the myriad partners involved in plan construction and work on its components. Such a plan should address these priority objectives:

1. **Safety** - Reduce the number of children and youth exposed to violence, including family violence.

2. **Out of School Time** -

- ◆ Increase the number of children & youth who experience active, consistent parenting, positive communication and emotional support from their families.
- ◆ Increase the number of children and youth who are exposed to learning opportunities that will provide them with the life/soft skills needed to succeed.
- ◆ Increase the number of youth contributing to the community in meaningful ways.
- ◆ Increase the number of children and youth who hold leadership positions/have roles in the city.
- ◆ Increase the number of parents, children and youth who are aware of what is offered in the community during out-of-school time.
- ◆ Increase the number of children and youth who participate in high quality
- ◆ out-of-school-time activities or service learning opportunities.
- ◆ Increase the balance of offerings with regard to creative-based, academic-based and physical activity-based programs for children and youth.

3. **Stability**

- ◆ Increase number of youth who experience active consistent parenting, positive communication and emotional support from their families:
- ◆ Increase the number of youth who are exposed to and have access to supports that show them that they can be successful adults.
- ◆ Decrease the number of youth who are influenced by gang culture.
- ◆ Decrease the number of youth committing or are victims of delinquent acts.
- ◆ Increase the number of children, youth, and families who are literate.
