Captian David Epperson,

Thank you for your application for the Missouri Communications Assistance Program (MoSCAP). The interest your agency has taken in the Missouri Statewide Interoperable Network (MOSWIN) is critical to its overall success and we want to thank you for participating. Over 300 agencies submitted MoSCAP application requesting over 600 radios that far exceeded the available number of radios. Because one of MOSWIN's primary purposes is to provide an interoperable platform for first responders, priority was given to first responder applicants who did not have interoperable access on MOSWIN. Applications requesting radios for regional communication vehicles were also prioritized. Another purpose of MOSWIN is to provide first responder agencies with an internal communications platform and agencies needing one or two more mobile radios to complete their fleet were also considered.

The intent of MoSCAP grant is to help agencies gain a level of access to the MOSWIN system and increase interoperability within their area. I am pleased to inform your agency you will receive one dual-band radio from this grant program. Please respond by February 15, 2016 to confirm or deny this grant award offer. Additional details regarding this award can be found in the enclosed supporting documents.

The MOSWIN system has been operational since December 31, 2012. As the awards are finalized, information will be made available regarding training, system access and standard operation procedures (SOPs). All equipment provided from this grant must be used in accordance with the guidelines provided in this award package and the SOPs. Enclosed is contact information for questions you may have at this point or in the future regarding MOSWIN.

I would like to thank you again for your willingness to participate in the MOSWIN system and MoSCAP grant process.

Sincerely,

A handwritten signature in black ink, appearing to read "Bryan Courtney".

Bryan Courtney
MOSWIN Director
