REJIS warrants that the software or services shall substantially perform in accordance with software specifications. REJIS will use its best effort to promptly correct any malfunction. REJIS does not make any other warranties, expressed or implied, nor does REJIS warrant the operation of the software will be uninterrupted or error-free.

REJIS and the Agency agree that throughout the term of this Agreement, it may become necessary to develop various system enhancements or interfaces that require application development work to meet the specific needs of Agency. If the Agency requests REJIS to develop and implement any future system enhancements or interfaces that are not included in the partnership agreement, the mutually agreed upon terms, conditions, and fees shall be negotiated under a separate agreement.
