To the Commissioners, Directors and Staff of COMBAT:

In 1999 the Kansas City Missouri Police Department (KCPD) began training officers in the Crisis Intervention Team (CIT) concept. In 2015 we placed two officers and a sergeant on special assignment to create the CIT Squad. Those officers handle the training needs of the surrounding metropolitan area law enforcement agencies, dangerous and chronically mentally ill subjects, and market the CIT concept to the citizens of Missouri.

As part of the CIT Squad's responsibilities, they have been tasked with providing various CIT training to law enforcement officers, mental health professionals, and other EMS services. This training includes in-service training blocks, a 40 hour basic CIT training class, a CIT training course – specifically targeted to interacting with military veterans, a training course – specific to the mental issues related to children and juveniles, and other specialized training related to current CIT issues. Part of the success of this program relies on POST approved catered lunches, books and other training material that complement those classes, and snacks and drinks that will ensure the students have the necessary sustenance for their continued attention to the instructors.

Because one of the goals of this training is to intercept emotionally disturbed subjects before they commit acts of violence, we have found that this goal is in tandem with some of COMBAT's goals. We are therefore requesting \$6,600 from COMBAT to fund the food, snack and supply costs of the training outlined above. These funds will satisfy the training needs of the Mid-America CIT Council Education Committee for the calendar year of 2016.

Thank you for your consideration of this mutually beneficial partnership between our agencies.

Sincerely,

To the Commissioners, Directors and Staff of COMBAT:

This letter is to offer further clarification on how the Crisis Intervention Team (CIT) program and training fits into the COMBAT mission.

Substance Abuse Treatment and Prevention

Many of the people who are suffering from a mental health crisis have been dual diagnosed as also having substance abuse issues. It is so prevalent that we include several hours of specific training blocks, during the CIT trainings, to address this. When attending the International CIT Conference and other trainings, we always ensure that we seek out and attend sessions dealing with this topic. This way we can keep current on the newest trends and how to address them.

Violence Prevention

There are many mentally ill people who are violent; in fact, the argument can be made that any violent person is suffering from some sort of mental health crisis. This is why we offer courses such as De-escalation and Suicide/Suicide by Cop in our CIT Trainings. The Kansas City CIT Squad also monitors several chronic/violent persons who suffer from mental health issues. They ensure they are getting the proper treatment and they routinely check on them to ensure they are keeping up with their treatment plan. All of this helps ensure they do not act on violent tendencies.

I have also attached a spread sheet which shows the break-down of food/snacks/supplies for each 2016 CIT Training.

Please let me know if you need anything further.

Sincerely,

Darren Ivey
KCPD CIT Commander

To the Commissioners, Directors and Staff of COMBAT:

In 1999 the Kansas City Missouri Police Department (KCPD) began training officers in the Crisis Intervention Team (CIT) concept. In 2015 we placed two officers and a sergeant on special assignment to create the CIT Squad. Those officers handle the training needs of the surrounding metropolitan area law enforcement agencies, dangerous and chronically mentally ill subjects, and market the CIT concept to the citizens of Missouri.

KCPD has been recognized as having the premier CIT program in the area and frequently has other agencies, mental health professionals, and citizens request the help of CIT officers. The CIT Squad supports those efforts by assisting in providing the most dangerous and persistently mentally ill subjects with the assistance needed to reduce the effects of their mental illness. This is done by training officers and mental health professionals, as well as personally interacting with the emotionally disturbed individuals.

Because the members of the CIT Squad need to keep current on training in regards to mental health issues, best practices involving police interaction with mentally ill subjects, and current liability issues resulting from those interactions, we respectfully request \$4,172 in funds from COMBAT so that KCPD can send three CIT Squad members to the International CIT Conference in Chicago, Illinois in April 2016. This is in line with both the goals of COMBAT and KCPD regarding mental illness and reduction of violence related to emotionally disturbed subjects.

Thank you for your consideration of this mutually beneficial partnership between our agencies.
