**Other organizations in the community that provide the same or similar services as your organization.**

Sisters in Christ Safe Zone Hub is unique in its partnership with Raytown schools to provide comprehensive case management and connection to needed resources for families in the district.

**Compare your programs and results to others working in the same field.**

The Safe Zone provides direct connection and coordination for mental and physical health services for members of the Raytown community that would not otherwise be able to afford or access them. By addressing the whole person, the Safe Zone addresses multiple health factors for this community.

**List all partnerships you have with other organizations along with the nature of the partnership.**

Sisters in Christ has many community partners to provide the comprehensive wrap around care required by Safe Zone Hub clients. Partners include: Four local therapists, REAP, the Center for Conflict Resolution, MOCSA, Hope House, ReDiscover, Harvesters, Raytown Triple A Foundation, Corey's Network, Heart of the Fathers Initiative, Project RISE, COMBAT, MO Department of Health, Raytown police, corrections and parole offices, the HOPE Network of Raytown and others. **Date Program was Initiated:** 2019

**What time period does this program run:** All Year

**Provide program description:** Sisters in Christ operates the Safe Zone - a COMBAT Strivin Resource hub - in the Raytown community and now with offices in three Raytown middle schools. Through this hub, SIC coordinates food assistance, housing assistance, transportation assistance, mental health services, parenting supports, family reunification assistance, tutoring, mentoring, other academic support services, entrepreneurship and employment training for at-risk youth, and volunteer opportunities.

**Describe the benefits of this program to Jackson County Missouri:** All Safe Zone clients experience one or more of the following challenges: mental illness, food insecurity, academic instability, violence, and other traumas. By providing comprehensive care for those most at risk, the root causes of violence in the community are addressed. Specifically, by providing culturally sensitive and comprehensive care for the whole person, the Safe Zone Hub reduces the risk factors for those seeking help and enables individuals to become healthy and productive members of the community.

**Describe target population to be served:** Safe Zone will serve families residing in and youth attending schools in Raytown, Missouri. Programs and services will be implemented at the family and individual/peer domain. Though the Safe Zone project works with the entire family, the emphasis will be on youth and male family members including older teens and particularly fathers.

**What are the qualifications for participants:** Participants in the Safe Zone Hub are members of the Raytown community at risk for violence. There are no other qualifications for participation in the Safe Zone program or the youth training program.

**Check if your services are available to anyone:** Yes

**How do you maintain a database of participants:** Combat

**Number of participants from Jackson County:** 300

**Number of participants from Other Areas:** 0

**Total Number of participants:** 300

**Identify the community need for your organization's program and services in Jackson County.**

According to NeighborhoodScout, Raytown currently reports a crime rate of 46 per one thousand residents. Within Missouri, more than 91% of the communities have a lower crime rate than Raytown. An abundance of research shows that children who are unsupervised after school are in danger of becoming victims of crimes or accidents and that adults experiencing the conditions addressed through the Safe Zone are at higher likelihood of both being victims of violent crime and committing those crimes.
