It is mutually agreed by the parties executing this contract to the following: the reimbursable costs shall not exceed the **total obligated amount of \$34,004.00**; the recipient of funds shall proceed with the implementation of the program as detailed in attached forms (which become part of this agreement) and shall adhere to conditions specified in attachments (which become part of this agreement); all Federal and State of Missouri laws and regulations are applicable and any addendums or conditions thereto shall be binding; any facilities and/or equipment acquired in the connection with this agreement shall be used and maintained for highway safety purposes; the recipient of funds must comply with the Title VI of the Civil Rights Act of 1964, and the Federal Funds from other sources, excluding Federal Revenue Sharing Funds, will not be used to match the Federal funds obligated to this project.

IN ORDER TO RECEIVE FEDERAL FUNDING, THE GRANTEE AGREES TO COMPLY WITH THE FOLLOWING CONDITIONS IN ADDITION TO THOSE OUTLINED IN THE NARRATIVE OF THE CONTRACT.

I. RELATIONSHIP: The relationship of the Grantee to the Missouri Highways and Transportation Commission (MHTC) shall be that of an independent contractor, not that of a joint enterpriser. The Grantee shall have no authority to bind the MHTC for any obligation or expense without the express prior written approval of the MHTC. This agreement is made for the sole benefit of the parties hereto and nothing in the Agreement shall be construed to give any rights or benefits to anyone other than the MHTC and the Grantee.

II. EQUIPMENT

A. PROCUREMENT: Grantee may use its own procurement regulations which reflect applicable state/local laws, rules and regulations provided they adhere to the following:

1. Equipment with a cost of \$3,000 or more must be purchased on a competitive bid basis, or purchased through use of state cooperative procurement;
2. Price or rate quotations shall be solicited from at least three (3) qualified sources;
3. All procurement transactions, regardless of whether by sealed bids or by negotiation, shall be conducted in a manner that provides maximum open and free competition;
4. Grantees shall have a clear and accurate description of the item to be purchased. Such description shall not, in competitive procurements, contain features that unduly restrict competition. A "brand name or equal" description may be used as a means to define the performance or other requirement of a procurement;
5. If for some reason the low bid is not acceptable, the Grantee must have written approval from the MHTC prior to bid approval and purchase.
6. Grantees will make a good faith effort to utilize minority and women owned businesses within resource capabilities when procuring goods and services.

B. DISPOSITION: The Grantee shall make written request to the MHTC for instructions on the proper disposition of all items of equipment provided under the terms of this contract with a cost of \$5,000 or more. Grantee must keep and maintain equipment with a cost of under \$5,000 until it is no longer useful for its originally intended purpose.

C. REPLACEMENT: No equipment may be funded on a replacement basis. Participation in equipment and manpower projects must be in addition to the grantee's previous twelve months authorized strength.

III. FISCAL RESPONSIBILITY

A. MAINTENANCE OF RECORDS: The Grantee agrees that the Commission and/or its designees or representatives shall have access to all records related to the grant. The Grantee further agrees that the Missouri Department of Transportation (MoDOT) Traffic and Highway Safety (HS) Division, the National Highway Traffic Safety Administration (NHTSA), the Federal Highway Administration (FHWA) and/or any Federal audit agency with jurisdiction over this program and the Auditor of the State of Missouri or any of their duly authorized representatives may have access, for purpose of audit and examinations, to any books, documents, papers or records maintained by the Grantee pertaining to this contract and further agrees to maintain such books and records for three years after the date of final project disposition.

B. REIMBURSEMENT VOUCHER, SUPPORTING DOCUMENTATION AND PAYMENT SCHEDULE: The MHTC agrees to reimburse the Grantee for accomplishment of all authorized activities performed under this contract. Reimbursement proceedings will be initiated upon the receipt of a claim voucher and supporting documentation from the Grantee, as required by the MHTC. The voucher must reflect actual costs and work accomplished during the project period, to be submitted on the appropriate MHTC certified payroll form or in a format approved by the MHTC, and shall include project number, project period, hours worked, rate of pay, any other allowable expenditures, and must be signed by the contracting official. Vouchers should be received by the MHTC within ten (10) working days from the date of the authorizing official/project director's signature. Final payment is contingent upon receipt of final voucher. **AUDITS:** Grantee will be responsible for the required supporting documentation no later than 30 days after the end of the contract period.

C. ACCOUNTING: The Grantee shall maintain all documentation in file for audit review; failure to provide supporting documentation at the time of audit could result in questioned costs. The Grantee must document the following: (1) Receipt of federal funds, (2) date and amount paid to officers, (3) officer's timesheet (regular hours and overtime hours). Documentation shall be kept available for inspection for representatives of the MHTC for a period of three years following date of final payments. Copies of such records shall be made available upon request.

D. OMB AUDIT: If the Grantee expends five hundred thousand dollars (\$500,000) or more in a year in federal financial assistance it is required to have an independent annual audit conducted in accordance with OMB Circular A-133. A copy of the Audit report shall be submitted to MoDOT within the earlier of thirty (30) days after receipt of the auditor's report(s), or nine (9) months after the end of the audit period. Subject to the requirements of OMB Circular A-133, if the Grantee expends less than five hundred thousand dollars (\$500,000) a year, the Grantee may be exempt from auditing requirements for that year, but records must be available for review or audit by applicable state and federal authorities. Failure to furnish an acceptable audit may be basis for refunding federal funds to the MHTC. Cost records and accounts pertaining to the work covered by this contract shall be kept available for inspection for representatives of the MHTC for a period of three (3) years following date of final payments. Copies of such records shall be made available upon request.

IV. TERMINATION: If, through any cause, the Grantee shall fail to fulfill in timely and proper manner its obligation under this contract, or if the Grantee shall violate any of the covenants, agreements or stipulations of this contract, the MHTC shall thereupon have the right to terminate this contract and withhold further payment of any kind by giving written notice to the Grantee of such termination and specifying the effective date thereof, at least thirty (30) days before such date. The MHTC shall be the sole arbitrator of whether the Grantee or its subcontractor is performing its work in a proper manner with reference to the quality of work performed by the Grantee or its subcontractor under the provisions of this contract. The Grantee and the MHTC further agree that this contract may be terminated by either party by giving written notice of such termination and specifying the effective date thereof, at least thirty (30) days before such date.

PROBLEM IDENTIFICATION

Hazardous Moving Violations (HMV) also known as aggressive driving is a serious problem on Missouri's roadways and has contributed substantially to traffic crashes, especially crashes resulting in death. Aggressive drivers are defined within Missouri's Blueprint to SAVE MORE LIVES as, "drivers of motorized vehicles who committed one or more of the following violations which contributed to the cause of a traffic crash: speeding; driving too fast for conditions; and/or following too close."

Aggressive drivers not only put their own lives at risk, but the lives of others as well. Of the 959 people killed, 67.4% were the aggressive driver and the other 32.6% were some other party in the incident. Of the 5,617 seriously injured, slightly more than one-half (53.2%) were the aggressive drivers and nearly one-half (46.8%) being some other person involved. According to the Missouri State Highway Patrol Crash Statistics, there were 60,297 motor vehicle crashes investigated by all law enforcement agencies in Jackson County from 2011-2013 with 49,304 occurring in the city of Kansas City. Out of the 60,297 crashes investigated, 1,608 resulted in disabling injury and 206 if the crashes resulted in fatalities.

Of the crashes that resulted in disabling injury and death, 28% had a contributing factor of speed, 19% had a contributing factor of distracted/inattention, 12% had a contributing factor of failed to yield, 16% had a contributing factor of lane usage/change/signal, and 5% had a contributing factor of following too close.

Jackson County and the cities of Kansas City, Independence and Lee's Summit, consistently have problems with speed-involved crashes. The following shows comparative analysis of where Jackson County and the cities of Kansas City, Independence, and Lee's Summit rank as compared to other counties and cities in Missouri for speed-involved crashes.

Speed involved crashes:

Jackson County - 2nd in the state
Kansas City - 1st in the state
Independence - 4th in the state
Lee's Summit - 6th in the state

Disabling injury - speed involved:

Jackson County - 1st in state
Kansas City - 1st in the state
Independence - 3rd in the state
Lee's Summit - 5th in the state

Fatal speed-involved crashes:

Jackson County - 1st in the state
Kansas City - 1st in the state
Independence - 6th in the state
Lee's Summit - 7th in the state

The top six high crash locations in Jackson County are I-70 and I-435, 39th St. and MO-291 Hwy, 50 Hwy and 150 Hwy, Noland Rd and I-70, I-70 and MO-7 Hwy., US-40 Hwy and MO-7 Hwy.

Speed involved high crash days of the week and time of the day are Monday through Friday 7am - 9am and 2pm -7pm

Hazardous moving violations continue to be a problem in Jackson County. In 2014, Jackson County Sheriff's Office conducted 11,500 motor vehicle stops. The department issued 2,360 citations for speeding and 854 citations for hazardous moving infractions, including four (4) following too close, fifty-nine (59) fail to yield, one hundred-fifty seven (157) careless and Imprudent; fifty-five (55) citations for child restraint and two hundred thirty-nine (239) seat belt violations, eight hundred and eleven (811) citations issued to driving while suspended / revoked and three hundred fifty-four (354) drivers issued driving without valid driver license, and 1,604 citations for failing to maintain financial responsibility / insurance. Jackson County Sheriff's Office issued over 10,277 citations in 2014.

GOALS/OBJECTIVES

In 2011-2013, there were 419,658 traffic crashes in Missouri - 15.4% involved speeding. Correlating with the national data, Missouri's problem is also more significant when examining fatal crashes—of the 2,161 fatal crashes, 38.3% involved drivers who were speeding.

Goal #1:

To decrease HMV / aggressive driving related fatalities to:

- 314 by 2013
- 299 by 2014
- 288 by 2015
- 270 by 2016

Performance Measure:

- Number of HMV / aggressive driving-related fatalities

Benchmark:

- 2013 aggressive driving-related fatalities = 308

Goal #2:

To decrease speed-related fatalities to:

- 299 by 2013
- 285 by 2014
- 272 by 2015
- 258 by 2016

Performance Measure:

- Number of speed-related fatalities

Benchmark:

- 2013 speed-related fatalities = 302

Objective:

Develop and implement a plan that focuses on hazardous moving violations (such as speeding, following too closely, driving too fast for conditions, red-light running, improper lane changes, and failure to yield) at high crash locations and corridors.

Objectives:

1. Targeted population - all drivers.
2. Enforcement locations - Target roadways which Missouri STARS data indicates as crash site corridors and areas where speed and other HMV driving behavior have occurred and been reported. Including but not limited to Interstate - 70, 435, 470, and 71; US Highways 24, 40, 71, 50; State Highways Mo-7, Mo-291, Mo-78, Mo-50, Mo-350, Mo-AA and Mo-BB. Some of these Highways are reported by an alternate name as it passes through cities. 23rd St., Truman Rd., Independence Ave. are city streets that have a major amounts of traffic that result in crashes. Some of the locations are 39th St, Lee Summit Rd. in Independence, 47th, 75th St., Troost, Main St., in Kansas City; Blue Ridge Blvd, Blue Pkwy. Adams Dairy, Little Blue Pkwy. The County has jurisdiction throughout the cities and unincorporated areas and can enforce county ordinances and state laws on all roadways within the boundary of the county.
3. Number of Officers assigned to each enforcement period - ideally operating as a Wolf Pack is more productive and increases the ever increasing need for Officer Safety. So we would look to average 6 officers per enforcement event. With an increasing number for special activities - Aggressive Driving, Distracted/Inattentive Driving Enforcement Campaigns.
4. Days of the week selected - peak days - Thursday, Friday, Monday for Speeding enforcement and Friday, Tuesday, Wednesday and Monday being the peak days for Distracted Involved crashes, with the discretion of activity planned by the DWI / Traffic Safety Unit Supervisor.
5. Duration of Enforcement - 4 - 8 hours depending on the enforcement activity planned by the DWI / Traffic Safety Unit Supervisor.
6. Months selected for enforcement periods. Special attention in May for Distracted Driving and the months of January, February, and December for the speed involved crash problems. Additional enforcement activity will be planned by the DWI /

Traffic Safety Unit Supervisor based on past history of HMV violation and public complaints.

7. Equipment, promotional or supply items requested - none.

8. Number of non-law enforcement personnel per enforcement activity - for some enforcement activities it is requested that there be a command center set up centrally located in the targeted area, for data processing, where there is a need for a civilian county employee to maintain and operate the command center location and access the Dept of Revenue, DWITS and REGIS systems for accurate information relating to the vehicles and drivers involved in the stops; 2 - 3 civilians in this capacity per enforcement.

9. Additional projects description narrative:

a. HMV - Aggressive Driving Patrols - using resources of and participating with the Jackson County Traffic Safety Task Force, as well as overtime enforcement to monitor during Aggressive Driving Campaigns, including but not limited to the MoDOT supplied Traffic Safety Trailer and equipment there in.

b. HMV Saturation Patrols/Wolf Packs - participating as overtime enforcement targeting areas supported by STARS Crash Data of Speed related crashes, complaints of HMV activity, and Sheriff's office enforcement activity data from previous year.

c. Educational projects - deputies and non law enforcement personnel are made available to make presentations to the Junior Deputy Program, at area schools, Citizen Police Academies, Neighborhood Watch, private corporations, Public Service, etc.

d. The use of these Saturation Patrols/Wolf Pack to act as a concentration of law enforcement as a highly visible means of educating the general public to our goal of making the roadways safer by discouraging poor choices resulting in hazardous, aggressive, distractive driving habits that can lead to crashes.

10. Request funding for the five member DWI / Traffic Safety Unit and Traffic Analyst to attend the LETSAC conference in July, 2016 as this is an opportunity to keep current with changes in laws, educational training, grant processing, ethics, and opportunity to brainstorm ideas to make our roadways safer for travelers and law enforcement agency personnel, bringing down the number of fatalities in our state and in our county.
