CONTRACT CONDITIONS - PAGE 2

IN ORDER TO RECEIVE FEDERAL FUNDING, THE GRANTEE AGREES TO COMPLY WITH THE FOLLOWING CONDITIONS IN ADDITION TO THOSE OUTLINED IN THE NARRATIVE OF THE CONTRACT.

I. RELATIONSHIP: The relationship of the Grantee to the Missouri Highways and Transportation Commission (MHTC) shall be that of an independent contractor, not that of a joint enterpriser. The Grantee shall have no authority to bind the MHTC for any obligation or expense without the express prior written approval of the MHTC. This agreement is made for the sole benefit of the parties hereto and nothing in the Agreement shall be construed to give any rights or benefits to anyone other than the MHTC and the Grantee.

II. EQUIPMENT

A. PROCUREMENT: Grantees may use their own procurement regulations which reflect applicable state/local laws, rules & regulations provided they adhere to the following:

1. Equipment with a cost of \$3,000 or more must be purchased on a competitive bid basis, or purchased through use of state cooperative procurement;
2. Price or rate quotations shall be solicited from at least three (3) qualified sources;
3. All procurement transactions, regardless of whether by sealed bids or by negotiation, shall be conducted in a manner that provides maximum open and free competition;
4. Grantees shall have a clear and accurate description of the item to be purchased. Such description shall not, in competitive procurements, contain features that unduly restrict competition. A "brand name or equal" description may be used as a means to define the performance or other requirement of a procurement;
5. If for some reason the low bid is not acceptable, the Grantee must have written approval from the MHTC prior to bid approval and purchase.
6. Grantees will make a good faith effort to utilize minority and women owned businesses within resource capabilities when procuring goods and services.

B. DISPOSITION: The Grantee shall make written request to the MHTC for instructions on the proper disposition of all items of equipment provided under the terms of this contract.

C. REPLACEMENT: No equipment may be funded on a replacement basis. Participation in equipment and manpower projects must be in addition to the grantee's previous twelve months authorized strength.

III. FISCAL RESPONSIBILITY

A. MAINTENANCE OF RECORDS: The Grantee agrees that Missouri Department of Transportation (MoDOT) Traffic and Highway Safety (HS) Division, the National Highway Traffic Safety Administration (NHTSA), the Federal Highway Administration (FHWA) and/or any Federal audit agency with jurisdiction over this program, the Auditor of the State of Missouri or any of their duly authorized representatives may have access, for purpose of audit and examinations, to any books, documents, papers or records maintained by the Grantee pertaining to this contract and further agrees to maintain such books and records for three years after the date of final project disposition.

B. REIMBURSEMENT VOUCHER, SUPPORTING

DOCUMENTATION AND PAYMENT SCHEDULE: The MHTC agrees to reimburse the Grantee for accomplishment of all authorized activities performed under this contract. Reimbursement proceedings will be initiated upon the receipt of a claim voucher and supporting documentation from the Grantee, as required by the MHTC. The voucher must reflect actual costs and work accomplished during the project period, to be submitted on the appropriate MHTC form or in a format approved by the MHTC, and shall include project number, project period, hours worked, rate of pay, any other allowable expenditures, and must be signed by the contracting official. Vouchers should be received by the MHTC within ten (10) working days from the date of the authorizing official/project director's signature. Final payment is contingent upon receipt of final voucher. **AUDITS:** Grantee will be responsible for the required supporting documentation no later than 30 days after the end of the contract period.

C. OMB AUDIT: If the Grantee expends five hundred thousand dollars (\$500,000) or more in a year in federal financial assistance it is required to have an independent annual audit conducted in accordance with OMB Circular A-133. A copy of the Audit report shall be submitted to MoDOT within the earlier of thirty (30) days after receipt of the auditor's report(s), or nine (9) months after the end of the audit period. Subject to the requirements of OMB Circular A-133, if the Grantee expends less than five hundred thousand dollars (\$500,000) a year, the Grantee may be exempt from auditing requirements for that year, but records must be available for review or audit by applicable state and federal authorities. Failure to furnish an acceptable audit may be basis for refunding federal funds to MHTC. Cost records and accounts pertaining to the work covered by this contract shall be kept available for inspection for representatives of MHTC for a period of three (3) years following date of final payments. Copies of such records shall be made available upon request.

IV. TERMINATION: If, through any cause, the Grantee shall fail to fulfill in timely and proper manner its obligation under this contract, or if the Grantee shall violate any of the covenants, agreements or stipulations of this contract, the MHTC shall thereupon have the right to terminate this contract and withhold further payment of any kind by giving written notice to the Grantee of such termination and specifying the effective date thereof, at least thirty (30) days before such date. The MHTC shall be the sole arbitrator of whether the Grantee or its subcontractor is performing its work in a proper manner with reference to the quality of work performed by the Grantee or its subcontractor under the provisions of this contract. The Grantee and the MHTC further agree that this contract may be terminated by either party by giving written notice of such termination and specifying the effective date thereof, at least thirty (30) days before such date.

- 3. Enforcement statistics and the agency's sobriety checkpoint operations plan must be submitted with reimbursement

PROBLEM IDENTIFICATION

Hazardous driving is a serious problem on Missouri's roadways and has contributed substantially to traffic crashes, especially crashes resulting in death. Many of these crashes are caused by aggressive drivers of motorized vehicles who have committed one or more of the following violations: speeding; driving too fast for conditions; and/or following too close. Other hazardous driving may include improper lane change, red-light running, or impaired driving.

From 2008-2010, there were 1,239 fatalities resulting from aggressive drivers. Of those fatalities, 40.8% resulted from exceeding the speed limit, 56.5% resulted from driving too fast for conditions, and 4.5% from following too close. Also, during the same time frame there were 800 people killed and 3,310 were seriously injured from impaired driving.

During 2009-2011 Jackson County was 2nd in crashes involving speed. Kansas City (#1), Independence (#4) and Lee's Summit (#5) are among the top five (5) cities across the state in speed related crashes. Jackson County ranks first in speed related fatal crashes, with 110 fatalities and 4,791 injuries.

GOALS/OBJECTIVES

Goal:

To decrease aggressive driving-related fatalities by 2 percent annually to:

- 357 by 2010
- 350 by 2011
- 343 by 2012
- 336 by 2013

Objective:

Develop and implement a plan that focuses on hazardous moving violations (such as speeding, following too closely, driving too fast for conditions, red-light running, improper lane changes, and failure to yield) at high crash locations and corridors.

Develop and implement a plan that provides a high visibility focus on hazardous moving violations (speeding, following too closely, improper lane changes). Participate in enforcement details targeting distracted and inattentive driving.

I. RELATIONSHIP: The relationship of the Grantee to the Missouri Highways and Transportation Commission (MHTC) shall be that of an independent contractor, not that of a joint enterpriser. The Grantee shall have no authority to bind the MHTC for any obligation or expense without the express prior written approval of the MHTC. This agreement is made for the sole benefit of the parties hereto and nothing in the Agreement shall be construed to give any rights or benefits to anyone other than the MHTC and the Grantee.

II. EQUIPMENT

A. PROCUREMENT: Grantees may use their own procurement regulations which reflect applicable state/local laws, rules & regulations provided they adhere to the following:

1. Equipment with a cost of \$3,000 or more must be purchased on a competitive bid basis, or purchased through use of state cooperative procurement;
2. Price or rate quotations shall be solicited from at least three (3) qualified sources;
3. All procurement transactions, regardless of whether by sealed bids or by negotiation, shall be conducted in a manner that provides maximum open and free competition;
4. Grantees shall have a clear and accurate description of the item to be purchased. Such description shall not, in competitive procurements, contain features that unduly restrict competition. A "brand name or equal" description may be used as a means to define the performance or other requirement of a procurement;
5. If for some reason the low bid is not acceptable, the Grantee must have written approval from the MHTC prior to bid approval and purchase.
6. Grantees will make a good faith effort to utilize minority and women owned businesses within resource capabilities when procuring goods and services.

B. DISPOSITION: The Grantee shall make written request to the MHTC for instructions on the proper disposition of all items of equipment provided under the terms of this contract.

C. REPLACEMENT: No equipment may be funded on a replacement basis. Participation in equipment and manpower projects must be in addition to the grantee's previous twelve months authorized strength.

III. FISCAL RESPONSIBILITY

A. MAINTENANCE OF RECORDS: The Grantee agrees that Missouri Department of Transportation (MoDOT) Traffic and Highway Safety (HS) Division, the National Highway Traffic Safety Administration (NHTSA), the Federal Highway Administration (FHWA) and/or any Federal audit agency with jurisdiction over this program, the Auditor of the State of Missouri or any of their duly authorized representatives may have access, for purpose of audit and examinations, to any books, documents, papers or records maintained by the Grantee pertaining to this contract and further agrees to maintain such books and records for three years after the date of final project disposition.

B. REIMBURSEMENT VOUCHER, SUPPORTING DOCUMENTATION AND PAYMENT SCHEDULE: The MHTC agrees to reimburse the Grantee for accomplishment of all authorized activities performed under this contract. Reimbursement proceedings will be initiated upon the receipt of a claim voucher and supporting documentation from the Grantee, as required by the MHTC. The voucher must reflect actual costs and work accomplished during the project period, to be submitted on the appropriate MHTC form or in a format approved by the MHTC, and shall include project number, project period, hours worked, rate of pay, any other allowable expenditures, and must be signed by the contracting official. Vouchers should be received by the MHTC within ten (10) working days from the date of the authorizing official/project director's signature. Final payment is contingent upon receipt of final voucher. **AUDITS:** Grantee will be responsible for the required supporting documentation no later than 30 days after the end of the contract period.

C. OMB AUDIT: If the Grantee expends five hundred thousand dollars (\$500,000) or more in a year in federal financial assistance it is required to have an independent annual audit conducted in accordance with OMB Circular A-133. A copy of the Audit report shall be submitted to MoDOT within the earlier of thirty (30) days after receipt of the auditor's report(s), or nine (9) months after the end of the audit period. Subject to the requirements of OMB Circular A-133, if the Grantee expends less than five hundred thousand dollars (\$500,000) a year, the Grantee may be exempt from auditing requirements for that year, but records must be available for review or audit by applicable state and federal authorities. Failure to furnish an acceptable audit may be basis for refunding federal funds to MHTC. Cost records and accounts pertaining to the work covered by this contract shall be kept available for inspection for representatives of MHTC for a period of three (3) years following date of final payments. Copies of such records shall be made available upon request.

The MHTC shall be the sole arbitrator of whether the Grantee or its subcontractor is performing its work in a proper manner with reference to the quality of work performed by the Grantee or its subcontractor under the provisions of this contract. The Grantee and the MHTC further agree that this contract may be terminated by either party by giving written notice of such termination and specifying the effective date thereof, at least thirty (30) days before such date.

Agency must develop a selected traffic enforcement plan by evaluating crash data involving fatal, disabling and moderate injuries. This will be done on an annual basis to determine the highest crash locations, to include: month of year, day of week, time of day, and causation factors. This plan must be used to determine locations utilized in site selection for conducting enforcement efforts. Any changes to the enforcement plan must be made in writing to the MHTC project coordinator in advance of enforcement efforts.

3. Enforcement statistics and the agency's sobriety checkpoint operations plan must be submitted with reimbursement

PROBLEM IDENTIFICATION

Hazardous driving is a serious problem on Missouri's roadways and has contributed substantially to traffic crashes, especially crashes resulting in death. Many of these crashes are caused by aggressive drivers of motorized vehicles who have committed one or more of the following violations: speeding; driving too fast for conditions; and/or following too close. Other hazardous driving may include improper lane change, red-light running, or impaired driving.

From 2008-2010, there were 1,239 fatalities resulting from aggressive drivers. Of those fatalities, 40.8% resulted from exceeding the speed limit, 56.5% resulted from driving too fast for conditions, and 4.5% from following too close. Also, during the same time frame there were 800 people killed and 3,310 were seriously injured from impaired driving.

During 2009-2011 Jackson County was 2nd in crashes involving speed. Kansas City (#1), Independence (#4) and Lee's Summit (#5) are among the top five (5) cities across the state in speed related crashes. Jackson County ranks first in speed related fatal crashes, with 110 fatalities and 4,791 injuries.

GOALS/OBJECTIVES

Goal:

To decrease aggressive driving-related fatalities by 2 percent annually to:

- 357 by 2010
- 350 by 2011
- 343 by 2012
- 336 by 2013

Objective:

Develop and implement a plan that focuses on hazardous moving violations (such as speeding, following too closely, driving too fast for conditions, red-light running, improper lane changes, and failure to yield) at high crash locations and corridors.

Develop and implement a plan that provides a high visibility focus on hazardous moving violations (speeding, following too closely, improper lane changes). Participate in enforcement details targeting distracted and inattentive driving.

I. RELATIONSHIP: The relationship of the Grantee to the Missouri Highways and Transportation Commission (MHTC) shall be that of an independent contractor, not that of a joint enterpriser. The Grantee shall have no authority to bind the MHTC for any obligation or expense without the express prior written approval of the MHTC. This agreement is made for the sole benefit of the parties hereto and nothing in the Agreement shall be construed to give any rights or benefits to anyone other than the MHTC and the Grantee.

II. EQUIPMENT

- A. PROCUREMENT:** Grantees may use their own procurement regulations which reflect applicable state/local laws, rules & regulations provided they adhere to the following:
1. Equipment with a cost of \$3,000 or more must be purchased on a competitive bid basis, or purchased through use of state cooperative procurement;
 2. Price or rate quotations shall be solicited from at least three (3) qualified sources;
 3. All procurement transactions, regardless of whether by sealed bids or by negotiation, shall be conducted in a manner that provides maximum open and free competition;
 4. Grantees shall have a clear and accurate description of the item to be purchased. Such description shall not, in competitive procurements, contain features that unduly restrict competition. A "brand name or equal" description may be used as a means to define the performance or other requirement of a procurement;
 5. If for some reason the low bid is not acceptable, the Grantee must have written approval from the MHTC prior to bid approval and purchase.
 6. Grantees will make a good faith effort to utilize minority and women owned businesses within resource capabilities when procuring goods and services.
- B. DISPOSITION:** The Grantee shall make written request to the MHTC for instructions on the proper disposition of all items of equipment provided under the terms of this contract.
- C. REPLACEMENT:** No equipment may be funded on a replacement basis. Participation in equipment and manpower projects must be in addition to the grantee's previous twelve months authorized strength.

III. FISCAL RESPONSIBILITY

- A. MAINTENANCE OF RECORDS:** The Grantee agrees that Missouri Department of Transportation (MoDOT) Traffic and Highway Safety (HS) Division, the National Highway Traffic Safety Administration (NHTSA), the Federal Highway Administration (FHWA) and/or any Federal audit agency with jurisdiction over this program, the Auditor of the State of Missouri or any of their duly authorized representatives may have access, for purpose of audit and examinations, to any books, documents, papers or records maintained by the Grantee pertaining to this contract and further agrees to maintain such books and records for three years after the date of final project disposition.
- B. REIMBURSEMENT VOUCHER, SUPPORTING DOCUMENTATION AND PAYMENT SCHEDULE:** The MHTC agrees to reimburse the Grantee for accomplishment of all authorized activities performed under this contract. Reimbursement proceedings will be initiated upon the receipt of a claim voucher and supporting documentation from the Grantee, as required by the MHTC. The voucher must reflect actual costs and work accomplished during the project period, to be submitted on the appropriate MHTC form or in a format approved by the MHTC, and shall include project number, project period, hours worked, rate of pay, any other allowable expenditures, and must be signed by the contracting official. Vouchers should be received by the MHTC within ten (10) working days from the date of the authorizing official/project director's signature. Final payment is contingent upon receipt of final voucher. **AUDITS:** Grantee will be responsible for the required supporting documentation no later than 30 days after the end of the contract period.

C. OMB AUDIT: If the Grantee expends five hundred thousand dollars (\$500,000) or more in a year in federal financial assistance it is required to have an independent annual audit conducted in accordance with OMB Circular A-133. A copy of the Audit report shall be submitted to MoDOT within the earlier of thirty (30) days after receipt of the auditor's report(s), or nine (9) months after the end of the audit period. Subject to the requirements of OMB Circular A-133, if the Grantee expends less than five hundred thousand dollars (\$500,000) a year, the Grantee may be exempt from auditing requirements for that year, but records must be available for review or audit by applicable state and federal authorities. Failure to furnish an acceptable audit may be basis for refunding federal funds to MHTC. Cost records and accounts pertaining to the work covered by this contract shall be kept available for inspection for representatives of MHTC for a period of three (3) years following date of final payments. Copies of such records shall be made available upon request.

IV. TERMINATION: If, through any cause, the Grantee shall fail to fulfill in timely and proper manner its obligation under this contract, or if the Grantee shall violate any of the covenants, agreements or stipulations of this contract, the MHTC shall thereupon have the right to terminate this contract and withhold further payment of any kind by giving written notice to the Grantee of such termination and specifying the effective date thereof, at least thirty (30) days before such date. The MHTC shall be the sole arbitrator of whether the Grantee or its subcontractor is performing its work in a proper manner with reference to the quality of work performed by the Grantee or its subcontractor under the provisions of this contract. The Grantee and the MHTC further agree that this contract may be terminated by either party by giving written notice of such termination and specifying the effective date thereof, at least thirty (30) days before such date.

THE FOLLOWING REQUIREMENTS APPLY TO LAW ENFORCEMENT AGENCIES ONLY:

A. PROBLEM IDENTIFICATION

Agency must develop a selected traffic enforcement plan by evaluating crash data involving fatal, disabling and moderate injuries. This will be done on an annual basis to determine the highest crash locations, to include: month of year, day of week, time of day, and causation factors. This plan must be used to determine locations utilized in site selection for conducting enforcement efforts. Any changes to the enforcement plan must be made in writing to the MHTC project coordinator in advance of enforcement efforts.

B. PROJECT ACTIVITIES

- 1. Enforcement activities by the agency must remain at the current level. Enforcement efforts provided by this contract must be in addition to current enforcement activities.
- 2. Officers will be permitted and encouraged to issue multiple citations and/or written warnings to drivers who have committed several violations.
- 3. High visibility enforcement is a key strategy to reducing traffic crashes; therefore, law enforcement officers working overtime projects are strongly encouraged to make at least **three (3)** contacts per hour when conducting an enforcement project.
- 4. Agency should report monthly or at least quarterly to MHTC using the *Grant Enforcement Activities Monthly Report Form*.
- 5. Agency is strongly encouraged to participate in all national or state mobilization efforts in conjunction with, or at the direction of, the Traffic and Highway Safety Division. These mobilizations include, but are not limited to: Click It or Ticket campaign, impaired driving campaign, youth seat belt enforcement campaign, quarterly enforcement efforts. Mobilization reporting efforts shall be completed using the online mobilization reporting form located at: www.modot.mo.gov/safety.

C. PARTNERSHIPS

Law Enforcement agencies are strongly encouraged to participate in the Law Enforcement Traffic Safety Advisory Council (LETSAC) and attend the general meetings and annual conference. Agencies located within the metropolitan areas of St. Louis or Kansas City should participate in Operation Impact (traffic safety task force).

D. ALLOWABLE COSTS

Full-time, part-time and reserve officers are eligible to participate in overtime enforcement projects. Part-time and reserve officers must have the same authority as a full-time permanent officer. MHTC will reimburse Grantee at officer's standard rate of pay in accordance with Grantee policies and procedures regarding standard rate of pay and overtime rate of pay. The Grantee will not be reimbursed at the overtime rate for work that according to Grantee's own policies and procedures does not constitute overtime.

Exceptions to allowable costs may be made with prior written permission of the MHTC.

E. DRUNK DRIVING ENFORCEMENT PROJECTS

- 1. Those officers conducting standardized field sobriety testing must have 24 hours of SFST training to participate in grant funded enforcement efforts.
- 2. Agency should participate in quarterly enforcement efforts and the national impaired driving crackdown held annually.

F. SOBRIETY CHECKPOINTS

- 1. The MHTC will fund enforcement agencies, on an overtime basis, to conduct sobriety checkpoints in accordance with standards outlined in the Sobriety Checkpoint Reference Manual and the Sobriety Checkpoint Supervisor Training program.
- 2. Sobriety checkpoint enforcement efforts must be coupled with appropriate public information efforts to increase the perceived risk of arrest and to enhance the actual risk of arrest.
- 3. Enforcement statistics and the agency's sobriety checkpoint operations plan must be submitted with reimbursement

PROBLEM IDENTIFICATION

Hazardous driving is a serious problem on Missouri's roadways and has contributed substantially to traffic crashes, especially crashes resulting in death. Many of these crashes are caused by aggressive drivers of motorized vehicles who have committed one or more of the following violations: speeding; driving too fast for conditions; and/or following too close. Other hazardous driving may include improper lane change, red-light running, or impaired driving.

From 2008-2010, there were 1,239 fatalities resulting from aggressive drivers. Of those fatalities, 40.8% resulted from exceeding the speed limit, 56.5% resulted from driving too fast for conditions, and 4.5% from following too close. Also, during the same time frame there were 800 people killed and 3,310 were seriously injured from impaired driving.

During 2009-2011 Jackson County was 2nd in crashes involving speed. Kansas City (#1), Independence (#4) and Lee's Summit (#5) are among the top five (5) cities across the state in speed related crashes. Jackson County ranks first in speed related fatal crashes, with 110 fatalities and 4,791 injuries.

GOALS/OBJECTIVES

Goal:

To decrease aggressive driving-related fatalities by 2 percent annually to:

- 357 by 2010
- 350 by 2011
- 343 by 2012
- 336 by 2013

Objective:

Develop and implement a plan that focuses on hazardous moving violations (such as speeding, following too closely, driving too fast for conditions, red-light running, improper lane changes, and failure to yield) at high crash locations and corridors. Develop and implement a plan that provides a high visibility focus on hazardous moving violations (speeding, following too closely, improper lane changes). Participate in enforcement details targeting distracted and inattentive driving.

PROJECT EVALUATION

The MHTC will administratively evaluate this project. Evaluation will be based, at a minimum, upon the following:

1. Law enforcement compliance with state UCR, Racial Profiling, and STARS reporting requirements (law enforcement contracts only)
2. Timely submission of monthly reimbursement vouchers and appropriate documentation to support reimbursement for expenditures (i.e., personal services, equipment, materials)
3. Timely submission of periodic reports (i.e., monthly, quarterly, semi-annual) as required
4. Timely submission of the Year End Report of activity (due within 30 days after contract completion date)
5. Attaining the Goals set forth in this contract*
6. Accomplishing the Objectives* established to meet the project Goals, such as:
 - Enforcement activities (planned activities compared with actual activities)
 - Programs (number and success of programs held compared to planned programs, evaluations if available)
 - Training (actual vs. anticipated enrollment, student evaluations of the class, student test scores on course examinations, location of classes, class cancellation information)
 - Equipment purchases (timely purchase of equipment utilized to support and enhance the traffic safety effort; documentation of equipment use and frequency of use)
 - Public awareness activities (media releases, promotion events, incentive items or education materials produced or purchased)
 - Other (any other information or material that supports the Objectives)
7. The project will be evaluated by the Traffic and Highway Safety Division through annual crash analysis.

Evaluation results will be used to determine:

- The success of this type of activity in general and this particular project specifically;
- Whether similar activities should be supported in the future; and
- Whether grantee will receive funding for future projects.

*Evaluation and requests to fund future projects will not be based solely on attaining Goals and/or Objectives if satisfactory justification is provided.
