County written materials of any kind must be delivered and returned by Organization to the County within ten (10) days of the termination of this Agreement.

Community Infrastructure

Other organizations in the community that provide the same or similar services as your organization.

Since COVID LSC is not aware of organizations that currently provide parenting classes in our community. There are online programs that parents are able to take. North American Learning Institute has an online parenting class but they can't guarantee all judges or family court will except it. LSC Positive Parenting classes are approved by the Jackson County Family court system.

Compare your programs and results to others working in the same field.

Recent study from Neuroscientists show that positive parenting contributes to better functioning in the brain regions associated with emotional and cognition during teen yrs. Positive Parenting also helps children do better in school, have fewer behavioral problems and stronger mental health (University of California). Positive Parenting is a protective factor in a youth life. It teaches youth to be critical thinkers and teaches the ability of parents to deal effectively with stress, adversity and trauma.

List all partnerships you have with other organizations along with the nature of the partnership.

LSC has established strong partnerships with Lee's Summit R-7 School District, ProDeo and through Serve the world KC the Center School District. LSR is currently providing programing to several transitional housing facilities and shelters such as Hillcrest Transitional Housing (2 locations) and Mother's Refuge. LSC receives several referrals from JaCo Family Court and local Family Lawyers as well as Court Mediators. And parents wanting parenting help, Lunch and Learns with local businesses.

Positive Parenting include lecture, class exercises, discussion groups so participants can practice learned strategies in their home environment and develop supportive relationships with other parents

Describe the benefits of this program to Jackson County Missouri: By helping to improve the mental health and well-being of children and improve family relationships which benefits the community at large (Matthew Saunders University of Queensland). After COVID several parenting programs shut down making it hard for parents to get the tools needed to gain custody of their children. LSC provides the program needed to reunite families. Our program is affordable and there are scholarships, taking away the financial barriers for those who have been assigned by family courts.

Describe target population to be served: Positive Parenting is targeted to all parents, guardians, grandparents, and caregivers of children 0-18 as well as educators residing in JaCo. LSC has and will continue to provide parenting sessions to non profit providers in the JaCo. JaCo residents in Family Court Services, Family Mediation or in DFS services.

What are the qualifications for participants: Positive Parenting sessions do not have any qualifications for parents, beyond the completions of a short registration form. For individuals who are unable to pay the class fee, LSC offers a sliding fee scale and in some cases classes can be free to those individuals. LSC offers all individuals in shelters, transitional houses or in other JaCo provider programs full scholarships.

Identify the community need for your organization's program and services in Jackson County.

In 2022 LSC conducted a survey with the community and other service providers in the Jackson County area and identified parents want low-stress strategies for parenting. Guidance with raising a child JaCo Family Court Services address a need to refer their clients to parenting services so families can meet their court obligations and get reunited with their children and learn practical tools. LSC City assessment shows an increase in anxiety and stress, depression and suicide among young people and parents are looking for help with parenting tools (Ignite plan 2018).
