**TITLE: A Resolution Honoring the Opening of the Media Tech Museum**

**SUMMARY:** Media Tech Museum is a specialized institution that explores and showcases the history, development, design, and impact of various media technologies.

Their focus on the intersection of art, technology, and culture - featuring exhibits, multimedia installations, and collections of artifacts related to different media formats.

Media Tech Museum serves as an educational resource, cultural center, and space for experimentation and innovation.

The Museum plays a vital role in fostering a deeper understanding of the advancement of technology and its influence on art, culture, and society. Located in the Crossroads Arts District in downtown Kansas City, Missouri, Media Tech Museum is a space for exploring innovation, preserving history, and engaging audiences with the dynamic world of media and technology - both in personal and

professional lives.

In 2024 the concept for Media Tech Museum is conceived in Kansas City - a dedicated space to preserve and celebrate the devices that shaped media history.

In 2025 the museum announces its home at 1600 Baltimore Ave in the Crossroads Arts District - Kansas City's thriving hub of art, culture, and creativity.

In 2025 curation of communication devices begins, spanning telegraphs, telephones, radios, phonographs, cameras, and multimedia installations.

In 2026 Media Tech Museum is open and welcoming Kansas City - and visitors from around the world - to explore the dynamic history of media technology.
