OFFICE of the JACKSON COUNTY SHERIFF

Sheriff Darryl Forté

SUBJECT Reason for the Purchase of VirTra Firearm and Training Simulator

Ma'am,

Practical training, repetition, and experience are the key to saving police officer lives, lives of the citizens, and reducing lawsuits. Long gone are the days of relying on classroom training and limited scenarios firing live ammunition on a makeshift call for service.

The current atmosphere in which demands for more and better training for law enforcement lead the Sheriff's Office to find a suitable solution.

The solution we found was in the VirTra systems V300 firearms simulator. The platform provides the Sheriff's Office, Jackson County Detention Center, and other agencies the ability to train in real to life situations without the use of simunitions or actors. The V300 offers safety, ease of use, and the ability to use it anytime.

In addition, the use of the simulator for deescalation, mentally ill or impaired, and dealing with those with special needs training, gives law enforcement officers opportunities to succeed in their dealings with these groups of people in the real world.

Finally, during research, Stockton (2019)(1) stated, "...simulator training can provide a degree of stress inoculation that allows an officer to function more effectively and to respond rather than impulsively react". This benefit alone gives Jackson County the opportunity to reduce lawsuits due to lack of preparation or panic.

Buyer agrees that Seller claims, and has claim to, various proprietary rights of its Goods and Services, and Buyer agrees to take reasonably necessary steps to ensure that Seller's rights will not directly or indirectly be violated, which would cause irreparable harm to Seller. Except for the license to use the Goods and Services, the sale of Goods and Services will not confer upon Buyer any license, express or implied, under any patents, trademarks, trade names, or other proprietary rights owned or controlled by Seller, its subsidiaries, affiliates, or suppliers; it being specifically understood and agreed that all the rights are reserved to Seller, its subsidiaries, affiliates, or suppliers. Buyer may not obscure, remove, or alter any copyright, trademark, service mark or other proprietary notices or legends on the products..

Design Changes. Seller reserves the right to make changes in design of any of its products without incurring any obligation to notify Buyer or to make the same change to products previously purchased by Buyer.

Severable Provisions. Nothing contained in these T&C shall be construed so as to limit or exclude the liability as a result of Seller's gross negligence or that gross negligence of its employees or agents.

Relationship of Parties. Nothing contained in these T&C shall be construed as establishing or implying any partnership or joint venture between the parties and nothing in these T&C shall be deemed to construe either of the parties as the agent of the other.

Assignment and Sub-Contracting. The contract between Buyer and Seller for the Goods and Services shall not be assigned or transferred, nor the performance of any obligation sub-contracted, without the prior written consent of both Buyer and Seller.

Entire Agreement. These T&C, along with the any product warranty, license and service agreement(s) provided, constitute the entire agreement between the parties. These Sales T&C supersede and replace any prior agreement or understanding between the parties, including any oral representations concerning the subject matter of this agreement. Any prior or extrinsic representations or agreements, with the exception of the product warranty, if provided and any service and license agreement(s), are intended to be discharged or nullified.

Governing Law; Jurisdiction and Venue. The laws of the State of Missouri, USA govern this transaction and agreement, without regard to conflicts of law. Any litigation regarding the interpretation or enforcement of these T&C shall be resolved in the State of Missouri and the courts of Missouri shall have exclusive jurisdiction over such litigation and the parties agree to such exclusive jurisdiction. The parties expressly reject any application of the United Nations Convention on Contracts for the International Sale of Goods ("CISG") to these T&C and the associated transactions.

Exclusions and Limitations; Release. To the extent permitted by law, Seller's warranty and the remedies set forth in that warranty are exclusive and in lieu of all other warranties, remedies, and conditions, whether oral or written, statutory, express or implied, as permitted by applicable law, Seller specifically disclaims any and all statutory or implied warranties, including without limitation, warranties of merchantability, design, fitness for a particular purpose, arising from a course of dealing, usage or trade practice, warranties against hidden or latent defects, and warranties against patent infringement. If Seller cannot lawfully disclaim statutory or implied warranties than to the extent permitted by law, all such warranties are limited to the duration of the express warranty described above and limited to the other provisions contained in the warranty document. The remedies provided for in the warranty are expressly in lieu of any other liability Seller may have. Seller's cumulative liability to any party for any loss or damage resulting from any claims, demands, or actions arising out of or relating to any Seller product will not exceed the purchase price paid to Seller by Buyer for the product, notwithstanding third-party purchases. In no event will Seller be liable for any direct, special, indirect, incidental, exemplary, punitive or consequential damages, however caused, whether for breach of warranty, breach of contract, negligence, strict liability, tort or under any other legal theory, even if Seller has been advised of the possibility of those damages or if those damages could have been reasonably foreseen, and notwithstanding any failure of essential purpose of any exclusive remedy provided in the warranty. Some local laws do not allow for the limitation or exclusion of liability for incidental or consequential damages, so the above limitation or exclusion may not apply to Buyer. Seller disclaims any representation that it will be able to repair any product under warranty or make a product exchange without risk to or loss of programs or data. Buyer agrees to release and save Seller harmless from any and all liability arising out of use or misuse of Seller product, including any claims for damages and personal injuries. Buyer agrees to assume all risks of loss and all liability for any damages and personal injury which may result from use or misuse of Seller product.
