I. RELATIONSHIP

The relationship of the Subrecipient to the Missouri Highways and Transportation Commission (MHTC) shall be that of an independent contractor, not that of a joint enterpriser. The Subrecipient shall have no authority to bind the MHTC for any obligation or expense without the express prior written approval of the MHTC. This agreement is made for the sole benefit of the parties hereto and nothing in the Agreement shall be construed to give any rights or benefits to anyone other than the MHTC and the Subrecipient.

II. GENERAL REQUIREMENTS

The State and each subrecipient will comply with applicable statutes and regulations, including but not limited to:

- 23 U.S.C. Chapter 4 - Highway Safety Act of 1966, as amended
- Sec. 1906, Pub. L. 109-59, as amended by Sec. 25024, Pub. L. 117-58
- 23 CFR part 1300 - Uniform Procedures for State Highway Safety Grant Programs
- 2 CFR part 200 - Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards
- 2 CFR part 1201 - Department of Transportation, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards

III. INTERGOVERNMENTAL REVIEW OF FEDERAL PROGRAMS

The State has submitted appropriate documentation for review to the single point of contact designated by the Governor to review Federal programs, as required by Executive Order 12372 (Intergovernmental Review of Federal Programs).

IV. EQUIPMENT AND SOFTWARE

A. PROCUREMENT: Subrecipient's may adhere to its own procurement regulations and procedures which reflect applicable state/local laws, rules, and regulations provided such regulations and procedures adhere to the following State's procurement regulations and procedures:

1. Have a process in place to ensure that contracts are not awarded to contractors or individuals on a federal and/or state debarment list.
2. All procurement transactions whether negotiated or competitively bid and without regard to dollar value shall be conducted in a manner so as to provide maximum open and free competition.
3. All quotations and the rationale behind the selection of a source of supply must be retained, attached to the purchase order copy (as applicable), and placed in the accounting files.
4. Purchases to a single vendor estimated to total less than \$10,000 may be purchased with prudence on the open market.
5. Purchases to a single vendor estimated to total \$10,000 or more but less than \$100,000 must be competitively bid, or purchased through use of a state cooperative procurement, but need not be solicited by mail or advertisement.
6. Purchases to a single vendor estimated to total \$100,000 or more must:
 1. be advertised for bid in at least two daily newspapers of general circulation in such places as are most likely to reach prospective bidders (and may advertise in at least two weekly minority newspapers and may provide such information through an electronic medium available to the general public) at least five days before bids for such purchases are to be opened;

C. REPLACEMENT: No equipment may be funded on a replacement basis. Participation in equipment and manpower projects must be in addition to the Subrecipient's previous twelve months authorized strength.

V. FISCAL RESPONSIBILITY

A. MAINTENANCE OF RECORDS: The Subrecipient agrees that the Commission and/or its designees or representatives shall have access to all records related to the grant. The Subrecipient further agrees that the Missouri Department of Transportation (MoDOT) Highway Safety and Traffic (HS) Division, the National Highway Traffic Safety Administration (NHTSA), the Federal Highway Administration (FHWA) and/or any Federal audit agency with jurisdiction over this program and the Auditor of the State of Missouri or any of their duly authorized representatives may have access, for purpose of audit and examinations, to any books, documents, papers or records maintained by the Subrecipient pertaining to this contract and further agrees to maintain such books and records for a period of three (3) years following date of final payments.

The voucher must reflect actual costs and work accomplished during the project period, to be submitted on the appropriate MHTC certified payroll form or in a format approved by the MHTC, and shall include project number, project period, hours worked, rate of pay, any other allowable expenditures, and must be signed by the person preparing the voucher and the project director or authorizing official. Vouchers should be received by the MHTC within ten (10) working days from the date of the authorizing official/project director's signature. Subrecipient should report monthly, or at least quarterly, to MHTC using the online Grant Management System. For projects where salaried positions are awarded, claim voucher and activity reports must be submitted *monthly*. Subrecipient must ensure complete, accurate and final voucher and supporting documentation is received by the MHTC no later than November 15, which is after the end of the Federal fiscal year for which the final voucher pertains. Final payment is contingent upon receipt of the complete, accurate and final voucher.

C. ACCOUNTING: The Subrecipient shall maintain all documentation in file for audit review; failure to provide supporting documentation at the time of audit could result in questioned costs. The Subrecipient must document the following: (1) Receipt of federal funds, (2) date and amount paid to employees, (3) employee's timesheet (regular hours and overtime hours). Documentation shall be kept available for inspection for representatives of the MHTC for a period of three years following date of final payments. A subrecipient that expends less than \$750,000 during the subrecipient's fiscal year in Federal awards is exempt from Federal audit requirements for that year, except as noted in 2 CFR §200.503 Relation to other audit requirements, but records must be available for review or audit by appropriate officials of the Federal agency, pass-through entity, and Government Accountability Office (GAO). Failure to furnish an acceptable audit may be basis for refunding federal funds to the MHTC. Cost records and accounts pertaining to the work covered by this contract shall be kept available for inspection for representatives of the MHTC for a period of three (3) years following date of final payments. Copies of such records shall be made available upon request.

Specific Assurances

More specifically, and without limiting the above general Assurance, the Recipient agrees with and gives the following Assurances with respect to its Federally assisted Highway Safety Grant Program:

- A. The Recipient agrees that each "activity," "facility," or "program," as defined in § 21.23(b) and (e) of 49 CFR part 21 will be (with regard to an "activity") facilitated, or will be (with regard to a "facility") operated, or will be (with regard to a "program") conducted in compliance with all requirements imposed by, or pursuant to the Acts and the Regulations.

- D. The Recipient will insert the clauses of appendix B of DOT Order 1050.2A, as a covenant running with the land, in any deed from the United States effecting or recording a transfer of real property, structures, use, or improvements thereon or interest therein to a Recipient.
- E. That where the Recipient receives Federal financial assistance to construct a facility, or part of a facility, the Assurance will extend to the entire facility and facilities operated in connection therewith.

That this Assurance obligates the Recipient for the period during which Federal financial assistance is extended to the program, except where the Federal financial assistance is to provide, or is in the form of, personal property, or real property, or interest therein, or structures or improvements thereon, in which case the Assurance obligates the Recipient, or any transferee for the longer of the following periods:
 - 1. the period during which the property is used for a purpose for which the Federal financial assistance is extended, or for another purpose involving the provision of similar services or benefits; or
 - 2. the period during which the Recipient retains ownership or possession of the property.
- I. The Recipient will provide for such methods of administration for the program as are found by the Secretary of Transportation or the official to whom he/she delegates specific authority to give reasonable guarantee that it, other recipients, sub-recipients, sub-grantees, contractors, subcontractors, consultants, transferees, successors in interest, and other participants of Federal financial assistance under such program will comply with all requirements imposed or pursuant to the Acts, the Regulations, and this Assurance.

However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
- C. The certification in this clause is a material representation of fact upon which reliance was placed when the department or agency determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department or agency may terminate this transaction for cause or default or may pursue suspension or debarment.

CONTRACT CONDITIONS - PAGE 10

XXV. BUY AMERICA ACT
(Applies to subrecipients as well as States)

The State and each subrecipient will comply with the Buy America requirement (23 U.S.C. 313) when purchasing items using Federal funds. Buy America requires a State, or subrecipient, to purchase only steel, iron and manufactured products produced in the United States with Federal funds, unless the Secretary of Transportation determines that such domestically produced items would be inconsistent with the public interest, that such materials are not reasonably available and of a satisfactory quality, or that inclusion of domestic materials will increase the

CONTRACT CONDITIONS - PAGE 12

cost of the overall project contract by more than 25 percent. In order to use Federal funds to purchase foreign produced items, the State must submit a waiver request that provides an adequate basis and justification to and approved by the Secretary of Transportation.

All items purchased must be compliant with the National Highway Traffic Safety Administration (NHTSA) interpretation of the Buy America Act including, but not limited to:

1. Items valued over \$5,000 per unit must be manufactured or assembled in the United States of America, or as allowed by a current Buy America Act waiver issued by the NHTSA;
2. All vehicles, motorcycles, trailers, and other similar conveyances must be manufactured or assembled in the United States of America regardless of cost.

<https://www.nhtsa.gov/sites/nhtsa.gov/files/buy-america-act-revised-11202015.pdf>

Furthermore, the State and each subrecipient will follow the guidelines of 2 C.F.R. § 200.322, Domestic Preferences for Procurements. As appropriate and to the extent consistent with law, the non-Federal entity should, to the greatest extent practicable under a Federal award, provide a preference for the purchase, acquisition, or use of goods, products, or materials produced in the United States.

XXVI. PROHIBITION ON USING GRANT FUNDS TO CHECK FOR HELMET USAGE
(Applies to subrecipients as well as States)

The State and each subrecipient will not use 23 U.S.C. Chapter 4 grant funds for programs to check helmet usage or to create checkpoints that specifically target motorcyclists.

XXVII. POLICY ON SEAT BELT USE

In accordance with Executive Order 13043, Increasing Seat Belt Use in the United States, dated April 16, 1997, the Subrecipient is encouraged to adopt and enforce on-the-job seat belt use policies and programs for its employees when operating company-owned, rented, or personally-owned vehicles. The National Highway Traffic Safety Administration (NHTSA) is responsible for providing leadership and guidance in support of this Presidential initiative. For information and resources on traffic safety programs and policies for employers, please contact the Network of Employers for Traffic Safety (NETS), a public-private partnership dedicated to improving the traffic safety practices of employers and employees. You can download information on seat belt programs, costs of motor vehicle crashes to employers, and other traffic safety initiatives at www.trafficsafety.org. The NHTSA website (www.nhtsa.gov) also provides information on statistics, campaigns, and program evaluations and references.

XXVIII. POLICY ON BANNING TEXT MESSAGING WHILE DRIVING

In accordance with Executive Order 13513, Federal Leadership On Reducing Text Messaging While Driving, and DOT Order 3902.10, Text Messaging While Driving, States are encouraged to adopt and enforce workplace safety policies to decrease crashes caused by distracted driving, including policies to ban text messaging while driving company-owned or -rented vehicles, Government-owned, leased or rented vehicles, or privately-owned when on official Government business or when performing any work on or behalf of the Government. States are also encouraged to conduct workplace safety initiatives in a manner commensurate with the size of the business, such as establishment of new rules and programs or re-evaluation of existing programs to prohibit text messaging while driving, and education, awareness, and other outreach to employees about the safety risks associated with texting while driving.

XXIX. PARTICIPATION IN HIGHWAY SAFETY PARTNERSHIPS

All subrecipients are strongly encouraged to participate in Highway Safety sponsored functions including, but not limited to, Missouri Coalition for Roadway Safety regional meetings, applicable subcommittees and conferences; working groups; dedicated enforcement workshops; and grant application and contract award workshops. Subrecipient agencies with positions that are funded via Highway Safety grants are expected to participate (or send a representative) in the above functions as much as possible.

XXX. PROHIBITION ON TELECOMMUNICATIONS AND VIDEO SURVEILLANCE

The National Defense Authorization Act of Fiscal Year 2019 (Pub. L. 115-232) prohibits Federal grant funds from being obligated or expended to procure or obtain (or to enter into, extend, or renew a contract to procure or obtain) certain covered telecommunications equipment, services, or systems. States and subrecipients should refer to the Super Circular for more information on what equipment and companies this prohibition covers.

Equipment regularly purchased under NHTSA grants that may be subject to this provision could include: mobile phones, landlines, and the Internet. Note that this provision prohibits purchasing these (and other) items produced by certain companies; items produced by non-prohibited companies are still potentially allowable.

The disclosure shall include a description of the action which the recipient has taken or proposes to take to avoid or mitigate such conflict.
- B. NHTSA will review the disclosure and may require additional relevant information from the recipient. If a conflict of interest is found to exist, NHTSA may (a) terminate the award, or (b) determine that it is otherwise in the best interest of NHTSA to continue the award and include appropriate provisions to mitigate or avoid such conflict.

THE FOLLOWING REQUIREMENTS APPLY TO LAW ENFORCEMENT AGENCIES ONLY

A. PROBLEM IDENTIFICATION

Subrecipient must develop a selected traffic enforcement plan by evaluating crash data involving fatal, disabling and moderate injuries. This will be done on an annual basis to determine the highest crash locations, to include: month of year, day of week, time of day, and causation factors. This plan must be used to determine locations utilized in site selection for conducting enforcement efforts. Any changes to the enforcement plan must be made in writing to the MHTC project coordinator in advance of enforcement efforts.

B. PROJECT ACTIVITIES

1. Enforcement activities by the Subrecipient must remain at the current level. Enforcement efforts provided by this contract must be in addition to current enforcement activities.
2. Officers will be permitted to issue multiple citations and/or written warnings to drivers who have committed several violations.
3. High visibility enforcement is a key strategy to reducing traffic crashes; therefore, law enforcement officers working overtime projects are strongly encouraged to make at least three (3) contacts per hour when conducting an enforcement project.
4. Subrecipient is expected to participate in associated national or state mobilization efforts in conjunction with, or at the direction of, the Highway Safety and Traffic Division. These mobilizations include, but are not limited to: Click It or Ticket campaign, Drive Sober or Get Pulled Over campaign, Youth Seat Belt enforcement campaign, Holiday Impaired Driving campaign, and quarterly enforcement efforts. Mobilization reporting efforts shall be completed using the online mobilization reporting form located at: <https://mobilization.reits.org>.
5. Only law enforcement work performed by a duly licensed, Peace Officer Standards and Training (POST) certified law enforcement officer will be reimbursed.
6. The Subrecipient will not be eligible for reimbursement for any individual law enforcement officer working under this grant in excess of 40 hours for any two week pay period. The Subrecipient will not be eligible for reimbursement for any individual law enforcement officer working under this grant where said officer is claiming to have worked as a law enforcement officer for more than 16 hours in any 24 hour period.

C. PARTNERSHIPS

Law Enforcement agencies are strongly encouraged to participate in the Law Enforcement Traffic Safety Advisory Council (LETSAC) and attend the annual conference. Agencies located within the metropolitan areas of St. Louis or Kansas City should participate in Operation Impact or Operation Gateway (traffic safety task forces).

D. ALLOWABLE COSTS

Full-time, part-time and reserve officers are eligible to participate in overtime enforcement projects. Part-time and reserve officers must have the same authority as a full-time permanent officer. MHTC will reimburse Subrecipient at officer's standard rate of pay in accordance with Subrecipient policies and procedures regarding standard rate of pay and overtime rate of pay. The Subrecipient will not be reimbursed at the overtime rate for work that according to Subrecipient's own policies and procedures does not constitute overtime. Non-POST certified personnel may be allowed, at the sole discretion of MHTC, in a support/administrative role.

Exceptions to allowable costs may be made with prior written permission of the MHTC.

E. DRUNK DRIVING ENFORCEMENT PROJECTS

1. Those officers conducting standardized field sobriety testing must have 24 hours of Standardized Field Sobriety Test training to participate in grant funded enforcement efforts.
2. Agency should participate in quarterly enforcement efforts and the national impaired driving crackdowns held annually.

F. SOBRIETY CHECKPOINTS

Unless otherwise prohibited by state statute or appropriation,

1. The MHTC will fund enforcement agencies to conduct sobriety checkpoints in accordance with standards outlined in the Sobriety Checkpoint Reference Manual and the Sobriety Checkpoint Supervisor Training program.
2. Sobriety checkpoint enforcement efforts must be coupled with appropriate public information efforts to increase the perceived risk of arrest and to enhance the actual risk of arrest.
3. Enforcement statistics and the agency's sobriety checkpoint operations plan must be submitted with reimbursement vouchers.

G. PURSUIT POLICIES

Law enforcement agencies are encouraged to follow the guidelines established for vehicular pursuits issued by the International Association of Chiefs of Police that are currently in effect. (23 U.S.C. 402(j))

PROBLEM IDENTIFICATION

Substance-impaired drivers contributed to 22% of Missouri's traffic crash fatalities during the past five years. Alcohol remains the primary contributor to substance-impaired driving crashes; however, the number of persons under the influence of prescription medications and/or illicit drugs has increased significantly over the past decade. With recreational marijuana now legal in Missouri, there are concerns this trend will continue.

Male drivers were more likely than females to be involved in substance-impaired driving crashes. During the past five years, males were responsible for 81.7% of substance-impaired driving fatalities. Ten percent of the children less than 15 years of age, who were killed in motor vehicle crashes over the last five years, were riding with a substance-impaired driver.

Depending on the jurisdiction, impaired driving offenses in Missouri are prosecuted differently. Prosecutors and judges may not always be aware of the severity of the impaired driving problem or how to best provide treatment for an offender.

Jackson County, Missouri still ranks as one of the highest in the state for the number of alcohol/drug related traffic crashes, with a significant number of serious injuries and fatalities stemming from these traffic crashes. In 2021-2022 as published by the Missouri State Highway Patrol, Jackson County had a total of 2,942 alcohol or drug related traffic crashes. Of these crashes 1,325 resulted in a fatality or personal injury. MSHP crash mapping shows that many of these crashes were in direct proximity to, or on a feeder roadway to one of the many entertainment districts in Jackson County.

Additionally, with the legalization of recreational marijuana use in the state of Missouri, it is anticipated drug impaired driving crashes will increase dramatically. A study published in the Journal of Studies on Alcohol and Drugs, states that legalized recreational marijuana had an increase in traffic crashes and deaths. According to Charles M. Farmer, Ph.D., of the Insurance Institute for Highway Safety in Ruckersville, VA., after legalization and the launch of retail sales, there was a 5.8% rise in the incidence of traffic collision injuries and a 4.1% increase in the rate of fatal crashes in five states that permit people age 21 and older to consume marijuana recreationally. In a comparative group of states without marijuana legalization, the researchers did not see any rise during the same period.

GOALS/OBJECTIVES

Core Performance Measure Goal:

Based on a goal of 0 fatalities by 2030, Missouri is setting a five-year average alcohol-involved fatality target of 232.6 by December 31, 2026.

Core Performance Measure Goals

1. Increase DWI arrests by 5% over the previous fiscal year's reported statistics;
2. Improve awareness of enforcement actions through high visibility operations, providing significant visual stimuli to those who are considering driving after partaking in alcohol or drugs;
3. To provide a decrease in the number of alcohol/drug related serious injury and fatality traffic crashes in and around the county's entertainment districts, and subsequently identifying and stopping impaired drivers before they reach major highways and interstates is crucial in preventing major crashes.

PROJECT DESCRIPTION

Conduct twenty (20) organized saturation patrols during the fiscal year, in selected areas, with the goal of utilizing six (6) deputies per deployment, in six (6) hour deployments. Deployments will be made primarily on days outside of the Traffic Safety Unit normal operating hours and will focus on selected areas which show a high number of DWI related arrests, and impaired driving crashes.

Enforcement will be conducted on the entertainment districts throughout the metro area, as well as areas which have a high propensity of impaired drivers such as concerts, sporting events, etc. Primary hours of enforcement will be between 10:00pm and 4:00am, however times may be altered based on the operating hours of special events.

SUPPLEMENTAL INFORMATION

Question	Answer
You must answer the following questions.	
1 Does your agency have and enforce an internal safety belt policy for all personnel?	Yes
2 Does your agency have and enforce a policy restricting cell phone use while driving?	Yes
3 Does your agency report racial profiling data annually?	Yes
4 Does your agency report to MOCARS?	Yes
5 Does your agency report MIBRS information annually?	Yes
6 Please explain any NO answer(s) to questions 1-5:	
7 Have any of your officers/personnel been debarred and are therefore not eligible to receive federal funds for reimbursement of salary, fringe benefits, or overtime?	No
8 Does your agency have adequate manpower to fully expend the funds requested in this application?	Yes
9 If NO, please explain.	
10 Have any significant changes occurred with your agency within the last year that would affect performance, including personnel or system changes?	Yes
11 If YES, please explain.	
The TSU has had several personnel changes within the last year. The TSU's newest members sometimes have little or no experience in impaired driving investigation. While their performance level may not be at the level of a more experienced deputy, it is only temporary, and through experience and training, all the TSU members perform at a very high level.	
12 Are you aware of any fraud, waste or abuse on grant projects in your office/agency within the last 5 years?	No
13 If YES, please explain.	
14 If your agency received Highway Safety grant funding in the last three (3) fiscal years and there were unexpended balances, please explain why.	

Over the last three fiscal years the Jackson County Sheriff's Office has applied, and been approved for three separate enforcement projects. The first being a general unit salary contract which funds a Sergeant and five 5 full time Deputies to utilized for a full time traffic safety / impaired driving enforcement team. All funds been utilized the last three years for this project. The second project awarded is for dedicated impaired driving enforcement (Saturation Patrols). All funding was utilized for fiscal years 2021 and 2022. A total balance of \$3,888.51 remained for 2023. Impaired driving enforcement continues to become a specialized skill set, and most deputies consider this type of enforcement to be somewhat intimidating. There has been very little interest in working this type of enforcement outside the Traffic Safety Unit. Finally, the Sheriff's Office last awarded project was for hazardous moving violation enforcement (HMVE). The Sheriff's Office has struggled the last three years to utilize the funds awarded for this project. This is primarily due to the lack of interest in deputies to work the enforcement. This is in large part due to the lack of radar/lidar units available to deputies outside the Traffic Safety Unit. It should be noted in fiscal year 2023, funding was granted for the purchase of four (4) hand-held radar units to be utilized by non-TSU deputies working the enforcement. The Sheriff's Office has also recently purchased ten (10) vehicle mounted units, and has been approved to purchase an additional ten (10). The approval to compensate deputies working the enforcement at a double time rate of pay has also been extended. That, along with the now available equipment to conduct this type of enforcement should gain interest from both TSU members, as well as from outside units/divisions in utilizing the awarded funding.

15 Did your political entity receive more than 80% of its annual gross revenues in Federal Awards in your preceding fiscal year? No

16 Did your political entity receive \$25,000,000 or more in Federal Awards in your preceding fiscal year? No

17 If you answered NO to either question 15 and 16, DO NOT answer this question. If you answered YES to both question 15 and 16, and the public does not have access to this information, list the names and compensation amounts of the five most highly compensated employees in your business or organization (the legal entity to which the UEI number it provided belongs).

43 Identify primary enforcement locations.

The Traffic Safety Unit regularly reviews the Missouri State Highway Patrol's Traffic Crash Mapping Utility and selects enforcement locations based upon high concentrations of crashes, and/or impaired driving crashes. Currently those locations include:

I-70
US-24 Highway
US-71 Highway
US-350 Highway
US-40 Highway

Within the city limits of Kansas City:

Main street, Broadway Boulevard, I-35 and I-670/I-70, Southwest Boulevard, Southwest Traffic way, West 39th St., Pennsylvania Avenue, J.C. Nichols Parkway, and Pennway Parkway, and in the Mid-town Kansas City area.

The Traffic Safety Unit will conduct enforcement operations throughout the entire Jackson County area , with targeted enforcement at specific locations based on up to date crash data, entertainment and bar districts within municipalities, as well as any area with a high propensity of impaired drivers such as sporting events, concerts, etc.

PROJECT EVALUATION

The MHTC will administratively evaluate this project. Evaluation will be based, at a minimum, upon the following:

1. Law enforcement compliance with state UCR, Racial Profiling, and MOCARS reporting requirements (law enforcement contracts only)
2. Timely submission of monthly reimbursement vouchers and appropriate documentation to support reimbursement for expenditures (i.e., personal services, equipment, materials)
3. Timely submission of periodic reports (i.e., monthly, quarterly) as required
4. Timely submission of the Year End Report of activity (due within 30 days after contract completion date)
5. Attaining the Goals set forth in this contract
6. Accomplishing the Objectives* established to meet the project Goals, such as:
 - Enforcement activities (planned activities compared with actual activities)
 - Programs (number and success of programs held compared to planned programs, evaluations if available)
 - Training (actual vs. anticipated enrollment, student evaluations of the class, student test scores on course examinations, location of classes, class cancellation information)
 - Equipment purchases (timely purchase of equipment utilized to support and enhance the traffic safety effort; documentation of equipment use and frequency of use)
 - Public awareness activities (media releases, promotion events, or education materials produced or purchased)
 - Other (any other information or material that supports the Objectives)
7. The project will be evaluated by the Highway Safety and Traffic Division through annual crash analysis

Evaluation results will be used to determine:

- The success of this type of activity in general and this particular project specifically;
- Whether similar activities should be supported in the future; and
- Whether grantee will receive funding for future projects

The Project Director will routinely monitor enforcement statistics, evaluate each participating members productivity, document areas of success and achievement, and identify any areas where improvement is needed. The TSU will continue to share data and statistics with regional agencies.
