6. **PRICE QUOTE FORM (PQF) Requirements (see section 2.6 of the Scope of Work for additional details)** – The state agency will contact all QVL contractor(s) via email (which includes a pre-filled out Attachment 1, PQF) who were awarded the requested motor vehicle category(ies) to obtain firm, fixed price quotes. All applicable fields to the agency should be filled out prior to sending the request to the contractors. In addition, the quote request will include the specifications required and the quantity of vehicles required. The state agency's quote request will also indicate if the state agency desires or requires any additional options or features (upgrades) to be included with the motor vehicle in addition to the base model vehicle defined.

NOTE: 1) If additional options and features are already installed on the vehicle then the QVL contractor shall price the vehicle as one total dollar amount for the motor vehicle that includes the already installed options and features. 2) If the PQF requests or requires options and features that are not currently installed on the vehicle proposed by the QVL contractor, then the QVL contractor must price those items separately to ensure the vehicle proposed meets the requirements identified in the PQF.

Agencies are also required to provide a blank Attachment 3, Domestic Product Procurement Act (Buy American) Preference with the PQF form to all contractors at the time of issuing a PQF form. Contractors must fill out Attachment 3 and return it with their PQF response in order to be considered for the award of the purchase order.

7. **EVALUATION OF THE PQF (see section 2.7 of the Scope of Work for additional details)** – Since multiple contracts exist, the state agency shall evaluate and record the total cost provided in each contractor's PQF response utilizing Attachment 2, Motor Vehicles Price Quote Form Award Record, to determine the lowest-priced contractor. Agencies will need to process the steps outlined in section 2.7.4 of the Scope of Work. The state agency shall determine the lowest-priced contractor by determining each contractor's total cost for the requested vehicle based upon the specifications, anticipated options required, quantity(ies) and the prices quoted on the PQF form. In the event the lowest-priced contractor is unable to provide the required vehicle due to unavailability, the state agency shall contact the next lowest-priced contractor as determined by processing the steps in section 2.7.4 of the Scope of Work. If additional contracts exist, and the first two lowest-priced contractors were unable to provide the vehicles, the state agency shall continue to use the same criteria for selecting a contractor until the needs of the state agency are met. All pricing shall include all shipping, and freight charges **FOB Destination, Freight Prepaid and Allowed**. The State of Missouri shall not make additional payments or pay add-on charges for freight or shipping. State agencies shall make every attempt to process an award of a PQF within forty-eight (48) hours of the PQF deadline date. Any delays in the forty-eight (48) hour timeframe must be communicated to the QVL contractors that submitted a response to a PQF. QVL contractors

shall not face consequences for selling a vehicle off the lot to another customer in the event an award has not been made within the forty-eight (48) hour timeframe and failure of the agency to communicate a delay occurs.

The PQF shall be awarded to the lowest and best QVL contractor defined herein as the specification-compliant QVL contractor who scores the highest number of evaluation points considering:

- a. The specifications and contents included on the PQF form and Attachment 2, Motor Vehicles Price Quote For Award Record;
- b. Cost, including the Missouri Domestic Products Procurement Act preference; and
- c. As applicable, when alternative fuel vehicles are bid, a life cycle cost evaluation must be performed based on the requirements stated in Chapter 414.415 RSMo. The evaluation of cost shall be completed as a life cycle cost analysis based on the quoted firm, fixed vehicle base price included in the response to the PQF using the following: (a) an average life span of 120,000 miles for the vehicle; (b) the combined city/highway fuel mileage rating for the vehicle; and (c) the fuel cost per gallon on the date the PQF responses are due as published in the most recent Missouri Energy Bulletin. The state agency will use the following formula to determine the life cycle cost:

$$LCC = UP + \frac{(LV \times GC)}{MPG}$$

LCC = Life Cycle Cost

UP = Unit Price of vehicle proposed

LV = Life of vehicle is 120,000 miles

GC = Gasoline cost per gallon for this PQF response will be the current average price for Mid-Missouri on the due date of the PQF

MPG = Miles per gallon, combined city/highway mileage as stated by the vendor for each model

NOTE: If there is an inconsistency between vendor responses for the combined city/highway mileage, the state agency shall contact the manufacturer representative for all models quoted for that line item to verify the information. If the combined city/highway mileage is not provided by the vendor for the model proposed, the state agency reserves the right to use the EPA combined city/highway mileage as state at www.fueleconomy.gov when determining the life cycle cost per model. If the combined city/highway mileage is not available at www.fueleconomy.gov, the state agency reserves the right to contact the manufacturer to receive the combined city/highway mileage.

The state agency will provide all responding QVL contractors of the results of the PQF awarded by providing a copy of the completed Attachment 2 - Motor Vehicle Price Quote Request Form (PQF) Award Record.

8. **Purchase Order Requirements** – The state agency must also provide authorization to proceed through issuance of a purchase order or specific written authorization to ship.

Note to State Agencies: Prior to making a vehicle purchase, the state agency must complete a vehicle pre-approval form and submit to Kelly Ocheskey, OA - Fleet Management. The pre-approval form can be found at the following website address:

<https://oa.mo.gov/general-services/state-fleet-management/vehicle-preapproval-process-and-vehicle-credits>

Once the state agency receives approval from OA - Fleet Management, the agency shall issue its own PGQ (Quick Price Agreement) order in SAMII or a requisition within MissouriBUYS.

NOTE (Cooperative Procurement Members Only): The Vehicle Pre-Approval Form does not apply to cooperative procurement members – only to State of Missouri agencies.

State agencies must use the following Line Item/Commodity (UNSPSC) code combinations when issuing their purchase orders (these line items and codes are the same for all contracts):

Line item 1	25101503	Automobiles or Cars
Line item 2	25101505	Minivans or Vans
Line item 3	25101507	Light Trucks or Sport Utility Vehicles
Line item 4	25101702	Police Vehicles
Line item 5	25181602	Trucks Chassis

9. **Delivery** – Delivery for all vehicles shall be due as indicated by the state agency on the PQF form prior to issuing the PQF. The QVL contractor who was awarded the PQF shall only deliver upon receipt of an authorized purchase order. The QVL contractor must call the state agency 24 hours prior to making an appointment for delivery. Delivery must be made between the hours of 8:00 a.m. and 12:00 Noon or 1:00 p.m. and 4:00 p.m., Monday through Friday, Central Time. Deliveries shall not be made on state holidays. Each delivered vehicle shall be clean, lubricated, serviced and ready for immediate service. This shall include installation of all required options and accessories and removal of all plastic and signage (e.g. window sticker) from the interior and exterior of the vehicle. The window sticker may be left in the “glove box” or included with other documentation.

Each vehicle delivered shall include a proper form to apply for Missouri title and license including the Manufacturer's State of Origin and invoice, an owner's manual, and warranty. The title and invoice for all alternative fuel vehicles must clearly indicate the vehicle is alternative fuel (flex fuel (FFV) or E-85).

The Manufacturer's Standard Factory Warranty shall apply to all vehicles. The warranty shall not become effective until the vehicle is delivered to and accepted by the state agency.

Within forty-eight (48) hours of delivery, the state agency shall fully inspect the vehicle's interior and exterior, including any options required on the vehicle. The state agency must notify the dealer within forty-eight (48) hours of any unacceptability relating to the delivered vehicle. If the state agency fails to notify the dealer of any unacceptability within the forty-eight (48) hour timeframe, the dealer reserves the right to deem the vehicle as acceptable. Agencies are advised to ensure the proper measures are taken as it relates to insuring vehicles beyond the forty-eight (48) hour acceptance timeframe.

10. **Potential Recall or Manufacturer Initiated Customer Service Action/Notification Requirement:** The contractor shall be responsible for accessing potential recall notices from the National Highway Traffic Safety Administration (NHTSA), as well as any manufacturer initiated customer service actions prior to delivering the vehicles to the state agency location. If a recall or customer service action is found for the vehicle being delivered to the state agency, the contractor should, to the best of their ability, complete the necessary action(s) prior to delivery. If the contractor is unable to address the required recall or customer service action(s) prior to delivery, the contractor must inform the state agency of the "open" recall or customer service action upon delivery. The contractor shall then assist the state agency in getting the recall or customer service action(s) completed as quickly as possible.
11. **SCOPE OF WORK** – Due to the large amount of information included in the contract's Scope of Work, the information is not included in the Statewide Contract Notification. The information is available through the Awarded Bid & Contract Document Search at <https://oa.mo.gov/purchasing/bidding-contracts/awarded-bid-contract-document-search> or through MissouriBUYS at <https://missouribuys.mo.gov/>
12. **CONTRACT MANAGEMENT:**
 - a. The state agency should monitor, measure, and manage the contractor's performance of services and delivery of products according to the contractual requirements. Please refer to the Contract Management Guide:
<https://oapurch.state.mo.us/procurementsources.shtm>

- b. In the event your state agency encounters any issues or has any concerns or questions regarding the contract, please contact the Division of Purchasing in writing to the attention of the buyer shown on the front page of this document.
 - c. To assist the Division of Purchasing in monitoring the performance of the contractors and ensuring quality services are provided to state agencies, state agencies are strongly encouraged to submit documentation regarding the contract and contractor performance to the Division of Purchasing to the attention of the buyer listed on the front page of this document.
13. **SATISFACTION SURVEY:** Customer service is a top priority. The Division of Purchasing desires to work with state agencies to identify solutions if there are any contract concerns. State agencies are encouraged to complete the Satisfaction Survey, Appendix A, regarding their experience with the contract. Please submit your completed survey to the Division of Purchasing to the attention of the buyer shown on the front page of this document.

Appendix A Satisfaction Survey

This satisfaction survey is provided for users to report good and/or poor contractor performance. Any contract user may complete the survey and return it to the buyer identified on page one of this notice.

Users are advised that serious contractor performance issues should be immediately reported to the buyer identified on page one of this notice.
