Exhibit A - Spreadsheet (*Spreadsheet is from Road Maintenance*)

Listed are roads and streets for county road maintenance. The City of Lake Lotawana is to provide for snow and ice removal, traffic control signs, and mowing.

The yearly billing to Lake Lotawana is estimated to be ~~\$45,421.29~~ ^{33,567.25} (2006). Since the City of Lake Lotawana is to handle itemized costs for snow and ice removal, traffic control signs, and mowing these costs are subtracted from the total. All costs for maintaining each road will be supplied on a monthly basis for city review. Billing for actual yearly costs will be on an annual basis.

Billings will show costs for labor, materials, and equipment used on each road. The yearly billing will be presented to the city on January 1st of each year for the work completed in the previous year, and upon city concurrence, that amount will be taken from the city's C.U.R.S. (County Urban Road System) account to cover the yearly expense, if necessary. The billing is agreed to begin for the year 2006 and is payable as billed in 2007 and so on through 2008. The agreement may as such be extended and/or amended to reflect any cost changes as agreed in future years upon renewal of this agreement.
