*(Includes initiatives involved in investigative, prosecution, and interdiction activities.)*

- A. The Midwest HIDTA Investigative Support Center (MHISC) has been operational since 1998 and is con-managed by the Drug Enforcement Administration and the Kansas City, Missouri Police Department. The ISC is a multi-agency coalition consisting of federal, state, and local agencies located within the seven state Midwest HIDTA region. Located in Kansas City, Missouri the MHISC is electronically linked to task force locations and key state agencies in each of the states. The MHISC collects and analyzes information from all Midwest HIDTA task forces and participating task forces and agencies. The MHISC provides event and subject deconfliction services, multi-source name checks, investigative case support, toll analysis, charting, graphic work, post seizure analysis and trend/predictive analysis.

The MHISC continues to develop and expanding its mission to support a seven-state region. Even deconfliction through the Watch Center is fully implemented in many metropolitan areas throughout the region. Expansion to other areas will continue with system expansion steadily increasing each year. The Watch Center is currently manned by elements of the Missouri and Kansas National Guards and the Kansas City, Missouri Police Department.

The MHISC also provides continual evaluation of the threat to the region, identifying changes in patterns and trends. By improving the exchange of intelligence and information through more efficient coordination and communications, the MHISC enhances the ability of federal, state, and local law enforcement agencies to identify, arrest, and prosecute key members of drug trafficking organizations and individuals involved in the clandestine manufacturing of narcotics. Trend and predictive analysis developed by the MHISC assists the Midwest HIDTA Executive Board in utilizing its limited resources more efficiently.

A large portion of the support provided by the MHISC is tactical case support. The MHISC lends support to numerous high profile drug related investigations to include ODETF, Priority, Regional (RPOT) and Consolidated Priority Investigations (CPOT). Case support is, and will continue to be a high priority for the MHISC.
