

Request for Legislative Action

Res. #21027
Sponsor: Tony Miller
Date: August 22, 2022

Completed by County Counselor's Office			
Action Requested:	Resolution	Res.Ord No.:	21027
Sponsor(s):	Tony Miller	Legislature Meeting Date:	8/22/2022

Introduction
Action Items: ['Award']
Project/Title:
A RESOLUTION awarding a contract for the placement of sports field synthetic infield turf for use by the Parks + Rec Department to Mid-America Golf & Landscape, Inc., DBA Mid-America Sports Construction of Lee's Summit Missouri, under the terms and conditions of Invitation to Bid No. 56-22, at an actual aggregate cost to the County not to exceed \$1,447,535.

Request Summary
Invitation to Bid No. 56-22 requested bids from qualified firms to provide and install new synthetic infield turf on the five sports fields at the Frank White Jr. Sports Complex at Longview Lake. Nineteen notifications were distributed and viewed. Two bids were received. Pursuant to Section 1054.6 of Jackson County Chapter 10, the Director of Parks + Rec and the Director of Finance and Purchasing recommend the award to the lowest and best bidder Mid-America Golf & Landscape, Inc., DBA Mid-America Sports Construction of Lee's Summit Missouri. Mid-America Sports has extensive experience in the design and construction of sports facilities and is well qualified to perform the work. The scope of work for the project includes removal of the existing gravel infields, and the installation of new synthetic turf. The proposed scheduled start for the project is this Fall, once seasonal programs are concluded, with an expected completion date, weather permitting, of Spring 2023, prior to the start of regularly scheduled leagues and tournaments.

Company Overview

Mid-America Sports Construction is located in Lee's Summit, MO. Our team brings the Midwestern values we hold close to each and every project throughout the United States. For the past 20 years, we have staked our claim in the sports construction industry; growing into the nation's preeminent field contractor of natural turf and synthetic turf sports fields as well as complete sport complexes. Our natural and synthetic grass installations for athletic fields of all kinds offer a quality of construction and project management that is unrivaled in our industry.

Vision: To excel in building high quality athletic fields.

Mission: Mid-America Sports Construction is dedicated to excellence in providing the highest level of quality and service to exceed client expectations. Our company is based on family traditions and principals and we take pride in developing lasting relationships. Mid-America Sports Construction believes our legacy is what we leave behind.

Values: Family, Honesty, Integrity, Skill, Hard work, and Responsibility, with a commitment to continuous improvement.

Mid-America Sports Construction offers a full range of services utilizing the latest in state-of-the-art technology and equipment. Our talented team possesses the capabilities to assist with any aspect of your project needs from inception to completion. We were formed in 1993 with the aspiration to construct world-class athletic venue. We have built a solid reputation by utilizing 3 key elements:

- The expertise and capabilities to handle even the most complex projects
- The motivation and management to fulfill our obligation and complete the project on time and on budget
- The commitment to relationships that ensure every detail will be skillfully handled before, during and long after completion. Our team approaches every job the same, with attention to detail and a commitment to excellence.

Our continued growth as a company is based upon the values we established long ago. We are committed to listening to our clients and making them a part of the process. We provide a level of project management and cost control that serves the best interests of our clients at all times. It is an honor to do the work we do, and we never forget that fact. Striving for customer satisfaction will always be our number one goal.

Mid-America Sports Construction is a branch of Mid-America Golf and Landscape. Started in 1993, Mid-America Sports Construction has been delivering some of the top athletic fields in the nation for over 20 years. Since Mid-America Sports Construction was derived from a golf course construction company, we are able to give the end user not only top of the line synthetic sports fields but also beautiful, top performing, natural grass fields.

Mid-America Sports Construction DBA Mid-America Golf and Landscape's Dun and Bradstreet number is 809924434. Mid-America Sports Construction will be happy to provide a comprehensive insight plus report upon further discussion.

Kirk Grego, part owner of Mid-America Golf and Landscape is a Certified Field Builder. This allows Mid-America Sports Construction to keep up with industries cutting edge technology and allows us to give the customer the best product and service available.

Mid-America Sports Construction is interested in being able to offer the top-quality product to school and government entities across the nation. Mid-America offers the highest quality of work and we can assure you that we are the best choice for Rockwood School Districts turf needs.

Testimonials

“Mid America Golf, Kirk Grego and his team did an outstanding job of properly preparing the site on time and on budget. **I believe their expertise and experience with sport field installations saved our project thousands of dollars on potential change orders, while not compromising the quality of the work.**”

-James K. Villamaria, St. Mary's Colgan USD 250 Athletic Facilities Task Force, *Chairman*

“**I would, without hesitation, recommend Mid-America Golf and Landscape for athletic field work.** All representatives of Mid-America Golf and Landscape were extremely professional and motivated to provide the highest quality product possible. They also worked diligently to ensure the projects were completed on schedule and in budget. We couldn't be happier with the outcome. The Independence School District now has two first class synthetic athletic fields of which we are truly proud.”

-Bob Robinson, Independence School District, *Director of Facilities*

“Mid-America Sports Construction has proven to be a highly qualified Athletic Field Contractor. The Employees go out of their way to complete the project accurately and professionally. **I will recommend Mid-America Sports Construction for any athletic field project**”

-Bill Dickerson, The University of Kansas, *Former Athletic Director*

“I was extremely pleased with their work and flexibility and I will tell you their professionalism carried their every day.

It was a pleasure to work with those guys and I was not an easy customer and I know that...so thanks JD,”

-John Keilty, Mount St Mary Catholic High School

“From bid process to project completion, the Mid-America Sports Construction team was a pleasure for each UCM department associated with the project to work with. Their quality of work, professional manner, and timeliness continued to impress us at every step of the project. Given the unexpected nature of a Missouri winter, the team expertly handled each situation they encountered due to the weather with ease and created a solution in order to meet our aggressive timeline.” **-Chalres Ambrose**, President, University Central Missouri

Overall Experience

Kirk began his career working in a family-owned construction business. In 1993, Kirk became Vice President and one of the three founding partners of Mid-America Golf and Landscape, Inc. Kirk has vast knowledge and experience in all stages of golf course development and athletic construction. He has been personally involved in every aspect of golf course and sports construction. With years of experience as a laborer, operator, superintendent, and Project Manager, he has been involved in projects ranging from public to high-end golf clubs. Kirk has been the main contributor in forging Mid-America Golf and Landscape, Inc. to branch into the athletic field industry, including synthetic turf and natural grass fields. With this transformation, Mid-America Sports Construction was formed and continues to be a nationally recognized organization when it comes to a quality conscious athletic field contractor. Kirk is the managing individual as well as a senior project manager for Mid-America Sports Construction and all sports related endeavors.

DIAMOND SERIES

ROOTZONE DIAMOND-i OPS 52

AstroTurf
SINCE 1965
PRODUCT FACT SHEET

Today's premiere baseball and softball surface, Diamond Series handles ball bounce exactly like a natural grass field in every area of performance - outfield, infield and base paths. And this can be custom tailored to any coach or facility specifications for speed or bounce.

Diamond Series fields play and look so natural, yet provide the easy maintenance and exceptional durability we've become famous for over the past 50+ years. Outfield, infield, base paths, pitcher's mound, batters' boxes and warning tracks are each surfaced with unique AstroTurf products designed specifically to replicate natural field playability.

This product features unique fibers - diamond-shaped polyethylene face fibers, diamond-shaped nylon face fibers and nylon RootZone fibers. The use of nylon in this area of the field is critical and sets AstroTurf's Diamond Series apart. Not only does it boost longevity for some of the most heavily used areas in all of sports, it also creates more realistic sliding distances.

The RootZone is a system of texturized fibers that curl down to create a net-like matrix that encapsulates infill - dramatically reducing infill spray during play and infill migration over time. With a RootZone, hops and slaps are more natural because the ball is less susceptible to interference from sand/rubber splash and fly-out. Fewer divots are seen than on other synthetic fields.

It's all about the bounce.

- ◆ Exclusive, precise in-house fiber masterbatch formulations with cutting edge ultraviolet and heat stabilizers
- ◆ Diamond-shaped PE and Nylon face fibers that are designed to lay over and replicate clay
- ◆ Nylon adds durability and realistic sliding distances
- ◆ Entanglement technology, wherein we entangle molecular side chains to reinforce the fiber and prevent splitting

ROOTZONE DIAMOND-i OPS

The RootZone Diamond-i OPS product is used to replicate clay on baseball and softball fields.

Brown

Red Clay

"Our new facility has been outstanding for many reasons. With such a great playing surface we are able to utilize our practice time much better and we don't have rainouts. It has been great for recruiting."

Jim Sherman, Head Coach, University of Delaware

- ◆ Nylon RootZone infill stabilization system
- ◆ Multi-layer woven primary backing
- ◆ The latest polyurethane technology to enhance tuft lock, dimensional stability and fiber adhesion, with polymer formulations engineered in Germany and applied in our own American factory
- ◆ Infill mixtures specifically designed to play like clay

DIAMOND SERIES

ROOTZONE DIAMOND BLEND OPS 52

AstroTurf
PRODUCT FACT SHEET

Today's premiere baseball and softball surface, Diamond Series, handles ball bounce like a natural grass field in every area of performance - outfield, infield and base paths. And this can be custom tailored to any coach or facility specifications for speed or bounce.

Diamond Series fields play and look so natural, yet provide the easy maintenance and exceptional durability we've become famous for over the past 50+ years. Outfield, infield, base paths, pitcher's mound, batters' boxes and warning tracks are each surfaced with unique AstroTurf products designed specifically to replicate natural field playability.

This product features three unique fibers - slit film fibers for durability, TRIONIC monofilament fibers for aesthetics and RootZone fibers for playability. The RootZone is a system of texturized fibers that curl down to create a net-like matrix that encapsulates infill - dramatically reducing infill spray during play and infill migration over time. With a RootZone, hops and slaps are more natural because the ball is less susceptible to interference from sand/rubber splash and fly-out. Fewer divots are seen than on other synthetic fields.

Plus, this system now includes the exciting new TRIONIC monofilament fiber as a standard feature. For the first time in the history of the industry, our experts have molecularly fused Polyethylene and Nylon into a single Trionic fiber. That translates to softness AND durability.

It's all about the bounce.

"We couldn't be more pleased with AstroTurf Diamond Series for our baseball field. The follow up and service after the completion is second to none. We're happy to be a part of the AstroTurf family."

Ryan Folmar, Head Baseball Coach, Oral Roberts University

ROOTZONE DIAMOND BLEND OPS

The RootZone Diamond Blend OPS product is used for the grass portions of baseball and softball fields.

Colors to be manufactured with PE Legend Fiber

- ◆ Exclusive, precise in-house fiber masterbatch formulations with cutting edge ultraviolet and heat stabilizers
- ◆ Trionic monofilament fibers featuring a proprietary co-polymer blend of Polyethylene and Nylon in a single fiber
- ◆ Extremely durable slit film fibers for resistance to wear
- ◆ Entanglement technology, wherein we entangle molecular side chains to reinforce the fiber and prevent splitting
- ◆ RootZone infill stabilization system
- ◆ Multi-layer woven primary backing
- ◆ The latest polyurethane technology to enhance tuft lock, dimensional stability and fiber adhesion, with polymer formulations engineered in Germany and applied in our own American factory

DIAMOND SERIES

ASTROTURF SINCE 1965
PRODUCT FACT SHEET

ROOTZONE DIAMOND ERA OPS 90

ROOTZONE DIAMOND ERA OPS

The RootZone Diamond ERA OPS product is used for the batters' boxes, catchers' boxes and pitching areas of baseball and softball fields.

Brown

Red Clay

Today's premiere baseball and softball surface, Diamond Series handles ball bounce exactly like a natural grass field in every area of performance - outfield, infield and base paths. And this can be custom tailored to any coach or facility specifications for speed or bounce.

Diamond Series fields play and look so natural, yet provide the easy maintenance and exceptional durability we've become famous for over the past 50+ years. Outfield, infield, base paths, pitcher's mound, batters' boxes and warning tracks are each surfaced with unique AstroTurf products designed specifically to replicate natural field playability.

The torque generated in pitching and batting makes these areas the most used and abused of any sports field. But the ERA system is designed to stand up to this heavy use.

ERA stands for Extra Resilience Area. This product features unique fibers packed into an incredibly dense fiber matrix. Diamond-shaped polyethylene face fibers, diamond-shaped nylon face fibers and nylon RootZone fibers comprise the RootZone Diamond ERA OPS. The use of nylon in this area of the field is critical and the durability sets AstroTurf's Diamond Series apart. Plus, eight sets of batters' boxes come with every field!

It's all about the bounce.

"I was 100% against artificial mounds and now that I've experienced the benefits of AstroTurf mound technology I am for it because it saves games constant rainouts."

Skip Johnson, Head Baseball Coach, University of Oklahoma

- ◆ Extremely dense profile for ultimate durability
- ◆ Exclusive, precise in-house fiber masterbatch formulations with cutting edge ultraviolet and heat stabilizers
- ◆ Diamond-shaped PE and Nylon face fibers that are designed to lay over and replicate clay
- ◆ Nylon boosts durability
- ◆ Entanglement technology, wherein we entangle molecular side chains to reinforce the fiber and prevent splitting

- ◆ Nylon RootZone infill stabilization system
- ◆ Multi-layer woven primary backing

Warranty on AstroTurf® Synthetic Turf

AstroTurf Corporation, ("AstroTurf") warrants the synthetic grass surface (the "Product") 2021 Sample Warranty (the "Project") for a period of eight (8) years from the date of Substantial Completion of **Product installation** against defects in materials and/or workmanship, including ultraviolet degradation, excessive fading, seam rupture or dislodgment. AstroTurf will repair or replace, as it deems necessary, those materials that exhibit such defects resulting from materials or workmanship, at no cost to the Owner.

AstroTurf also guarantees that the average G-Max level of its field will not exceed 165 for the duration of the warranty. If the average of the G-Max readings exceeds 165 during the warranty period, AstroTurf will take whatever measures necessary, at no cost to the Owner, to return the G-Max scores to, or below, 165. The recommendations for proper maintenance of your AstroTurf surface, as outlined in our 'Owner's Manual and Guidelines' (attached hereto), shall be considered in determining neglect or proper maintenance of the synthetic grass surface and shall be considered an integral part of this warranty. The Owner is required to keep logs, manuals or other written documentation of all field maintenance completed on the referenced field, clearly showing dates, work completed and specific names of those performing the required maintenance procedures. Failure to perform scheduled maintenance, maintain the required documentation or failure to utilize properly trained maintainers may void this warranty.

This warranty, specifically, does not pertain to or obligate AstroTurf in any way regarding material applied or labor performed which was not under AstroTurf's control or which was supplied or performed by others who are not parties to the performance contract or this warranty. That is, AstroTurf will not warrant the performance or suitability of the sub-base, drainage system, and other items incorporated in the project as a whole. Assistance or recommendations provided to the Owner or his representatives or AstroTurf's approval of Owner's or his representatives' designs, plans or drawings in no way extend this warranty to materials or workmanship beyond those specifically supplied or controlled by AstroTurf.

AstroTurf does not warrant against normal wear and tear, as determined by an independent lab specializing in synthetic grass. AstroTurf also does not warrant against damage caused, directly or indirectly, by accident, improper use, negligence, abuse, neglect, vandalism, machinery, metal cleats or metal spiked shoes, animals, fire, flood, chemical reactions, static or dynamic loads exceeding AstroTurf specifications at the time of substantial completion of installation, the driving of motorized vehicles on the surface that exceed 2500 lbs., the driving of motorized vehicles under 2500 lbs at a speed of more than 5 miles per hour, improper or faulty subsurface preparation, failure of the subsurface after installation including settling of the surface, the use of dry cleaning fluids or improper cleaning methods, change in water table, exposure to light other than natural light or approved artificial light, or other acts of God.

AstroTurf's obligations under this warranty are restricted to the repair or, at its sole option, replacement of all or a portion of the affected parts covered by this warranty. The remedy of repair or replacement set forth in this warranty shall be the sole remedy and AstroTurf shall have no other obligations or liability in connection with any matter or thing, including without limitation, damages for personal injury or damages related to lost revenue, increased costs, downtime costs and all other indirect or consequential damages.

This warranty is expressly in lieu of all conditions and warranties expressed or implied in fact or in law or otherwise, including without limitation, any implied conditions, or warranties as to merchantability or fitness for a particular purpose. No person or party is authorized to create any obligation or liability for AstroTurf other than the person authorized to execute this warranty for AstroTurf, and only the guarantee expressed herein shall apply.

AstroTurf Corporation

THE WORLD LEADER IN SPORTS & RECREATION SURFACES

The obligations of AstroTurf® under the warranty are subject to full payment of all monies due to AstroTurf for materials and/or labor related to the above referenced Project. AstroTurf will handle all warranty claims promptly so long as the Owner's account is in good standing at the time of the claim. Furthermore, all claims by the Owner made under the foregoing warranty shall be invalid and null and void unless made in writing to AstroTurf within eight (8) years from the date of substantial completion of the Project and within thirty (30) days of the Owner learning of the cause giving rise to its claim. This warranty is not transferable and is made between the parties listed below.

Date of Substantial Completion: mm/dd/2021

Issued to Owner: 2021 Sample Warranty

Project Location: 2021 Sample Warranty

Expiration Date: mm/dd/2029

CONTRACTOR UTILIZATION PLAN

Bid/RFP/RFQ Number: 56-22
Bid/RFP/RFQ Title: Replacement of Infield Turf
Contracting Department: Parks + Recs Department
Respondent: Mid-America Golf & Landscape, Inc. DBA Mid-America Sports Construction

I, Kirk Grego, of lawful age and upon my oath state as follows:

1. This Affidavit is made for the purpose of complying with the provisions of the MBE/WBE/VBE submittal requirements on the above Bid/RFP/RFQ and the MBE/WBE/VBE Program and is given on behalf of the Respondent listed above. It sets out the Respondent's plan to utilize MBE and/or WBE and/or VBE prime and subcontractors on the awarded contract.

The goals set by Jackson County, Missouri are:

0 % MBE 0 % WBE 0 % VBE

2. Bidder stipulates that it will utilize a minimum of the following percentages of MBE/WBE/VBE participation in the above bid:

0 % MBE 0 % WBE 0 % VBE

3. The following are the MBE/WBE/VBE Contractors to be utilized on the above-named solicitation. **Respondent maintains that it either has a formal contract or a conditional contract contingent upon award.**

Please note:

- a. If Bidder is a certified MBE, WBE, or VBE firm, it may list itself in the appropriate area below.
- b. No contractor may be listed under multiple categories below regardless of certifications.

ACKNOWLEDGMENT

Respondent acknowledges that it is responsible for considering the effect that any change order and/or amendments changing the total contract amount may have on its ability to meet or exceed the subcontractor participation goals.

Good Faith Effort:

Respondent further acknowledges that it is responsible for submitting a **Good Faith Effort Form** if it will be unable to meet the participation goals. A **Good Faith Effort Form** documents the efforts a respondent puts forth to achieve the MBE and/or WBE and/or VBE goals on a project. **Simply stating that goals cannot be met is not considered sufficient.**

Contractor Modification Form:

If, at any point during the life of the awarded contract, the contractor needs to substitute an approved subcontractor a **Contractor Modification Form** must be submitted to the Compliance Review Office.

Any Good Faith Effort or Contractor Modification Form must be approved by the Compliance Review Office.

Contact the Compliance Review Office for assistance or to request forms.

I hereby certify that I am authorized to make this Affidavit on behalf of the Respondent named below and who shall abide by the terms set forth herein. I acknowledge that the assigned values determined by this CUP shall be enforceable under the contract terms and conditions.
