XXV. BUY AMERICA ACT

(Applies to subrecipients as well as States)

The State and each subrecipient will comply with the Buy America requirement (23 U.S.C. 313) when purchasing items using Federal funds. Buy America requires a State, or subrecipient, to purchase only steel, iron and manufactured products produced in the United States with Federal funds, unless the Secretary of Transportation determines that such domestically produced items would be inconsistent with the public interest, that such materials are not reasonably available and of a satisfactory quality, or that inclusion of domestic materials will increase the

cost of the overall project contract by more than 25 percent. In order to use Federal funds to purchase foreign produced items, the State must submit a waiver request that provides an adequate basis and justification to and approved by the Secretary of Transportation.

All items purchased must be compliant with the National Highway Traffic Safety Administration (NHTSA) interpretation of the Buy America Act including, but not limited to:

1. Items valued over \$5,000 per unit must be manufactured or assembled in the United States of America, or as allowed by a current Buy America Act waiver issued by the NHTSA;
2. All vehicles, motorcycles, trailers, and other similar conveyances must be manufactured or assembled in the United States of America regardless of cost.

Furthermore, the State and each subrecipient will follow the guidelines of 2 C.F.R. § 200.322, Domestic Preferences for Procurements. As appropriate and to the extent consistent with law, the non-Federal entity should, to the greatest extent practicable under a Federal award, provide a preference for the purchase, acquisition, or use of goods, products, or materials produced in the United States.

***Waiver of Buy America Requirements for De Minimis Costs and Small Grants**

Effective August 16, 2023, the United States Department of Transportation published a public interest waiver of the Buy America, Build America Act's domestic preference requirements for iron and steel, manufactured products, and construction materials used in projects funded under DOT-administered financial assistance programs for iron, steel, manufactured products, and construction materials under a single financial assistance award for which the total amount of Federal financial assistance applied to the project, through awards or subawards, is below \$500,000. Therefore, until this waiver expires or is otherwise terminated, the Buy America Act requirements stipulated above will only apply should this contract total \$500,000 or more.

XXVI. PROHIBITION ON USING GRANT FUNDS TO CHECK FOR HELMET USAGE

The State and each subrecipient will not use 23 U.S.C. Chapter 4 grant funds for programs to check helmet usage or to create checkpoints that specifically target motorcyclists.

XXVII. POLICY ON SEAT BELT USE

In accordance with Executive Order 13043, Increasing Seat Belt Use in the United States, dated April 16, 1997, the subrecipient is encouraged to adopt and enforce on-the-job seat belt use policies and programs for its employees when operating company-owned, rented, or personally-owned vehicles. The National Highway Traffic Safety Administration (NHTSA) is responsible for providing leadership and guidance in support of this Presidential initiative. For information and resources on traffic safety programs and policies for employers, please contact the Network of Employers for Traffic Safety (NETS), a public-private partnership dedicated to improving the traffic safety practices of employers and employees. You can download information on seat belt programs, costs of motor vehicle crashes to employers, and other traffic safety initiatives at www.trafficsafety.org. The NHTSA website (www.nhtsa.gov) also provides information on statistics, campaigns, and program evaluations and references.

XXVIII. POLICY ON BANNING TEXT MESSAGING WHILE DRIVING

In accordance with Executive Order 13513, Federal Leadership On Reducing Text Messaging While Driving, and DOT Order 3902.10, Text Messaging While Driving, the subrecipient is encouraged to adopt and enforce workplace safety policies to decrease crashes caused by distracted driving, including policies to ban text messaging while driving company-owned or -rented vehicles, Government-owned, leased or rented vehicles, or privately-owned when on official Government business or when performing any work on or behalf of the Government. States are also encouraged to conduct workplace safety initiatives in a manner commensurate with the size of the business, such as establishment of new rules and programs or re-evaluation of existing programs to prohibit text messaging while driving, and education, awareness, and other outreach to employees about the safety risks associated with texting while driving.

XXIX. PARTICIPATION IN HIGHWAY SAFETY PARTNERSHIPS

All subrecipients are strongly encouraged to participate in Highway Safety sponsored functions including, but not limited to, Missouri Coalition for Roadway Safety regional meetings, applicable subcommittees and conferences; working groups; dedicated enforcement workshops; and grant application and contract award workshops. Subrecipient agencies with positions that are funded via Highway Safety grants are expected to participate (or send a representative) in the above functions as much as possible.

XXX. PROHIBITION ON TELECOMMUNICATIONS AND VIDEO SURVEILLANCE

The National Defense Authorization Act of Fiscal Year 2019 (Pub. L. 115-232) prohibits Federal grant funds from being obligated or expended to procure or obtain (or to enter into, extend, or renew a contract to procure or obtain) certain covered telecommunications equipment, services, or systems. States and subrecipients should refer to the Super Circular for more information on what equipment and companies this prohibition covers.

Equipment regularly purchased under NHTSA grants that may be subject to this provision could include : mobile phones, landlines, and the internet. Note that this provision prohibits purchasing these (and other) items produced by certain companies; items produced by non-prohibited companies are still potentially allowable.

Should the minimum number of students registered for a class not be met, subrecipients must contact MHTC prior to proceeding with the class to review the training plan and ensure that both parties agree that adequate measures have been taken. Repeated classes with poor attendance may result in the suspension of the training award.
- E. Copies of the student evaluations, number of students enrolled/number of students attending, agenda/syllabus/curriculum, and participant sign-up sheets must be retained in Subrecipient's files after the training has been conducted and available for MHTC review upon request.

THE FOLLOWING REQUIREMENTS APPLY TO LAW ENFORCEMENT AGENCIES ONLY

A. PROBLEM IDENTIFICATION

Subrecipient must develop a selected traffic enforcement plan by evaluating crash data involving fatal, disabling and moderate injuries. This will be done on an annual basis to determine the highest crash locations, to include: month of year, day of week, time of day, and causation factors. This plan must be used to determine locations utilized in site selection for conducting enforcement efforts. Any changes to the enforcement plan must be made in writing to the MHTC project coordinator in advance of enforcement efforts.

B. PROJECT ACTIVITIES

- 1. Enforcement activities by the Subrecipient must remain at the current level. Enforcement efforts provided by this contract must be in addition to current enforcement activities.
- 2. Officers will be permitted to issue multiple citations and/or written warnings to drivers who have committed several violations.
- 3. High visibility enforcement is a key strategy to reducing traffic crashes; therefore, law enforcement officers working overtime projects are strongly encouraged to make at least three (3) contacts per hour when conducting an enforcement project.
- 4. Only law enforcement work performed by a duly licensed, Peace Officer Standards and Training (POST) certified law enforcement officer will be reimbursed.
- 5. The Subrecipient will not be eligible for reimbursement for any individual law enforcement officer working overtime under this grant in excess of 40 hours for any two week pay period. The Subrecipient will not be eligible for reimbursement for any individual law enforcement officer working overtime under this grant where said officer is claiming to have worked as a law enforcement officer for more than 16 hours in any 24 hour period.

C. PARTNERSHIPS

Law Enforcement agencies are strongly encouraged to participate in the Law Enforcement Traffic Safety Advisory Council (LETSAC) and attend the annual conference. Agencies should also participate in local traffic safety task forces and engage in local community collaboration in traffic safety planning initiatives.

D. ALLOWABLE COSTS

Full-time, part-time and reserve officers are eligible to participate in overtime enforcement projects. Part-time and reserve officers must have the same authority as a full-time permanent officer. MHTC will reimburse Subrecipient at officer's standard rate of pay in accordance with Subrecipient policies and procedures regarding standard rate of pay and overtime rate of pay. The Subrecipient will not be reimbursed at the overtime rate for work that according to Subrecipient's own policies and procedures does not constitute overtime. Non-POST certified personnel may be allowed, at the sole discretion of MHTC, in a support/administrative role.

Officer overtime or any other costs reimbursed by this MHTC agreement must not also be requested for court-ordered recoupment on alcohol or drug-related driving cases.

Exceptions to awarded costs may be made with prior written permission of the MHTC.

E. DRUNK DRIVING ENFORCEMENT PROJECTS

1. Those officers conducting standardized field sobriety testing must have 24 hours of Standardized Field Sobriety Test training to participate in grant funded enforcement efforts.

2. SOBRIETY CHECKPOINTS

Unless otherwise prohibited by state statute or appropriation,

- a) The MHTC will fund enforcement agencies to conduct sobriety checkpoints in accordance with standards outlined in the Sobriety Checkpoint Reference Manual and the Sobriety Checkpoint Supervisor Training program.
- b) Sobriety checkpoint enforcement efforts must be coupled with appropriate public information efforts to increase the perceived risk of arrest and to enhance the actual risk of arrest.
- c) Enforcement statistics and the agency's sobriety checkpoint operations plan must be submitted with reimbursement vouchers.

F. PARTICIPATION IN NATIONAL AND STATE MOBILIZATIONS

Law enforcement agencies must participate in National and State Mobilizations including, but not limited to:

- Click It or Ticket
- Drive Sober or Get Pulled Over
- Holiday Impaired Driving Campaign

Manpower authorized in law enforcement projects should include time dedicated to these mobilizations as appropriate (i.e. an Impaired Driving or HMV project can be utilized to participate in the Drive Sober or Get Pulled Over campaign, HMV or Occupant Protection projects can be utilized to participate in Click It or Ticket).

Mobilization reporting efforts shall be completed using the online mobilization reporting form located at :
<https://mobilization.rejjs.org>.

G. PURSUIT POLICIES

Law enforcement agencies are encouraged to follow the guidelines established for vehicular pursuits issued by the International Association of Chiefs of Police that are currently in effect. (23 U.S.C. 402(j))

PROBLEM IDENTIFICATION

Per the FY 24-26 Triennial Highway Safety Plan, during the last 5 years, no behavior on Missouri roadways has contributed to traffic fatalities as frequently as speed and aggressive driving. From 2017-2021, there were 2,547 fatalities involving a speeding or aggressive driver, accounting for 53% of all traffic fatalities. Speed and aggressive driving are cited in fatal crash reports as a contributing circumstance more than twice as often as impaired driving, and feedback and citation data from law enforcement agencies indicate speeds are up significantly during the last 3 years.

The most aggressive and dangerous driving behaviors are frequently exhibited by drivers who are fleeing or eluding from law enforcement officers. The Sheriff's Office has a restrictive pursuit policy; absent suspected commission of a dangerous felony, or cases where drivers pose an extreme risk to the public (outside of the risk created by their flight), the Sheriff's Office will not pursue drivers who have committed hazardous moving violations. Often, the hazardous driving behaviors of the suspect driver continue when pursuit is discontinued, and are repeated by the offender who has avoided any corrective action.

During FY25 for MoDOT projects, so far (between 10-1-2024 and 02-27-2025), deputies have made 1,632 traffic stops and had 231 suspect vehicles fail to yield, committing multiple hazardous moving violations in their flight. Over 12% of the vehicles the Sheriff's Office has attempted to stop have fled.

Jackson County ranks #2 in Missouri for overall number of speeding-involved traffic crashes during 2021 - 2023, and ranks #1 in Missouri for speeding-related crashes resulting in a fatality during the same period.

GOALS/OBJECTIVES

As outlined in the FY24-26 Triennial Highway Safety Plan, Core Performance Measure Goals:

Based on a goal of 0 fatalities by 2030, Missouri is setting a five-year average fatality target of 897.6 by December 31, 2026.

Based on a goal of 0 serious injuries by 2040, Missouri is setting a five-year average serious injury target of 4,486.1 by December 31, 2026.

Based on a goal of 0 fatalities by 2030, Missouri is setting a five-year average speed related fatality target of 293.8 by December 31, 2026.

Speed and aggressive driving are the leading causes of injury and fatal crashes in Missouri. Enforcement as a corrective action to reduce the behavior can only be effective when the drivers are identified and captured. The driving behavior of drivers fleeing from law enforcement create an extreme risk to the public.

This project's goal is to increase the number of speeding and/or aggressive drivers who receive corrective action (citation or arrest) after fleeing from members of the Sheriff's Office or other agencies in Jackson County, while simultaneously reducing the risk to the public of a fleeing driver by increasing the available staff to locate and stop speeding or aggressive drivers, and equipment to successfully deploy tire deflation devices on vehicles used by speeding or aggressive drivers.

An additional objective of this project is to fund attendance at the Law Enforcement Traffic Safety Advisory Council's (LETSAC) annual conference for members of the Traffic Safety Unit, to provide information and training to enhance members' performance during all forms of traffic enforcement, to include speeding and aggressive driving.

PROJECT DESCRIPTION

This project will provide overtime pay for an additional deputy to work in conjunction with the Traffic Safety Unit during their regularly scheduled enforcement shifts on Fridays or during special enforcement to serve as an additional traffic enforcement vehicle to locate and stop speeding or hazardous drivers, and to be available as an additional unit equipped with tire deflation devices to attempt to disable any vehicles operated by speeding or hazardous drivers who flee from law enforcement.

SUPPLEMENTAL INFORMATION

<u>Question</u>	<u>Answer</u>
You must answer the following questions.	
1 Does your agency have and enforce a safety belt policy for all employees/personnel?	Yes
2 Does your agency have and enforce a policy restricting cell phone use while driving?	Yes
3 Does your agency report racial profiling data annually?	Yes
4 Does your agency report to MOCARS?	Yes
5 Does your agency report MIBRS information annually?	Yes
6 Please explain any NO answer(s) to questions 1-5:	
7 Does your agency have adequate manpower to fully perform the activities, expend the funds requested, and to submit vouchers on a monthly and/or quarterly basis in this application?	Yes
8 If NO, please explain.	
9 Have any significant changes occurred with your agency within the last year that would affect performance, including personnel or system changes?	No
10 If YES, please explain.	
11 Are you aware of any fraud, waste or abuse on grant projects in your office/agency within the last 5 years?	No
12 If YES, please explain.	
13 Have any of your officers/personnel been debarred and are therefore not eligible to receive federal funds for reimbursement of salary, fringe benefits, or overtime?	No
14 If your agency received Highway Safety grant funding in the last three (3) fiscal years and there were unexpended balances, please explain why.	

Unexpended balances for Highway Safety projects:

FY 2022 Impaired Driving Overtime - \$2,279.15
FY 2023 Impaired Driving Overtime - \$3,888.51
FY 2024 Impaired Driving Overtime - \$22,486.43

Unexpended balances in impaired driving overtime projects result from lack of interest from deputies to work the overtime combined with staffing shortages that require personnel to already work a significant amount of overtime to provide required services. Special authorization from the Sheriff to compensate deputies working enforcement at a double-time rate have not significantly improved participation. The Sheriff's Office has significantly reduced the request amount for this project in this year's application.

FY 2022 HMV Overtime - \$12,170.28
FY 2023 HMV Overtime - \$17,091.72
FY 2024 HMV Overtime / Equipment - \$37,573.39

Additionally, for 2024, failure to complete the County's purchasing process for requested equipment combined with manufacturer product availability delays resulted in failure to purchase equipment awarded in the project.

FY 2022 Dedicated Impaired Driving - \$124,410.50
FY 2023 Dedicated Impaired Driving - \$122.44
FY 2024 Dedicated Impaired Driving - \$28,566.19

Unexpended balances in the Dedicated Impaired Driving project result from unfilled positions due to staffing levels, and/or positions being filled by deputies with significantly lower pay rates than were budgeted (newer, less tenured deputies are paid a lower salary than more tenured deputies).
