DATE: January 30, 2026

RE: Sole Source – Harvest AV Solutions LLC

This letter serves as a formal request and justification to designate Harvest AV Solutions LLC as a sole-source vendor for audiovisual (AV) integration and support services for Granicus upgrade to Operations Cloud. It was necessary to disconnect and relocate the equipment used for streaming videos for the legislative meetings in Kansas City.

Harvest AV Solutions is the only source capable of providing the necessary materials, engineering, installation, and ongoing support to meet our technical and operational requirements. They are a full-service audiovisual system integration, covering audio, video and lighting technologies. Their process includes defining client needs, designing tailored solutions, ensuring that every system is optimized for functional user experience.
