Accordingly, the Office for Civil Rights (OCR) investigates recipients that are the subject of discrimination complaints from both individuals and groups.
2. **Discrimination:** The Subrecipient acknowledges that federal laws prohibit recipients of financial assistance from discriminating on the basis of race, color, national origin, religion, sex, or disability in funded programs or activities, not only in respect to employment practices but also in the delivery of services or benefits. Federal law also prohibits funded programs or activities from discriminating on the basis of age in the delivery of services or benefits.
3. **Limited English Proficiency (LEP):** The Subrecipient assures that, in accordance with the *Guidance to Federal Financial Assistance Recipients Regarding Title VI Prohibition Against national Origin Discrimination Affecting Limited English Persons*, 67 Fed. Reg. 41455 (June 18, 2012) as it pertains to Title VI of the Civil Rights Act of 1964, 42 U.S.C. 2000d, recipients of Federal financial assistance must take reasonable steps to ensure meaningful access to their programs and activities for persons with limited English proficiency (LEP). "Meaningful access" will generally involve some combination of oral interpretation services and written translation of vital documents. For more information, visit <http://www.lep.gov>.
4. **Equal Employment Opportunity Plan (EEOP):** The Subrecipient agrees to comply with the applicable requirements of 28 C.F.R. pt 42, subpt. For more information, visit <http://ojp.gov/about/ocr/eeop.htm>.

5. **Using Arrest and Conviction Records for Employment Decisions:** The Subrecipient understands the Office for Civil Rights (OCR) issued an advisory document for recipients of federal financial assistance on the proper use of arrest and conviction records in making hiring decisions. Subrecipients should be mindful that the misuse of arrest or conviction records to screen either applicants for employment or employees for retention or promotion may have a disparate impact based on race or national origin, resulting in unlawful employment discrimination. In light of the *Advisory*, Subrecipients should consult local counsel in reviewing their employment practices. If warranted, Subrecipients should also incorporate an analysis of the use of arrest and conviction records in their Equal Employment Opportunity Plans (EEOs).

It is understood and agreed upon that, in the event funds from federal or state sources are not appropriated and continued at an aggregate level sufficient to cover the subaward costs, or in the event of a change in federal or state law relevant to these costs, the obligations of each party hereunder shall thereupon be terminated immediately upon receipt of written notice.
2. **Release of Funds:** No funds will be disbursed under this subaward until such time as all required documents are signed by the Subrecipient Authorized Official and Subrecipient Project Director and returned to the Missouri Department of Public Safety, Office of the Director for final review and signature by the Director or his/her designee.
3. **Financial Guide:** The Subrecipient agrees to comply with the financial and administrative requirements set forth in the current edition (currently, the "2015 DOJ Grants Financial Guide") of the Office of Justice Programs (OJP) Financial Guide, which can be found at <http://ojp.gov/financialguide/DOJ/>.

6. **Project Income:** The Subrecipient agrees to account for project income generated by the activities of this subaward, and shall report receipts and expenditures of this income on the monthly Claim report. The Subrecipient understands that all project income generated as a result of this subaward shall be expended during the life of the project period, unless otherwise stated.
7. **Procurement:** The Subrecipient assures that all procurement transactions whether negotiated or competitively bid and without regard to dollar value shall be conducted in a manner to provide maximum open and free competition. In addition, the Subrecipient assures that all procurement transactions will meet the minimum standards set forth in the "DPS Financial and Administrative Guidelines" and identified here:
 - A. All quotations and the rationale behind the selection of a source of supply shall be retained, attached to the purchase order copy, and placed in the accounting files.
 - B. Purchases to a single vendor totaling less than \$3,000 may be purchased with prudence on the open market.
 - C. Purchases estimated to total between \$3,000 but less than \$24,999 to a single vendor, must be competitively bid, but need not be solicited by mail or advertisement.

Personnel Overtime Justification

Overtime Justification

If overtime is not included in the budget, skip this section.

If overtime is included in the budget, provide the following justification:

- description of the job responsibilities, experience possessed, and any certification possessed as it relates to the proposed project for any personnel positions not included in the Personnel budget category
- description of why overtime funding is necessary to the project
- rationale for the number of hours budgeted for overtime, per position where applicable

If a change in overtime pay rate is included, address the individual's eligibility (or reason) for such change, the percentage of change, and the effective date of the change.

The Interdiction side is responsible for maintaining coverage of a public transit system that operates on a

twenty-four hour (24), daily schedule, 365 days a year. For officer safety issues, a minimum of four (4) detectives is required when working a transit system. Trying to accomplish this mission without overtime compensation reduces the impact of this task force and the positive effects on society that occurs when narcotics, contraband, and fugitives are taken into police custody as a direct result of the interdiction contact.

Interdiction detectives will need to work their normal tour of duty and be able to respond back to all tips provided by public transit and/or private parcel and freight investigative sources. Interdiction detectives will also need to vary the times that they arrive and depart these modes of public transit, working late nights and or weekends in an effort to disrupt or confuse those narcotics couriers that carefully plan their "transportation runs" in an effort to go undetected by law enforcement personnel. In the past, when varying times and shifts of interdiction contacts, some arrests have advised detectives that they had specifically designed their trip to arrive late at night or on a holiday or weekend believing that the police would not be working. This is a valuable tool that should not be underestimated. Without the use of overtime a large majority of the transit schedules would go unobserved.

The five (5) detectives from Clay County assigned to the Non-Interdiction Side are responsible for undercover operations and narcotics investigations which consist of, but are not limited to narcotic purchases, handling of informants, applying for, executing, and processing search warrants, and assisting other agencies with the interviewing of offenders and filing the appropriate case files for prosecution. Detectives will be on call twenty-four hours (24), 365 days a year to cover the narcotic investigation needs of all local municipalities within the Clay, Platte, Jackson, and Caldwell Counties. The detectives are varying schedules in regards to operational times in an attempt to disrupt criminal activity. The assistance the group is providing the agencies with interviews, evidence handling and charges has increased drastically over the past few years. The increase in assistance is reaching a critical stage as the day-to-day operational demands and providing personnel with time off. The personnel share on-call status and routinely take as many as 7 to 8 additional narcotic cases after their regular duty hours and on their leave days. With the continually increasing case load, the group will need additional funding to cover any overtime incurred.

Platte County Missouri is surrounded by increasing high drug crime areas such as Kansas City, Kansas to the south, Leavenworth, Kansas to the west, St. Joseph Missouri to the north and Kansas City, Missouri, which City limits cover approximately half of Platte County and border the County to the east. The cities of Kansas City, Kansas and Kansas City, Missouri have been proven to be major bulk narcotics storage locations, making large quantities of narcotics easily attainable at a reduced price. Bulk narcotics historically flow from south to north, placing Platte County, Missouri directly in the north south narcotics smuggling pipeline. The cities of Kansas City, Missouri and Kansas City, Kansas are positioned directly in the center of the United States making these locations and the surrounding areas such as Platte County very susceptible to drug crimes. Platte County Missouri is typical in that narcotics flow from south to north, but in recent years Platte County has proven to be non-typical in that Interstate 29 runs from north to south through the center of the United States and directly through Platte County. Narcotics traffickers from Oregon, Washington, Colorado and California have now discovered that by traveling east on Interstate 80 to Interstate 29 south, they can avoid the Highway Interdiction teams in the State of Kansas and ultimately successfully deliver more narcotics to the Midwest and points east.

Due to the proximity of bulk narcotics to Platte County, the flow of narcotics from south to north through Platte County and the non-typical north to south flow of narcotics through Platte County, the need for highly trained and skilled narcotics detectives is crucial to fighting this growing problem in Platte County.

Platte County narcotics detectives assigned to MoWIN's non-interdiction side are responsible for assisting Patrol deputies with these highway interdiction investigations which many times include bulk narcotics, with multiple suspects, from multiple states. These factors make conducting thorough and complete investigations very time consuming for these detectives. These cases create additional needs concerning the handling of bulk narcotics, jail space and prosecutor needs.

In addition to assisting patrol deputies, Platte Counties MoWIN detectives are responsible for supporting eleven smaller communities that are located inside the county with combating narcotics crimes. Platte County detectives also conduct undercover operations, which require the handling and supervision of confidential informants. Platte County detectives are responsible for responding to narcotics related tips provided by citizens and other law enforcement agencies in the County. Platte County is home to the Kansas City International Airport which brings an element of narcotics related crime involving high volumes of air cargo which are often used as narcotics smuggling methods. Platte County detectives are responsible for obtaining and serving Search Warrants, conducting knock and talks, appearing in court, maintaining case files and C/I files.

In addition to those task force officers whose salaries are included, the following detectives also will receive overtime.
