MEMORANDUM

TO: Katelyn Edgar, Buyer, Purchasing Department
FROM: John Johnson, Superintendent, Park Operations
DATE: April 14, 2021
SUBJECT: Skid Steer with forestry attachment from Bobcat Company

Parks+Rec recommends purchasing a T770 T4 Bobcat Track Loader with a Forestry Cutter attachment to perform maintenance, repairs, and to clear small trees and brush within the park system. The loader will be used on improved trails for surface work and to maintain safe clearance of heavy brush from the sides of the trail. It will be used to replace defective culverts and underground lines when Park Operations self-performs this type of work.

The forestry attachment will allow staff to clear medium size trees and heavy brush in areas such as those near park shelters, archery range and drysail storage. Parks currently has to rent equipment, use a term and supply contractor and/or assign significant staff hours to manually address these type of issues. This new machine will help the division operate more efficiently.

This new piece of equipment replaces one that was purchased in 1986 and was beyond repair. That unit is on the surplus list for the next Purple Wave auction.

We are using a Missouri Department of Transportation (MODOT) contract. Bobcat was selected by MODOT in 2020 after MODOT reviewed and evaluated 10 responses to their bid. All of the documentation regarding the bid process and results may be found online on the MissouriBUYS website. This is the statewide e-procurement system used by MODOT. Bobcat's original contract was extended by MODOT and currently expires on July 31, 2021.

Please advise if you have questions or need additional information.

Thank you.

IMPORTANT NOTICE TO ALL VENDORS: In response to the challenges the novel Coronavirus (COVID-19) presents, and to ensure the safety of the public, postal workers, couriers, and our employees, effective immediately, the Office of Administration, Division of Purchasing, as authorized by Executive Order #20-04, and as permitted by sections 24-040 and 34-042, RSMo, hereby restricts receipt of all bid responses to electronic submissions.

The step-by-step instructions for submitting bids can be found [here](#).

The vendor is solely responsible for ensuring timely submission of their electronic solicitation response. Failure to allow adequate time prior to the solicitation end date to complete and submit a response to a solicitation, particularly in the event technical support assistance is required, places the vendor and their response at risk of not being accepted on time.

If a vendor does not have electronic accessibility to submit an electronic bid response, the vendor must contact the bid's buyer of record at least five (5) days prior to the due date of the bid to determine if an alternate process is available to accept the vendor's bid. However, at this time under the current circumstances, electronic bid submission is the only certain way to be able to submit your bid response.
