- I. Summary of Program:** Briefly describe your program, addressing the areas you selected on the Cover page. If funded, this will be the program description used by COMBAT on our website and other publications about our funded programs. Be sure to address your target population, services/activities to be provided and expected outcome of your program.

Program Summary

From our experience providing housing to persons undergoing out-patient treatment. we have determined that it would be highly beneficial to add another ingredient to our model. We believe that individuals who are further along in our programs and in their own recovery will greatly benefit from the opportunity to “give back” to the community by mentoring those persons who are at the very beginning of their recovery journey. Those who are newly back from incarceration can greatly benefit from a relationship from someone who has the wisdom that has been developed through experience to face their future with hope and confidence. It is well documented from best practice research that peer to peer mentorship programs augment the success of professionally directed treatment programs. Peer mentors can provide four types of peer recovery support services: emotional (showing empathy, concern, caring), informational (to provide life skill training or connection to the sources of this information), instrumental (help in getting connected to health and social services that the mentee may need) and affiliational (by providing a sense of belonging to a community of individuals in recovery).

The goal of the Peer Mentoring program is to work with peers, to assess mental health and addiction recovery service and support needs, assist peers with access to available services and resources, and help remove

barriers to service. Peer Mentors provide education and information to community members about peer delivered services and mental health and addiction issues in order to reduce stigma and discrimination.

Our program has been developed, managed and supervised by a Nationally Certified Counselor who will serve as the program coordinator. The Peer Coordinator draws upon her professional knowledge to serve in a dual role. She recruits, trains and supports the peer mentors as well provides individual, group and relapse prevention counseling using a strength-based and trauma informed service model.

Peer recovery support utilizes a strength based framework that emphasizes physical, psychological, and emotional safety and creates opportunities for survivors to rebuild a sense of control and empowerment. Education plays a critical role in this process; thus we have incorporated drug education for both the addict and family members into our program. The Peer Coordinator will facilitate monthly and/or quarterly community meetings or forums to provide drug education and/or encourage prevention to break the cycle of addiction.

We anticipate the following outcomes:

Clients in our program will have a recidivism rate less than 10% at the end of one year. (This compares with a one-year rate of return to prison in the State of Missouri of more than twice that amount)

Clients in our program will have a relapse rate that is at least half the rate of relapse of those who are in treatment but are not part of an active recovery community.

Eighty-five percent (85%) of the clients in our program will be successful in maintaining their permanent housing for the first year. This will increase the probability that they will maintain their housing beyond that first year of vulnerability

WORK AUTHORIZATION AFFIDAVIT

As a condition for any service provided to the County, a business entity shall, by sworn affidavit and provision of documentation, affirm its enrollment and participation in a federal work authorization program with respect to the employees working in connection with the contracted services.

Business entity, as defined in section 285.525, RSMo pertaining to section 285.530, RSMo, is any person or group of persons performing or engaging in any activity, enterprise, profession, or occupation for gain, benefit, advantage, or livelihood. The term "business entity" shall include but not be limited to self-employed individuals, partnerships, corporations, contractors, and subcontractors. The term "business entity" shall include any business entity that possesses a business permit, license, or tax certificate issued by the state, any business entity that is exempt by law from obtaining such a business permit, and any business entity that is operating unlawfully without such a business permit.

Every such business entity shall complete the following affidavit affirming that it does not knowingly employ any person who is an unauthorized alien in connection with the contracted services. The completed affidavit must be returned as a part of the contract documentation.

This affidavit affirms that **Ellis Care**, (Organization name) is enrolled in, and is currently participating in, E-verify or any other equivalent electronic verification of work authorization operated by the United States Department of Homeland Security under the Immigration Reform and Control Act of 1986 (IRCA); and, **Ellis Care** does not knowingly employ any person who is an unauthorized alien in conjunction with the contracted services.

In Affirmation thereof, the facts stated above are true and correct. (The undersigned understands that false statements made in this filing are subject to the penalties provided under section 575.040, RSMo.)
