<p><i>Ford is increasing the 5-year 60,000-mile limited powertrain warranty to 5-years, 100,000 miles. Only Fleet purchasers with a valid Fleet Identification Number (FIN code) will receive the extended warranty. When the sale is entered into the sales reporting system with a sales type fleet along with a valid FIN code, the warranty extension will automatically be added to the vehicle. The extension will stay with the vehicle even if it is subsequently sold to a non-fleet customer before the expiration. This extension applies to both gas and diesel powertrains. Dealers can check for the warranty extension on eligible fleet vehicles in OASIS. Please refer to the Warranty and Policy Manual section 3.13.00 Gas Engine Commercial Warranty. This change will also be reflected in the printed Warranty Guided distributed with the purchase of every new vehicle.</i></p>

Ordering times were originally 12-16 weeks, which we believe is still accurate at this time. There is no guarantee on the delivery schedule, because of unforeseen circumstances. For example, there was just a fire at the F-150 plants aluminum department and that has moved production back an entire quarter. We will have a tentative ETA about three to four weeks after the Vans are ordered that is usually pretty accurate.
