Re: CCTV IP Camera Project Collection and Assessment Departments

TED Systems is pleased to offer the following REVISED proposal for the addition of IP Cameras, for the collections and Assessment Departments for the Downtown locations as discussed per meeting and walkthrough on December 9th, 2011

The cameras being quote are POE HD Megapixel cameras and will be part of the existing Lenel IP Camera platform currently being utilized by Jackson County.

Video Viewer remote software can be loaded on designated PC's and set up with Monitoring zones for viewing only cameras designated for that particular user.

*Jackson County to provide Network ports on POE Network Switches for each area for connection and powering of IP Cameras

*All Installation labor is quoted at Prevailing Wage Rates

Scope of Work: Horseshoe Area - Downtown

To cover the area a total of **five (5)** ceiling mounted cameras will be installed above the workstations so the viewing will be of the individual at the station as well as viewing the customer to monitor the transaction. The below per camera cost will be the same to cover the (1) camera for the lobby marble table area to monitor those transactions as well.

Schedule of Equipment

- Five (5) AXIS M3014 720/1MP Mini Dome
- Five (5) Lenel IP Channel License
- CAT5E Camera Cabling
- Misc. Connectors & material

Scope of Work: Cashiers Office - Downtown

To cover the area a total of **six (6)** ceiling mounted cameras will be installed above the workstations so the viewing will be of the individual at the station as well as viewing the customer through the glass partition to monitor the transaction. Two of the cameras will be ceiling mounted in each north corners to monitor the overall room as well as the vault.
