It is mutually agreed by the parties executing this contract to the following: the reimbursable costs shall not exceed the **total obligated amount of \$25,000.00**; the recipient of funds shall proceed with the implementation of the program as detailed in attached forms (which become part of this agreement) and shall adhere to conditions specified in attachments (which become part of this agreement); all Federal and State of Missouri laws and regulations are applicable and any addendums or conditions thereto shall be binding; any facilities and/or equipment acquired in the connection with this agreement shall be used and maintained for highway safety purposes; the recipient of funds must comply with the Title VI of the Civil Rights Act of 1964, and the Federal Funds from other sources, excluding Federal Revenue Sharing Funds, will not be used to match the Federal funds obligated to this project.

IN ORDER TO RECEIVE FEDERAL FUNDING, THE GRANTEE AGREES TO COMPLY WITH THE FOLLOWING CONDITIONS IN ADDITION TO THOSE OUTLINED IN THE NARRATIVE OF THE CONTRACT.

I. RELATIONSHIP: The relationship of the Grantee to the Missouri Highways and Transportation Commission (MHTC) shall be that of an independent contractor, not that of a joint enterpriser. The Grantee shall have no authority to bind the MHTC for any obligation or expense without the express prior written approval of the MHTC. This agreement is made for the sole benefit of the parties hereto and nothing in the Agreement shall be construed to give any rights or benefits to anyone other than the MHTC and the Grantee.

II. EQUIPMENT

A. PROCUREMENT: Grantee may use its own procurement regulations which reflect applicable state/local laws, rules and regulations provided they adhere to the following:

1. Equipment with a cost of \$3,000 or more must be purchased on a competitive bid basis, or purchased through use of state cooperative procurement;
2. Price or rate quotations shall be solicited from at least three (3) qualified sources;
3. All procurement transactions, regardless of whether by sealed bids or by negotiation, shall be conducted in a manner that provides maximum open and free competition;
4. Grantees shall have a clear and accurate description of the item to be purchased. Such description shall not, in competitive procurements, contain features that unduly restrict competition. A "brand name or equal" description may be used as a means to define the performance or other requirement of a procurement;
5. If for some reason the low bid is not acceptable, the Grantee must have written approval from the MHTC prior to bid approval and purchase.
6. Grantees will make a good faith effort to utilize minority and women owned businesses within resource capabilities when procuring goods and services.

B. DISPOSITION: The Grantee shall make written request to the MHTC for instructions on the proper disposition of all items of equipment provided under the terms of this contract with a cost of \$5,000 or more. Grantee must keep and maintain equipment with a cost of under \$5,000 until it is no longer useful for its originally intended purpose.

C. REPLACEMENT: No equipment may be funded on a replacement basis. Participation in equipment and manpower projects must be in addition to the grantee's previous twelve months authorized strength.

III. FISCAL RESPONSIBILITY

A. MAINTENANCE OF RECORDS: The Grantee agrees that the Commission and/or its designees or representatives shall have access to all records related to the grant. The Grantee further agrees that the Missouri Department of Transportation (MoDOT) Traffic and Highway Safety (HS) Division, the National Highway Traffic Safety Administration (NHTSA), the Federal Highway Administration (FHWA) and/or any Federal audit agency with jurisdiction over this program and the Auditor of the State of Missouri or any of their duly authorized representatives may have access, for purpose of audit and examinations, to any books, documents, papers or records maintained by the Grantee pertaining to this contract and further agrees to maintain such books and records for three years after the date of final project disposition.

B. REIMBURSEMENT VOUCHER, SUPPORTING DOCUMENTATION AND PAYMENT SCHEDULE: The MHTC agrees to reimburse the Grantee for accomplishment of all authorized activities performed under this contract. Reimbursement proceedings will be initiated upon the receipt of a claim voucher and supporting documentation from the Grantee, as required by the MHTC. The voucher must reflect actual costs and work accomplished during the project period, to be submitted on the appropriate MHTC certified payroll form or in a format approved by the MHTC, and shall include project number, project period, hours worked, rate of pay, any other allowable expenditures, and must be signed by the contracting official. Vouchers should be received by the MHTC within ten (10) working days from the date of the authorizing official/project director's signature. Final payment is contingent upon receipt of final voucher. **AUDITS:** Grantee will be responsible for the required supporting documentation no later than 30 days after the end of the contract period.

C. ACCOUNTING: The Grantee shall maintain all documentation in file for audit review; failure to provide supporting documentation at the time of audit could result in questioned costs. The Grantee must document the following: (1) Receipt of federal funds, (2) date and amount paid to officers, (3) officer's timesheet (regular hours and overtime hours). Documentation shall be kept available for inspection for representatives of the MHTC for a period of three years following date of final payments. Copies of such records shall be made available upon request.

D. OMB AUDIT: If the Grantee expends five hundred thousand dollars (\$500,000) or more in a year in federal financial assistance it is required to have an independent annual audit conducted in accordance with OMB Circular A-133. A copy of the Audit report shall be submitted to MoDOT within the earlier of thirty (30) days after receipt of the auditor's report(s), or nine (9) months after the end of the audit period. Subject to the requirements of OMB Circular A-133, if the Grantee expends less than five hundred thousand dollars (\$500,000) a year, the Grantee may be exempt from auditing requirements for that year, but records must be available for review or audit by applicable state and federal authorities. Failure to furnish an acceptable audit may be basis for refunding federal funds to the MHTC. Cost records and accounts pertaining to the work covered by this contract shall be kept available for inspection for representatives of the MHTC for a period of three (3) years following date of final payments. Copies of such records shall be made available upon request.

IV. TERMINATION: If, through any cause, the Grantee shall fail to fulfill in timely and proper manner its obligation under this contract, or if the Grantee shall violate any of the covenants, agreements or stipulations of this contract, the MHTC shall thereupon have the right to terminate this contract and withhold further payment of any kind by giving written notice to the Grantee of such termination and specifying the effective date thereof, at least thirty (30) days before such date. The MHTC shall be the sole arbitrator of whether the Grantee or its subcontractor is performing its work in a proper manner with reference to the quality of work performed by the Grantee or its subcontractor under the provisions of this contract. The Grantee and the MHTC further agree that this contract may be terminated by either party by giving written notice of such termination and specifying the effective date thereof, at least thirty (30) days before such date.

PROBLEM IDENTIFICATION

Alcohol and other drugs contribute substantially to traffic crashes on Missouri's roads, particularly those resulting in death or serious injury. In the 2011-2013 period, 419,658 traffic crashes occurred in the state. Of those, 0.5% resulted in a fatality and 3.0% involved someone being seriously injured.

During the same time period, there were 20,061 traffic crashes where one or more drivers and/or pedestrians were under the influence of intoxicants and in the opinion of the investigating officer their intoxicated condition was a contributing factor to the crash. In these crashes where drivers or pedestrians were impaired by alcohol or other drugs, 717 people were killed and another 2,644 were seriously injured.

It also is important to note that substance-impaired driving is under-reported as a contributing factor in traffic crashes. This under-reporting is due to drivers undergoing injuries sustained from crashes without being tested for blood alcohol content. Also, some forms of drug impairment may not be apparent to officers on the scene. As a result, it is an even greater problem than these statistics would indicate. In addition, 87.7% of substance-impaired drivers killed also failed to wear a safety belt further compounding the problem of substance-impaired driving.

A common misconception is that substance-impaired drivers are primarily injuring and killing themselves. While that is often true, a substantial number of people killed and seriously injured in these crashes were not intoxicated by alcohol or other drugs. Their actions in these incidents probably did not contribute to the cause of the collision. Of the 717 people killed in alcohol and other drug-related traffic crashes, 69.2% were the substance-impaired driver/pedestrian and 30.8% were some other involved party. Of the 2,644 seriously injured, 61.7% were the substance-impaired drivers/pedestrians while 38.3% were other persons in the incidents.

During FY2011-2013 there were 60,297 motor vehicle crashes in Jackson County including Kansas City. Of those 60,297 crashes 2,148 were alcohol related. Of those 2,148 alcohol related crashes 48 were fatalities and 190 were disabling injuries.

Jackson County and Kansas City have consistently experienced a high percentage of drinking-involved crashes. The following shows comparative analysis of where Jackson County, Kansas City, Independence and Lee's Summit rank as compared to other cities and counties in Missouri.

Drinking-Involved Crashes:

Jackson County - 2nd in the state
Kansas City - 1st in the state
Independence - 4th in the state
Lee's Summit - 8th in the state.

Disabling Injury - Drinking Involved:

Jackson County - 1st in the state
Kansas City - 1st in the state
Independence - 2nd in the state
Lee's Summit - 5th in the state

Fatal Drinking Involved Crashes:

Jackson County - 1st in the state
Kansas City - 1st in the state
Independence - 5th in the state
Lee's Summit - 5th in the state

In 2014 the Jackson County Sheriff's Office made 160 DWI arrests. Jackson County experienced 5 fatalities and 236 injuries that involved a drinking driver.

The top seven crash locations in Jackson County are I-70 and Lee's Summit Rd., 39th St. and Little Blue Parkway, I-435 and Eastwood Trfwy, US-24 and Jennings, US-40 and Fairview, US-50 and RT F, Blue Ridge Ave. and 72nd St.

The high crash days of the week and time of the day are Friday 5pm through Monday morning 6am.

GOALS/OBJECTIVES

Goal: To decrease fatalities involving drivers with .08 BAC or greater to:

- 267 by 2013
- 255 by 2014
- 243 by 2015
- 230 by 2016

Performance Measure:

Number of fatalities involving drivers with .08 BAC or greater

Benchmark:

2012 fatalities involving drivers with .08 BAC or greater = 280

Objectives:

1. Participate in the National Impaired Driving Crackdown campaign
2. Participate in the quarterly impaired driving enforcement campaigns
3. Develop and implement a high visibility DWI enforcement plan involving saturation patrols and/or sobriety checkpoints

Objectives:

1. Targeted Population - Impaired drivers.
2. Enforcement locations - Target roadways STARS data indicates as alcohol related crash site corridors and areas with history of alcohol related incidents, including but not limited to motor vehicle stops resulting in DWI citations. I-70, I-35, I-435, I-470, US Hwy 24, 40, US-50, US-71; MO Hwy 150, MO-291, MO-350, MO-7, MO-78 and city streets Noland Rd, 77th, 75th, Main, Prospect, Blue Ridge, etc. The County Deputies have jurisdiction throughout the cities and unincorporated areas and can enforce county ordinances and state laws on all roadways within the boundary of the county.
3. Number of enforcement periods per month - 2 per month.
4. Number of officers assigned to each enforcement period - six (6).
5. Days of the week for enforcement periods - Additional Deputies work in association with the DWI / TSU during their Thursday and Friday or Saturday and Sunday nights. Rotating to assist both midnight patrol shift hours. DWI / TSU also work on their off nights to make up Wolf Pack.
6. Duration of enforcement - 6- 8 hours per enforcement.
7. Months selected for enforcement - STARS data shows the need for DWI enforcement to be done all months.
8. Additional project description narrative:
 - a. Using members of the DWI / TSU to participate in Jackson County Traffic Safety Task Force enforcement Sobriety Checkpoints, Wolf Packs, Saturation Patrols and other state/federal Campaigns.
 - b. Assisting outside agencies in the JCTS Task Force with using MoDOT issued equipment including Task Force trailer inventory and BAT van to participate in enforcement.
 - c. Utilizing overtime for the non law-enforcement personnel for data processing, billing, equipment management, Regis, DWITS and DOR information access. Number of non-law enforcement personnel per enforcement activity - for some enforcement activities it is requested that there be a command center set up centrally located in the targeted area, for data processing, where there is a need for civilian county employee to maintain and operate the command center location and access the Dept of Revenue, DWITS and REGIS systems for accurate information relating to the vehicles and drivers involved in the stops, 3 civilians in this capacity per enforcement.
 - d. Locations, dates and times may also be assigned by Traffic Sergeant, Patrol Captain or Sheriff based on Community complaints and location history of impaired M/V stops and special events throughout Jackson County.
 - e. To participate in continuing education opportunities to enhance job performance skills and officer safety.
 - f. The accessibility / availability of the DWI / Traffic Safety Unit to the midnight patrol units is an asset for the less experienced Deputies to call on the speciality unit to assist with the stop.
 - g. Educational projects - Deputies are made available to make presentations to area public and private organizations, i.e. Neighborhood Watch, area schools regarding DWI enforcement.
 - h. To run Wolf Packs in conjunction with outside agencies near their Sobriety Checkpoints to enhance their enforcement efforts.
