Supplier Memorandum

To: Jackson County Purchasing Department
From: SEM Applications, Inc.
Date: 1/22/2026
Subject: Sole Source Confirmation – EMS (Guardian and Fiduciary Management Software)

SEM Applications, Inc. hereby certifies that it is the sole authorized local provider of the EMS software.

EMS is a proprietary software application developed, owned, licensed, and supported exclusively by SEM Applications, Inc. SEM Applications, Inc. is the only entity authorized to:

- License EMS and its associated modules
- Provide maintenance, updates, and enhancements
- Deliver technical support and training
- Configure and modify the system
- Ensure ongoing security, regulatory, and contractual compliance

There are no resellers, distributors, or third-party vendors authorized to provide EMS or related support services. Any alternative would require selection and implementation of a completely different system.

Accordingly, SEM Applications, Inc. is the sole source and only authorized local vendor capable of providing EMS to Jackson County.

If additional information is required, please contact Wendy Dougan at
