Comments: In your legislation description narrative, delete the reference to County Improvement Funds as that is a different funding source than the one that you are using. The funds that you are using are Road and Bridge funds which is the correct source tied to the funding. Everything else is great.

This process includes ensuring that Sourcewell Members obtain the proper pricing, that the Vendor reports all sales under the Contract each quarter, and that the Vendor remits the proper administrative fee to Sourcewell.
- On a quarterly basis Felling Trailers will “spot-check” a minimum of two (2) reported orders with Sourcewell customers to verify pricing matches contract.
 - Felling Trailers will include a minimum of four (4) articles per year in our dealer newsletter(s) about the importance of reporting all Sourcewell transactions.
- 18) Identify a proposed administrative fee that you will pay to Sourcewell for facilitating, managing, and promoting the Sourcewell Contract in the event that you are awarded a Contract. This fee is typically calculated as a percentage of Vendor’s sales under the Contract or as a per-unit fee; it is not a line-item addition to the Member’s cost of goods. (See RFP Section 6.29 and following for details.)
- Felling Trailers pays Sourcewell 2% of the net price per each unit sold, and payment goes out quarterly.

Industry-Specific Questions

19) Describe any manufacturing processes or material specification-related attributes that contribute to *trailer* safety, strength, durability, and reliability that differentiate your offering in the marketplace.

- In March of 2017, Felling implemented their Lifetime Limited Warranty on all trailers. Along with a quality product, Felling Trailers wanted to be sure to put its customers' needs and expectations at the forefront and offer an industry best warranty. "At Felling Trailers, Inc. our goal is to meet and exceed our customers' expectations. Our Lifetime Limited Warranty vastly surpasses anything else in the marketplace." said Pat Jennissen, VP of Sales & Marketing for Felling Trailers, Inc.
- ISO 9001:2015 Certified for Quality Management - In the spring of 2017, Felling Trailers, Inc. earned their ISO 9001:2015 Certification for Quality Management. The ISO 9001:2015 standard, published by the International Organization for Standardization, provides a tried and tested framework for taking a systematic approach to managing an organization's processes so that they consistently turn out a product that satisfies customer's expectations and that quality is consistently improved. The standard is based on a number of quality management principles, including a strong customer focus and a process of continuous improvement. International Standards make things work. They give world-class specifications for products, services, and systems, to ensure quality, safety, and efficiency. ISO International Standards impact everyone, everywhere.

"This is a significant accomplishment for Felling Trailers, Inc., it does not happen with just one person. It took over a year for our company to get to this point with cooperation and teamwork among every team member," said Brenda Jennissen, CEO of Felling Trailers, Inc. "Our ISO journey has just begun. We will continue to work toward better processes and training which will lead to continued efficiencies and sustainability of our ISO certification and ensuring we exceed customers' expectations. I am proud of our entire team's diligence and commitment to achieving this important goal."

In order to achieve ISO 9001:2015 Certification, companies must demonstrate that they have implemented effective quality management systems across all areas of the business, including facilities, people, training, services, and equipment. Felling Trailers, Inc.'s certification process was carried out in partnership with Transpacific Certification LTD and included a detailed assessment of the company's facilities. Interviews were carried out with management and employees, and procedures were reviewed across all functional areas, including operations, training, and development, customer complaint handling, finance, and billing.

20) Describe any serviceability attributes (such as remote diagnostics) that your proposal contains. Please indicate which of these attributes are considered "industry-expected" and which you believe are "vendor differentiators."

- As a vendor we have our over the road Felling Trailers outside sales support team that can go on site as needed to help the customer with any questions, training, or troubleshooting. We believe this to be a vendor differentiator.

21) Provide any market data or research supporting the longevity or reliability of your proposed solutions.

- Attached is the blind study that was completed by PPG in Felling's Paint System and Processes. This study showed in results that the paint system and processes we have in place is better than those used by other manufactures in the trailer industry.
