DEPARTMENT: Sheriff's Office

TITLE: Awarding a sixty-month contract for the furnishing of video product solutions to be used by the Sheriff's Office to Motorola Solutions, Inc. of Chicago, IL, at an actual cost to the County in the amount of \$250,000 for 2025 under the terms and conditions of Sourcewell Contract No. 101223-MOT, an existing competitively bid government contract.

SUMMARY: A Motorola Solutions, Inc. "Motorola" sixty-month contract is requested to upgrade the video products used by the Sheriff's Office. The upgrade includes new in-car camera systems with license plate reader capability, increased in-car digital storage and improved resolution versus current in-car cameras, as well as new body-worn cameras and unlimited cloud-based digital evidence storage instead of local server storage. The new in-car cameras and new body-worn cameras will connect to cellular services allowing video footage to be uploaded from the field rather than returning to Sheriff headquarters. Body-worn cameras with cellular signal will allow video to be streamed in real time giving critical information vital for making command decisions during in-progress, potentially unstable incidents. The updated equipment is essential for the Sheriff's Office to

File #: 25-470, Version: 0

adopt advancing technology. The actual cost to the County in 2025 will be \$250,000 for the first year of the agreement. The five-year cost of the agreement totals \$1,195,813; refer to page 4 of the quote for the Pricing Summary. Pursuant to Section 1030.4 of the Jackson County Code, the Sheriff's Office recommends awarding the contract to Motorola under the terms and conditions of Sourcewell Contract No. 101223-MOT, an existing competitively bid government contract.
