INSTRUCTIONS AND INFORMATION

1. **PREFERRED USE:** The State of Missouri intends to establish contracts with multiple vendors which shall be referred to collectively as a Qualified Vendor List (QVL) for use on an as needed, if needed basis. Contract awards will be made based upon the vendor's reliability and compliance with the requirements specified herein. The awarded contracts shall not be viewed as exclusive contracts. The state reserves the right to issue subsequent solicitations for the same or similar supplies.
2. **PRICE QUOTE(S):** At the state agency's discretion, the contractors awarded specific line item(s) will be contacted to quote a firm, fixed maximum price for the state agency's specific purchase. **The contractor shall be obligated to quote a price at the time the state agency contacts the contractor for a quote.** The firm, fixed maximum price quoted for the specific purchase shall be contractually binding on the contractor for that specific order and shall remain firm, fixed for the timeframe in which the price quoted was obtained.
3. **PRICE:** Contractors shall price the specific product(s) based on the estimated quantity, unit of measure, and the mandatory specifications stated by the agency at the time of quote request. The state shall not pay nor be liable for any other additional costs including but not limited to taxes, shipping charges, insurance, interest, penalties, termination payments, attorney fees, liquidated damages, etc.
 - All pricing shall include all packing, handling, shipping, and freight charges **FOB Destination, Freight Prepaid and Allowed**. The State of Missouri shall not make additional payments or pay add-on charges for freight or shipping.
4. **DETERMINATION OF LOWEST PRICED CONTRACTOR:** For each quote response, the state agency shall confirm the quote response meets the minimum requirements as stated in the quote request. For those responses which meet the state agency's minimum requirements, the state agency shall consider (1) price (2) how well the proposed product meets their needs, and (3) any preference considerations identified in the contract award for the individual QVL contractors by the Division of Purchasing in determining the "lowest and best" quote received.

- More specifically, for those responses which meet the requesting entity’s minimum requirements, the evaluation shall be based upon (1) cost and (2) any bonus points from the original RFP evaluation for Organizations for the Blind and Sheltered Workshop Participation and Missouri Service-Disabled Veteran Business Enterprise Participation. The contractor with the lowest cost that meets the state agency’s needs shall be considered the “lowest and best” quote response and awarded the specific purchase, unless a vendor qualifies for SDVE or Organization for the Blind/Sheltered Workshop bonus points in which case, cost and bonus points will determine the “lowest and best” quote response. The state agency shall have the right to reject all responses and not make an award.

Note: Bonus Points for Organizations for the Blind and Sheltered Workshop Participation, Missouri Service-Disabled Veteran Business Enterprise Participation were not awarded to any of the contractors.

- Upon determination of each QVL contractor’s total cost for the quote responses, cost points shall be computed from the results of the calculation stated below using a scale of 200 possible points:

$$\frac{\text{Lowest Responsive Contractor's Price}}{\text{Compared Contractor's Price}} \times \frac{\text{Maximum Cost Points}}{\text{Points}} = \text{Assigned Cost points}$$

- The state agency will document their evaluation justification regarding their award determination of the “lowest and best” quote at the time the quote is awarded.
- The state agency will inform all responding contractors of the outcome of the award. Acceptance of the quote, unless otherwise specified, is not authorization to proceed with shipment of products. The state agency must provide authorization to proceed through issuance of a purchase order or specific written authorization to proceed.
 - Contractors or state agency personnel that would like to know the history of the price quotes submitted, need to contact the state agency requesting the price quotes.
- In the event all quote responses fail to meet the state agency’s needs, the state agency may reject all responses and cancel the quote request.

-

6. **PURCHASE ORDER REQUIREMENTS BY STATE AGENCY:** The state agency shall purchase ammunition from the lowest priced contractor (as determined by section 2.3) for each line item for the duration of the timeframe requested.
- If the lowest-priced contractor cannot provide ammunition in accordance with the mandatory requirements and terms stated herein for the duration of the timeframe requested for any reason and/or meet the state agency's needs, the contractor may be considered in breach of contract and subject to the remedies thereto.
 - The state agency shall document each instance of the contractor's inability to provide the ammunition as required. If the contractor continually or consistently is unable to provide the required ammunition, the Division of Purchasing may elect to cancel the contract.
 - If the lowest-priced contractor cannot provide ammunition in accordance with the mandatory requirements and terms stated herein or otherwise meet the needs of the state agency, then the state agency reserves the right to use the next lowest contractor's price (as determined in accordance with section 2.3).
