3. PRICING

All Equipment, Products, or Services under this Contract will be priced at or below the price stated in Supplier's Proposal.

When providing pricing quotes to Participating Entities, all pricing quoted must reflect a Participating Entity's total cost of acquisition. This means that the quoted cost is for delivered Equipment, Products, and Services that are operational for their intended purpose, and includes all costs to the Participating Entity's requested delivery location.

Regardless of the payment method chosen by the Participating Entity, the total cost associated with any purchase option of the Equipment, Products, or Services must always be disclosed in the pricing quote to the applicable Participating Entity at the time of purchase.

A. **SHIPPING AND SHIPPING COSTS.** All delivered Equipment and Products must be properly packaged. Damaged Equipment and Products may be rejected. In the event of the delivery of nonconforming Equipment and Products, the Participating Entity will notify the Supplier as soon as possible and the Supplier will replace nonconforming Equipment and Products with conforming Equipment and Products that are acceptable to the Participating Entity.

Sourcewell may declare the Supplier in breach of this Contract if the Supplier intentionally delivers substandard or inferior Equipment or Products.

Equipment, Products, or Services may be added or removed from the Hot List at any time through a Sourcewell Price and Product Change Form as defined in Article 4 below.

Hot List program and pricing may also be used to discount and liquidate close-out and discontinued Equipment and Products as long as those close-out and discontinued items are clearly identified as such. Current ordering process and administrative fees apply. Hot List Pricing must be published and made available to all Participating Entities.

4. PRODUCT AND PRICING CHANGE REQUESTS

Supplier may request Equipment, Product, or Service changes, additions, or deletions at any time. All requests must be made in writing by submitting a signed Sourcewell Price and Product Change Request Form to the assigned Sourcewell Supplier Development Administrator. All Participating Entity orders under this Contract must be issued prior to expiration or cancellation of this Contract; however, Supplier performance, Participating Entity payment obligations, and any applicable warranty periods or other Supplier or Participating Entity obligations may extend beyond the term of this Contract.

Supplier's acceptable forms of payment are included in its attached Proposal. Participating Entities will be solely responsible for payment and Sourcewell will have no liability for any unpaid invoice of any Participating Entity.

B. ADDITIONAL TERMS AND CONDITIONS/PARTICIPATING ADDENDUM. Additional terms and conditions to a purchase order, or other required transaction documentation, may be negotiated between a Participating Entity and Supplier, such as job or industry-specific requirements, legal requirements (e.g., affirmative action or immigration status requirements), or specific local policy requirements. Some Participating Entities may require the use of a Participating Addendum, the terms of which will be negotiated directly between the Participating Entity and the Supplier or its authorized dealers, distributors, or resellers, as applicable. Any negotiated additional terms and conditions must never be less favorable to the Participating Entity than what is contained in this Contract.

In the event that the Participating Entity requires service or specialized performance requirements not addressed in this Contract (such as e-commerce specifications, specialized delivery requirements, or other specifications and requirements), the Participating Entity and the Supplier may enter into a separate, standalone agreement, apart from this Contract. Sourcewell, including its agents and employees, will not be made a party to a claim for breach of such agreement.

26	Sales force.	Our sales force would include both the John Deere Government Sales group and our independent dealer network. John Deere has a dedicated governmental sales department based in Cary NC that focuses 100% of their time on the sales and processing of agriculture and turf equipment purchases to governmental and other public agencies. We have a total of 5 Strategic Account Managers, one of which is dedicated strictly to federal sales. The 4 remaining account managers are responsible for state governmental sales in their respective geographies, dedicating 100% of their time to grow the John Deere governmental sales business. The account managers work with John Deere dealers to provide training and a greater understanding of the contracts and selling process. The John Deere dealers can also become an authorized seller on our contract and would be able to accept Purchase Orders and Invoice Sourcewell members. The dealers would have to successfully complete a contract training program administered by our account managers. The dealers would agree to the contract's terms and conditions and sign a dealer agreement. The dealers would be responsible for delivering and supporting the equipment purchased. In relation to the new Sourcewell Ag Tractors contract, the account managers would promote the contract to state purchasing agents who either do not have their own purchasing contract or have product gaps in their contract.
27	Dealer network or other distribution methods.	John Deere has a nationwide independent dealer network offering best-in-class parts, service, and support. We know the government customer and make everything easy, from the initial purchase to service and support. Our dealer network, with over 1,700 locations nationwide, would be responsible for delivering and servicing the equipment sold to end users using this contract. John Deere dealers offer a combination of after-hours service (varies by dealer) and online support (online parts ordering system), which gives end-users the service needed to avoid costly downtime. The John Deere parts ordering system is available for all dealers and gives them access to over 800,000 unique parts which are ready to ship overnight, if needed. Most dealers also offer some form of mobile maintenance service, which provides on-site service. Dealer technicians are factory-trained on the service and support of the products offered in this RFP.
28	Service force.	John Deere has a nationwide independent dealer network offering best-in-class parts, service, and support. We know the government customer and make everything easy, from the initial purchase to service and support. Our dealer network, with over 1,700 locations nationwide, would be responsible for delivering and servicing the equipment sold to end users using this contract. John Deere dealers offer a combination of after-hours service (varies by dealer) and online support (online parts ordering system), which gives end-users the service needed to avoid costly downtime. Most dealers also offer some form of mobile maintenance service, which provides on-site service. Dealer technicians are factory-trained on the service and support of the products offered in this RFP.
29	Describe the ordering process. If orders will be handled by distributors, dealers or others, explain the respective roles of the Proposer and others.	We will have two processes in which Sourcewell members can order products. 1. Dealer Direct - John Deere dealers who have completed training and certified by the Government Sales group would be an authorized seller on our contract. The dealer would be able to quote, accept purchase orders and invoice the Sourcewell member directly. The Government Sales group has a sales reporting process to capture the sale and report it to Sourcewell. 2. Deere Direct - Our dealer network has the ability to quote a Sourcewell member. John Deere would still be the vendor and the PO would still be made out to John Deere. The dealer would upload the quote and PO to the Government Sales Order Processing for audit. Once audited, we will send the dealer confirmation to deliver the equipment. John Deere will invoice the member upon delivery of the product. The Government Sales group has a sales reporting process to capture the sale and report it to Sourcewell.

30	Describe in detail the process and procedure of your customer service program, if applicable. Include your response-time capabilities and commitments, as well as any incentives that help your providers meet your stated service goals or promises.	The support of the equipment takes place through the John Deere dealer network. While customer service varies within the dealer network, the consistent training that is offered by John Deere Company to dealer technicians and parts personnel helps provide each agency with a similar customer experience. Should there be a need for equipment service, it will be the Sourcewell member's responsibility to contact the delivering dealer for service. The member can also work with other dealers, if necessary, as warranty and service work can be performed by any authorized John Deere dealer. In the event of service issues that cannot be solved by the John Deere dealer, the dealer works with John Deere Company's dealer technical assistance center for elevated support. As far as the John Deere Government Sales Department, we have an entire department of approximately 25 people dedicated to government sales. This includes an Order Management Team, that within an average of 15 days of submission, audits and processes the PO to verify contract pricing and verify the items quoted are eligible for the contract. Contract Administrators in the department ensure contract compliance is maintained.	*
31	Describe your ability and willingness to provide your products and services to Sourcewell participating entities in the United States.	John Deere will serve Sourcewell member entities in the United States. The nationwide John Deere dealer network is able to provide products and services throughout the United States. Equipment Delivery Time After Receipt of Order (ARO) is as follows: 1. Ag Tractors - 90 to 365 days after receipt of order. 2. Related Attachment and Accessories - 90 to 365 after receipt of order.	*
32	Describe your ability and willingness to provide your products and services to Sourcewell participating entities in Canada.	John Deere will serve Sourcewell member entities in Canada. The Canadian John Deere dealer network is able to provide products and services throughout Canada.	*
33	Identify any geographic areas of the United States or Canada that you will NOT be fully serving through the proposed contract.	John Deere will serve the entire United States, including Alaska and Hawaii and Canada.	*
34	Identify any Sourcewell participating entity sectors (i.e., government, education, not-for-profit) that you will NOT be fully serving through the proposed contract. Explain in detail. For example, does your company have only a regional presence, or do other cooperative purchasing contracts limit your ability to promote another contract?	John Deere will serve all Sourcewell member entity sectors.	*
35	Define any specific contract requirements or restrictions that would apply to our participating entities in Hawaii and Alaska and in US Territories.	John Deere has assigned dealer in Hawaii and Alaska. Factory to dealer freight and local delivery by the dealer will be quoted as a separate line item and paid by the Sourcewell member.	*

Table 7: Marketing Plan

Line Item	Question	Response *
36	Describe your marketing strategy for promoting this contract opportunity. Upload representative samples of your marketing materials (if applicable) in the document upload section of your response.	John Deere currently uses several forms of marketing to target the governmental and public customer segment: 1. We have created a website where we prominently advertise the cooperative contracts we currently hold. 2. Each year, the company produces a purchasing guide for government equipment. This purchasing guide, available in both print and electronic Flash Drive format, is used by the John Deere dealer network to promote the products. 3. John Deere also prints detailed marketing brochures for the products being offered in this RFP. This literature is made available to dealers and includes features and benefits and equipment specifications. A sample of marketing materials have been uploaded for review and include: Government Municipal Lease Literature, Government Sales Folder Packet and Government Sport Turf Banner.
37	Describe your use of technology and digital data (e.g., social media, metadata usage) to enhance marketing effectiveness.	John Deere's public website, www.deere.com, provides detailed product information for the products being offered in this RFP. Customers are able to view information on product features, specifications, and accessories. Utilizing www.deere.com, Sourcewell members would be able to "build-their own" product. Customers choose the product category and subsequent product options to configure their desired piece of equipment. Manufacturer's Suggested Retail List Price is shown. The website will not show the Sourcewell contract discount, but if the Sourcewell member knows the discount on the particular product category, they will be able to determine their purchase price. Through our Marketing Communications group, John Deere is also active promoting our brand and customer relationships on; 1. Facebook - www.facebook.com/JohnDeereUSCA 2. Twitter - https://twitter.com/JohnDeere 3. YouTube - https://www.youtube.com/user/JohnDeere 4. Instagram - instagram.com/johndeere
38	In your view, what is Sourcewell's role in promoting contracts arising out of this RFP? How will you integrate a Sourcewell-awarded contract into your sales process?	Sourcewell, the John Deere Government Sales group and the dealer network will all play a critical role in promoting this new contract. Sourcewell's role will be to continue to promote the John Deere brand to Sourcewell members, so they understand cooperative purchasing and the benefits of becoming a member. John Deere Government sales role will be to promote the Sourcewell contract to the dealer network and properly train dealers on the sales process (quoting, ordering and delivery of products), ensure entities are Sourcewell members and assist nonmembers on how to become a member. The dealers' role will be to partner with the Sourcewell member to identify the correct product and solution based on the application and use of the equipment being purchased. Continued communication between all three areas is critical for success and sales growth with this new contract.
39	Are your products or services available through an e-procurement ordering process? If so, describe your e-procurement system and how governmental and educational customers have used it.	We currently use e-procurement systems in North Carolina and Virginia (eVA) because we are contractually required to do so. The system does provide the state a constant record of sales activity, however, administratively, e-procurement is not a seamless process for us. When it comes to John Deere equipment, there are thousands of equipment configurations. Because Deere's price pages are in pdf format, we cannot just simply upload the pricing into the e-procurement systems. We have to manually construct base machines by model and enter them individually. Doing it this way means the agency is not getting the complete picture of what we have available. For the most part, agencies still feel most comfortable with working directly with the dealer to ensure they're getting equipment that will best suit their needs.

Table 8: Value-Added Attributes

Line Item	Question	Response *
40	Describe any product, equipment, maintenance, or operator training programs that you offer to Sourcewell participating entities. Include details, such as whether training is standard or optional, who provides training, and any costs that apply.	Training on equipment operation and safety is provided through the local dealer at the time of delivery. The dealer will provide a walk-around of the equipment and explain operation and maintenance procedures. This training is free of charge and is part of the purchase. If the entity requires additional product, service or technical training, the dealer will provide at a cost agreed to between the dealer and the entity.

41	Describe any technological advances, safety features, autonomous solutions, or other smart solutions that your proposed products or services offer.	From machine performance to field management to data analysis, John Deere is the industry leader in providing farmers the precision ag tools they need to monitor, manage, and maximize their farm operations. Precision Ag Technology will allow customers to: 1. Reduce input costs through better machine management and application accuracy. 2. Increase yields by improving every aspect of the product process. 3. Run smoother with less stress by automating repetitive tasks and enabling remote diagnostics. Recent technological advances that have been introduced include: 1. See & Spray Ultimate uses machine learning, robotics, cameras, and ultra-fast GPUs to target-spray weeds, reducing chemical use and improving crop health. 2. The Autonomous 8R tractor with tillage tool can see, think, and work on its own, freeing up time for farmers to complete other tasks simultaneously. 3. Equipment connected to the cloud, customers can manage complex operations and ensure the health of their equipment, all with real-time data.
42	Describe any industry-specific quality management system certifications obtained by your organization.	John Deere is committed to maintaining compliance with ISO 9001. Our commitment to production systems enables us to drive solutions that create the most value for customers and increase sustainability.
43	Describe any "green" initiatives that relate to your company or to your products or services, and include a list of the certifying agency for each.	John Deere continually evaluates and identifies these initiatives and can be found in our most recently published Sustainability Report. https://www.deere.com/en/our-company/sustainability/ John Deere green initiatives include: By 2026 1. Ensure 100% of new Small Ag equipment is connectivity enabled. 2. Offer an electric option in each Turf and Compact Utility Tractor product family. 3. Deliver a fully autonomous, battery-powered electric ag tractor to the market. By 2030 1. Achieve 95% recyclable product content. 2. Ensure 65% of product content is sustainable material.
44	Identify any third-party issued eco-labels, ratings or certifications that your company has received for the equipment or products included in your Proposal related to energy efficiency or conservation, life-cycle design (cradle-to-cradle), or other green/sustainability factors.	Sustainability is foundational to the John Deere strategy. We are committed to reducing the environmental impact on 90% of new products to include emissions reductions. Third-party initiatives and recognition include: 1. John Deere acquires Smart Apply, Inc. Technology that virtually eliminates chemical crop overspray. 2. A leading pioneer in the development of immersion-cooled battery technology.
45	Describe any Women or Minority Business Entity (WMBE), Small Business Entity (SBE), or veteran owned business certifications that your company or hub partners have obtained. John Deere continues to proactively engage small and diverse businesses to support the economic growth of communities. Benefits of a thriving Supplier Diversity Program include: 1. Generates economic opportunities for disadvantaged communities. 2. Promotes supply base competition and creates risk mitigation options. 3. Unlocks innovation and diversity of thought. John Deere Government Sales is increasingly setting aside opportunities for small business entities. John Deere Government Sales has partnered with two small business entities to address this gap. Bravo, Inc. and The Akana Group (Akana). Bravo, Inc. is a certified Service-Disabled Veteran Owned Small Business and Akana is an authorized Native American Small Business.
46	What unique attributes does your company, your products, or your services offer to Sourcewell participating entities? John Deere also has a strong presence in the construction and forestry industry. John Deere Financial is one of the largest equipment finance companies. John Deere also has the most advanced, well-trained national dealer network. All these attributes reinforce that John Deere is an organization that will provide quality products and its dealer network will partner and support the Sourcewell participating entities for the long term.

Table 9: Warranty

Describe in detail your manufacturer warranty program, including conditions and requirements to qualify, claims procedure, and overall structure. You may upload representative samples of your warranty materials (if applicable) in the document upload section of your response in addition to responding to the questions below.

Line Item	Question	Response *
47	Do your warranties cover all products, parts, and labor?	All Ag Tractors are warranted for 24 months or 2000 hours, whichever comes first. All Related Attachments are warranted for 12 months. Warranty service will be performed without charge to the purchaser for parts and/or labor. However, the purchaser will be responsible for any service call and/or transportation of Equipment to and from the Authorized Dealer's place of business. See attached Warranty Statement.
48	Do your warranties impose usage restrictions or other limitations that adversely affect coverage?	Equipment is warranted for the number of months or operating hours specified in the attached Warranty Statement.
49	Do your warranties cover the expense of technicians' travel time and mileage to perform warranty repairs?	No, technicians' travel time and mileage are not covered. The purchaser will be responsible for any service call and/or transportation of Equipment to and from the Authorized Dealer's place of business.
50	Are there any geographic regions of the United States or Canada (as applicable) for which you cannot provide a certified technician to perform warranty repairs? How will Sourcewell participating entities in these regions be provided service for warranty repair?	The John Deere dealer network is able to service equipment throughout the United States and Canada.
51	Will you cover warranty service for items made by other manufacturers that are part of your proposal, or are these warranties issues typically passed on to the original equipment manufacturer?	Warranty issues for other manufacturers are handled by the original equipment manufacturers of that product.
52	What are your proposed exchange and return programs and policies?	John Deere exchanges and returns will not be permitted.
53	Describe any service contract options or preventative maintenance programs your organization offers for the items included in your proposal.	John Deere is not including service contract options with our proposal. Service contracts and extended warranty options are available for entities from the local John Deere dealer and can be quoted to them at the time of purchase.

Table 10: Payment Terms and Financing Options

Line Item	Question	Response *
54	Describe your payment terms and accepted payment methods.	John Deere's payment terms are Net 30.
55	Describe any leasing or financing options available for use by educational or governmental entities.	If the entities rules and guidelines allow, John Deere offers financing and leasing options through John Deere Financial. The John Deere Municipal Lease Purchase Plan is a special low-rate financing plan that is designed to provide flexibility of leasing while building equity toward ownership of the John Deere equipment.
56	Describe any standard transaction documents that you propose to use in connection with an awarded contract (order forms, terms and conditions, service level agreements, etc.). Upload a sample of each (as applicable) in the document upload section of your response.	John Deere dealers use a quoting system called JDQuote2 which allows them to access the Sourcewell contract held by John Deere and apply the correct discount for equipment on contract. John Deere dealers can also become an authorized seller on our contract and would be able to accept Purchase Orders and Invoice Sourcewell members. The dealers would agree to the contract's terms and conditions and sign a dealer agreement. Examples of a Quote and Dealer Agreement are attached.
57	Do you accept the P-card procurement and payment process? If so, is there any additional cost to Sourcewell participating entities for using this process?	No.

Table 11: Pricing and Delivery

Provide detailed pricing information in the questions that follow below. Keep in mind that reasonable price and product adjustments can be made during the term of an awarded Contract as described in the RFP, the template Contract, and the Sourcwell Price and Product Change Request Form.

Line Item	Question	Response *
58	Describe your pricing model (e.g., line-item discounts or product-category discounts). Provide detailed pricing data (including standard or list pricing and the Sourcwell discounted price) on all of the items that you want Sourcwell to consider as part of your RFP response. If applicable, provide a SKU for each item in your proposal. Upload your pricing materials (if applicable) in the document upload section of your response.	John Deere is offering product-category discounts. See uploaded Price Schedule and Price Pages.pdf
59	Quantify the pricing discount represented by the pricing proposal in this response. For example, if the pricing in your response represents a percentage discount from MSRP or list, state the percentage or percentage range.	The percentage discount range is 14% to 24% off Current MSRP.
60	Describe any quantity or volume discounts or rebate programs that you offer.	John Deere offers a Multiple Unit Discount (MUD) based on the following schedule: 3-4 units – 1% 5-6 units – 2% 7-8 units – 3% 9 units or more – 4% Sales of 3 or more like self-propelled products sold on the same purchase order are eligible for the multi-unit discount. The 3 or more self-propelled products must be in the same equipment categories. Compatible implements sold with such products also qualify for the multi-unit discount, but do not count as a unit. Frontier Equipment is excluded from the Multiple Unit Discount.
61	Propose a method of facilitating "sourced" products or related services, which may be referred to as "open market" items or "nonstandard options". For example, you may supply such items "at cost" or "at cost plus a percentage," or you may supply a quote for each such request.	John Deere will allow Sourced or Open Market items if requested by the Sourcwell member to complete the purchase of John Deere equipment awarded on the contract. Discounts will not be applied to these items. Pricing for these items will be negotiated between the customer and the dealer and will appear as a separate line item on the quote.
62	Identify any element of the total cost of acquisition that is NOT included in the pricing submitted with your response. This includes all additional charges associated with a purchase that are not directly identified as freight or shipping charges. For example, list costs for items like pre-delivery inspection, installation, set up, mandatory training, or initial inspection. Identify any parties that impose such costs and their relationship to the Proposer.	For deliveries to Alaska, Hawaii, factory freight to the delivering dealer will be paid by the Sourcwell member. Factory freight is known at the time of quoting and will be included on the quote to the Sourcwell member. The dealer may charge \$8.00 per loaded mile to deliver equipment from the dealership to the agency's location. The charge must appear on the quote and purchase order.
63	If freight, delivery, or shipping is an additional cost to the Sourcwell participating entity, describe in detail the complete freight, shipping, and delivery program.	For deliveries to Alaska, Hawaii, factory freight to the delivering dealer will be paid by the Sourcwell member. Factory freight is known at the time of quoting and will be included on the quote to the Sourcwell member. 65	Describe any unique distribution and/or delivery methods or options offered in your proposal.	There are no unique methods offered in this RFP.

Table 12: Pricing Offered

Line Item	The Pricing Offered in this Proposal is: *	Comments
66	b. the same as the Proposer typically offers to GPOs, cooperative procurement organizations, or state purchasing departments.	

Table 13: Audit and Administrative Fee

Line Item	Question	Response *
67	Specifically describe any self-audit process or program that you plan to employ to verify compliance with your proposed Contract with Sourcwell. This process includes ensuring that Sourcwell participating entities obtain the proper pricing, that the Vendor reports all sales under the Contract each quarter, and that the Vendor remits the proper administrative fee to Sourcwell. Provide sufficient detail to support your ability to report quarterly sales to Sourcwell as described in the Contract template.	Dealers who desire to become an authorized seller of the Sourcwell contract must complete a sales training class to ensure they understand and promote the contract per the Terms and Conditions. The dealers also sign a Dealer Agreement stating they will abide by the contract Terms and Conditions. This process is conducted and facilitated by our Strategic Account Managers. Sourcwell members who purchase from John Deere will receive their equipment quote directly from the John Deere dealer. The dealer is able to create the quote by utilizing the contract information (discounts, contract guidelines, eligible equipment, etc.) that we have posted on our website as well as a quoting tool that we've made available to them. The member will submit their purchase order (PO) to the dealer. John Deere will be listed as the vendor on the PO and the dealer, who created the quote, will be the delivering dealer. The dealer will then upload the quote and the PO to Deere's online order management system. Our Order Management Team will then retrieve the quote and the PO and audit them based on the contract guidelines. If an issue is discovered with PO and/or quote, the Order Management Team will contact the dealer and work with the dealer and the member to get the issue resolved. The Sourcwell contract is assigned a Price Group or Bonus Code that is used capture each sale on a quarterly basis. A quarterly sales report is generated and audited by the Contract Administration group. After the audit and review is completed, the Contract Administration group submits the proper admin fee to Sourcwell.
68	If you are awarded a contract, provide a few examples of internal metrics that will be tracked to measure whether you are having success with the contract.	Our Strategic Account Managers have sales goals and will monitor the use of the Sourcwell contract and the sales performance of the dealer groups in their assigned geographic region. Quarterly sales reports are reviewed to compare the Sourcwell contract sales growth quarter over quarter and year over year.
69	Identify a proposed administrative fee that you will pay to Sourcwell for facilitating, managing, and promoting the Sourcwell Contract in the event that you are awarded a Contract. This fee is typically calculated as a percentage of Vendor's sales under the Contract or as a per-unit fee; it is not a line-item addition to the Member's cost of goods. (See the RFP and template Contract for additional details.)	John Deere will pay Sourcwell a 1.0% admin fee on sales generated from this new contract. John Deere has been a strategic partner of Sourcwell for 14 years and we are honored to be awarded the Sourcwell Legacy Award in 2023. The Sourcwell contracts we hold are very popular and frequently used by our dealers. The utilization continues to grow and expand.
