Re: Jackson County Storm Water Commission

Dear Mr. Sanders:

In accordance with the By-Laws of the Jackson County Storm Water Commission, I wish to nominate a member of the City of Grandview staff, Larry Finley, to a three-year term as a participating member of the Jackson County Storm Water Commission. Mr. Finley is a resident of that portion of Grandview within the Little Blue River watershed.

A quick synopsis of his qualifications to serve on this committee include the following. Mr. Finley is a graduate of the University of Missouri Rolla with a BS in civil engineering. He has been a registered professional engineer in the state of Missouri since 1980. He is a longstanding member of both the American Public Works Association and the American Society of Civil Engineers. The City of Grandview has employed Mr. Finley for the past twenty-seven years, the last twenty-two years in the position of City Engineer. During his time with the city he has overseen the design and construction of millions of dollars worth of public storm water infrastructure. He served for over ten years as Grandview's representative on the Jackson County Storm Water Coordinating Committee, the predecessor to this Commission.

Sincerely,

Robert M. Beckers
Mayor, Grandview, Mo.
