MEMORANDUM

To: Barbara Casamento – Purchasing Administrator
From: Robert T. Kelly, Director - Recorder of Deeds Department
Date: June 1, 2020
RE: Jackson County Records Center – Expiration of Existing Lease

Background History:

The Jackson County Records Center currently leases 55,000 square feet of floor space from Space Center-Kansas City, Inc., an environmentally controlled and secure underground facility located at 1500 South Geospace Drive, Independence, Missouri for the storage of 16th Circuit Court and other County department records. A three year lease was initially signed and went into effect in April, 1996. Additional three-to-five year lease extensions, with Legislative appropriations, have been executed over time (the latest in 2015) in order to provide County-wide record storage space through December 31st, 2020.

Records Center Storage/ Staffing:

Currently, of the 80,000 boxes stored at the Records Center, the vast majority of records retrieved from and returned to the facility on a weekly basis (370 files) are considered "Active" files, i.e., one to five years old. Remaining records retrieved from and returned to the facility are considered "Archived" files, i.e., six years or older. "Active" files comprise approximately 15% of all inventory with Archived files comprising the remaining 85%. Daily management and staffing of the Records Center is divided between the Recorder of Deeds Department and the 16th Circuit Court. All Recorder of Deeds staff salaries are funded from the Recorders Fee Fund.

Records Center Ownership / Current Lease Expenses:

In March, 2019, ownership by Space Center storage complex was transferred to BRE (Blackstone Real Estate) Space Kansas City, LLC, and the property is now managed by Link Industrial Properties. The initial monthly fee for leasing of this space in 1996 (23 years ago) was \$15,079 per month and included additional Common Area Maintenance (CAM), janitorial and, at-that-time only, tenant improvement fees. Both CAM and janitorial fees, regarding the current lease extension, are annually adjusted based on the Consumer Price Index. Current lease expenses for this facility, negotiated in 2015, are \$2.55 per square foot plus a monthly CAM of \$0.92, totaling \$3.47 per square foot or a monthly fee of \$15,904, through the end of 2020.

Storage Need Analysis:

An evaluation of responses regarding a recently completed five-year storage needs questionnaire submitted by twenty departments/agencies, with input from 16th Circuit Court Administration, indicated that future County-wide existing storage/space needs will remain unchanged over the next five-year period. Although various County-wide digitization initiatives have commenced in various departments/divisions and will help limit in-coming storage growth, such efforts will not immediately impact the vast majority of existing, hard-copy archived holdings that are considered permanent.

Based on such reporting and analysis, Jackson County and the 16th Circuit Court will continue to need approximately 55,000 sq. ft. of records storage space over the next several years. Options for addressing such on-going needs include: (1) Temporarily extending the County's current vendor lease; (2) Seeking less expensive alternate storage space from another storage vendor; or (3) Consider construction of a County owned facility or modification of an existing County-owned building facility (Example: Lower levels of the 14th Street parking garage) for permanent record storage.

In evaluating Option 1 the Recorder of Deeds Department approached Link Industrial Properties and asked the company to determine costs if the County wished to extend the existing lease (negotiated in 2015) for up to an additional one-to-five year period, subject to annual appropriations and/or need. Link Industrial Properties responded with a written proposal, offering to extend the current lease for an additional five year period, i.e., 2021 to 2025. Costs would average \$2.83 per square foot plus a monthly estimated CAM of \$1.01, totaling \$3.84 per square foot or a monthly fee of \$17,600.

In evaluating Option 2 seeking less expensive alternate storage, informal bids were sought in lieu of a formal Request for Proposal RFP, to assess current market pricing. Two comparable public storage space centers (Carefree Industrial Park, Indep., Mo. and Dean Underground, Kansas City, Mo. were contacted, conducted an on-site visit, and were asked for square footage estimates for Jackson County holdings. Carefree Industrial Park does not have comparable space at this time with a future build-out estimated in a \$4.00+ square foot range. Dean Underground would be over \$4.00 per square foot or a monthly fee in excess of \$18,000 in comparison with the Link Industrial Properties proposal of \$17,600.

Additional bids could be sought, either formally (RFP) or informally, but facility relocation costs would also need to be factored in overall costs estimates. A.Arnold Company (Jackson County's term and supply moving service vendor) was contacted and conducted an on-site analysis. Estimated expenses, including use of multiple transportation trailers, lifting equipment, twenty-five contact staff (with appropriate security clearances), totaled \$382,050 for the relocation of such holdings within a ten mile radius of the existing facility. Estimated project completion would take four to five weeks in order to disassemble, transport and reassemble all holdings at another location, i.e., 80,000 storage boxes/books plus 93 aisles of commercial grade shelving units twelve to fourteen feet tall. During this period of time the County, in order to maintain timely services to departments and Circuit Court divisions, would need to staff and operate two storage centers during the month+ long process.

In evaluating Option 3, based on discussion with Administration, no potential alternatives are in place through 2020 to fund either the construction or modification an existing building for records storage.

Management Recommendation:

Based on the above analysis, giving consideration to each of the above storage options, renewing the Space Center lease with Link Properties (that would include open termination options based on County appropriations or need), is recommended as the best near-term solution for the interim storage of Jackson County and 16th Circuit Court records.
