Ref: Term and Supply Recommendation — Paint and Painting Supplies ITB# 25-003

John,

The Department of Public Works, Facilities Management Division recommends PPG Architectural Coatings and Sherwin Williams Co. as the best and lowest bidders to supply paint and painting supplies for the County as listed in the Invitation to Bid No. 25-003.

The County has many offices and uses several different types of finishes and coatings. This is based on the original design and the functions within our buildings. The incumbent provider, Sherwin Williams Co, has performed very well during their term and provides excellent products. PPG Architectural Coatings provides similar quality and a wide range of coatings. Additionally, the new detention facility is being painted using PPG products, so there will be an advantage in having both companies as vendors for these products.

Please consider PPG Architectural Coatings and Sherwin Williams Co. as the best and lowest bidders to supply paint and painting supplies for the

We estimate an annual expenditure of \$50,000 for the combined vendors subject to budget approvals.

Thank you for your consideration with the above term and supply recommendation.

Respectfully,

Robert Rives
