DEPARTMENT: Purchasing

TITLE: Awarding a Thirty-Six (36) Month Contract for the furnishing of Workday Timeclock Hardware, Software & Support Services for use by both the 16th Circuit Court and Various Jackson County departments as a Sole Source contract to Accu-Time Systems of Windsor, CT.

SUMMARY: The Jackson Assessment Dept., Corrections, Facilities, Medical Examiner, Parks + Rec, Public Works Dept. & 16th Circuit court all require a contract for Workday Timeclock Hardware, Software & Support Services. The County procured and deployed Accu-Time timeclock units as part of its enterprise-wide implementation of Workday. The Accu-Time system serves as the County's primary time and attendance data collection infrastructure, capturing employee clock-in-out data that feeds directly into Workday payroll and workforce management modules. The proprietary firmware, API connector, and data transfer protocols are developed and maintained exclusively by Accu-Time Group, Inc. Substituting an alternate time clock vendor would require complete replacement of all deployed hardware units, redevelopment of Workday integration configurations, and significant parallel-testing to ensure payroll data integrity- all at substantial cost and operational risk to the County. Pursuant to Section **1030.1** of the Jackson County Code, the Director of Finance and Purchasing recommends the award for a Thirty-Six (36) Month Contract for the furnishing of Workday Timeclock Hardware, Software & Support Services to Accu-time as a Sole Source contract. This award is made on an "As Needed" basis and does not obligate Jackson County, Missouri to pay any

File #: 26-329, Version: 0

specific amount. The annual estimated spend for this contract is \$45,000.00. The availability of funds for specific projects is subject to annual appropriations. The Jackson County Compliance portal was checked and the recommended vendor has a current certificate on file showing 12/31/2026 expiration date.
