Effective as of September 1, 2017, any reference in this subaward document to a statutory provision that has been reclassified to the new Title 34 of the U.S. Code is to be read as a reference to that statutory provision as reclassified to Title 34. This rule of construction specifically includes references set out in subaward conditions, references set out in material incorporated by reference through subaward conditions, and references set out in other subaward requirements.
