The health department continues to offer weekly COVID-19 testing and vaccination — jacohtd.org/events. Metro vaccine sites are available at vaccinatekc.org. [Click here](#) to view the KCMO COVID-19 Dashboard for more vaccination and case rate information.

Response Notes

The health department is now offering the **bivalent (updated) COVID-19 boosters** to those ages 12+ at our clinic. These updated vaccines are tailored to fight the BA.4 and BA.5 omicron variants, which make up almost all new cases in the US. [Click here](#) to learn more!

This week we had **289 new cases**. The 7-day case rate increased from 70.7 (week of 10/23) to 87.7 (week of 10/30).

The Health Department is actively distributing free rapid tests and masks to community members and partners. Residents can visit <https://jacohtd.org/masks/#section> or call (816) 404-6416 to find the nearest location where these resources are available.

*Up-to-date vaccination status is now defined as the percent of the EJC population aged 5+ that has received a bivalent booster. Vaccination records are current as of 10/12/22.
