The health department continues to offer weekly COVID-19 testing and vaccination — [jacohd.org/events](https://jacohd.org/events). Metro vaccine sites are available at [vaccinatekc.org](https://vaccinatekc.org). [Click here](#) to view the KCMO COVID-19 Dashboard for more vaccination and case rate information.

## Response Notes

The health department is now offering the **bivalent (updated) COVID-19 boosters** to those ages 12+ at our clinic. These updated vaccines are tailored to fight the BA.4 and BA.5 omicron variants, which make up almost all new cases in the US. [Click here](#) to learn more!

This week we had **247 new cases**. The 7-day case rate **decreased** from **90.97** (week of 10/30) to **78.45** (week of 11/6).

The Health Department is actively distributing free rapid tests and masks to community members and partners. Residents can visit <https://jacohd.org/masks/#section> or call (816) 404-6416 to find the nearest location where these resources are available.

\*Up-to-date vaccination status is now defined as the percent of the EJC population aged 5+ that has received a bivalent booster. Vaccination records are current as of 10/12/22, and will be updated this week.
