IN THE COUNTY LEGISLATURE OF JACKSON COUNTY, MISSOURI

AN ORDINANCE establishing the New Detention Center Capital Project Fund as a dedicated special revenue fund within the County's financial system, appropriating \$99,017,979.00 from the Undesignated Fund Balance of the 2023 New Detention Center Capital Project Fund, authorizing the County Executive to execute three contract amendments to the contract with J.E. Dunn-Axiom of Kansas City, MO, for the construction of the new Jackson County Detention Center to cover the guaranteed maximum price, Component 2 (Site Demolition, Site Development, and Earthwork), and Component 2a (Engineering, Detailing, Mockups, and Early Procurement) at an aggregate cost to the County not to exceed \$99,017,979.00, and declaring the intent of the County to reimburse itself for this expense from future bond proceeds.

ORDINANCE NO. 5727, March 27, 2023

INTRODUCED BY Charlie Franklin and DaRon McGee, County Legislators

WHEREAS, after a two-phase nationwide procurement process for qualified design-build teams to design and construct a new Jackson County Detention Center, consisting of RFQ 70-21 distributed to 500 firms, with two firms responding, and RFP 7-22, which resulted in an evaluation of the two detailed proposals by a selection committee consisting of representatives designated by the County Executive, County Legislature, Prosecuting Attorney, Sheriff, and 16th Circuit Court, the joint-venture of J.E. Dunn-Axiom of Kansas City (Jackson County), MO, was recommended by the selection committee; and

WHEREAS, as authorized by Ordinance 5621, dated April 25, 2022, a multiple-phase Design/Build Agreement was approved to cover the entire project, as was a preliminary maximum budget for the design and construction of the entire project and the funding of Phase I of the project, Pre-design and Preliminary Construction Services, at a cost to the County not to exceed \$2,871,621.00; and,

WHEREAS, in order to advance the project it is now appropriate to execute three separate amendments to the contract with J.E. Dunn-Axiom, concerning the guaranteed maximum price for a one thousand bed facility (\$301,162,067.00), Component Package 2 (Site Demolition, Site Development, and Earthwork), and Component Package 2a (Engineering, Detailing, Mockups, and Early Procurement); and,

WHEREAS, in order to properly manage and monitor the financial aspects of the project, it is now also appropriate that a New Detention Center Capital Project Fund be established as a dedicated special revenue fund within the County's financial system: and,

WHEREAS, the County proposes to pay a substantial portion of the costs of this contract out of the proceeds of a special revenue bond issuance which will be authorized pursuant to Ordinance 5732, dated April 17, 2023, now pending before the Legislature; and,

WHEREAS, an appropriation is necessary to place the funds required to implement this Ordinance in the proper spending account; now therefore,

BE IT ORDAINED by the County Legislature of Jackson County MO, that the New Detention Center Capital Project Fund be and hereby is established as a dedicated special revenue fund within the financial system of the County; and,

-2-

BE IT FURTHER ORDAINED by the County Legislature of Jackson County MO, that the following appropriation be and hereby is made:

IN THE COUNTY LEGISLATURE OF JACKSON COUNTY, MISSOURI

AN ORDINANCE authorizing the issuance of special obligation bonds, Series 2023A of Jackson County, Missouri, and authorizing certain other documents and actions in connection therewith.

ORDINANCE NO. 5732, April 17, 2023

INTRODUCED BY DaRon McGee, County Legislator

WHEREAS, Jackson County, Missouri (the "County"), operates pursuant to a County Charter, and is a political subdivision of the State of Missouri, duly created, organized and existing under and by virtue of the Constitution and laws of the State of Missouri; and,

WHEREAS, the County desires to finance, refinance, and reimburse the costs of certain capital improvements and is authorized under the provisions of the Constitution of Missouri and its Charter to issue and sell special obligation bonds for the purpose of providing funds to finance, refinance and reimburse the costs of certain capital improvements and to provide that the principal of and interest on such special obligations bonds shall be payable solely from the revenues derived from annual appropriations by the County Legislature; and,

WHEREAS, the County Legislature finds and determines that it is advantageous and in the best interest of the County that the County issue its Special Obligation Bonds, Series 2023A (the "Bonds") for the purpose of (a) financing, refinancing and reimbursing a portion of the costs of acquiring, constructing, renovating, improving, furnishing and equipping a new detention center (the "Project"), (b) funding capitalized interest for the Bonds, and (c) paying the costs of issuing the Bonds; and, WHEREAS, it is hereby found and determined that it is necessary and advisable and in the best interest of the County and of its inhabitants that the Bonds be issued and secured in the form and manner as hereinafter provided to provide funds for such purposes and to provide that the principal of and interest on such special obligations bonds shall be payable solely from amounts appropriated on an annual basis by the County Legislature; now therefore,

BE IT ORDAINED by the Legislature of Jackson County, Missouri, as follows:

Section 1. **Approval of Issuance of the Bonds.** The County hereby approves the issuance of the Bonds for the purpose of (a) financing, refinancing, and reimbursing a portion of the costs of acquiring, constructing, furnishing, and equipping the Project, (b) funding capitalized interest for the Bonds, and (c) paying the costs of issuing the Bonds. The Bonds shall be issued and secured pursuant to the herein approved Indenture. The Bonds shall be dated, shall become due in the years and in the respective principal amounts and shall bear interest and be payable as provided in the herein approved Indenture.

The Bonds shall be sold to Morgan Stanley & Co. LLC, as representative of the underwriters (the "Underwriter"), at the prices and upon the terms and conditions set forth by a bond purchase agreement between the County and the Underwriter (the "Bond Purchase Agreement"); provided, however, that the Bonds shall be delivered in a principal amount sufficient, after funding capitalized interest on the Bonds and paying costs related

-2-

to the issuance of the Bonds, to provide an amount not exceeding \$262,000,000 for the construction of the Project, shall have a final maturity not later than 2058, shall have a weighted average maturity of not less than 15 years and not more than 30 years, shall bear interest at various interest rates not to exceed a true interest cost of 5.75%, shall be callable not later than 2033, and shall be sold to the Underwriter with an underwriter's discount not to exceed 0.50% of the principal amount of the Bonds. The signatures of the authorized officials of the County on the Indenture and the Bond Purchase Agreement shall constitute conclusive evidence of their approval and the County's approval thereof.

Section 2. Limited Obligations. The Bonds and the interest with respect thereto shall be limited obligations, payable solely out of the rents, revenues, and receipts received by the Trustee from the County pursuant to the herein authorized Indenture. The Bonds and the interest with respect thereto shall not constitute a debt or liability of the County, the State of Missouri or of any political subdivision thereof, and the Bonds shall not constitute indebtedness within the meaning of any constitutional or statutory debt limitation or restriction.

Section 3. **Authorization of Documents.** The County is hereby authorized to enter into the following documents (the "County Documents") in substantially the forms filed in the records of the County, with such changes therein as shall be approved by the officers of the County executing such documents, such officers' signatures thereon being conclusive evidence of their approval thereof:

(a) Indenture.

-3-

(b) Tax Compliance Agreement between the County and BOKF, N.A., as Trustee (the "Trustee").

(e) Bond Purchase Agreement between the County and the Underwriter.

Section 4. **Execution of Documents.** The County is hereby authorized to enter into and the County Executive and Clerk of the County Legislature are hereby authorized and directed to execute and deliver, for and on behalf of and as the act and deed of the County, the County Documents, and such other documents, certificates, and instruments as may be necessary or desirable to carry out and comply with the intent of this Ordinance, including any documents necessary in connection with obtaining bond insurance and a debt service reserve policy for the Bonds.

Section 5. **Preliminary and Final Official Statement.** The Preliminary Official Statement, in substantially the form on file in the records of the County, is hereby ratified and approved, and the final Official Statement is hereby authorized and approved by supplementing, amending, and completing the Preliminary Official Statement, with such changes and additions thereto as are necessary to conform to and describe the transaction. The County Executive and Clerk of the County Legislature are hereby authorized to execute the final Official Statement as so supplemented, amended, and completed. The use and public distribution of the Preliminary Official Statement is hereby ratified and approved, and the use and public distribution of the final Official Statement is hereby ratified and approved, and the use and public distribution of the final Official Statement is hereby ratified and approved, and the use and public distribution of the final Official Statement is hereby ratified and approved, and the use and public distribution of the final Official Statement is hereby ratified and approved.

-4-

by the Underwriter in connection with the reoffering of the Bonds is hereby authorized, all in accordance with and as further specified in the Bond Purchase Agreement.

Section 6. **Bond Insurance Policy.** The County is authorized to obtain a bond insurance policy (the "Policy") recommended by the County's financial advisor or the Underwriter providing a guarantee or insurance for the payment of the debt service on all or a portion of the Bonds and may execute any and all documents or agreements, including a reserve policy, required by the bond insurer in order to issue the Policy; provided, however, that the premium for the Policy shall not exceed a reasonable arm's-length charge for the transfer of credit risk to the bond insurer and the present value of the Policy premium is less than the present value of the interest expected to be saved as a result of the Policy premium to be paid.

Section 7. **Further Authority.** The officers, agents, and employees of the County, including the County Executive and Clerk of the County Legislature, shall be, and they hereby are, authorized and directed to execute all documents and take such actions as they may deem necessary or advisable in order to carry out and perform the purposes of this Ordinance, and to carry out, comply with and perform the duties of the County with respect to the County Documents, to make alterations, changes, or additions in the foregoing agreements, statements, instruments, and other documents herein approved, authorized, and confirmed that they may approve, and the execution or taking of such action shall be conclusive evidence of such necessity or advisability.

-5-

Section 8. **Effective Date.** This Ordinance shall take effect and be in full force immediately after its adoption in accordance with the Charter of the County.

Effective Date: This ordinance shall be effective immediately upon its signature by the County Executive.

Introduction

Action Items: ['Authorize']

Project/Title:

AN ORDINANCE AUTHORIZING THE ISSUANCE OF SPECIAL OBLIGATION BONDS SERIES 2023A, OF JACKSON COUNTY, MISSOURI, IN A PRINCIPAL AMOUNT SUFFICIENT, AFTER FUNDING CAPITALIZED INTEREST ON THE BONDS AND PAYING COSTS RELATED TO THE ISSUANCE OF THE BONDS, TO PROVIDE AN AMOUNT NOT EXCEEDING \$262,000,000 FOR THE CONSTRUCTION OF A NEW DETENTION CENTER FACILITY, AND AUTHORIZING CERTAIN OTHER DOCUMENTS AND ACTIONS IN CONNECTION THEREWITH.

Request Summary

County Administration and the County's Financial Advisor (Columbia Capital) are recommending that the County issue Special Obligation Bonds (New Detention Center Facility Project), Series 2023A (the "Bonds") for the purpose of (a) financing the costs of designing, constructing, furnishing and equipping a new detention center (the "Project"): (b) funding a capitalized interest fund, and (c) paying the costs of issuing the Bonds. This bond issuance is expected to support up to \$262.0 million of the current estimated cost of \$301.2 million to design and construct a 1,000 bed detention center at 7000 E. US 40 Hwy in Kansas City, Missouri. The remainder of the project is to be financed with interest earnings on these project funds, available County reserves. Estimated debt service on these bonds is estimated at \$16,0 million per year for a term of 35 years beginning in 2025.

IN THE COUNTY LEGISLATURE OF JACKSON COUNTY, MISSOURI

AN ORDINANCE amending the zoning districts established pursuant to the Unified Development Code by rezoning a certain 3.01± acre tract from District AG (Agricultural) to District RE (Residential Estates).

ORDINANCE NO. 5733, April 17, 2023

BE IT ORDAINED by the County Legislature of Jackson County, Missouri as follows:

Section 1. The Zoning Order of Jackson County, Missouri, and the official maps which

are a part thereof are amended by changing the boundaries of the "AG" (Agricultural) and

"RE" (Residential Estates) Districts, so that there will be transferred from District AG to

District RE a tract of land, located at 17208 E. Courtney Atherton Road, in Jackson

County, MO, legally described as follows:

That part of the Northeast Quarter of Section 18, Township 50, Range 31, in Jackson County, Missouri, described as follows: Commencing at the Southwest Corner of said Northeast Quarter; thence South 87 degrees 28 minutes 30 seconds East along the South line thereof, a distance of 16.50 feet to the point of beginning; thence North 02 degrees 40 minutes 44 seconds East, a distance of 399.21 feet; thence South 87 degrees 20 minutes 26 seconds East, a distance of 128.50 feet; thence South 02 degrees 40 minutes 44 seconds West 64.50 feet; thence South 87 degrees 28 minutes 30 seconds East, a distance of 248.70 feet; thence South 02 degrees 40 minutes 44 seconds West, a distance of 334.41 feet to a point of the South line of said Northeast Quarter; thence North 87 degrees 28 minutes 30 seconds, along said line, a distance of 377.20 feet to the point of beginning. Except that part in roads.

<u>Section 2</u>. The Legislature, pursuant to the application of Michael and Kim Hawley (RZ-2023-644), requesting the amendment embodied in this Ordinance and with notice that the Jackson County Plan Commission voted 5 to 0 to recommend <u>APPROVAL</u> of this application after a public hearing on March 16, 2023, does hereby adopt this Ordinance pursuant to the Jackson County Charter authorizing the Legislature to exercise legislative power pertaining to planning and zoning.

Effective Date: This Ordinance shall be effective immediately upon its signature by the County Executive.

APPROVED AS TO FORM:

Chief Deputy County Counselor

Buran	D	lan	il
County Counse	lor	~	7

I hereby certify that the attached ordinance, Ordinance No. 5733 introduced on April 17, 2023, was duly passed on ______, 2023 by the Jackson County Legislature. The votes thereon were as follows:

Yeas _____

Nays _____

Abstaining _____

Absent _____

This Ordinance is hereby transmitted to the County Executive for his signature.

Date

Mary Jo Spino, Clerk of Legislature

I hereby approve the attached Ordinance No. 5733.

Date

Frank White, Jr., County Executive

Introduction
Action Items: ['Authorize']
Project/Title:
RZ-2023-644 – Michael & Kim Hawley

Request Summary

Requesting a change of zoning from District AG (Agricultural) on 3.01 ± acres to District RE (Residential Estates). The purpose is to create a single-family residential lot at 17208 E. Courtney Atherton Road.

Staff recommends approval because the change in zoning is consistent with the intent and purpose of the County Plan and complies with the Unified Development Code requirements. The Jackson County Plan Commission held a public hearing on March 16, 2023, and accepted testimony pertaining to the rezoning request. There was no opposition to the request. The Plan Commission voted 5 to 0 to recommend <u>APPROVAL</u> to the County Legislature.

Plan Commission Public Hearing Summary from March 16, 2023 Staff Report Zoning map of surrounding area Names and addresses of surrounding property owners Letter to surrounding property owners Application Aerial of location Preliminary Plat – Hawley Homestead

Randy Diehl gave the staff report:

RE: RZ-2023-644

- Applicant: Michael & Kim Hawley
- Location: 17208 E. Courtney Atherton Road
- Area: 3.01acres
- **Request:** Change of zoning from District AG (Agricultural) to District RE (Residential Estates)
- **Purpose:** The purpose is to plat the existing single-family residential lot.

Current Land Use and Zoning in the Area:

The zoning in the immediate area is District AG (Agricultural) and District RE (Residential Estates).

Land use is single family residences. Directly to the West is the City of Sugar Creek and County park land - River Bluff Reserve.

The applicants neighbor to the north wishes to purchase a 0.80 tract (270' x 128') and add it into their property. The applicant has a legal non-conforming (grandfathered) tract of ground. By selling off the 0.80 acres this nullifies the grandfather status of the remaining property, which contains the applicant's residence. To bring the property into compliance with the Unified Development Code, the property needs to be rezoned and platted into a one lot subdivision.

The 0.80-acre tract will remain within District AG and unplatted.

County Plan:

The County Plan Development Diagram illustrates this area within the Urban Development Tier (UDT).

Recommendation:

This request for rezoning is consistent with the intent and purpose of the County Plan.

Staff recommends APPROVAL of RZ-2023-644.

Respectfully submitted,

Jackson County Public Works Development Division Randy Diehl, Administrator

Mr. Antey: Are there any questions for Randy?

There were none.

Mr. Antey: Is the applicant here?

Michael Hawley, 17208 E. Courtney Atherton Road.

Mr. Antey: Do you have anything to add to the report?

Mr. Hawley: No.

Mr. Antey: Is there anyone else who is in favor of this application?

There were none.

Mr. Antey: Is there anyone who is opposed or has questions regarding this application?

There were none.

Motion to take under advisement.

Mr. Tarpley moved to take under advisement. Mr. Lake seconded.

Discussion under advisement

Mr. Antey: I like to see legal non-conforming property brought into compliance.

Mr. Lake moved to approve. Mr. Tarpley seconded.

March 1 ,2023

RE: Public Hearing: RZ-2023-644 Michael & Kim Hawley

Dear Property Owner:

You are hereby invited to participate in a public hearing to be held by the Jackson County Plan Commission on a request by Michael & Kim Hawley for a change of zoning from District AG (Agricultural) on 3.01 ± acres to District RE (Residential Estates). The purpose is to plat the singlefamily residential lot at 17208 E. Courtney Atherton Road.

Please note that this request for a change of zoning <u>affects only the property mentioned above</u>. Adjacent properties will not be affected by the change of zoning. Taxes are based on the land use of a property not the zoning.

You are being notified pursuant to 24003.5 Chapter 240 (Unified Development Code) of the Jackson County Code, as being an adjacent property within 185' of the subject property.

The public hearing on this matter will be held by the Plan Commission on <u>Thursday, March 16, 2023, at</u> 8:30 a.m. in the Large Conference Room, 2nd Floor, Historic Truman Courthouse, 112 W. Lexington, Independence, MO.

If you know of any interested party who may not have received a copy of this letter, it would be appreciated if you would inform them of the time and place of the hearing.

If you have any questions concerning this matter, please contact the Development Division at 881-4577.

Sincerely,

Jackson County Public Works Development Division Randy Diehl, Administrator

IN THE COUNTY LEGISLATURE OF JACKSON COUNTY, MISSOURI

AN ORDINANCE renewing a conditional use permit (CUP) in District AG (Agricultural) for a period of twenty-five years to operate a campground, as to a 21.8± acre tract.

ORDINANCE NO. 5734, April 17, 2023

BE IT ORDAINED by the County Legislature of Jackson County, Missouri as follows:

<u>Section 1</u>. A conditional use permit is hereby renewed for a period of twenty-five years to operate a campground, as to an approximate 21.8± acre tract of land in District AG (Agricultural), commonly known as 4023 N. Barnes Road in Jackson County, Missouri, legally described as follows:

Description: All that part of the Northwest Quarter of the Southeast Quarter of Section 2, Township 50, Range 31, lying East of the Little Blue River, containing 21.8 acres, more or less. Subject to any right-of-way, easements, or other reservation of record.

<u>Section 2</u>. The conditional use permit renewed by this Ordinance is subject to no conditions.

<u>Section 3</u>. The Legislature, pursuant to the application of Little Blue Bible Camp, Inc. (CU-2023-242), requesting approval embodied in this Ordinance and with notice that the Jackson County Plan Commission voted 5 to 0 to recommend <u>APPROVAL</u> of this application in a public hearing on March 16, 2023, does adopt this Ordinance pursuant to the Jackson County Charter authorizing the Legislature to exercise legislative power pertaining to planning and zoning.

Effective Date: This Ordinance shall be effective immediately upon its signature by the County Executive.

APPROVED AS TO FORM:

Deputy County Counselor

CU-2023-242 – Little Blue Bible Camp

Request Summary

Requesting the renewal of a Conditional Use Permit for a period of 25 years to operate a campground on 21.8 ± acres in District AG (Agricultural). The location is 4023 N Barnes Road.

Staff recommends approval because the change in zoning is consistent with the intent and purpose of the County Plan and complies with the Unified Development Code requirements. The Jackson County Plan Commission held a public hearing on March 16, 2023, and accepted testimony pertaining to the rezoning request. The was no opposition to the request. The Plan Commission voted 5 to 0 to recommend <u>APPROVAL</u> to the County Legislature.

There are no conditions required for this Conditional Use Permit.

Randy Diehl gave the staff report:

RE: CU-2023-242

Applicant: Little Blue Bible Camp, Inc

Location: 4023 N. Barnes Road

Area: 21.8 ± acres

Request: A Conditional Use Permit for a period of 25 years to operate a campground.

Zoning Classification: District AG (Agricultural)

Current Land Use and Zoning in Area:

Zoning in the surrounding area is Agricultural and Heavy Industrial. Land use is single family homes and agricultural uses.

Comments:

This is a renewal of RZ-1997-028 (Ord. No. 2774) granted by the Legislature January 29, 1998, for 25 years. In 1987 S-656 was granted in 1987 for a 10-year period. There were no conditions attached to either the original permit or the first renewal. The Camp has been in operation for 60 years. The applicant is wishing to extend the permit for an additional 25 years.

County Plan:

The County Plan Development Diagram illustrates this area within the Rural Development Tier (RDT).

Recommendation:

This request for rezoning is consistent with the intent and purpose of the County Plan.

Staff recommends approval of CU-2023-242.

Respectfully submitted,

Jackson County Public Works Development Division Randy Diehl, Administrator

Mr. Antey: Had this lapsed?

Mr. Diehl: Yes. There is a slight lapse with this. In fact, there are a couple more that will be coming before the Commission that have expired. There was an error in our database that with some incorrect dates that caused this. We try to get renewal notices out well before they are expiring so not to cause any lapse of the permit. We don't penalize them. If they are still in operation and have an application in the works, we allow them to continue.

Mr. Antey: I just don't remember this one from before.

Mr. Diehl: The last renewal was 1997. It only expired late last year.

Mr. Antey: Are there any questions for Randy?

Mr. Tarpley: Why was it extended for 25 years?

Mr. Diehl: They have a pretty good track record. The last permit was for 25 years with no complaints. This is their third renewal of the permit.

Mr. Antey: Is the applicant here?

Ethan Schull, 900 SW Chickadee, Oak Grove. I'm with the Little Blue Bible Camp.

Mr. Antey: do you have anything to add to the report?

Mr. Schull: We run about three sessions a year. We have about 72 campers per session in 6 different cabins. We also do crafts and sports. Each session runs from Sunday to Friday for the youths. We also have fundraising events as well.

Mr. Antey: Is there anyone else who is in favor of this application?

There were none.

Mr. Antey: Is there anyone who is opposed or has questions regarding this application?

There were none.

Motion to take under advisement.

Mr. Tarpley moved to take under advisement. Mr. Lake seconded.

Discussion under advisement

Mr. Lake moved to approve. Mr. Tarpley seconded.

Mr. Tarpley	Approve
Mr. Crawford	Approve
Mr. Farrar	Approve

RE: Public Hearing: CU-2023-244 Little Blue Bible Camp

Dear Property Owner:

You are hereby invited to participate in a public hearing to be held by the Jackson County Plan Commission requesting the renewal of a Conditional Use Permit for a period of 30 years to operate a campground on 21.8 ± acres in District AG (Agricultural). The location is 4023 N Barnes Road.

You are being notified pursuant to 24003.5 Chapter 240 (Unified Development Code) of the Jackson County Code, as being an adjacent property within 1000' of the subject property.

The public hearing on this matter will be held by the Plan Commission on <u>Thursday, March 16, 2023 at</u> 8:30 a.m. in the Large Conference Room, 2nd Floor, Historic Truman Courthouse, 112 W. Lexington, <u>Independence, MO.</u>

If you know of any interested party who may not have received a copy of this letter, it would be appreciated if you would inform them of the time and place of the hearing.

If you have any questions concerning this matter, please contact the Development Division at 881-4577.

Sincerely,

Jackson County Public Works Development Division Randy Diehl, Administrator

APPLICANT INFORMATION:

- 1. Application must be filed with the Jackson County Development Division, 303 W. Walnut, Independence, MO 64050 by the deadline on the Plan Commission Calendar.
- 2. Application must be typed or printed in a legible manner.
- 3. A scaled map of the property, correlating with the legal description, and clearly showing the property's location must accompany application. Refer to Section 24003.22, pertaining to Site Plan Review within the Unified Development Code.
- 4. All applicable sections must be completed. If you need more space to provide information, please use separate 8 1/2"x11" paper, reference the application number and attach it to the application. Incomplete applications will not be accepted and will be returned to the applicant.
- 5. The filing fee \$350.00 (non-refundable) must accompany application. (Check payable to: Manager of Finance)

IN THE COUNTY LEGISLATURE OF JACKSON COUNTY, MISSOURI

A RESOLUTION awarding a twelve-month term and supply contract, with one twelvemonth option to extend, for the furnishing of doors and restroom partition parts and replacement, repairs, maintenance, and associated services for use by various County departments to DH Pace Company, Inc., d/b/a Overhead Door Company of Olathe, KS, under the terms and conditions of Invitation to Bid No. 23-004.

RESOLUTION NO. 21228, April 17, 2023

INTRODUCED BY Jeanie Lauer, County Legislator

WHEREAS, the Director of Finance and Purchasing has solicited bids on Invitation to Bid No. 23-004 for the furnishing of door and restroom partition parts and replacement, repairs, maintenance, and associated services for use by various County departments; and,

WHEREAS, a total of fourteen notifications were distributed and viewed and one response was received and evaluated from DH Pace d/b/a Overhead Door Company of Olathe, KS; and,

WHEREAS, pursuant to section 1054.6 of the Jackson County Code, the Director of Finance and Purchasing recommends the award of a twelve-month term and supply contract, with one twelve-month option to extend, for the furnishing of these items and services to DH Pace Company, Inc. of Olathe, KS, as the lowest and best bid received; and,

WHEREAS, this award is made on an as needed basis and does not obligate the County to pay any specific amount, with the availability of funds for specific purchases subject to annual appropriation; now therefore,

BE IT RESOLVED by the County Legislature of Jackson County, Missouri, that award be made as recommended by the Director of Finance and Purchasing and that the Director be, and hereby is, authorized to execute for the County any documents necessary to the accomplishment of the award; and,

BE IT FURTHER RESOLVED that the Director of Finance and Purchasing is authorized to make all payments, including final payment on the contract, to the extent that sufficient appropriations to the using spending agencies are contained in the then current Jackson County budget. Effective Date: This Resolution shall be effective immediately upon its passage by a majority of the Legislature.

ROAD MAINTENANCE

34900 E. Old US 40 Hwy, P.O. Box 160 Grain Valley, Missouri 64029 (816) 847-7050 *phone* (816) 847-7051 *fax*

MEMORANDUM

TO: Keith Allen, Finance and Purchasing Department

FROM: Matt Willier, Assistant Road and Bridge Administrator, Public Works Department

DATE: March 23, 2023

SUBJECT: Recommendation for Vendor: DH Pace

Please consider DH Pace be awarded term and supply vendor for bid No. 23-004 Doors, Restroom Partition Parts & Service to County Road and Bridge division. In addition, besides meeting all the bid requirements, DH Pace has been around for a number of years, and they have competitive pricing and experience.

It is estimated that the County Road and Bridge division could spend approximately \$15,000.00 annually with DH Pace.

For the reasons above, it has been requested that DH Pace be awarded the term and supply contract for bid No. 23-004 Doors, Restroom Partition Parts & Service.

Thank you for your consideration,

Thank you,

Matt Willier, Assistant Road & Bridge Administrator

Office of the JACKSON COUNTY SHERIFF

Sheriff Darryl Forté

INTER-OFFICE MEMO		
TO:	Keith Allen, Purchasing	
FROM:	Beth Money, Office Administrator	
CC:	Sgt. Eli Postlethwait	
RE:	Recommendation Memo 23-004 Doors, Restroom Partition Parts & Service	
Date:	February 6, 2023	

The Sheriff's Office has an ongoing need for vendors to provide doors and restroom parts and service. Sgt. Eli Postlethwait has reviewed the bid submitted by D.H. Pace Company, Inc. We recommend awarding the contract to D.H. Pace Company, Inc. as their pricing, products and service will meet our needs.

The Sheriff's Office will spend approximately \$2,000 annually using this contract.

Michele Newman, Director (816) 503-4800 Fax: (816) 795-1234

MEMORANDUM

- TO: Keith Allen, Sr. Buyer, Purchasing Department
- FROM: John Johnson, Superintendent of Park Operations
- **DATE:** March 21, 2023
- SUBJECT: Recommendation Bid No. 23-004 Doors, Restroom Partition Parts & Service

Parks + Rec recommend award of this contract to DH Pace. This is the incumbent term and supply and they have provided quality service and products in the past.

Parks + Rec **projected usage** during the next twelve months is \$ 60,000.

Please advise if you have questions or need additional information.

Thank you.

IN THE COUNTY LEGISLATURE OF JACKSON COUNTY, MISSOURI

A RESOLUTION awarding a twelve-month term and supply contract, with one twelvemonth option to extend, for the furnishing of auto/truck parts and repair services for use by various County departments to NAPA Auto Parts of Kansas City, KS, Factory Motor Parts of Kansas City, MO, and Metro Ford of Independence, MO, under the terms and conditions of Invitation to Bid No. 23-003.

RESOLUTION NO. 21229, April 17, 2023

INTRODUCED BY Jeanie Lauer, County Legislator

WHEREAS, the Director of Finance and Purchasing has solicited bids on Invitation to Bid

No. 23-003 for the furnishing of auto/truck parts and repair services for use by various

County departments; and,

WHEREAS, a total of twelve notifications were distributed and viewed and three responses

were received and evaluated, from the following:

BIDDER

NAPA Auto Parts Kansas City, KS

Factory Motor Parts Kansas City (Jackson County), MO

> Metro Ford Independence, MO

and,

WHEREAS, pursuant to section 1054.6 of the Jackson County Code, the Director of Finance and Purchasing recommends the split award of a twelve-month term and supply contract, with one twelve-month option to extend, for the furnishing of these parts and services to NAPA Auto Parts of Kansas City, KS, Factory Motor Parts of Kansas City, MO, and Metro Ford of Independence, MO; and,

WHEREAS, a split award is recommended to ensure continued availability and variety of needed parts from multiple sources; and,

WHEREAS, this award is made on an as needed basis and does not obligate Jackson County to pay any specific amount; now therefore,

BE IT RESOLVED by the County Legislature of Jackson County, Missouri, that award be made as recommended by the Director of Finance and Purchasing and that the Director be, and hereby is, authorized to execute for the County any documents necessary to the accomplishment of the award; and,

BE IT FURTHER RESOLVED that the Director of Finance and Purchasing is authorized to make all payments, including final payment on the contract and any extension, to the extent that sufficient appropriations to the using agencies are contained in the then current Jackson County budget.

Effective Date: This Resolution shall be effective immediately upon its passage by a majority of the Legislature.

APPROVED AS TO FORM:

outy County Counselor

Certificate of Passage

County Counselor

I hereby certify that the attached resolution, Resolution No. 21229 of April 17, 2023, was duly passed on ______, 2023 by the Jackson County Legislature. The votes thereon were as follows:

Yeas _____

Nays _____

Abstaining _____

Absent _____

Date

Mary Jo Spino, Clerk of Legislature

This award is made on a need basis and does not obligate Jackson County to pay any specific amount. The availability of funds for specific purchases is subject to annual appropriations.

Action Requested:	Resolution	Res.Ord No.:	21229	
Sponsor(s):	Jeanie Lauer	Legislature Meeting Date:	4/17/2023	

Introduction

Action Items: ['Award']

Project/Title:

Awarding a split contract for a Twelve (12) Month Term and Supply Contract with One (1) Twelve Month Option to Extend for the furnishing of Automotive/Truck Parts and Repair Services for use by various County Departments to NAPA Auto Parts of Kansas City, Kansas, Factory Motor Parts of Kansas City, Missouri and Metro Ford of Independence, Missouri under the terms and conditions of Invitation to Bid No. 23-003.

Request Summary

Various County Departments require a Term and Supply Contract for the furnishing of Automotive/Truck Parts and Repair Services. The Purchasing Department issued Invitation to Bid No. 23-003 in response to those requirements. A total of 106 notifications were distributed, Twelve (12) viewed with three (3) responses received and evaluated. An Executive Summary of the Invitation to Bid, including the Contractor's Quotations and the using departments Recommendation Memos are attached.

Pursuant to Section 1054.6 of the Jackson County Code, the Purchasing Department recommends a split award of a Twelve (12) Month Term and Supply Contract with One (1) Twelve Month Option to Extend for the furnishing of Automotive/Truck Parts and Repair Services to NAPA Auto Parts of Kansas City, Kansas, Factory Motor Parts of Kansas City, Missouri and Metro Ford of Independence, Missouri under the terms and conditions of Invitation to Bid No. 23-003 as the best qualified bids received. A split award is recommended for this bid because one single vendor does not accommodate every part needed for County equipment and this will ensure that the County Department needs are met.

An annual estimated usage of \$105,000. The award is made on an "as needed" basis and does not obligate Jackson County to pay any specific amount. The availability of funds for specific purchases is subject to annual appropriations.

A current Certificate of Compliance has been filed for each recommended awardee.

MEMORANDUM

- **TO:** Keith Allen, Senior Buyer, Purchasing
- FROM: John Johnson, Superintendent, Park Operations
- **DATE:** March 29, 2023
- SUBJECT: ITB No. 23-003, Auto/Truck Parts & Repair Services

Please consider Bid No. 23-003 Auto/Truck Parts be a split award to NAPA Auto Parts, Metro Ford and Factory Motor Parts.

One single vendor does not accommodate every part needed for all of Parks + Rec equipment and vehicles. Also, the bids from the vendors have a cheaper price than the other for certain parts, for example, the most common battery Park's uses is priced lowest at Factory Motor. NAPA has the greatest discount on most other items, and we need Metro Ford to easily get original parts for our older Ford trucks.

Parks + Rec's projected usage during the next twelve months is \$40,000.

Thank you.

Office of the JACKSON COUNTY SHERIFF

Sheriff Darryl Forté

	INTER-OFFICE MEMO		
TO:	Keith Allen, Purchasing		
FROM:	Beth Money, Office Administrator		
CC:	Sgt. John Payne		
RE:	Recommendation Memo 23-003 Auto/Truck Parts		
Date:	March 30, 2023		

The Sheriff's Office has an ongoing need for vendors to provide auto/truck parts. Sgt. John Payne has reviewed the bids submitted by Factory Motor Parts, Metro Ford, Inc., and NAPA Auto Parts. We recommend awarding a split contract to Factory Motor Parts and NAPA Auto Parts as their pricing and products will meet our needs.

The Sheriff's Office will spend approximately \$15,000 annually using this contract.

Jackson County Public Works Department

ROAD MAINTENANCE

34900 E. Old US 40 Hwy, P.O. Box 160 Grain Valley, Missouri 64029 (816) 847-7050 *phone* (816) 847-7051 *fax*

MEMORANDUM

TO: Keith Allen, Finance and Purchasing Department

FROM: Matt Willier, Assistant Road and Bridge Administrator, Public Works Department

DATE: March 30, 2023

SUBJECT: Recommendation for Vendors: Metro Ford Inc., Factory Motor Parts, and Napa Auto Parts

Please consider bid No. 23-003 Auto/Truck Parts & Repair Services - Non Dealer be split and awarded to Metro Ford Inc., Factory Motor Parts, and Napa Auto Parts.

One single vendor does not accommodate every part needed for County equipment. Also, one vendor may have a cheaper price than the other for certain parts.

It is estimated that Road & Bridge Public Works could spend approximately \$50,000.00 annually between these 3 vendors.

For the reasons above, it has been requested that bid No. 22-003 Auto/Truck Parts & Repair Services - Non Dealer be split and awarded to Metro Ford Inc., Factory Motor Parts, and Napa Auto Parts.

Thank you for your consideration,

Thank you,

Matt Willier, Assistant Road & Bridge Administrator

IN THE COUNTY LEGISLATURE OF JACKSON COUNTY, MISSOURI

A RESOLUTION awarding a contract on the 2023 pavement maintenance program (mill and overlay), County Project 3272, to Superior Bowen Asphalt Company, LLC, of Kansas City, MO, under the terms and conditions of Invitation to Bid No 23-012, at an actual cost to the County not to exceed \$1,451,437.00.

RESOLUTION NO. 21230, April 17, 2023

INTRODUCED BY Jeanie Lauer, County Legislator

WHEREAS, the Director of Finance and Purchasing has solicited formal written bids on

Invitation to Bid No. 23-021 for the 2023 pavement maintenance program (mill and

overlay), 10.9 miles of cold milling, hot-mix asphalt overlay, and pavement markings,

County Project 3272; and,

WHEREAS, one response was received from the following:

BID
\$1,572,333.66

and,

WHEREAS, the Directors of Public Works and Finance and Purchasing recommend that award be made to Superior Bowen Asphalt Company, LLC, of Kansas City, MO, for the reason that it has submitted the lowest and best bid; and, WHEREAS, in the event that line-item adjustments to the contract become necessary, it is appropriate that the Director of Public Works be authorized to approve said line-item adjustments, to the extent there is no additional cost to the County; and,

WHEREAS, the recommended vendor has agreed to lower its bid price and quantities to match the funds the County has budgeted for this project; now therefore,

BE IT RESOLVED by the County Legislature of Jackson County, Missouri, that award be made as recommended by the Director of Public Works and that the Director be and hereby is authorized to execute any documents necessary to the accomplishment of the award; and,

BE IT FURTHER RESOLVED that the Director of Finance and Purchasing is authorized to make all payments, including final payment on the contract.

Effective Date: This Resolution shall be effective immediately upon its passage by a majority of the Legislature.

APPROVED AS TO FORM:

Deputy County Counselor

Certificate of Passage

I hereby certify that the attached resolution, Resolution No. 21230 of April 17, 2023, was duly passed on ____ , 2023 by the Jackson County Legislature. The votes thereon were as follows:

Introduction

Action Items: ['Award']

Project/Title:

Awarding 2023 Pavement Maintenance Program – Mill and Overlay Contract, JCPW 3272, to Superior Bowen Asphalt Company, LLC under the terms and conditions of Invitation to Bid No. ITB 23-012.

Request Summary

The 2023 Pavement Maintenance Program was broken into two (2) bid packages. This is the second bid package. Public Works prepared construction plans and technical specifications. Purchasing prepared the Project Manual and Contract Documents for Bid No. ITB 23-012 for 10.9 miles of cold milling, hot-mix asphalt overlay, and pavement markings. Advertisement was posted on the County's website and on the "Bonfire" website. Electronic proposals were opened on March 7, 2023 at the offices of Purchasing with one (1) bidder responding. A detailed bid tabulation is attached. A summary of the bids is as follows: AS READ

Bidder Name	<u>City and State</u>	Bid Submitted
Superior Bowen Asphalt Company, LLC	Kansas City, MO	\$ 1,572,333.66

The Engineers Estimate for the project is \$1,451,600.00.

The Engineering Division contacted Superior Bowen Asphalt Company, LLC to discuss the County's right per the Bid Documents (6.0 Public Works Information and Forms, 6.2 Bid Quantities) to change the bid quantities to accommodate the available funds. The letter for acknowledgment and acceptance of the changes to the Bid is attached. Therefore, the Department of Public Works recommends that the contract be awarded to Superior Bowen Asphalt Company, LLC (Kansas City, MO), using the revised bid quantities, being the lowest and best bidder.

Attached supporting documents include the following:

- 1. Bid Summary
- 2. Bid Tabulation
- 3. Bidder's Quotation
- 4. Invitation To Bid
- 5. Certificate of Compliance/JaCo Tax Clearance
- 6. Road List
- 7. Mo Secretary of State Good Standing
- 8. CORE4 Kansas City, Missouri Tax Clearance
- 9. CORE4 Johnson County Tax Clearance
- 10. CORE4 Unified Government Tax Clearance

- 11. Jackson County Affidavit
- 12. Contractor Utilization Plan (CUP)
- 13. Bid Submittal Adjustment Letter from Superior Bowen

We request that:

1. A Resolution be prepared authorizing the County Executive to execute this construction contract with Superior Bowen Asphalt Company, LLC (Kansas City, MO).

2. The Manage of Finance be authorized to encumber \$1,451,437 to cover the costs.

3. The Director of Public Works be authorized to approve adjustments in the construction contract line items, to the extent that there will be no further funding obligation by the County.

1.0 INTRODUCTION

- **1.1** Jackson County, Missouri is seeking bids from qualified contractors for the 2023 Pavement Maintenance Program Mill and Overlay for the Jackson County, Missouri Public Works Department.
- **1.2** This is Jackson County, Missouri Invitation to Bid No. 23-008. Response Deadline is 2:00 PM, CST on February 7, 2023.
- **1.3** Submission of Bids: Bids must be submitted on-line through the Bonfire Portal at <u>http://jacksongov.bonfirehub.com</u>. Bids submitted by any other method will not be accepted.
- **1.4** Point of Contact: The Point of Contact for this Invitation to Bid is Barbara Casamento, Purchasing Administrator for Jackson County, Missouri.
- **1.5** Project Location: Please see Appendix C of this Invitation to Bid.
- **1.6** This is Jackson County, Missouri Public Works Project Number 3272.

2.0 QUESTION PROCEDURE

- **2.1** All Questions regarding this Invitation to Bid shall be communicated electronically through the Bonfire Portal via the Opportunity Q & A on the Invitation to Bid.
- **2.2** All Questions must be received on the Bonfire Portal by 5:00 PM, CST on January 31, 2023.
- **2.3** All Questions will be answered on the Q & A or in the form of Addenda to the Invitation to Bid on the Bonfire Portal.
- **2.4** Bonfire will notify bidders of Addenda if they have obtained the Invitation to Bid through Bonfire.
- 2.5 Bidders and their agents (including subcontractors, associates, consultants, or their agents may not contact any other County associate, staff or elected official regarding the matters covered by this Invitation to Bid during the solicitation and evaluation of bids.
- 2.6 Inappropriate contacts are grounds for **REJECTION OF YOUR BID**.

3.0 BIDDING REQUIREMENTS

- **3.1** Bid Bond Required:
 - 3.1.1 A Bid Bond in the amount of five percent (5%) of the total bid amount must be uploaded with your bid documents and turned in to the Purchasing Department, Jackson County Courthouse, 415 East 12th Street, Ground Floor, Room G-1, Kansas City, Missouri 64106 upon request of the Purchasing Department.
 - 3.1.2 Bid Surety can be in the form of a Bid Bond by a Surety Company acceptable to the Jackson County, Missouri Purchasing Department, authorized to do business in the

State of Missouri and listed on the Federal Register.

3.1.3 Failure to provide a Bid Bond on or before the Response Deadline of this Invitation to Bid will lead to the **REJECTION OF YOUR BID.**

4.0 AWARD REQUIREMENTS

- **4.1** Certificate of Insurance: The Successful Bidder will be required to submit to the Purchasing Department a Certificate of Insurance meeting or exceeding the provisions of Item Fifteen of the Purchasing General Conditions and Exhibit A of the Purchasing Information and Forms included herein, within ten (10) business days after receiving Notification of Award. The Certificate of Insurance must be received by the Purchasing Department prior to the commencement of any work on this project.
- **4.2** Performance and Payment Bond Required: The Successful Bidder will be required to submit to the Purchasing Department a Performance and Payment Bond in the amount of 100% of the contract award within ten business days after Notification of Award. The bond must be in a form acceptable to the Director of Finance and Purchasing and executed by a Surety Company registered to do business in the State of Missouri and listed on the Federal Register. Bonds must be received by the Purchasing Department prior to the commencement of any work on this project.
- **4.3** Maintenance Bond Required: The Successful Bidder shall be required to submit a Maintenance Bond on the completed work being for a **One-Year Maintenance Period**. The bond must be in a form acceptable to the Director of Finance and Purchasing executed by a Surety Company authorized to do business in the State of Missouri and listed on the Federal Register. The Bond must be received by the Public Works Department at the final acceptance of the work.
- 4.4 Project Exemption Certificate: Jackson County, Missouri is an exempt entity under Section 144.062, Revised Statutes of Missouri. Upon request of the Successful Respondent, Jackson County will issue a project specific Missouri Sales Tax Exemption Certificate to the Successful Bidder and their named subcontractors to be utilized during the performance of this project. This certificate must be requested **prior to the purchase of any materials, supplies and/or equipment.** Under no circumstances will this certificate be back dated to cover materials, supplies or equipment already purchased.
- 4.5 Compliance with Chapter 6: The Jackson County Code for Minority, Women and Veteran Business Utilization will be required on this Invitation to Bid. The MBE/WBE/VBE Participation Affidavit must be filled out and turned in with your bid. If Goals are set by Compliance, they are required, not suggested. The Recommended Bidder will be required to submit a List of Intended Subcontractors to Compliance Review for approval before final award is made. The Participation Affidavit and the List of Intended Subcontractors make up the Contractor's Utilization Plan and are contractually binding. Failure to comply will result in the REJECTION OF YOUR BID.
- **4.6** Compliance with State Wage Determination: Compliance with Prevailing Hourly Rate of Wages is required on any resulting contract pursuant Section 290.262 RSMo 1984 Division of Labor Standards, State of Missouri.

5.0 PUCHASING INFORMATION AND FORMS:

- **5.1** Purchasing Information:
 - General Terms and Conditions
 - Certificate of Compliance Notice
 - Insurance Requirements
 - State of Missouri Wage Determination
- **5.2** Purchasing Forms to be downloaded, filled out and submitted with your bid:
 - Affidavit
 - Acknowledgement of Addenda
 - Exceptions
 - MBE/WBE/VBE Participation Affidavit

6.0 PUBLIC WORKS INFORMATION AND FORMS:

- **6.1 Proposed Work:** A total of 151,121 square yards of 1.5" cold milling, over 14,382 tons of asphaltic concrete overlay (RC Type 5-01), and associated pavement markings.
- **6.2 Bid Quantities:** The County reserves the right to adjust the quantities up or down to any and all bid items to accommodate the available funds.
- **6.3 Local Conditions Affecting Work:** Each Bidder shall visit the site of the work and shall completely inform themselves relative to construction hazards and procedure, labor and all other conditions and factors, local and otherwise, which would affect prosecution and completion of the work and its cost. Such considerations shall include the arrangement and condition of existing structures and storage facilities, the procedure necessary for maintenance of uninterrupted operation of existing facilities for transportation, handling, and storage of materials and equipment. All such factors shall be properly investigated and considered in the preparation of bid. There will be no subsequent financial adjustment for lack of such information.
- 6.4 Period of Performance: All work shall be 100% complete by Friday, September 15, 2023.
- **6.5** Liquidated Damages: The Successful Bidder agrees that, should the bidder fail to complete the work in the time specified or such additional time as may be allowed by the engineer under the contract, the amount of liquidated damages to be recovered in accordance with Special Conditions SC-49 herein.
- **6.6 Safety Training**: Contractors and sub-contractors who sign a contract to work on public works project provide a 10-Hour OSHA construction safety program, or similar program approved by the Department of Labor and Industrial Relations, to be completed by their onsite employees within sixty (60) days of beginning work on the construction project.
- **6.7 OSHA Ten Hour Training Requirement:** Missouri Law, 292.675 RSMO, requires any awarded contractor and its subcontractor(s) to provide a ten-hour Occupational Safety and Health Administration (OSHA) Construction Safety Program (or a similar program approved by the Missouri Department of Labor and Industrial Relations as a qualified substitute) for their on-site employees (laborers, workmen, drivers, equipment operators, and craftsmen) who have not previously completed such a program and are directly engaged in actual construction of the improvement (or working at a nearby or adjacent facility used for construction of the improvement). The awarded contractor and its subcontractor(s) shall

require all such employees to complete this ten-hour program, pursuant to 292.675 RSMO, unless they hold documentation on their prior completion of said program. Penalties, for Non-Compliance include contractor forfeiture to the Contracting Authority in the amount of \$2,500, plus \$100 per contractor and subcontractor employee for each calendar day such employee is employed beyond the elapsed time period for required program completion under 292.675 RSMO.

6.8 **Project Award:** This project will be awarded to the lowest, responsive, responsible Bidder.

GENERAL CONDITIONS

GC-1 SCOPE

The contract stipulations which follow are general in scope and may refer to conditions which will not be encountered in the performance of the work included in this Contract, and which are not applicable thereto. Any requirement, provision, or other stipulation of these General Conditions which pertains to a nonexistent condition, and is not applicable to the work to be performed hereunder, shall have no meaning in the Contract.

GC-2 CONTRACT DOCUMENTS

It is understood and agreed that the Advertisement, Instruction to Bidders, Bid, Bond Form(s), Contract Agreement, General Conditions, Special Conditions, Technical Specifications, Plans, Addenda thereto, and duly authorized change orders, together with any and all supplementary drawings furnished by the Engineer as and when required to make clear, and to define in greater detail, the intent of the Plans and Technical Specifications, other drawings, specifications, and engineering data furnished by the Contractor (when and as approved by the Owner or Engineer), and instructions furnished by the manufacturers of equipment for the installation thereof are each and all included in this Contract, and the work shall be done in full compliance and accord therewith.

GC-3 DEFINITIONS

Any word, phrase, or other expression defined in this paragraph GC-3 and used in these Contract Documents shall have the meaning herein given:

a. "Contract" or "Contract Documents" shall include all of the documents and drawings enumerated above in paragraph GC-2.

b. "Owner" shall mean the corporation (municipal or otherwise), board, district, or other political subdivision, company, or firm, who is named and designated as the "Party of the First Part" in the Contract Agreement hereto attached and for whom the work covered by this Contract is to be performed, acting through its duly authorized officers or agents."

c."Contractor" shall mean the corporation, company, partnership, firm, or individual, named and designated in the Contract Agreement as the "Party of the Second Part" and who has entered this Contract for the performance of the work covered thereby, and its, his, or their duly authorized agents and other legal representatives.

d. "Engineer" or "A-E" shall mean the Director of the Jackson County Public Works Department, or their authorized agent.

e. "Inspector" shall mean the engineering, technical inspector, or inspectors duly authorized by the Owner or Engineer, limited in each case to the particular duties entrusted to them.

f. "Date of Contract" or words equivalent thereto shall mean the date written in the first paragraph of the Contract Agreement.

g. "Day" or "days" unless herein otherwise expressly defined shall mean a calendar day or days of 24-hours each.

h. "The Work" shall mean the work to be done and the equipment, supplies, and materials to be furnished under this Contract, unless some other meaning is indicated by the context.

i. "Plans" or "the plans" or "the Contract Plans" shall mean and include all:

(1) Drawings caused by the Owner to be prepared as a basis for proposals.

(2) All drawings submitted by the successful bidder with their proposal and by the Contractor to the Owner, when and as approved by the Engineer and

(3) All drawings submitted by the Owner or Engineer to the Contractor during the progress of the work as provided for herein.

j. Whenever in these Contract Documents the words "as ordered," "as directed," "as

required," "as permitted," "as allowed," or words or phrases of like import are used, it shall be understood that the order, direction, requirement, permission or allowance of the Owner

and Engineer is intended.

k.Similarly, the words "approved," "reasonable," "suitable," "acceptable," "properly," "satisfactory," or words of like effect and import, unless otherwise particularly specified herein, shall mean approved, reasonable, suitable, acceptable, proper, or satisfactory in the judgment of the Owner and Engineer.

Whenever any statement is made in the Contract Documents concerning the expression "it is understood and agreed," or an expression of like import, such expression means the mutual understanding agreement of the parties executing the Contract Agreement of which these general conditions are a part.

GC-4 VERBAL STATEMENTS NOT BINDING

It is understood and agreed that the written terms and provisions of this agreement shall supersede all prior verbal statements of any and every official and/or other representative of the Owner, and such statements shall not be effective or be construed as entering into, or forming a part of, or altering in any way whatsoever, the written agreement.

GC-5 TITLES AND SUBHEADINGS

The titles or subheadings used in this Contract and on the Plans and drawings and in the technical specifications, are understood to be for convenience of reference only, and shall not be taken or considered as being a part thereof, or as having any bearing on the interpretation thereof.

GC-6 COPIES OF CONTRACT

Five (5) copies of the Contractor's Bid as submitted, Bond Form(s), a Statutory Bond where required, and the Contract Agreement shall be prepared. Five (5) of these copies, each containing the Bond (or Bonds) properly executed and the Contract Agreement signed by the Contractor, shall be submitted to and signed by the Owner; two (2) of the copies so signed shall be delivered to the Contractor-one (1) for their surety company and one (1) to the Engineer. Two (2) copies shall remain with the Owner.

GC-7 SCOPE, NATURE, AND INTENT OF TECHNICAL SPECIFICATIONS AND PLANS

The said Technical Specifications and Plans are intended to supplement, but not necessarily duplicate each other, and together constitute one complete set of technical specifications and plans, so that any work exhibited in the one and not in the other, shall be executed just as if it had been set forth in both, in order that the work shall be completed according to the complete design or designs as decided and determined by the Engineer. Should anything be omitted from the technical specifications and plans which is necessary to clear understanding of the work, or should it appear various instructions are in conflict, then the Contractor shall secure written instructions from the Engineer before proceeding with the construction affected by such omissions or discrepancies. It is understood and agreed that the work shall be performed and completed according to the true spirit, meaning, and intent of the Contract, Technical Specifications and Plans. The Contractor's responsibility for construction covered by conflicting requirements, not provided for by addendum prior to the time of opening bids for the work represented thereby shall not extend beyond the construction in conformity with the cheaper of the said conflicting requirements. Any increase in cost of work required to be done in excess of the cheaper of the conflicting requirement will be paid for as extra work as provided for herein.

GC-8 FIGURED DIMENSIONS TO GOVERN

Dimensions and elevations shown on the plans shall be accurately followed, even though they differ from scaled measurements. No work shown on the plans, the dimensions of which are not indicated, shall be executed until the required dimensions have been obtained from the Engineer.

GC-9 CONTRACTOR TO CHECK PLANS AND SCHEDULES

The Contractor shall check all dimensions, elevations, and quantities shown on the Plans, and schedules given to them by the Engineer and shall notify the Engineer of any discrepancy between the Plans and the conditions on the ground, or any error or omission in Plans, or in the layout as given by stakes, points, or instructions, which they may discover in the course of the work. The Contractor will not be allowed to take advantage of any error or omission in the Plans or Contract Documents, as full instructions will be furnished by the Engineer should such error or omission be discovered, and the Contractor shall carry out such instructions as if originally specified.

GC-10 DRAWINGS TO BE FURNISHED BY CONTRACTOR

The Contractor shall check and verify all field measurements and shall furnish/ all shop, fabrication, assembly, and other drawings required by the technical specifications; drawings of equipment and devices, offered by the Contractor for approval of the Engineer, in sufficient detail to adequately show the construction and operation thereof; drawings showing essential details of any changes in design of construction proposed, for consideration of the Owner, by the Contractor in lieu of the design or arrangement required by the Contract or any item of extra work thereunder; and all required special wiring and piping layouts. Not less than three (3) preliminary copies of each such drawing shall be submitted to the Engineer for their check and approval, together with the same number of copies of each drawing required by the Engineer to be revised. On final approval, the Engineer shall be furnished with a total of not less than two (2) copies, and more when required, of each drawing as finally approved; such number to include any copies of preliminary or revised drawings which ae approved as submitted. After due approval by the Engineer, all such drawings shall become a part of the Contract Documents and the work or equipment shown thereby shall be in conformity Contract Documents and the work or equipment shown thereby shall be in conformity therewith unless required by the Owner. No work shall be performed in connection with the fabrication or manufacture of material or equipment shown by any drawing thereof, nor shall any accessory, appurtenance, or device not fabricated or manufactured by the Contractor or their subcontractor, be purchased until the drawing or drawings therefor have been approved as stipulated, except at the Contractor's own risk and responsibility. The Engineer's check and approval of drawings submitted by the Contractor will be for, and will cover, only general conformity to the Plans and technical specifications and will not constitute a blanket approval of all dimensions, quantities, and details of the material Or equipment shown nor shall such relieve the Contractor of their responsibility for errors contained in such drawings.

GC-11 APPROVED EQUAL

If the Contractor desires to substitute materials, appliances, equipment, etc., specified in the technical specifications, the Contractor shall request, in writing, an approval from the Engineer. Said materials; appliances, equipment, etc. can only be used as approved equal after receipt from the Engineer of written approval thereof. If the Engineer is not familiar with the products for which the Contractor desires approval as an equal, they will reserve the right to have the products submitted to an independent testing laboratory of their choosing, to determine if the substitute product is an equal. The costs of such tests shall be borne by the Contractor or the parties offering the product as an approved equal.

GC-12 OWNERSHIP OF DRAWINGS

All drawings, technical specifications and copies thereof furnished by the Engineer are their property. They are not to be used on other work, and, with the exception of the signed contract set, are to be returned to them on request, at the completion of the work.

GC-13 SAMPLES

The Contractor shall furnish for approval, with such promptness as to cause no delay in their own_work or in that of any other Contractor, all samples as directed by the Engineer. The Engineer shall check and approve such samples, with reasonable promptness, only for

conformance with the design concept of the project and for compliance with the information given in the Contract Documents. The work shall be in accordance with approved samples.

GC-14 CONTRACTOR TO FURNISH STAKES AND HELP

When the documents or technical specifications require that the Engineer perform staking, the Contractor shall furnish without charge, competent workers from their force and such tools, stakes, and other materials as the Engineer may require for the proper staking out of the work, and in making measurements and surveys, and in establishing temporary or permanent reference marks in connection with said work the Contractor shall perform all work necessary to locate all construction on the site for building projects. A registered land surveyor employed by the Contractor shall locate the building corners.

GC-15 LINES AND GRADES

All work done under this Contract shall be done to the lines, grades, and elevations shown on the Plans. The Contractor shall keep the Engineer informed, a reasonable time in advance, of the times and places at which they wish to do work, in order that lines and grades may be furnished and necessary measurements for record and payment may be made with the minimum of inconvenience to the Engineer and of delay to the Contractor. This paragraph applies to projects for which the Engineer is to make staking surveys and payment is on a unit price basis.

GC-16 WORK DONE WITHOUT LINES OR GRADES

Any work done without being properly located and established by base lines, offset stakes, bench marks, or other basic reference points located, established, or checked by the Engineer, may be ordered removed and replaced at the Contractor's cost and expense.

GC-17 PRESERVATION OF MONUMENTS AND STAKES

The Contractor shall carefully preserve all monuments, bench marks, reference points, and stakes, and in case of willful or careless destruction of the same will be charged with the resulting expense of replacement. The Contractor shall have no claim for damages or extension of time due to such destruction. In case of any permanent monuments, bench marks, section corner and quarter-section corner monuments which must be removed or disturbed during construction, the Contractor shall carefully protect and preserve the same until they have properly referenced for relocation and replacement. The Contractor shall furnish, at their own expenses, a duly qualified and Missouri licensed land surveyor to reference and reestablish, after completion of construction, with permanent markers as is normally used in these locations. The Contractor shall also furnish a certificate sealed by the land surveyor with a statement that the monument recovered was reset in the same location prior to final acceptance of the project by the Owner.

GC-18 LEGAL ADDRESS OF CONTRACTOR

Both the business address of the Contractor given in the bid or proposal upon which this Contract is founded, and the Contractor's office in the vicinity of the work, are hereby designated as the places to which all notices, letters, and other communications to the Contractor may be mailed or delivered. The delivering at either of the above named addresses, or depositing in any mail box regularly maintained by the post office of any notice, letter, or other communication to the Contractor, shall be deemed sufficient service thereof upon the Contractor, and the date of said service shall be the date of such delivery or mailing. Such addresses may be changed at any time by an instrument in writing, executed by the Contractor and presented and delivered to the Engineer and to the Owner. Nothing herein contained shall be deemed to preclude or render inoperative the service of any notice, letter, or communication upon the Contractor personally.

GC-19 CONTRACTOR'S OFFICE AT SITE OF WORK

During the performance of this Contract, the Contractor shall maintain a suitable office at or

near the site of the work which shall be the headquarters of a representative authorized to receive drawings, instructions, or other communications or articles from the Owner or the Owner's agents; and any such communications given to the said representative, or delivered at the Contractor's office at the site of the work in their absence, shall be deemed to have been given to the Contractor.

GC-20 RESPONSIBILITY OF CONTRACTOR

The Contractor shall furnish all transportation, tools, equipment, machinery, and plant, and all suitable appliances, requisite for the execution of this Contract and shall be solely answerable for the same and for the safe, proper, and lawful construction, maintenance, and use thereof. They shall cover and protect their work from damage, and all injury to the same (before the completion and acceptance of this contract) shall be made good by them. The Contractor shall be solely answerable for all damage to the Owner or the property of the Owner, to other contractors or other employees of the Owner, to the neighboring premises, or to any private or personal property, due to improper, illegal, or negligent conduct of themself or their subcontractors, employees, or agents in and about said work, or in the execution of the work covered by this Contract, or any extra work undertaken as herein provided, or to any defect in, or the improper use of, any scaffolding, shoring, apparatus, ways, works, machinery, or plant.

GC-21 PATENTS

It is mutually agreed by and between the parties to this Contract that all royalties and fees for and in connection with patents or patent infringement claims for materials, articles, apparatus, devices or equipment (as distinguished from processes) used in or furnished for the work, shall be included in the contract amount and the Contractor shall satisfy all demands that may be made at any time for such, and they shall be liable for any damage or claims for patent infringements. The Contractor shall at their own cost and expense defend any and all suits or proceeding that may be instituted at any time against the Owner for infringement or alleged infringement of any such patents involved in the work, and, in case of an award of damages, the said Contractor shall pay such award. Final payment to the Contractor, however, shall not be made while any such suit or claim remains unsettled. The Contractor, however, shall not be liable for the defense of any suit or other proceedings, nor for the payment of any damages or other costs in connection therewith, for the infringement or alleged infringement of any patented process required by the owner in the design of the work to be done under this Contract or by the Technical Specifications therefor.

GC-22 INDEPENDENT CONTRACTOR

The right of general inspection of the Owner shall not make the Contractor an agent of the Owner, and the liability of the Contractor for all damages to persons, firms and corporations, arising from the Contractor's execution of the work, shall not be lessened because of such general supervision, but as to all such persons, firms, and corporations, and the damages, if any, to them or their property, the Contractor herein is an independent Contractor in respect to the work.

GC-23 RELATIONS WITH OTHER CONTRACTORS

The Contractor shall cooperate with all other contractors who may be performing work on behalf of the Owner, and workmen who may be employed by the Owner, on any work in the vicinity of the work to be done under this Contract, and they shall so conduct their operations as to interfere to the least possible extent with the work of such contractors or workmen. They shall promptly make good, at their own expense, any injury or damage that may be sustained by other contractors or employees of the owner at their hands. Any difference or conflict which may arise between the Contractor and other contractors or between the Contractor and the workmen of the Owner, in regard to their work shall be adjusted and determined by the Engineer. If the work of the Contractor is delayed because of any acts or omissions of any other contractor or contractors, the Contractor shall have no claim against the Owner on that account other than for an extension of time. When two or more contracts are being executed

at one time in such a manner that work on one contract may interfere with that of another, the Engineer shall decide which contractor shall cease work and which shall continue, or whether the work on both contracts shall progress at the same time, and in what manner. When the territory of one contract is the necessary or convenient means of access for the transportation or movement of workers, materials, or appliances required for the execution of another contract, such privileges of access or any other reasonable privilege may be granted by the Engineer to the Contractor so desiring, to the extent and amount, in the manner, and at the time, which may be reasonably necessary.

GC-24 DEFENSE OF SUITS

In case any action at law or suit in equity is brought against the Owner or any of its officers or agents for or on account of the failure, omission, or neglect of the Contractor to do and perform any of the covenants, acts, matters, or things by this Contract undertaken to be done or performed, or for any injury or damage caused by the negligence or alleged negligence, of the Contractor or their subcontractors, or their or their employees or agents, the Contractor shall indemnify and save harmless the Owner, and officers and agents of the Owner, of and from all losses, costs, damages, expenses, judgments, or decrees whatever arising out of such actions or suits as may be brought as aforesaid.

GC-25 METHODS OF OPERATION

The Contractor shall give to the Engineer full information in advance as to their Plans for carrying on any part of the work. If at any time before the beginning or during the progress of the work, any part of the Contractor's plant or equipment or any of their methods of executing the work, appear to the Engineer to be unsafe, inefficient, or inadequate to ensure the required quality, or rate of progress, of the work, they may order the Contractor to increase or improve their facilities or methods, and the Contractor shall promptly comply with such orders, but neither compliance with such orders nor failure of the Engineer to issue such orders shall relieve the Contractor from their obligations to secure the degree of safety, the quality of work, and the rate of progress required by this Contract. The Contractor alone shall be responsible for the safety, adequacy, and efficiency of their plant, equipment, and methods. The approval by the Engineer of any plan or method of work proposed by the Contractor shall not relieve the Contractor of any responsibility therefor, and such approval shall not be considered as an assumption by the Owner, or any officer, agent, or employee thereof, of any risk or liability, and the Contractor shall have no claim under this Contract on account of the failure or inefficiency of any plan or method so approved. Such approval shall be considered, and shall mean that the Engineer has no objection to the Contractor's use or adoption, at their risk and responsibility, of the plan or method so proposed by the Contractor.

GC-26 SUGGESTION TO CONTRACTOR ADOPTED AT THEIR OWN RISK

Any plan or method of work suggested by the Engineer, or other representative of the Owner, to the Contractor, but not specified or required, if adopted or followed by the Contractor in whole or in part, shall be used at the risk and responsibility of the Contractor, and the Engineer and the Owner will assume no responsibility therefor.

GC-27 AUTHORITY AND DUTY OF THE ENGINEER

It is mutually agreed by and between the parties to this Contract, that the Engineer shall inspect all work included herein. In order to prevent delays and disputes and to discourage litigation, it is further agreed by and between the parties to this Contract that the Engineer shall in all cases determine the amounts and quantities of the several kinds of work which are to be paid for under this Contract; that they shall determine all questions in relation to said work and the construction thereof; that they shall in all cases decide every question which may arise relative to the execution of this Contract on the part of said Contractor; that their decisions and findings shall be the conditions precedent to the right, of the parties hereto, to any action on the Contract, and to any rights of the Contractor to receive any money under this Contract provided, however, that should the Engineer render any decision or give any

directions which, in the opinion of the Contractor, is not in accordance with the meaning and intent of this Contract, the Contractor may file with the Engineer within thirty (30) days, their written objection to the decision or direction so rendered. It is the intent of this agreement that there shall be no delay in the execution of the work, and the decision or directions of the Engineer as rendered shall be promptly carried out.

GC-28 INSPECTION

It is agreed by the Contractor that the Owner shall be and is hereby authorized to appoint or employ (either directly or through the Engineer) such engineers and inspectors as the Owner may deem proper, to inspect the materials furnished and the work performed under this Contract, and to see that the said materials are furnished, and the said work performed, in accordance with the Plans and technical specifications therefore. The Contractor shall furnish all reasonable aid and assistance required by the Engineer, or by the inspectors, for the proper inspection and examination of the work and all parts thereof. The Contractor shall regard and obey the directions and instructions of the Engineer, or any inspector so appointed, when the same are consistent with the obligations of this Contract and the Technical Specifications therefore, provided, however, that should the Contractor object to any order given by any subordinate engineer or inspector the Contractor may make written appeal to the Engineer for their decision. Engineers, inspectors, and other properly authorized representatives of the Owner or Engineer shall be free at all times to perform their duties, and intimidation or attempted intimidation of any one of them by the Contractor or by any of their employees shall be sufficient reason, if the Owner so decides, to annul the Contract. Such inspection shall not relieve the Contractor from any obligation to perform said work strictly in accordance with the Plans and technical specifications or any modifications thereof as herein provided, and work not so constructed shall be removed and made good by the Contractor at their own expense, and free of all expenses to the Owner, whenever so ordered by the Engineer, without reference to any previous oversight or error in inspection. The Engineer does not assume any responsibility for work or action of the Contractor.

If work on any project is subject to the approval of the Federal Highway Administration, representatives of the Missouri Highways and Transportation Commission and the Federal Highway Administration shall have access to the project for the purpose of inspecting and reviewing work being performed by any contractor or subcontractor on the project. Contractors and subcontractors shall maintain books, account, ledgers, invoices, drafts, documents, pages, and other business records pertaining to the performance of this project and shall require that such materials be available at the Contractor's field or permanent business offices at all reasonable times during the performance of the Contract and for three years from date of final FHWA voucher acceptance under the Contract, for inspection by authorized representatives of the Commission and/or the Federal Highway Administration.

GC-29 NO WAIVER OF RIGHTS

Neither the inspection by the Owner or any of the owner's officials, employees, or agents, nor any order by the owner for payment of money, nor any payment for, or acceptance of, the whole or any part of the work by the Owner or Engineer, nor any extension of time, nor any possession taken by the Owner or its employees, shall operate as a waiver of any provision of this Contract, or of any power herein reserved to the Owner, or any right to damages herein provided, or shall any waiver of any breach in this Contract be held to be a waiver of any other or subsequent breach.

GC-30 SUPERINTENDENCE OF WORK

The Contractor shall provide and maintain, continually on the site of the work during its progress, adequate and competent superintendent of all operations for and in connection with the work being performed under this Contract, either personal or by a duly authorized superintendent or other representative. The superintendent or other representative of the Contractor on the work, and who has charge thereof, shall be fully authorized to act for the

Contractor and to receive whatever orders as may be given for the proper prosecution of the work, or notices in connection therewith.

GC-31 ORDERS TO CONTRACTOR'S AGENT

Whenever the Contractor is not present on any part of work where it may be desired to give directions, orders may be given by the Engineer or their representative, to, and shall be received and obeyed by, the superintendent or foreman who may have charge of the particular part of the work in reference to which such orders are given.

GC-32 PROTECTION OF PROPERTY AND PUBLIC LIABILITY

The Contractor shall assume full responsibility for the protection of all public and private property, structures, sewers, and utilities, both above and below ground, along, beneath, above, across, or near the site or sites of the work being performed under this Contract, or which are in any manner affected by the prosecution of the work or the transportation of workers or materials in connection therewith. Barriers shall be kept placed at all times to protect persons other than those engaged on or about the work from accident, and the Contractor will be held responsible for all accidents to persons or property through any negligence of themself or their employees. The Contractor shall indemnify, defend, and save harmless the Owner against all damages to such property, structures, and utilities, together with all claims for damages for personal injury, including accidental death, arising out of their operations in connection with this Contract. All property so damaged shall be repaired or replaced to a condition equal to its condition immediately prior to the time of damage, and to the satisfaction of the owner thereof. The Contractor shall give reasonable notice to the owner or owners of public or private property and utilities when such property is liable to injury or damage through the performance of the work, and shall make all necessary arrangements with such owner or owners relative to the removal and replacement or protection of such property or utilities. All permits and licenses required in the prosecution of any and all parts of the work shall be obtained and paid for by the Contractor. The Contractor shall satisfactorily shore, support, and protect any and all structures, and all pipes, sewers, drains, conduits, and other facilities, and shall be responsible for any damage resulting thereto. The Contractor shall not be entitled to any damages or extra pay on account of any postponement, interference, or delay caused by any such structures and facilities being on the line of the work, whether they are shown on the Plans or not.

GC-34 MODIFICATIONS AND ALTERATIONS

In executing the Contract Agreement, the Contractor agrees that the Owner shall have the right to make such modifications, changes, and alterations, as the Owner may see fit, in the line, grade, form, arrangements, dimensions, extent, or plan, of the work agreed to be done or any part thereof, or in the materials to be used therein, either before or after the beginning of construction thereof, without affecting the validity of the Contract and the performance, payment, and maintenance bond contained therein. Where any modification, change, or alteration increases the quantity of work to be performed and is within the scope of a fair interpretation thereof, such increase shall be paid for according to the quantity of the work actually done, either at unit prices included in the Contract, or, in the absence of such unit prices, as extra work. Modifications and alterations, which reduce the quantity of work to be done, shall not constitute a claim for damages or for anticipated profits on work involved in such reduction. The Engineer shall determine, on an equitable basis, the amount of:

- a. Credit due the Owner for Contract work not performed, as a result of modifications or alterations authorized hereunder, where the value of the omitted work is not fixed by unit prices in the Contract.
- b. Allowance to the Contractor for any actual loss incurred in connection with the purchase, delivery, and subsequent disposal of materials and equipment required for use on the work as originally planned but which could not be used in any part of the work as actually built.

c. Any other adjustment of the contract amount where the method to be used in making such adjustment is not clearly defined in the Contract Documents. All orders for modifications, changes, or alterations in the work as herein provided shall be in writing, either by the Engineer under the authority of the Owner or by the Owner directly.

GC-35 EXTRA WORK

The term "extra work" as used in this Contract, shall be understood to mean and to include all work that may be required by the Engineer or Owner to be performed by the Contractor to accomplish any change or alterations in, or addition to, the work shown by the Plans, or required or reasonably implied by the technical specifications, which is not covered by the proposal and not otherwise provided under "Modifications and Alterations" herein. It is agreed that the Contractor shall perform all extra work under the direction of the Engineer, when and as so ordered in writing by the Engineer or Owner. When such extra work is ordered, it shall be paid for either by a lump sum or by unit prices mutually agreed upon by the Owner and Contractor in writing, or if such agreement cannot be made, on a force account basis, to be compensated in the following manner:

a. Labor. For all labor and foreman in direct charge of the specific operations, the Contractor shall receive the rate of wage (or scale) agreed upon in writing before beginning work for each and every hour that said labor and foreman are actually engaged in such work.

The Contractor shall receive the actual costs paid to, or in behalf of, workmen by reason of subsistence and travel allowances, health and welfare benefits, pension fund benefits or other benefits, when such amounts are required by collective bargaining agreement or other employment contract generally applicable to the classes of labor employed on the work.

An amount equal to twenty percent (20%) of the sum of the above items will also be paid the Contractor.

- b. Bond Insurance and Tax. For property damage, liability, and workmen's compensation insurance premiums, unemployment insurance contributions and social security taxes on the force account work, the Contractor shall receive the actual cost, to which cost six percent will be added. The Contractor shall furnish satisfactory evidence of the rates paid for such bond, insurance, and tax.
- c. Materials. For materials accepted by the Engineer and used, the Contractor shall receive the actual cost of such materials delivered on the work, including transportation charges paid by them (exclusive of machinery rentals as hereinafter set forth), to which cost 15 percent will be added.
- d. Equipment. For any machinery or special equipment (other than small tools) including fuel and lubricants, plus transportation costs, the use of which has been authorized by the Engineer, the Contractor shall receive the rental rates agreed upon in writing before such work is begun for the actual time that such equipment is in operation on the work, to which rental sum fifteen percent (15%) will be added.
- e. Miscellaneous. No additional allowance will be made for general superintendent, the use of small tools, or other costs for which no specific allowance is herein provided.
- f. Compensation. The Contractor's representative and the Engineer shall compare records of the cost of work done as ordered on a force account basis.
- g. Statements. No payment will be made for work performed on a force account basis until the Contractor has furnished the Engineer with duplicate itemized statements of the cost of

such force account work detailed as follows:

- 1. Name, classification, date, daily hours, total hours rate, and extension for each laborer and foreman.
- 2. Designation, dates, daily hours, total hours, rental rate, and extension for each unit of machinery and equipment.
- 3. Quantities of materials, prices, and extensions.
- 4. Transportation of materials.
- 5. Cost of property damage, liability and workmen's compensation insurance premiums, unemployment insurance contributions, and social security tax.
- 6. Statements shall be accompanied and supported by received invoices for all materials used and transportation charges. However, if materials used on the force account work are not specifically purchased for such work but are taken from the Contractor's stock, then in lieu of the invoices the Contractor shall furnish an affidavit certifying that such materials were taken from their stock, that the quantity claimed was actually used, and that the price and transportation claimed represent the actual cost to the Contractor.

The Contractor shall not begin any work for which price payments under classifications are not provided in the contract without first bringing the matter to the attention of the Engineer and no bills or charges for "Extra Work" will be allowed except for that ordered in writing before its execution.

GC-36 PROVISION FOR EMERGENCIES

Whenever, in the opinion of the Engineer, the Contractor has not taken sufficient precaution for the safety of the public or the protection of the work to be constructed under this contract, or of adjacent structures or property which may be injured by processes of construction on account of such neglect, and whenever, in the opinion of the Engineer, an emergency shall arise and immediate action shall be considered necessary in order to protect public or private, personal or property interests, then the Engineer, with or without notice to the Contractor, may provide suitable protection to the said interests by causing such work to be done and material to be furnished and placed as the Engineer may consider necessary and adequate. The cost and expense of such work and materials so furnished shall be borne by the Contractor, and, if the same shall not be paid on presentation of the bills therefore, such costs shall be deducted from any amounts due (or to become due) the Contractor. The performance of such emergency work under the direction of the Engineer shall in no way relieve the Contractor of responsibility for damages which may occur during or after such precaution has been duly taken by the Engineer.

GC-37 ASSIGNMENT AND SUBLETTING OF CONTRACT

Except for the furnishing and transportation of materials, the Contractor shall not sublet, sell, transfer, assign, or otherwise dispose of any portion of their Contract to any individual firm or corporation without written consent of the Owner. This consent of the Owner, will not be given unless, and until, the Contractor has submitted satisfactory evidence that the proposed subcontractor is qualified to execute the work and has an Affirmative Action Plan acceptable to the County, together with a complete copy of the subcontract if so requested by the Engineer. The subcontract shall bind the subcontractor to comply with all requirements of this Contract, for example, wage rates, equal employment opportunity regulations, submittal of payrolls, etc. Assignment of the entire Contract may be made only upon written consent of the Owner. The Contractor's own forces and equipment shall perform not less than fifty percent (50%) of the contract work.

No assigning, transferring, or subletting, even though consented to, shall relieve the Contractor of their liabilities under their contract.

The Contractor shall give their personal attention of any portion of their contract, which has been sublet, and they shall be responsible for its proper construction.

The prime Contractor, as a condition of this Contract, is responsible for assuring submission of proof or documentation regarding Affirmative Action compliance by their subcontractors and for the subsequent Affirmative Action performance by such subcontractors.

GC-38 RIGHT OF OWNER TO TERMINATE CONTRACT

If the work to be done under this Contract shall be abandoned by the Contractor; or if this Contract shall be assigned by them otherwise than as herein provided; or if the Contractor should be adjudged a bankrupt, or if a general assignment of their assets be made for the benefit of their creditors, or if a receiver should be appointed for the Contractor or any of their property; or if at any time the Engineer shall certify in writing to the Owner that the performance of the work under this Contract is being unnecessarily delayed, or that the Contractor is willfully violating any of the conditions or covenants of this Contract or the technical specifications therefore, or that they are executing the same in bad faith or otherwise not in accordance with the terms of said Contract, or if the work be not substantially completed within the time to which such completion date may be extended; then the Owner may serve written notice upon the Contractor and their surety of said Owner's intention to terminate this Contract, and, unless within five (5) days after the serving of such notice upon the Contractor, a satisfactory arrangement be made for the continuance thereof, this Contract shall cease and terminate. In the event of such termination, the Owner shall immediately serve notice thereof upon the surety and the Contractor, and the surety shall have the right to take over and complete the work, provided, however, that if the surety does not commence performance thereof within thirty (30) days from the date of said notice of termination, the Owner may take over the work and prosecute same to completion, by Contract or otherwise, for the account of the Contractor. The Contractor and their surety shall be liable to the Owner for any and all excess cost sustained by the Owner by reason of such prosecution and completion including compensation for additional engineering, managerial, and administrative expense; and in such event the Owner may take possession of, and utilize in completing the Work, all such materials, equipment, tools, and plant as may be on the site of the work and necessary therefore.

GC-39 SUSPENSION OF WORK ON NOTICE

The Contractor shall delay or suspend the progress of the Work or any part thereof, whenever they shall be so required by verbal order of the Owner or Engineer at the moment it is issued. Said verbal order will be confirmed by written order at the request of the Contractor which shall note the time the verbal order was issued. The Contractor shall delay or suspend the progress for such periods of time as required to comply with directions issued by Owner or Engineer, provided that, in the event such delay or suspension of the progress of the Work, or any part thereof, the time for completion of the Work so suspended or delayed by such suspensions shall be extended for a period equivalent to the time lost; however, such order of the Owner or Engineer shall not otherwise modify or invalidate any of the provisions of this Contract. In the event that the work shall be stopped by order of the Owner or Engineer, any expense which, in the opinion and judgment of the Engineer, is caused thereby shall be paid by the Owner to the Contractor.

GC-40 LOSSES FROM NATURAL CAUSES

All loss or damage arising out of the nature of the work to be done, or from the action of the elements, or from floods or overflows, or from ground water, or from unusual obstructions or difficulties, or any other natural or existing circumstance either known or unforeseen, which may be encountered in the prosecution of the said work shall be sustained and borne by the Contractor at their own cost and expense.

GC-41 LAWS AND ORDINANCES

The Contractor shall keep themselves fully informed of all existing and current regulations of the Owner and County, State and National laws which in any way limit or control the actions or operations of those engaged upon the work or affecting the materials supplied to or by them. They shall at all times observe and comply with all ordinances, laws, and regulations, and shall protect and indemnify the Owner and the Owner's officers and agents against any claims or liability arising from or based on any violation of the same.

GC-42 SANITARY REGULATIONS

In general, the operations of the Contractor shall be in full conformity with all of the rules and regulations of boards and bodies having jurisdiction with respect to sanitation. The Contractor shall supply safe and sufficient drinking water to all of their employees. The Contractor shall obey and enforce all sanitary regulations and orders, and shall take precautions against infectious diseases and the spread of same.

GC-43 CHARACTER OF EMPLOYEES

The Contractor shall employ only employees, who are competent to perform the work assigned to them and (in the case of skilled labor), who are adequately trained and experienced in their respective trades and who do satisfactory work. In all cases, local labor shall be given preference when available. Whenever the Engineer shall notify the Contractor that any worker on the jobsite is, in their opinion, incompetent, unfaithful, or disorderly, or who uses threatening or abusive language when on the jobsite to any person representing the Owner, such worker shall be immediately discharged from the project and shall not be reemploy thereon except with the consent of the Engineer.

GC-44 SATURDAY, SUNDAY, HOLIDAY, AND NIGHT WORK

No work shall be done between the hours of 6:00 P.M. to 8:00 A.M., nor on Saturdays, Sundays, or legal holidays, without the written approval or permission of the Engineer in each case, except such work as may be necessary for proper care, maintenance, and protection of work already done or equipment, or in the case of an emergency. The Contractor may establish night work as a regular procedure, with the written permission of the Engineer. The Engineer, however, may revoke such permission, at any time if the Contractor fails to maintain at night, adequate equipment for the proper prosecution and control of the work, and all operations performed thereunder.

GC-45 UNFAVORABLE CONSTRUCTION CONDITIONS

During unfavorable weather, wet ground, or other unsuitable construction condition, the Contractor shall confine their operations to work, which will not be affected adversely thereby. No portion of the work shall be constructed under conditions, which would affect adversely the quality of efficiency thereof unless, by special means or precautions approved by the Engineer, the Contractor shall be able to perform the work in a proper and satisfactory manner.

GC-46 BEGINNING. PROGRESS. AND TIME OF COMPLETION OF WORK

The Contractor shall, within ten (10) days after being instructed to do so in a written notice from the Owner, commence the work to be done under this Contract; and the rate of progress shall be such that the work shall have been completed in accordance with the terms of the Contract on or before the termination of the construction period named in the proposal, subject to any extension or extensions of such time made as hereinafter provided. The Contractor may be required to furnish the Engineer with a tentative schedule setting forth in detail the procedure they propose to follow, and giving the dates on which they expect to start and to complete separate portions of the work. If at any time, in the opinion of the Engineer, proper progress is not being maintained, such changes shall be made in the schedule of operations as the Engineer shall direct or approve.

GC-47 HINDRANCES AND DELAYS

In executing the Contract Agreement, the Contractor expressly covenants and agrees that, in undertaking to complete the work within the time therein fixed, they have taken into consideration and made allowances for all hindrances and delays incident to such work, whether growing out of delays in securing materials or workmen or otherwise. The Contractor shall make no charge for hindrances or delays from any cause during the progress of the work, or any portion thereof, embraced in this Contract, except as provided in "GC-39 Suspension of Work on Notice".

GC-48 EXTENSION OF TIME

Should the Contractor be delayed in the final completion of the Work by any act or neglect of the Owner or Engineer, or of any employee of either, or by any other Contractor employed by the Owner, or by strikes, fire, or other cause or causes outside of and beyond the control of the Contractor and which could have been neither anticipated nor avoided, then an extension of time sufficient to compensate for the delay shall be granted by the Owner provided, however, that the Contractor shall give the Owner, and the Engineer, within ten (10) consecutive days from the start of such delay, notice in writing of the cause of delay in each case. Extensions of time will not be granted for delays caused by unfavorable weather, unsuitable ground conditions, inadequate construction force, or the failure of the Contractor to place orders for equipment or materials a sufficient time in advance to ensure delivery when needed.

GC-49 LIQUIDATED DAMAGES

It is mutually understood and agreed by and between the parties to this Contract, in signing the agreement thereof, that time is of the essence of this Contract, and that in the event that the said Contractor shall fail in the performance of the work specified and required to be performed within the period of time stipulated therefor in the Contract agreement binding said parties, after due allowance for any extension or extensions of time which may be granted under the provisions of the preceding paragraph, the said Contractor shall pay unto the said Owner, as stipulated liquidated damages and not as a penalty, the sum indicated in the Special Conditions for each and every calendar day that the Contractor shall be in default. In case of joint responsibility for any delay in the final completion of the work covered by this Contract, where two or more separate contracts are in force at the same time and cover work on the same project and at the same site, the total amount of liquidated damages assessed against all contractors under such contracts, for any one (1) day of delay in the final completion of the work, will not be greater than the amount listed in Special Conditions, and the amount assessed against any one Contractor for one (1) day of delay will be based upon the individual responsibility of such Contractor for the aforesaid delay as determined by, and in judgment of the Owner. The Owner shall have the right to deduct said liquidated damages from any moneys in its hands, otherwise due, or to become due, to said Contractor, or to sue for and recover compensation for damage for nonperformance of this Contract at the time stipulated herein and provided for.

GC-50 TESTS OF MATERIALS OFFERED BY CONTRACTOR

All specified and required tests for approval of source of materials shall be made at the expense of the Contractor by a properly equipped laboratory of established reputation, whose work and testing facilities shall be approved by the Owner. Approval of materials based on acceptable tests will apply only while such materials as furnished equal or exceed the tested samples or test specimens in quality and minimum requirements. Any change in origin, method of preparation, or manufacture of such materials will require new tests and approval thereof. Reports of all tests shall be furnished to the Owner in as many certified counterparts as may be required by the said owner.

GC-51 TESTING OF COMPLETED WORK

Before final acceptance, all parts of the work shall be tested and each part shall be in good

condition and working order and shall be placed in such condition and order, at the expense of the Contractor. All tests of completed work required under this Contract shall be made under the direction of the Engineer by and at the expense of the Contractor, whom shall repair at their own expense all damage resulting from the testing.

GC-52 REMOVAL OF CONDEMNED MATERIALS AND STRUCTURES

The Contractor shall remove from the site of the work, without delay, all rejected and condemned materials or structures of any kind brought to or incorporated in the work, and upon their failure to_do so, or to make satisfactory progress in so doing, within forty-eight (48) hours after the serving of a written notice from the Engineer ordering such removal, the condemned material or structures may be removed by the owner and the cost of such removal be taken out of the money that may be due or may become due the Contractor on account of or by virtue of this Contract. No such rejected or condemned material shall again be offered for use by the Contractor under this or any other contract under this project.

GC-53 PLACING WORK IN SERVICE

If desired by the Owner, portions of the work may be placed in service when completed and the Contractor shall give proper access to the work for this purpose, but such use and operation shall not constitute an acceptance of the work, and the Contractor shall be liable for defects due to faulty construction until the entire work under this Contract is finally accepted and for a year thereafter as stipulated in paragraph GC 55.

GC-54 DISPOSAL OF TRASH AND DEBRIS

The Contractor shall not allow the site of the work to become littered with trash and waste materials but shall maintain the same in a neat and orderly condition throughout the construction period. The Engineer shall have the right to determine what is or is not waste material or rubbish and manner and place of disposal. On or before the completion of the work the Contractor shall (without charge) carefully clean out all pits, pipes, chambers, or conduits, and shall tear down and remove all temporary structures built by them and shall remove all rubbish of every kind from the tracts or grounds which they have occupied and shall leave them in a first-class condition.

GC-55 DEFECTIVE WORKMANSHIP AND MATERIALS

During a period of one (1) year from and after the date the final acceptance by the Owner of the work embraced by this Contract, the Contractor shall make all needed repairs arising out of defective workmanship or materials, or both, which, in the judgment of the Owner, shall become necessary during such period. If within ten (10) days after the mailing of a notice in writing to the Contractor, or their agent, the said Contractor shall neglect to make, or undertake with due diligence to make, the aforesaid repairs, the Owner is hereby authorized to make such repairs at the Contractor's expense providing, however, that in case of an emergency where, in the judgment of the Owner, delay would cause serious loss or damage, repairs may be made without notice being sent to the Contractor, and the Contractor shall pay the cost thereof.

GC-56 EQUIPMENT GUARANTY

The Contractor is not required to provide a guaranty or warranty on any equipment installed.

GC-57 CLAIMS FOR LABOR AND MATERIALS

The Contractor shall indemnify and save harmless the Owner from all claims for labor and materials furnished under this Contract, or any alterations or modifications thereof, and shall furnish the owner with satisfactory evidence, when called for by it, and that all persons, firms, or corporations, who have done work or furnished materials under this Contract, for which the Owner may become liable under the laws of the State, have been fully paid or satisfactorily secured, and in case such evidence is not furnished, an amount necessary or sufficient, within the discretion of the Owner, to meet the claims of the persons, firms and corporations,

aforesaid, in addition to any other moneys that are to be retained, as herein specified, from the money due the Contractor under this Contract, shall be retained until the liabilities aforesaid shall be fully discharged or satisfactorily secured.

GC-58 PERFORMANCE. PAYMENT. AND MAINTENANCE BONDS

The Performance and Payment, and Maintenance bonds shall be executed by the Contractor with a surety company which: (1) meets the minimum standard for an insurance carrier which currently is in effect for all coverages purchased by Jackson County; and (2) is on the most current United States Treasury list as a surety whose bonds are acceptable to the United States Government.

- a. For the faithful performance and completion of the work in strict accordance with the terms of the Contract, and each and every covenant, condition, and part thereof, according to the true intent and meaning of Contract Documents and herein defined;
- b. For payment of all just claims for labor performed and material furnished; and
- c. For the repair, or replacement where required, or the cost thereof, of all work performed under the terms of the Contract, where such repair or replacement is required because of defective workmanship or materials, or both, and for the replacement of defective equipment or parts thereof, within a period of one (1) year after the date of acceptance as herein provided. The Owner agrees to mail a notice to the Contractor, calling their attention to any failure to comply with the requirements of the bond, not less than ten (10) days before notifying their surety of such failure.

GC-59 ESTIMATED QUANTITIES

The Contractor agrees that the quantities of work as stated in their Proposal and Bid, or indicated on the Plans, are accurate for the construction shown, and that during the progress of the work the Owner may find it advisable, and it shall have the right, to omit portions of the Work and to increase or decrease the quantities, and that the Owner reserves the right to add to or take from any items as may be deemed necessary or desirable. Under no circumstances or conditions will the Contractor be paid anything on account of anticipated profits upon the work or any portion thereof covered by this Contract, which has not actually entered into the construction of said improvements.

GC-60 MONTHLY ESTIMATES AND PAYMENTS

- a. Unit Price Contracts: On or about the first day of each month, the Engineer will make an approximate estimate of the value of the work done and unused materials delivered for, and stored on, the site of the work during the previous calendar month. The Contractor shall furnish to the Engineer such detailed information as requested to aid them as a guide in the preparation of monthly estimates.
- b. Lump Sum Contracts: On or about the first day of each month the Contractor shall submit to the Engineer an itemized application for payment, supported to the extent required by the Engineer by receipts or other vouchers, showing payments for materials and labor, payments to subcontractors and such other evidence of the Contractor's right to payment as the Engineer may direct. If payments are made on valuation of work done, the Contractor shall, before the first application, submit to the Engineer a schedule of values of the various parts of the work, including quantities, aggregating the total sum of the Contract, divided so as to facilitate payments to subcontractors in accordance with such forms as the Engineer and the Contractor may agree upon, and, if required, supported by such evidence as to its correctness as the Engineer may direct. This schedule, when approved by the Engineer shall be used as a basis for Certificates for Payment, unless it is found to be in error. In applying for payments, the Contractor shall submit a statement based upon this schedule. If payments are made on account of materials not incorporated

in the work but delivered and suitably stored at the site, or at some other location agreed upon in writing, such payments shall be conditioned upon submission by the Contractor of bills of sale or such other procedure as will establish the Owner's title to such material or otherwise adequately protect the Owner's interest including applicable insurance.

c. Certification for Payments: On or about the 10th day of the month the Engineer shall submit payment estimates or certificates of payment to the Owner. After the Owner shall have approved each such estimate, the Owner shall pay to the Contractor ninety-five percent (95%) of the amount of such estimated sum within thirty (30) days after receipt of payment certificate. If the Owner shall at any time fail to make the Contractor a monthly estimate at the time herein specified, such failure shall not be held to vitiate or void this Contract.

GC-61 LIENS

Neither the final payment nor any part of the retained percentage shall become due until the Contractor shall deliver to the Owner a complete release of all liens arising out of the Contract, or receipts in full in lieu thereof and, if required in either case, an affidavit that so far as they have knowledge or information the releases and receipts include all the labor and material for which a lien could be filed, but the Contractor may, if any subcontractor refuses to furnish a release or receipt in full, furnish a bond satisfactory to the Owner, to indemnify them against any lien. If any lien remains unsatisfied after all payments are made, the Contractor shall refund to the Owner all moneys that the latter may be compelled to pay in discharging such a lien, including all costs and a reasonable attorney's fee.

GC-62 COMPLETION AND ACCEPTANCE OF WORK

The Contractor shall make final corrections promptly as instructed and/or listed in writing by the Engineer. Upon completion of the work the Engineer shall satisfy themself, by examination and test, that the work has been finally and fully completed in accordance with the Plans, Technical Specifications, and Contract and report such completion to the Owner.

GC-63 FINAL ESTIMATE AND PAYMENT

After official approval and acceptance of the work by the Owner, the Engineer shall be authorized to prepare a final estimate of the work done under this Contract and the value thereof. Such final estimate shall be submitted to the Owner within ten (10) days after its preparation has been authorized as aforesaid, and the Owner shall within thirty (30) days after said final estimate is made and certified, pay the entire sum found to be due hereunder, after deducting all amounts to be kept and retained under any provision of this Contract. All prior estimates and payments shall be subject to correction in the final estimate and payment, but in the absence of error or manifest mistake, it is agreed that all estimates, when approved by the Owner, shall be conclusive evidence of the work done and materials furnished.

GC-64 RELEASE OF LIABILITY

The acceptance by the Contractor of the last payment shall operate as, and shall be, a release to the Owner and every officer and agent thereof, from all claims and liability to the Contractor for anything done or furnished for, or relating to the work, or for any act or neglect of the Owner or any person relating to or affecting the work, and following such acceptance, no persons, firm, or corporation, other than the signer of this Contract as Contractor, will have any interest hereunder, and no claim shall be made or be valid, and neither the Owner nor any employee or agent thereof shall be liable or be held to pay any money, except as herein provided.

GC-65 CLAIMS FOR ADJUSTMENT AND DISPUTES

If for any reason the Contractor deems that additional compensation is due them for work or materials not clearly provided for in the Contract, Plans, or Technical Specifications, or previously authorized as extra work, they shall notify the Engineer in writing of their intention

to claim such additional compensation before they begin the work on which they base the claim. If such notification is not given or the Engineer is not afforded proper opportunity by the Contractor for keeping strict account of actual cost as required, then the Contractor hereby agrees to waive any claim for such additional compensation.

Such notice by the Contractor and the fact that the Engineer has kept account of the cost of the work shall not in any way be construed as proving or substantiating the validity of the claim.

When the work, on which the claim for additional compensation is based, is work that has been completed, the Contractor shall, within fifteen (15) calendar days after completion of the work in question, submit their written claim to the Engineer who will present it to the Owner for consideration. Claims submitted at times other than those herein specified will not be considered. Each notice of claim shall contain an itemized statement showing completely and fully the items and amounts forming the basis of the claim.

Nothing in this subsection shall be construed as a waiver of the Contractor's right to dispute final payment based on differences in measurements or computations.

GC-66 SAFETY TRAINING REQUIREMENT FOR ALL ON-SITE EMPLOYEES

The Contractor to whom the Contract is awarded and any subcontractor under such Contractor shall require all on-site employees to complete a ten-hour Occupational Safety and Health Administration (OSHA) construction safety program for their on-site employees which includes a course in construction safety and health approved by OSHA or a similar program approved by the department which is at least as stringent as an approved OSHA program. All employees are required to complete the program within sixty (60) days of beginning work on such construction project. The Contractor shall provide certification of compliance with this condition following the award of the contract and before work commences on the project.

END OF SECTION

SPECIAL CONDITIONS

These Special Conditions constitute modifications, deletions, and additions to the General Conditions (GC). Where any part of the General Conditions is so modified by these Special Conditions the unaltered provision shall remain in effect.

<u>SC-6 COPIES OF CONTRACT (GC-6)</u>. The General Conditions GC-6 is amended by deleting the entire paragraph and replacing it with the following:

- a. Six (6) copies of the Contract Documents will be prepared by the County. All copies will be submitted to the Contractor and the Contractor shall execute the Contract Agreements, insert executed copies of the required Performance Bonds, Certificate of Liability Insurances, Power of Attorney, and submit all copies to the County. THE DATE OF THE CONTRACT AGREEMENT AND BOND FORMS SHALL BE LEFT BLANK FOR FILLING IN BY THE COUNTY.
- b. The County will execute all copies, insert the date of contract on the Performance Bonds and Power of Attorney, retain four (4) copies, and forward two(2) copies to the Contractor, one of which should be forwarded to the surety company.

<u>SC-7 SCOPE, NATURE AND INTENT OF SPECIFICATIONS AND PLANS (GC-7)</u>. The General Conditions GC-7 is amended by adding the following:

- A. All work on this project shall conform to the project drawings and to the Contract Documents.
- B. The Work shall also conform to referenced standard drawings and to other drawings or information thereto as may be furnished by the County prior to the opening of the bidsor during construction.
- C. All work shall be in accordance with these Standard Specifications. Should any conflict arise between the Contract Documents, Standard Specifications or Plans, the following order of precedence shall be used:
 - 1. Plans or Appendix sheets
 - 2. Technical Specifications
 - 3. Special Conditions
 - 4. General Conditions
- D. The Contractor, subcontractors, and fabricators shall be in compliance with all Local, State, and Federal regulations.

<u>SC-9 CONTRACTOR TO CHECK PLANS AND SCHEDULE (GC-9)</u>. The General Conditions GC-9 is amended by adding the following:

- A. The Contractor shall submit a proposed progress schedule for all work in the Contract. Scheduling shall provide for the least practical inconvenience to the traveling public and to the residents along the project.
- B. The construction progress schedule shall be in a form approved by the County and shall include at least the following information for each significant workitem:
 - 1. Beginning date.

- 2. Scheduled percentage of completion at the end of each calendarmonth.
- 3. Ending date.

The construction progress schedule shall also show the scheduled percentage complete for the entire contract at monthly intervals.

The County will review the proposed progress schedule and may require the Contractor to revise it if, in the County's judgment, changes are required to accurately reflect the scheduled progress of the Work or provide for completion of the project within the contract time. The revised schedule shall be submitted to the County for their approval within fourteen (14) days of notification to the Contractor that a revised schedule is required.

- C. The Contractor will be required to revise their original approved progress schedules any time actual progress of the Work on the Contract lags the scheduled progress by fifteen percent or more. A revised schedule shall be submitted to the County for their approval within fourteen (14) days of written notification to the Contractor that a revised schedule is required.
- D. The County may withhold monthly Progress Payments otherwise due to the Contractor in the event that progress falls fifteen (15) percent behind the approved progress schedule for two consecutive months and may continue to withhold payments until the Contractor has submitted an acceptable revised schedule and shown a good faith effort to implement same. The County's decision either to withhold or not withhold progress payment shall not waive or release any right the County has to withhold any subsequent progress payments, nor does it relieve the Contractor of their responsibility to complete the project within the contract time.

SC-12 OWNERSHIP OF DRAWINGS (GC-12). The General Conditions GC-12 is modified by adding the following:

All drawings, specifications, calculations, electronic files and copies developed by the Contractor and/or their subcontractors for components of the project are the property of the County. They are not to be used on work unrelated to this project, and, with exception of the Contractor's signed contract sets, are to be returned to the County on request, upon completion of the Work.

<u>SC-19 CONTRACTOR'S OFFICE AT SITE OF WORK (GC-19)</u>. The General Conditions GC-19 is modified by adding the following:

- A. The Contractor is not required to have a field office at the project site and no conditions have been made by the County for the field office, shops, or storage areas to be used by the Contractor. However, if desired, the Contractor may, on their own initiative, provide for any or all of the above items. The Contractor may store a limited amount of material and equipment inside of the building in a specified location with the permission of the County, if applicable.
- B. No direct payment will be made for the Contractor's office, shops or storage areas.
- C. Common-Use Field Office: Of sufficient size to accommodate needs of the County, Engineer and construction personnel, office activities, and to accommodate Project meetings. Keep office clean and orderly.
- D. Storage and Fabrication Sheds: None allowed on site. Use interior space as approved by the County only as necessary.

<u>SC-20 RESPONSIBILITY OF CONTRACTOR (GC-20)</u>. The General Conditions GC-20 is modified by adding the following:

Jackson County, Missouri Invitation to Bid No. 23-008 Page 27

- A. The Contractor shall take the necessary precautions to keep loose aggregate, mud, and debris from being deposited onto open lanes of the existing, or offsite, paving during construction operations. Should aggregate, mud, and debris become deposited upon such open lanes of existing paving, the Contractor shall promptly remove it at no additional cost to the County.
- B. Before the Work will be accepted by the County, the Contractor shall be required to remove all aggregate and debris resulting from their operation, which also includes cleaning of streets, ditches, creeks, and driveways of earth, sod or other objectionable material and shall dispose of such debris off the project. This cleanup shall be limited to the project limits.
- C. It is the responsibility of the Contractor to coordinate all removal and construction activities with Utility Owners.
- D. The Contractor at their sole cost and expense will provide any water required along the project route in connection with the work to be performed.
- E. All power for lighting, operation of the Contractor's equipment, or for any other use by the Contractor, shall be provided by the Contractor at their sole cost and expenses.

<u>SC-25 METHODS OF OPERATION (GC-25)</u>. The General Conditions GC-25 is modified by adding the following:

In accordance with generally accepted construction practices, the Contractor shall assume sole and complete responsibility for job site conditions during construction of the project, including safety of all persons and property.

<u>SC-27 AUTHORITY AND DUTY OF THE ENGINEER (GC-27)</u>. The General Conditions GC-27 is amended by deleting the entire paragraph and replacing it with the following:

The progression of the project will be observed by County personnel and will provide the inspection.

<u>SC-28 INSPECTION (GC-28)</u>. The General Conditions GC-28 is modified by adding the following:

- A. This project will be observed by Countypersonnel.
- B. The Contractor shall notify their subcontractors, the County and all contractors and subcontractors under the County, when they are ready for them to install their portions of their work and see that they comply within a reasonable amount of time. Neither enclose nor cover any piping, wiring, ducts, equipment or other items until proper tests, observations and/or inspections have been made by the County and/or proper authorities.
- C. The Contractor and their subcontractors may not put in place any work which will prevent observation and approval of previous work without first notifying the County, and/or proper authorities.

<u>SC-29 NO WAIVER OF RIGHT (GC-29</u>). The General Conditions GC-29 is modified by adding the following:

Neither the inspection or evaluations by the County or any of the County's officials, employees, or agents, nor any order by the County for payment of money, nor any payment for, or acceptance of, the whole or any part of the Work by the County or Engineer, nor any extension of time, nor any possession taken by the County or its employees, shall operate as a waiver of any provision of this Contract, or of any power herein reserved to the County, or any right to

damages herein provided, or shall any waiver of any breach in this Contract be held to be a waiver of any other or subsequent breach.

<u>SC-32 PROTECTION OF PROPERTY AND PUBLIC LIABILITY (GC-32)</u>. The General Conditions GC-32 is modified by adding the following:

A. The Contractor shall confine all work, equipment and personnel within the limits of the existing project rights-of-way and construction limits noted. The Contractor shall make no claim for additional payment for confining their operations within these areas.

<u>SC-34 MODIFICATIONS AND ALTERATIONS (GC-34</u>). The General Conditions GC-34 is modified by adding the following:

The Contractor may submit to the Engineer, in writing, proposals for modifying the Plans, Specifications or other requirements of this Contract for the sole purpose of reducing the total cost of construction. The cost reduction proposal shall not impair, in any manner, the essential functions or characteristics of the project, including but not limited to service life, economy of operation, and ease of maintenance, desired appearance, or design and safety standards.

Cost reduction proposals shall contain the following information:

- 1. A description of both the existing Contract requirements for performing the work and the proposed changes.
- 2. An itemization of the Contract requirements that must be changed if the proposal is adopted.
- 3. A detailed estimate of the cost of performing the Work under the existing Contract and under the proposed change.
- 4. A statement of the time within which the Engineer must make a decision thereon.
- 5. The Contract items of work affected by the proposed changes, including any quantity variation attributable thereto.

This Special Condition shall not be construed to require the Engineer to consider any cost reduction proposal which may be submitted hereunder; proposed change in basic design of a bridge or of a pavement type will not be considered as an acceptable cost reduction proposal; the County will not be liable to the Contractor for failure to accept or act upon any cost reduction proposal submitted pursuant to this section nor for any delays to the work attributable to any such proposal. If a cost reduction proposal is similar to a change in the Plans or Specifications for the project under consideration by the County at the time said proposal is submitted, the Engineer will not accept such proposal and the County reserves the right to make such changes without compensation to the Contractor under the provisions of this article.

The Contractor shall continue to perform the Work in accordance with the requirements of the Contract until an executed change order incorporating the cost reduction proposal has been issued. If an executed change order has not been issued by the date upon which the Contractor's cost reduction proposal specified that a decision thereon should be made, or such other date as the Contractor may subsequently have specified in writing, such cost reduction proposal shall be deemed rejected.

The Engineer shall be the sole judge of the acceptability of a cost reduction proposal and of the estimated net savings in construction costs from the adoption of all or any part of such proposal. In determining the estimated net savings, the right is reserved to disregard the Contract bid

prices if, in the judgment of the Engineer, such prices do not represent a fair measure of the value of work to be performed or to be deleted.

The County reserves the right where they deem such action appropriate to require the Contractor to share in the County's cost of investigating a cost reduction proposal submitted by the Contractor as a condition of considering such proposal. Where such a condition is imposed, the Contractor shall indicate their acceptance thereof in writing, and such acceptance shall constitute full authority for the County to deduct amounts payable to the County from any moneys due or that may become due to the Contractor under the Contract.

If the Contractor's cost reduction proposal is accepted in whole or in part, such acceptance will be by a Contract change order, which shall specifically state that it is executed pursuant to this Special Condition. Such change order shall incorporate the changes in the Plans and Specifications which are necessary to permit the cost reduction proposal or such part of it as has been accepted to be put into effect and shall include any conditions upon which the County's approval thereof is based on if the approval of the County is conditional. The change order shall also set forth the estimated net savings in the cost of performing the work attributable to the cost reduction proposal effectuated by the change order and shall further provide the Contractor be paid fifty percent (50%) of said estimated net savings amount.

Acceptance of the cost reduction proposal and performance of the work there under shall not extend the time of completion of the Contract unless specifically provided for in the contract change order authorizing the use of the cost reduction proposal.

The amount specified to be paid to the Contractor in the change order which effectuates a cost reduction proposal shall constitute full compensation to the Contractor for the cost reduction proposal and the performance of the work thereof pursuant to the said change orders.

The County expressly reserves the right to adopt a cost reduction proposal for general use on contracts administered by the County when it determines that said proposal is suitable for application to other contracts. When an accepted cost reduction proposal is adopted for general use, only the Contractor who first submitted such proposal will be eligible for compensation pursuant to this section, and, in that case, only as to those contracts awarded to them prior to submission of the accepted cost reduction proposal. Cost reduction proposals identical or similar to previously submitted proposals will be eligible for consideration and compensation under the provisions of this article if the identical or similar previously submitted proposals were not adopted for general application to other contracts administered by the County. Subject to the provisions contained herein, the County shall have the right to use all or any part of any submitted cost reduction proposal without obligation or compensation of any kind to the Contractor.

This article of the Specifications shall apply only to contracts awarded to the lowest bidder pursuant to competitive bidding.

The Engineer reserves the right to make, in writing, at any time during the Work, such changes in quantities and such alterations in the Work as are necessary to satisfactorily complete the project. Such changes in quantities and alterations shall not invalidate the Contract nor release the surety, and the Contractor agrees to perform the Work as altered.

If the alterations or changes in quantities significantly change the character of the Work under the Contract, whether or not changed by any such different quantities or alterations, an adjustment, excluding loss of anticipated profits, will be made to the Contract. The basis for the adjustment shall be agreed upon prior to the performance of the Work. If a basis cannot be agreed upon, then an adjustment will be made either for or against the Contract in such an amount as the Engineer may determine to be fair and equitable. If the alterations or changes in quantities do not significantly change the character of the Work to be performed under the Contract, the altered work will be paid for as provided elsewhere in the Contract.

The term "significant change" shall be construed to apply only to the following circumstances:

- a. When the character of the Work as altered differs materially in kind or nature from that involved or included in the original proposed construction or
- b. When a major item of work, as defined elsewhere in the Contract is increased in excess of 125 percent or decreased below 75 percent of the original Contract quantity. Any allowance for an increase in quantity shall apply only to the portion of the work in excess of 125 percent of original contract item quantity, or in case of decrease below 75 percent, to the actual amount of work performed.
- c. The Contractor's attention is called to Section 6.0, Item 6.2, Page 6 which allows the Countyto adjust the quantities upward or downward based upon the available funding. This may be in excess of the percentages noted above.

<u>SC-35 EXTRA WORK (GC-35</u>). The General Conditions GC-35 is modified as follows for numbers 2, 3 and 4:

- 2. An amount equal to 20% percent will be added to the bond, insurance and taxes and not the 6% noted in the General Condition.
- 3. An amount equal to 20% percent will be added to the materials and not the 15% noted in the General Condition.
- 4. An amount equal to 20% percent will be added to all rental costs and not the 15% noted in the General Condition.

SC-39 SUSPENSION OF WORK ON NOTICE (GC-39). The General Conditions GC-39 is modified by adding the following:

If the performance of all or any portion of the Work is suspended or delayed by the Engineer in writing for an unreasonable length of time (not originally anticipated, customary, or inherent to the construction industry) and the Contractor believes that additional compensation and/or contract time is due as a result of such suspension or delay, the Contractor shall submit to the Engineer, in writing, a request for adjustment within seven (7) calendar days of receipt of the notice to resume work. The request shall set forth the reasons and support for such adjustment. Upon receipt, the Engineer will evaluate the Contractor's request. If the Engineer agrees that the cost and/or time required for the performance of the Contract has increased as a result of such suspension and the suspension was caused by conditions beyond the control of and not the fault of the Contractor, it's suppliers, or subcontractors at any approved tier, and not caused by weather, the Engineer will make an adjustment (excluding profit) and notify the Contractor of their determination whether or not an adjustment of the Contract is warranted.

No contract adjustment will be allowed unless the Contractor has submitted the request for adjustment within the time prescribed.

No contract adjustment will be allowed under this clause to the extent that performance would have been suspended or delayed by any other cause, or for which an adjustment is provided for or excluded under any other term or condition of this Contract. No contract adjustment will be made for utility delays.

<u>SC-41 LAWS AND ORDINANCES (GC-41</u>). The General Conditions GC-41 is modified by adding the following:

No burning will be allowed.

SC-43 CHARACTER OF EMPLOYEES (GC-43). The General Conditions GC-43 is modified by adding the following:

Employees who may have occasion to speak with the general public must be able to communicate in clear English.

SC-45 UNFAVORABLE CONSTRUCTION CONDITIONS (GC-45). The General Conditions GC-45 is modified by adding the following:

The Contractor shall take precautions by watering or other means to ensure that excessive dust or lime does not become airborne during construction.

SC-46 BEGINNING, PROGRESS, AND TIME OF COMPLETION OF WORK (GC-46). The

General Conditions GC-46 is modified by adding the following:

A. The time for completion of the Work is an essential part of the Contract. It shall begin on the date stated in the Notice to Proceed, and shall be the number of working days as stated in the Proposal and in accordance with MoDOT Standard Specification Section 108, except as follows: "No working days will be counted from December 15 to March 15, both days inclusive <u>unless</u> work may proceed on a continuous basis beyond December 15 or may start or restart on a continuous basis before March 15. Working days will not be counted within this time frame after continuous work stops or before continuous work begins. Saturdays, Sundays, national holidays and holidays established by the laws of the state will not be counted as working days any time during theyear."

The Contractor's attention is directed to conditions of GC-44 and GC-46. Holidays: Saturdays, Sundays, and holidays established by the laws of the County will not be counted as working days.

2023 List of Jackson County, Missouri Holidays

President's Day	Monday, February 20
Truman's Birthday	Monday, May 8
Memorial Day	Monday, May 29
Juneteenth	Monday, June 19
Independence Day	Tuesday, July 4
Columbus Day	Monday, October 9
Veteran's Day	Friday, November 10

- B. The Contractor will need to coordinate with the County and/or their designated representative on the after-work week hours and weekend schedules. The standard work week hours that the Contractor can work are from 7:30 AM to 4:30 PM.
- C. Weekend work schedule(s) shall be coordinated and approved with the County prior to any construction.
- D. The Contractor shall take, at no additional cost to the County, whatever means are necessary including, but not necessarily limited to, working nights and weekends and double shifts, and providing temporary weather enclosures and temporary heat/ventilation during inclement weather to assure substantial completion of all work during the Contract

Jackson County, Missouri Invitation to Bid No. 23-008 Page 32

Time.

- E. Prior to starting work, a pre-construction conference will be held to discuss the project, its scheduling, and its coordination with the work of others. It is expected that this conference will be attended by representatives of the County, the Engineer, the Contractor and their subcontractors, and the striping contractor that is to accomplish the permanent striping, if applicable, as well as representatives of any other affected agencies which the County may wish to invite.
- F. Substantial Completion shall be the stage in the progress of the Work where the Work is sufficiently complete in accordance with the Contract Documents so that the County can occupy or utilize the Work for its intended user.

SC-49 LIQUIDATED DAMAGES (GC-49)

In accordance with GC-49, Liquidated Damages (also referred to as "Schedule of Deductions"), the Contractor will be assessed liquidated damages for each calendar day of delay in completion of work. See the following schedule:

	Calendar Day
Contract Amount	Assessment
\$25,000 to \$50,000	\$475
\$50,001 to \$100,000	\$500
\$100,001 to \$500,000	\$700
\$500,001 to \$1,000,000	\$950
\$1,000,001 to \$2,000,000	\$1,100

SC-50 TEST OF MATERIALS OFFERED BY CONTRACTOR (GC-50)

Modify GC-50, Tests of Materials Offered by Contractor, by adding the following:

- A. Testing and quality control shall be in accordance with the Technical Specifications. All testing shall be provided and paid for by the County except as outlined in the Technical Specifications.
- B. Submission of all Compliance Submittals shall be scheduled to permit review, fabrication, and delivery in time to cause no delay in the Work of the Contractor or their subcontractors or any other contractors as described herein. The Contractor shall allow fifteen (15) days for the County to review original submittals and/or re-submittals. However, the County will make every effort to promptly review such submittals and transmit comments to the Contractor.
- C. The Prime Contractor shall submit compliance submittals of materials furnished by subcontractors, manufacturers, and suppliers.

SC-54 DISPOSAL OF TRASH AND DEBRIS (GC-54)

The following is added to GC-54:

- A. Before the work will be accepted by the County, the Contractor shall be required to remove all aggregate and debris resulting from their operation, which also includes cleaning streets, ditches creeks, and driveways of earth, sod or other objectionable material and shall dispose of such debris off the project. This cleanup shall be limited to the project limits.
- B. Final Cleanup shall be at no additional cost to the County.

SC-59 ESTIMATED QUANTITIES (GC-59)

Add the following to the end of GC-59:

It is the intent of the Contract Documents that the total bid, as submitted, shall cover all work

required by the Contract Documents. All costs in connection with the Work, including furnishing of all materials, equipment, supplies and appurtenances; providing all necessary labor to fully complete the Work shall be included in the unit and lump sum prices named in the Bid. No item of work that is required by the Contract Documents for the proper and successful completion of the Contract will be paid for outside of, or in addition to, the prices submitted in the Bid. All such work not specifically set forth in the Bid as a pay item shall be considered a **SUBSIDIARY** obligation of the Contractor and all costs in connection therewith shall be included in the prices named in the Bid. On the Plans, or in the Specifications, certain quantities may be given which do not appear in the Bid. These quantities are given for the convenience of the Contractor only and are considered **SUBSIDIARY** for payment purposes as given above.

SC-60 MONTHLY ESTIMATES AND PAYMENTS (GC-60)

Modify GC-60, Monthly Estimates and Payments, by adding the following:

- d. The method of measurement and basis of payment for each item as listed in the Bid will be as stipulated in the sections of the Technical Specifications and on the Plans and in this article.
- e. There shall be no measurement or separate payment for any item of work which is not specifically identified and listed in the Proposal and all costs pertaining thereto shall be included in the contract unit prices for related items which are listed in the Bid.
- f. Pay limits given in the Specifications and Plans are maximum. Where actual quantities are less than as computed by said pay limits, the Contractor will be paid only for the actual quantities.
- g. All work completed under the Contract will be measured according to United States Imperial system. The method of measurement and computations to be used in determination of quantities of material furnished and of work performed under the Contract will be those methods generally recognized as conforming to good engineering practices.
- h. All materials, which are measured or proportioned by weight, shall be weighed on platform scales furnished by the Contractor, or on public scales at the Contractor's expense. The scales shall comply with all state laws governing the use of scales and shall be tested and sealed by an authorized public official, at the expense of the Contractor, as often as the County may deem it necessary to ensure their accuracy. The Contractor shall furnish the County a waybill for each truckload, signed by the weigh master and truck driver.
- i. The Contractor shall maintain a running balance of weights of materials versus areas covered, furnishing this data to the County, in order that corrections for overrun or under run may be made when desired.
- j. The County will not pay for, or be responsible for, unused materials, which may have been ordered by the Contractor in accordance with the quantities listed in the Bid.
- k. The Contractor shall make an approximate estimate of the value of the Work done and unused materials delivered for, and stored on, the site of the Work during the previous calendar month. The Contractor shall furnish to the County such detailed information as requested to aid them as a guide in the review of the payment application.
- I. The Contractor shall submit payment estimates or certificates of payment to the County.
- m. The County shall retain ten percent (10%) of each partial payment until completion and acceptance of the Work covered by the Contract and final payment isdue.

SC-63 FINAL ESTIMATE AND PAYMENT (GC-63)

General Conditions GC-63 is modified by adding the following:

The Contractor shall notify the Engineer when they have completed all work in accordance with the Specifications. Any items found to be incomplete or improperly constructed shall be listed, and the Contractor shall take prompt action to correct such items. Upon completion of all such work, a final inspection will be scheduled to include the Contractor's representative, the County's representative, and the Engineer. Should the Contractor fail to complete the items listed (thereby causing final inspection to be repeated), the cost of engineering or any other costs incurred by the County, due to such repeated inspections, shall be at the expense of the Contractor and will be deducted from the final contract amount.

SC-65 CLAIMS FOR ADJUSTMENT AND DISPUTES (GC-65)

General Conditions GC-65 is modified by adding the following:

Each Contractor must form their own opinion of the character and condition of materials to be encountered from an inspection of the site and from other such investigations as they may desire to undertake.

The Contractor is solely responsible for determination of existing conditions. All claims for adjustments in contract price or quantity of removals shall be denied.

END OF SECTION

TECHNICAL SPECIFICATIONS

TS-1 GENERAL

The latest editions of the following specifications are incorporated into the Contract Documents by reference:

- Missouri Standard Specifications for Highway Construction, Missouri Highways and Transportation Commission, current edition.
- American Public Works Association (APWA) Kansas City Metropolitan Chapter Standard Specifications, Sections 2000 through 2900, current edition.
- Manual on Uniform Traffic Control Devices (MUTCD), current edition.

Technical Specifications for the Work shall consist of the above referenced specifications with such revisions, amendments, and supplements as are contained herein. The Work shall be constructed in accordance with these Technical Specifications and any attached plans or drawings.

Any omission found in these Technical Specifications, the appropriate Standard Specification, shall govern the plans where applicable sections in the Standard Specifications arefound.

TS-2 MOBILIZATION

A. Description: This item shall consist of the preparatory work and operations, including, but not limited to, those necessary for the movement of personnel, equipment, supplies and incidentals to the project site, for the establishment of construction offices and other facilities necessary for work on the project, including contract bonds and insurance, and for all other work and operations that must be performed or costs incurred prior to beginning work on the various items on the project site.

B. Basis of Payment: No direct payment will be made for Mobilization and shall be **SUBSIDIARY** other bid items.

TS-3 DIFFERING SITE CONDITIONS

The following requirement is hereby added to the contract:

A. Prior to the beginning or during the progress of the Work, if subsurface or latent physical conditions are encountered at the site differing materially from those indicated in the Contract or if unknown physical conditions of an unusual nature, differing materially from those ordinarily encountered and generally recognized as inherent in the Work provided for in the Contract, are encountered at the site, the party discovering such conditions shall promptly notify the other party in writing of the specific differing conditions before they are disturbed and the affected work is performed.

B. Upon written notification the County will investigate the conditions and if they determine that the conditions of the pavement materially differ and cause an increase or decrease in the cost or time required for the performance of any work under the Contract, an adjustment will be made and the Contract modified in writing accordingly. The County will notify the Contractor of their determination whether an adjustment of the Contract is warranted.

C. No contract adjustment, which results in a benefit to the Contractor, will be allowed unless the Contractor has provided the required written notice.

TS-4 TRAFFIC CONTROL AND CONSTRUCTION SIGNING

A. The project shall be constructed open to through traffic. All advance-warning signs will be installed and maintained by the Contractor. Vehicular access to the driveways exiting onto the road shall be maintained and facilitated to the best of the Contractor's ability.

B. Traffic control and traffic control signs and devices shall conform to the Manual on Uniform Traffic Control Devices (MUTCD), latest edition, and to the requirements of Sections 612, 616, and 1063 of the Missouri Department of Transportation Standard Specifications except as herein modified.

Modify Section 616.4.1 to read as follows:

The Contractor shall furnish, install, maintain, clean and relocate all signs, drums, cones, barricades, delineators, object markers, flashing arrow panels, channeling devices, lights and other traffic control devices shown on the plans, or as directed by the County. All traffic control devices shall meet the requirements of the Manual on Uniform Traffic Control Devices (MUTCD), 2009 Edition. The Contractor shall replace any unacceptable device as soon as possible but not to exceed 24 hours after the Contractor had been notified.

The Contractor shall pay for all labor, equipment and materials to maintain traffic at the worksite. Said traffic control shall be in accordance with Chapter 6C, Temporary Traffic Control Elements (MUTCD 2009 Edition) and may include pilot vehicles and flagmen, radios, signage, etc.

Temporary Markings are required and shall be in accordance with Section 6F.78 of the 2009 Edition of the MUTCD. The Contractor shall coordinate all paving operations with the County so that the placement of the permanent pavement markings, which will be provided by the County or its agent, can be placed in a timely fashion. Placement of the temporary pavement markings shall be considered **SUBSIDIARY** to other bid items.

The Contractor shall submit a Traffic Control Plan for approval prior to the issuance of the Notice to Proceed. The plan shall show and explain in detail the Contractor's intent as to handling and maintaining traffic through the construction zones.

C. Replace Section 616.12, Basis of Payment, with the following:

For the Asphaltic Concrete Overlay portions of the work, signs and other traffic control devices specified in the traffic control plan or authorized by the County will be **SUBSIDIARY** to other bid items.

TS-5 RESIDENT AND BUSINESS NOTIFICATION

The Contractor is responsible for posting door hangers (See Appendix A) notifying residents (a minimum of 24 hours in advance) of upcoming construction. In the event that vehicles have not been moved after being notified, the Contractor shall be responsible for checking nearby residents to move the vehicle. If the vehicle remains an obstruction to construction activities, the County shall be responsible for contacting the Sheriffs' Department to alert them to the situation. The County will also arrange for towing service of the vehicle. Cars not moved will be towed to a nearby street out of the way of construction work. Resident and business

notifications are **<u>SUBSIDIARY</u>** to other bid items.

TS-6 ROAD PREPARATION

Jackson County Public Works Road & Bridge Division will provide all the road preparation such as base repair and patching prior to the asphalt overlay. It is the County's goal to have all this work completed by late Spring.

TS-7 ASPHALTIC CONCRETE OVERLAY

A. Asphaltic concrete pavement shall be in accordance with APWA Standard Specifications Section 2205, current edition.

B. The asphaltic concrete mix for the overlay shall be APWA RC Type 5-01 and meet the requirements of APWA Section 2205. The maximum recycled material used for the surface mix shall not exceed 40%.

C. On the chip sealed roadways, the Contractor shall place a surface wedge that matches the width of each driveway crossed to tie in the new roadway surface to the existing driveway. The maximum length shall be 10-feet.

D. On the chip sealed roadways, the Contractor shall cut a 2-inch header at the ends of the project and at each sideroad to match existing grade. Creating the headers shall be **SUBSIDIARY** to "Asphaltic Concrete Overlay (RC Type 5-01)".

E. Measurement shall be in accordance with Section 2205.10.B. This states that asphaltic concrete pavement will be measured per ton or tenth part thereof.

F. Payment for the asphaltic concrete mixture used in the Work will be made at the contract unit price bid for "Asphaltic Concrete Overlay (RC Type 5-01)". The unit price bid shall include all costs associated with the procurement, production, hauling, preparing surface for placement, tack coating, paving operation, temporary traffic control, compaction, and all other miscellaneous work required.

TS-8 TACK COAT

A. General: This work shall consist of treating a milled roadway base with bituminous material in accordance with these specifications, as shown on the Plans, or as directed by the County.

B. Asphalt Material: The type and grade of asphalt material to be used as tack coat shall be SS-1h or approved equal. The rate of application shall be 0.05 to 0.15 gallons per square yard.

Asphalt materials shall be approved by the County prior to use in the work. The County may accept a certified analysis by the material supplier laboratory when a copy of the certified analysis accompanies each shipment of asphalt to the project. The County reserves the right to perform tests of the asphalt material received on the job.

- C. Construction:
 - 1. Preparation of Existing Surface: The existing surface shall be free of dust, loose material, grease or other foreign material at the time the tack is applied. Preparation of the surface is to be performed by the Contractor before the tack is applied.

2. Application of Asphalt Material: Asphalt emulsion shall be applied uniformly with a pressure distributor at the rate specified above. Water may be added to the asphalt emulsion and mixed therewith in such proportion that the resulting mixture will contain no more than 50% of added water, the quantity of added water to be approved by the County. The application of the resulting mixture shall be such that the original emulsion will be spread at the specified rate. The asphalt emulsion shall be heated at the time of application to a temperature in accordance with the manufacturer's recommendation. The tack shall be properly cured and the tacked surface shall be cleaned of dirt and other foreign material before the next course is placed.

The tack coat shall be applied in such manner as to cause the least inconvenience to traffic and to permit one-way traffic without pickup or tracking of the asphalt emulsion.

D. Measurement: Tack coat for the project will not be measured.

E. Payment: The placement of tack coat, including the labor, materials, and roadway preparation, shall be **<u>SUBSIDIARY</u>** to Asphaltic Concrete Overlay (1.5")(RC Type 5-01).

TS-9 PRIME COAT

A. General: This work shall consist of treating a prepared roadway base with bituminous material in accordance with these specifications, as shown on the Plans, or as directed by the County.

- B. Material:
 - 1. Asphalt Material: The type and grade of asphalt material to be used as prime coat shall be MC-30 or MC-70. The rate of application shall be 0.1 to 0.3 gallons per square yard.
 - 2. Sand Cover: If used, the sand blot material shall be any clean granular mineral meeting the following grading requirements. When tested with laboratory sieves 100% shall pass the No. 4 sieve and not more than 2% shall pass the No. 200 sieve. The moisture content of the sand shall not exceed 3% by weight.
 - 3. Asphalt materials shall be approved by the County prior to use in the work. The County may accept a certified analysis by the material supplier laboratory when a copy of the certified analysis accompanies each shipment of asphalt to the project. The County reserves the right to perform tests of the asphalt material received on the job.
- C. Construction:
 - Preparation of Existing Recycled Asphalt Base (Crane Lane): The existing recycled asphalt base shall be swept and cleared of loose material. Refer to TS-13 Aggregate Base Compaction – Crane Lane. The Contractor is not required to grade or shape the existing surface to the standard County cross section. The cross slopes will be developed in the placement of the new asphaltic concrete surface.
 - 2. Application of Asphalt Material: Bituminous material shall be applied to the width of the section to be primed by means of a pressure distributor in a uniform, continuous spread. The subgrade shall be moistened before the prime is applied. The primer shall be heated at the time of application to a temperature in accordance the manufacturer's recommendation.

Care shall be taken that the application of bituminous material at overlap locations is not more than the specified quantity, per square yard. Building paper shall be placed over the end of the previous applications and the joining application shall start on the building paper. Building paper used shall be removed and satisfactorily disposed. Pools of primer material remaining on the surface after the application shall be removed.

- 3. Application of Sand Cover: If the asphalt material is not completely cured within the maximum specified curing time, sufficient sand shall be spread over the surface with a mechanical spreader to blot up the excess asphalt. The rate of application shall be sufficient to control the excess asphalt material. Prior to placing an asphalt paving course, all loose sand shall be swept from the primed surface.
- D. Measurement: Prime coat for the project will not be measured.

E. Payment: The placement of prime coat, including the labor, materials, roadway preparation, sand cover, and sweeping shall be **<u>SUBSIDIARY</u>** to Asphaltic Concrete Overlay (1.5")(RC Type 5- 01).

TS-10 COLD MILLING

A. General: This work shall consist of furnishing of all labor, materials and equipment for the performance of cold milling pavement surfaces as shown on the Plans. This work will consist of the removal of the existing surface, loading, hauling, and stockpiling, if required, of the milled material and the cleaning of the milled surface.

- B. Construction.
 - 1. Cold Milling Machine: The cold milling machine shall be self-propelled and able to automatically control grade and slope of the milled surface. Operate the automatic grade and slope control from a travelling stringline a minimum of 30 feet long, attached the milling machine and operating parallel to the direction of travel. Other methods of positive grade control may be used if approved by the County. The machine shall have the means of milling without damaging the remaining pavement (torn, gouged, shoved, broken, etc.). The machine shall be capable of blading the cuttings into a single windrow or depositing them directly into a truck.

It is desirable that the cutting width be greater than 6 feet. In the event the cutting width is less than 6 feet, a system of electronic grade control for consecutive passes will be required. The usage of cold milling machines of a lessor width will be allowed in areas necessitating it and electronic controls will not be required in these areas.

2. Methods of Operations for Milling: Street surfaces adjacent to manholes, water valves and other utility extensions shall be completely removed to the full depth of cut specified for the street unless otherwise specified by the County.

The drum lacing patterns shall produce a smooth surface finish after milling, with groove depths not to exceed 1/4 inch and groove spacing not to exceed 1 inch unless otherwise approved by the County.

3. Type of Cuts to be made by Milling: Sufficient passes shall be made such that all irregularities or high spots are eliminated, and that 100% of the surface is milled. In addition, the curb cut depth at the edge of the curb and at headers will be 1.5" where applicable.

- 4. Material Disposal: Pavement millings are the property of the County and shall be hauled to the locations indicated in Appendix B. Any changes to the haul locations shall be communicated with the County Inspector prior to making any changes.
- 5. Cleanup: All loose asphalt and debris shall be removed from the street surface and curb and gutter. Any material and debris that adheres to the curb and gutter shall be removed.
- 6. Opening to Traffic: If the milled area will be opened to traffic prior to surfacing, provide a smooth riding surface by either milling or placing a wedge of hot mix asphalt or other approved material of a thickness and design that will remain in place under traffic. The transition between the milled area and transverse joints shall be a minimum of 1 vertical to 24 horizontal. The transition between the milled surface and manholes, utility fixtures or other appurtenances shall be a minimum of 1 vertical to 12 horizontal. Transitions shall be removed prior to surfacing.

C. Measurement: Cold milling shall be measured per square yard or tenth part thereof for the specified depth.

D. Payment: Cold Milling will be made at the contract unit bid price for "1.5" Cold Milling".

TS-11 FORCE ACCOUNT

A. The Contractor shall perform other unforeseen work, for which there is no condition included in the Contract, whenever it is deemed necessary or desirable to complete the work as designated by the County. Such work shall be performed in accordance with the Standard Specifications and as directed by the Engineer.

B. Payment for the work performed under this Technical Specification shall be made in accordance with the Proposal unit prices where the requested work is covered by an item listed in the Proposal. If the work is not represented by a unit price listed in the Bid, payment will be in accordance with the General Conditions and more specifically GC-35, "Extra Work".

TS-12 ASPHALT CEMENT PRICE INDEX

A price adjustment will be applied to the percent of virgin asphalt binder used in the mix design of the asphaltic concrete approved for the project. Payment or deduction will be made through the Force Account line item. This price adjustment applies to only bid items "Asphaltic Concrete Overlay (1.5")(RC Type 5-01)". The Force Account (Asphalt Index) is a <u>NOT TO BE</u> <u>EXCEEDED</u> line item for this price adjustment.

The price index adjustment will us the following formula: Adjustment for Mix Placed During the

Month = $(B \times C) \times (D - E)$

 ${\sf B}$ = Tons of mix placed during the month of the average index period C = % of asphalt binder shown in the job mix formula

D = Monthly average price at time of placement E = Monthly average price at time of bid

The price index adjustment ("D - E" in above equation) will be based on pricing from the MoDOT Asphalt Price Index.

TS-13 PAVEMENT MARKING

Permanent pavement markings shall conform to the "Manual on Uniform Traffic Control Devices," (MUTCD) 2009 edition including Revision 1 dated May 2012 and Revision 2 dated May 2012. Permanent pavement markings shall conform to Section 620.20 "Permanent Pavement Marking", Section 1048 "Pavement Marking Material" of the Missouri Standard Specifications for Highway Construction, and APWA Standard Specifications Section 2306, current edition, except as modified by these Technical Specifications:

- A. Pavement Marking Removal:
 - 1. Pavement marking removal shall be in accordance with MoDOT Section 620.50 "PAVEMENT MARKING REMOVAL".
 - 2. Measurement: There shall be no measurement for the removal of any existing pavement markings that may be in conflict with the Work.
 - 3. Payment: Pavement Marking Removals shall be SUBSIDIARY to the payments for the contract unit price bid for various types of paint lines, arrows, etc. All pavement marking removal shall be per the Plans or as authorized by the County. Pavement markings shall be completely removed with minimal damage to the pavement. No more than five percent (5%) of the existing marking shall remain. The pavement surface shall not be left scarred with an image that misleads traffic. Any excess damage or scarring of the pavement shall be repaired at the Contractor's expense. The Contractor shall remove and replace, at the Contractor's expense, any finished markings that have the following deficiencies:
 - a) Drag marks, gashes, gouges, foreign covering, discolored areas, or areas that have failed to solidify.
 - b) Improper adhesion, length, or thickness
 - c) Ragged appearance with areas that do not present sharply defined edges.
 - d) Lateral deviation more than two inches in a length of 200 feet of marking.
- B. Pavement Marking Materials:
 - 1. Marking Definition for Striping.
 - a) 4" White/Yellow Edge Line (white/yellow longitudinal marking): A solid line on the right and left edge of a roadway.
 - b) 4" Yellow/White Skip: A broken line at the center of the roadway which consists of 10-foot-long stripes separated by 30-foot-long gaps.
 - c) 4" One Side No Passing (NP): The combination of a solid yellow line where no passing is required and a broken yellow line where passing is permitted.
 - d) 4" Double Yellow (yellow longitudinal marking): Two solid yellow lines at the center of a roadway where two direction no passing is required. Double centerlines should consist of 4" lines separated by a 4" space.
 - e) 4" Yellow Lines with 4" Dashed Lines (Broken Intermittent Median Lines) for Two-Way Left Turn Lanes TWLTL shall be placed in accordance with Appendix plans.
 - f) Drop-On Glass Beads: The drop-on glass beads shall be in accordance with MoDOT Section 620.30. The Contractor shall use Type P glass beads applied at the minimum rate of 10 lbs. per 100 square feet of surface area of pavement marking material. Drop-on glass beads shall be SUBSIDIARY to other unit price items on the bid form.

- 2. Aggressive Bond Preformed Thermoplastic Pavement Markings shall be in accordance with APWA Standard Specification Section 2306.7.D except as modified herein: This specification covers a white and yellow adhesive Preformed Thermoplastic reflectorized pavement marking material that is applied to road surfaces, including Portland Cement Concrete (PCC) and aged asphalt without need of a primer/sealer. The material is applied to the road surface in a molten state by mechanical means with surface application of glass beads. Upon cooling to normal pavement temperature, it produces an adherent reflectorized stripe of specified thickness and width with limited thermal/seasonal deformation. In order to qualify as a non-sealer Preformed Thermoplastic that can be applied to concrete surfaces without a sealer, the material must meet or exceed the requirements listed below.
 - a) Characteristics: The Preformed Thermoplastic material shall be homogeneously composed of pigments, resins, polymers (adhesive constituent), glass reflectorizing spheres and other fillers. The Preformed Thermoplastic material shall be available in a variety of surface delineation colors from the same manufacturer. The manufacturer shall have the option of formulating the material according to their own specifications.

However, certain physical and chemical requirements specified must be satisfied in order to qualify as a non-primed striping application for PCC and aged asphalt surfaces.

The material shall not exude fumes which are toxic or injurious to persons or properties upon heating to application temperature.

- b) Specific Gravity: The specific gravity of the white and yellow Preformed Thermoplastic pavement marking material shall not exceed 2.15.
- c) Composition: The pigment, intermix reflectorizing spheres, and fillers shall be uniformly dispersed in the resin and polymer upon heating to application temperature. The material shall be free of dirt and foreign matter and must meet or exceed the compositional requirements (percentage by weight) indicated below. The total resin/binder content must be 22% min. - 26% max. (weight) of total product ingredients.
- d) Measurement: Aggressive bond Preformed Thermoplastic pavement markings for each specific type will be measured per linear foot. Skip pattern lines shall be measured upon length of marked section. Dual pattern lines shall be measured at two times the marked section.
- e) Payment: Pavement markings shall be paid at the unit prices per the bid.
- 3. Preformed Thermoplastic Pavement Marking Symbols shall be in accordance with APWA Standard Specification Section 2306.7.E except as modified herein: This specification is for the furnishing of retroreflective Preformed Thermoplastic pavement marking symbol materials that can be adhered to asphalt, concrete, and Portland cement concrete pavements by means of heat fusion. The applied markings shall be very durable, oil and grease impervious and provide immediate and continuing retroreflectivity.
 - a) Characteristics: The preformed marking material shall consist of a resilient white and yellow polymer Preformed Thermoplastic with uniformly distributed glass beads throughout its entire cross section.

Preformed words and symbols shall conform to the applicable shapes and sizes as prescribed in the latest revision of the Manual on Uniform Traffic Control Devices (MUTCD).

The preformed markings shall be fusible to asphalt concrete and Portland cement concrete pavements by means of the normal heat of a propane type of torch. Adhesives, primers or sealers shall not be used prior to the preformed marking application on asphalt concrete and Portland cement concrete pavements.

The preformed markings shall conform to pavement contours, breaks and faults through the action of traffic at normal pavement temperatures. The markings shall have resealing characteristics and be capable of fusing to itself and previously applied worn hydrocarbon and/or alkyd Preformed Thermoplastic pavement markings.

The preformed markings shall be capable of application on new, dense and open graded asphalt concrete wearing courses during the paving operation in accordance with the manufacturer's instructions. After application, the markings shall be immediately ready for traffic. The preformed markings shall be suitable for use for one year after the date of receipt when stored in accordance with the manufacturer's recommendations.

The Preformed Thermoplastic markings shall not be brittle and must be sufficiently cohesive and flexible at temperatures exceeding 50° F for one person to carry without the danger of fracturing the material prior to application. Temperature for Preformed Thermoplastic pavement markings: For the Preformed Thermoplastic Reflectorized Permanent Pavement Marking the pavement and ambient air temperatures shall be 50° F and rising, and the thermoplastic material shall be applied in a melted state at a temperature of 400° F to 425° F. The temperature of the thermoplastic in the shaping die shall be maintained at the manufacturer's recommended application temperature, but in no case shall the temperature fall below 400° F or exceed 450° F. Preformed Thermoplastic minimum thickness: The finished lines shall have well defined edges and be free of waviness. All lines will have minimal dribbles, runs and overlaps. In the event that thermoplastic long lines must stop and then continue, the restart shall line up to within 0.5 inches of the existing long line and maintain a totally straight line. The minimum thickness of thermoplastic cross-section of lines shall be not less than 90 mils near the edges, nor less than 125 mils at the center, which shall be continuous and uniform in shape, and have clear and sharp dimensions. The drop-on glass beads shall be applied at a rate of one pound per 20 square feet of line.

- b) Composition: The retroreflective pliant polymer Preformed Thermoplastic pavement markings shall consist of a homogeneous mixture of high quality polymeric Preformed Thermoplastic binders, pigments, fillers and glass beads. The Preformed Thermoplastic material must conform to AASHTO M 249 with the exception of the relevant differences due to the material being supplied in a preformed state.
- b) Retroreflectivity: The Preformed Thermoplastic marking shall upon application exhibit uniform adequate nighttime retroreflectivity when tested in accordance with ASTM E 1710. At 86 degree 30-feet incidence angle and 1 degree 30-feet divergence angle, the markings shall have average minimum intensities of 350

millicandelas for white and 175 millicandelas for yellow as measured with a Mirolux or LTL-2000 retroreflectometer. Follow manufacturer's instructions for use.

Using a Taber Abraser with an H-18 wheel and a 4.4 ounce load, the sample shall be inspected at 200 cycles, under a microscope, to observe the extent and type of bead failure. No more than 15% of the beads shall be lost due to popout and the predominant mode of failure shall be "wear down" of the beads.

- d) Measurement: Preformed Thermoplastic pavement marking symbols for each specific type will be measured per Each for the Durable Pavement Marking and Durable Intersection Pavement Markings Materials in accordance with MODOT Standard Specifications.
- e) Payment: Pavement markings shall be paid at the unit prices per the bid.
- 4. Acrylic waterborne pavement markings shall be in accordance with Section 620.20 "Permanent Pavement Marking" and Section 1048.20.1.1 "Standard Acrylic Waterborne Pavement Marking Paint", except as modified herein.
 - a) Temperature for Paint pavement markings: For Acrylic Waterborne Permanent Pavement Marking applications, the pavement surface temperature and ambient air temperatures shall be above 50 degrees Fahrenheit and rising before marking operations may begin. Painting shall not be performed when painted surfaces may become damaged by rain, fog or condensation. Paint shall not be applied if the forecast conditions for the eight hours immediately following final application include precipitation or temperatures below 50° F. Paint may be heated to a maximum temperature of 120° F before application.
 - Thickness and glass beads: Waterborne paint shall be applied to a minimum b) wet thickness of 20 mils. The mil thickness shall be increased as needed to account for the porosity of the pavement and to achieve a target bead embedment of 60%. The Type P Glass beads shall be applied evenly at a minimum rate of 10 pounds per 100 square feet of surface area of pavement marking material. Glass beads shall be applied evenly and shall completely cover the painted area. If beads do not embed properly in the paint, all marking operations shall cease until the Contractor can demonstrate that the problem has been corrected. The glass beads shall appear uniform on the entire marking surface. The cured paint shall properly adhere to the pavement surface. If the marking paint does not provide initial retroreflectivity or if the marking does not have the required minimum thickness or required color, the Contractor shall re-apply the marking paint to the required thickness, at the Contractor's expense, and shall meet all requirements as previously described in these Technical Specifications.
 - c) Measurement: Acrylic waterborne pavement markings for each specific type will be measured per linear foot and symbols per each. Skip pattern lines shall be measured upon length of marked section. Dual pattern lines shall be measured upon the length of marked section.
 - d) Payment: Pavement markings and symbols shall be paid at the unit prices per the bid
- C. Completed traffic stripes shall have clean and well-defined edges, shall be uniform, shall

be straight on tangent alignment, and shall be on a true arc on curved alignment. The widths of completed traffic stripes shall not deviate more than 1/4-inch on tangent nor more than 1/2-inch on curves from the required widths. Broken traffic stripes shall also conform to these requirements.

- D. Permanent Pavement Marking paint shall be applied to a wet thickness of no less than 20 mils. The mil thickness shall be increased as needed to account for the porosity of the pavement and to achieve a target bead embedment of 60%. The wet film thickness of the applied paint shall be tested by the contractor with a paint thickness gauge or by other methods approved by the County.
- E. The lengths of the gaps and individual stripes that form broken traffic stripes shall not deviate more than two inches from the lengths required. The lengths of the gaps and individual stripes shall be of such uniformity throughout the entire length of each broken traffic stripe that a normal striping machine will be able to repeat the pattern and superimpose additional coats of paint upon the traffic stripe being painted.
- F. Drips, over spray, improper markings, and paint tracked by traffic shall be immediately removed from the pavement surface by methods approved by the County. All such removal work shall be at the contractor's expense.
- G. Traffic stripes and pavement markings shall be applied only on dry surfaces and only during periods of favorable weather.
- H. Surfaces which are to receive traffic stripes and pavement markings shall be cleaned of all dirt and loose material. Newly chip sealed roads shall be swept to remove any loose chips but not damage the chip seal surface.
- I. All equipment used in the application of pavement markings and symbols shall produce uniform quality that conform to the specified requirements. The striping machine shall be capable of accurately superimposing succeeding coats upon the first coat and upon existing markings at a speed of at least five miles per hour.
- J. Newly placed pavement markings shall be protected from damage by traffic or other causes until they are thoroughly dry and set.
- K. Traffic control shall be in accordance with the MUTCD and with directions issued by the County. The County shall determine the adequacy of the traffic control procedures or devices in use and may halt the marking operations until adequate protective measures are taken. Traffic Control shall be SUBSIDIARY to unit price bid for the various pavement markings items.
- L. The pavement marking work on this project shall be scheduled and completed in a manner to provide the least interference with vehicular traffic without complete street closures or detours. Pavement marking work must be scheduled to avoid congestion, or hazard to the public and to provide the most satisfactory appearance of the work.
- M. The Contractor shall provide a pilot vehicle to lead and a chase vehicle to follow the paint truck while paint is being applied. The pilot vehicle and the chase vehicle shall have an arrow board and appropriate signs in accordance with the MUTCD.
- N. The pavement surface temperature and air temperature as specified for both Paint and Preformed Thermoplastic within these Technical Specifications shall be determined before the start of each day of marking operation and at any other time deemed necessary by the County. Temperatures shall be obtained with appropriate devices

using the manufacturer's recommended procedure. The pavement markings shall not be applied if the pavement shows any visible signs of moisture or it is anticipated that damage causing moisture, such as rain showers, may occur during the installation and curing periods.

- O. The surface on which markings are to be placed shall be clean and dry. The street surface shall be cleaned of debris, sand, or any other deleterious material by sweeping and or use of jets of compressed air immediately preceding the application of markings. New Asphaltic Concrete Overlay Surfaces and New Chip Seal pavements shall be blast-cleaned to remove all curing compounds.
- P. The County reserves the right to take reasonable samples from the Contractor's stock of materials at any time during the project and submit same for testing. Substitutions of materials or changes in the supplier will not be allowed without written consent of the County.

END OF SECTION

DOOR HANGER NOTIFICATION

Your street has been designated for roadway maintenance. Surface milling and resurfacing operations will begin tomorrow. We apologize for any inconvenience this may cause.

ALL CARS MUST BE OFF THE STREET.

MILLING AND HOT- MIX ASPHALT OVERLAY:	The first step is to mill off the top few inches of the roadway surface. Repairs to the pavement may also be completed during this first step. The final step will be the placement of the hot-mix asphalt pavement surface.
TOMORROW:	Your assistance is requested! Weather permitting, the Contractor will be blocking off your street at 7:00 AM to begin the roadway milling or pavement overlay. <u>Cars not moved will be towed to a nearby street</u> <u>out of the way of construction work.</u> In addition, please turn off sprinklers during the daytime hours during construction. Water will damage new asphalt paving and cause premature potholing. When the barricades are taken down later in the day, you may use the street.
IN CASE OF RAIN:	Construction operations will be postponed if it rains. Paving may start on the first day of dry weather without any additional notice. If unable to complete pavement overlay in one (1) day, the street will be open overnight but closed the next morning at 7:00 AM.
QUESTIONS?	Call the Contractor at Thank you for your assistance.

AFFIDAVIT

STATE OF	Missouri)	
COUNTY OF	Jackson) SS.	

 Mathew Bowen
 of the city of
 Kansas City

 County of
 Jackson
 State of
 Missouri

 being duly sworn on her or his oath, deposes and says,

- 1. That I am the <u>Vice President</u> (Title of Affiant) of <u>Superior Bowen Asphalt Co, LLC</u> (Name of Bidder) and have been authorized by said Bidder to make this Affidavit upon my best information and belief, after reasonable inquiry as to the representations herein.
- No Officer, Agent or Employee of Jackson County, Missouri is financially interested directly or indirectly what Bidder is offering to sell to the County pursuant to this Invitation (though no representation is made regarding potential ownership of publicly traded stock of bidder).
- 3. If Bidder were awarded any contract, job, work or service for Jackson County, Missouri, no Officer, Agent or Employee of the County would be interested in or receive any benefit from the profit or emolument of such.
- 4. Either Bidder is duly listed and assessed on the tax rolls of Jackson County, Missouri and is not delinquent in the payment of any taxes due to the County or Bidder did not have on December 31, 2022, any property subject to taxation by the County and if bidder is duly listed and assessed on the tax rolls of Jackson County, Missouri, bidder agrees to permit an audit of its records, if requested by the Jackson County Director of Assessment, as they relate to the assessment of Business Personal Property.
- 5. Bidder has not participated in collusion or committed any act in restraint of trade, directly or indirectly, which bears upon anyone's response or lack of response to the Invitation.
- 6. Bidder certifies and warrants that Bidder or Bidder's firm/organization is not listed on the General Services Administration's Report of Debarred and/or Suspended Parties, or the State of Missouri and City of Kansas City, Missouri Debarment List.
- 7. Bidder certifies and affirms its enrollment and participation in a federal work authorization program with respect to the employees working in connection with the contracted services.
- 8. Bidder certifies and affirms that it does not knowingly employ any person who is an unauthorized alien in connection with the contracted services.

JACKSON COUNTY, MISSOURI MBE/WBE/VBE PARTICIPATION AFFIDAVIT

ITB/RFP/RFQ Number: 23-012

ITB/RFP/RFQ Title: <u>Pavement Maintenance – Mill and Overlay</u>

Contracting Department: Public Works Department

Respondent: _____ Superior Bowen Asphalt Co, LLC

I, ______, of lawful age and upon my oath state as follows:

1. This Affidavit is made for the purpose of complying with the provisions of the MBE/WBE/VBE submittal requirements on the above ITB/RFP/RFQ and the MBE/WBE/VBE Program and is given on behalf of the Respondent listed above.

The goals set by Jackson County, Missouri are:

<u>9.5</u> %MBE <u>11.7</u> %WBE <u>9.5</u> %VBE

2. Bidder stipulates that it will utilize a minimum of the following percentages of MBE/WBE/VBE participation in the above bid:

<u>9.5</u> %MBE <u>11.7</u> %WBE <u>0.0</u> %VBE

	<u>11.7</u> %wbe	<u>11.7%</u> WBE <u>0</u> VBE AMT AWARDED:		

Harry S. Truman, Presiding Judge 1927-1934

ACKNOWLEDGMENT

Respondent acknowledges that it is responsible for considering the effect that any change order and/or amendments changing the total contract amount may have on its ability to meet or exceed the subcontractor participation goals.

List of Intended Subcontractors:

Respondent acknowledges that it is responsible for submitting a List of Intended Subcontractors (LIS) prior to receiving a contract award as a result of its response to the above ITB/RFP/RFQ. This affidavit in conjunction with the LIS constitutes the Contractor's Utilization Plan (CUP), which sets out the Respondent's plan to utilize MBE and/or WBE and/or VBE prime and subcontractors on the awarded contract. The CUP is contractually binding and any changes to either document must follow a modification process as described below.

Good Faith Effort:

Respondent further acknowledges that it is responsible for submitting a Good Faith Effort Form if it will be unable to meet the participation goals. A Good Faith Effort Form documents the efforts a respondent puts forth to achieve the MBE and/or WBE and/or VBE goals on a project. Simply stating that goals cannot be met is not considered sufficient.

Contractor Modification Form:

If, at any point during the life of the awarded contract, the contractor needs to substitute an approved subcontractor a **Contractor Modification Form** must be submitted to the Compliance Review Office.

Any Good Faith Effort or Contractor Modification Form must be approved by the Compliance Review Office.

Contact the Compliance Review Office for assistance or to request forms.

I hereby certify that I am authorized to make this Affidavit on behalf of the Respondent named below and who shall abide by the terms set forth herein. I acknowledge that the assigned values determined by this CUP shall be enforceable under the contract terms and conditions.

COMPLIANCE REVIEW OFFICE 415 E 12TH STREET, 2ND FLOOR KANSAS CITY, MISSOURI 64106 (816) 881-3302 FAX (816) 881-3340 CRO@JACKSONGOV.ORG WWW.JACKSONGOV.ORG/AUDITOR

List of Intended Subcontractors (LIS)

Bid/Project Number:	23-012 Pavement Maintenance-Mill and Overlay
Respondent:	Superior Bowen Asphalt Co. LLC
Using Dept:	Public Works
CRO Program(s):	CH. 6 MWVBE Goals/ CH. 19 Prevailing Wage
Approved Goals:	<u>9.5%</u> MBE <u>11.7%</u> WBE <u>0%</u> VBE

Complete the below information and return it to the Compliance Review Office (CRO) at <u>CRO@jacksongov.org</u> by the date indicated in red below. Once this form is received, it will be reviewed by both the CRO and the using department. Contract award will not be given unless approval of this form is completed. The information provided will be used as contact information on this project throughout the duration of the contract. If a change in contact information is needed, notify the CRO at <u>CRO@jacksongov.org</u> with the updated information.

This form (List of Intended Subcontractors), in conjunction with the MBE/WBE/VBE Participation Affidavit previously submitted, is made for the purpose of complying with the provisions of the MBE/WBE/VBE submittal requirements on the above ITB/RFP/RFQ and the MBE/WBE/VBE Program and is provided on behalf of the Respondent listed above. It sets out the Respondent's plan to utilize MBE and/or WBE and/or VBE prime and/or subcontractors as well as all other subcontractors on the resulting awarded contract.

The contractors listed on Pages 3-5 are Subcontractors to be utilized on the above-named solicitation. **Respondent** maintains that it either has a formal contract or a conditional contract contingent upon award with each listed subcontractor.

Instructions:

- The MBE/WBE/VBE Affidavit and List of Intended Subcontractors (LIS) must be filled out in its entirety. No blanks or skipped information will be accepted.
- Indicate the MBE/WBE/VBE certification which you intend to utilize for credit for each certified subcontractor. No subcontractor will receive credit for more than one certification even if that subcontractor is dually certified.
- If the Respondent is a certified MBE/WBE/VBE, it should list itself as a subcontractor and indicate the percentage to be self-performed on the project.
- Suppliers only need to be listed if the respondent plans to receive MBE/WBE/VBE credit for them.
- If, at any point during the life of the awarded contract, the contractor needs to substitute an approved subcontractor, a **Contractor Modification Form** must be submitted to the Compliance Review Office. Any Contractor Modification Form must be approved by the Compliance Review Office.

# JACKSON COUNTY **Public Works Department**

Jackson County Technology Center 303 West Walnut Street Independence, Missouri 64050 iacksongov.org

(816) 881-4530 Fax: (816) 881-4448

March 15, 2023

Mr. Mike Morrison Superior Bowen Asphalt Company 520 West Pennway, Suite 300 Kansas City, MO 64108

Subject: Bid Submittal Adjustment 2023 Pavement Maintenance Program - Mill and Overlay County Project 3273; County Bid No. 23-008

Dear Mr. Morrison:

Our staff has reviewed your bid submittal for the above referenced project and will be submitting a Request for Legislative Action (RLA) to award the contract to Superior Bowen Asphalt Company with two modifications. Your bid exceeded our budget (\$1,451,600.00). Therefore, the County will be exercising Item 6.0 Public Works Information and Forms, 6.2 Bid Quantities which says, "The County reserves the right to adjust the quantities up or down to any and all bid items to accommodate the available funds." The changes required will be as follows:

- 1. Reduce Line Item 1: Asphaltic Concrete Overlay (RC Type 5-01)(40%) from 13,671 tons to 12.496 tons.
- 2. Reduce Line Item 2: 1.5" Cold Milling from 154,311 square yards to 141,051 square yards.

These changes will reduce the contract to \$1,451,436.16. If your company accepts these changes, please acknowledge below and return to me to submit with the RLA. If you have any questions, please feel free to call me at (816) 881-4499.

Sincerely, **JACKSON COUNTY PUBLIC WORKS** 

Eric L. Johnson County Public Works, Soc. .... CN=Eric L. Johnson Reason: 1 am approving this document Date: 2023.03.15 07:52:51-05'00'

Frank White, Jr., County Executive

# IN THE COUNTY LEGISLATURE OF JACKSON COUNTY, MISSOURI

**A RESOLUTION** transferring \$54,545.00 within the 2023 Sheriff's Revolving Fund and awarding a contract for the purchase of a full-size SUV for use by the Sheriff's Office to Corwin Motors of Springfield, LLC, of Springfield, MO, under the terms and conditions of State of Missouri Contract No. CC222374003, an existing competitively bid government contract, at an actual cost to the County in the amount of \$54,545.00.

**RESOLUTION NO. 21231**, April 17, 2023

**INTRODUCED BY** Manuel Abarca IV, County Legislator

WHEREAS, the Sheriff's Office has a need for a full-size patrol SUV; and,

WHEREAS, pursuant to section 1030.4 of the Jackson County Code, the Sheriff and Director of Finance and Purchasing recommend the award of a contract for the furnishing of a full-size SUV for use by the Sheriff's Office to Corwin Motors of Springfield, LLC, of Springfield, MO, under the terms and conditions of an existing competitively bid state of Missouri Contract No. CC222374008, at an actual cost to the County in the amount of \$54,545.00; and,

WHEREAS, award under the state contract is recommended due to the significant discounts offered to larger entities; and,

WHEREAS, in order to cover the purchase, a transfer is necessary; now therefore,

BE IT RESOLVED by the County Legislature of Jackson County, Missouri, that the following transfer within the 2023 Sheriff's Revolving Fund be and hereby is made:

#### Introduction

Action Items: ['Award', 'Transfer']

#### Project/Title:

Transferring \$54,545 within the 2023 Sheriff's Revolving Fund and awarding a contract to purchase a 2022 Dodge Durango for use by the Sheriff's Office from Corwin Motors of Springfield, LLC of Springfield, MO, under the terms and conditions of State of Missouri Contract No. CC222374003, an existing competitively bid government contract.

#### **Request Summary**

The Sheriff's Office is requesting the purchase of a new 2022 Dodge Durango at a total cost to the County of \$54,545. Corwin Motors of Springfield, LLC responded to the Motor Vehicle Price Quote Request Form (PQF) issued by the Sheriff's Office with an "off the lot" quoted total price of \$54,545 for the 2022 Dodge Durango VIN 1C4SDJCT6NC228230.

Pursuant to Section 1030.4 of the Jackson County Code, the Sheriff's Office recommends the purchase of the 2022 Dodge Durango for \$54,545 from Corwin Motors of Springfield, LLC of Springfield, MO, under the terms and conditions of State of Missouri Contract No. CC222374003, an existing competitively bid government contract. As noted above, Corwin Motors of Springfield, LLC provided the Price Quote Request Form as required by the contract.

# IN THE COUNTY LEGISLATURE OF JACKSON COUNTY, MISSOURI

**A RESOLUTION** authorizing the County Executive to execute a Management Agreement with the Downtown Community Improvement District for the furnishing of maintenance and safety-related services at the Oppenstein Brothers Memorial Park in the Central Business District Loop of downtown Kansas City, MO, at an annual cost to the County not to exceed \$75,000.00.

**RESOLUTION NO. 21232**, April 17, 2023

INTRODUCED BY Charlie Franklin, County Legislator

WHEREAS, since 2003, the Legislature has authorized a succession of Management Agreements with the Downtown Community Improvement District (DCID) for the furnishing of maintenance and safety-related services at the County's properties located in the Central Business District loop of downtown Kansas City, MO, including Oppenstein Brothers Memorial Park; and,

WHEREAS, the Director of Jackson County Parks+Rec recommends execution of the new successor Management Agreement with the DCID for this purpose; and,

WHEREAS, under this successor Agreement the DCID will continue to manage and operate, on behalf of the County, properties located in the Central Business District loop of Kansas City, MO, including Oppenstein Brothers Memorial Park; and,

WHEREAS, services to be provided by the DCID include day-to-day maintenance of the park, grounds cleaning, mowing, snow removal, landscaping, and safety patrol operations; and,

WHEREAS, the annual cost of the Agreement will be \$75,000.00, which is the same annual cost that the County has been paying most recently; and,

WHEREAS, the Agreement will be renewable for up to four additional years; and,

WHEREAS, the execution of this Agreement is in the best interests of the health, welfare, and safety of the citizens of Jackson County; now therefore,

BE IT RESOLVED by the County Legislature of Jackson County, Missouri, that the County Executive be and is hereby authorized to execute the Agreement on behalf of the County; and,

BE IT FURTHER RESOLVED that the Director of the Department of Finance and Purchasing be and hereby is authorized to make all payments including final payment on the agreement, to the extent that sufficient appropriations are included in the then current County budget. Effective Date: This Resolution shall be effective immediately upon its passage by a majority of the Legislature.

APPROVED AS TO FORM: Chief Debuty County Counselor

#### Introduction

Action Items: ['Authorize']

#### Project/Title:

A RESOLUTION authorizing the Director of Jackson County Parks + Rec to execute a Management Agreement with the Downtown Community Improvement District for the furnishing of maintenance and safety-related services at the County's Oppenstein Brothers Memorial Park in the Central Business District loop of downtown Kansas City, MO, at an annual cost to the County in the amount of \$75,000.00.

#### **Request Summary**

Since 2003 Jackson County has partnered with the Downtown Community Improvement District for management and maintenance services at the County's Oppenstein Brothers Memorial Park located at 1123 Walnut Street in Kansas City. Under the Agreement, the DCID is responsible for day-to-day maintenance and security at the park, including trash removal, basic repairs, vegetation maintenance, the placing of tables and chairs for patron use, and providing Park Ambassadors and security personal to assist park patrons. Funding for the Agreement is included in the Parks Department's 2023 Budget within account line 003-1607-56732. Expenditures made under this Agreement are consistent with Jackson County Code Section 1030.7, purchases from Tax Exempt Organizations and Agencies.

# PARK MANAGEMENT AGREEMENT

### for

# **OPPENSTEIN BROTHERS MEMORIAL PARK**

THIS PROPERTY MANAGEMENT AGREEMENT (the "Agreement") is made and entered into as of \_\_\_\_\_\_\_, 2023, by and between Jackson County, Missouri, (the "Owner"), and the Downtown Community Improvement District, (the "Manager").

# WITNESSETH:

WHEREAS, the Owner is the owner of certain real property commonly known as Oppenstein Brothers Memorial Park located in the City of Kansas City, County of Jackson, State of Missouri (the "Property") described as a public park; and

WHEREAS, the Owner desires to engage the Manager to manage and operate the Property, and the Manager desires to render such management services to the Owner, upon and subject to the terms and conditions set forth below.

NOW, THEREFORE, in consideration of \$75,000 annual payment, subject to appropriation, from Owner to Manager and agreements set forth below, Owner and Manager agree as follows:

# 1. Engagement of Manager, Term

Owner engages Manager and Manager agrees to serve as, the sole and exclusive Manager in connection with the Property for the period of three (3) years commencing on the date of full execution of this agreement and upon the terms and conditions hereinafter set forth below.

# 2. Duties

Manager shall provide the following services with regard to the Property:

# (a) Maintenance

1. Supervise and direct the maintenance operation of the Property on behalf of Owner and for Owner, in an efficient and satisfactory manner and to the best of its abilities.

- 2. Sweep the Property four (4) times each day.
- 3. Remove trash, debris, including vegetative debris, or any other matter each day.
- 4. Promptly remove graffiti from any park surface each day.
- 5. Power wash the Property as needed.

6. Promptly report any repairs needed of capital equipment (water lines, lighting, park benches, trash cans, etc.) to Owner.

7. Provide all turf/vegetation maintenance each year of the Agreement from the months of March through October. This maintenance will include all mowing, trimming, edging, fertilizing, shrub and low tree trimming, and herbicide/pesticide application. The Manager will be given, by the Owner, an application schedule for all lawn chemicals and a minimum of four hours of training and instructions as needed.

8. Provide all maintenance, repair and replacement (if desired) to any permanent or temporary structures that were installed by the Manager, with the approval of the Owner.

9. Place all tables and chairs out each morning and remove each night.

10. Remove snow and ice from grounds when needed to provide, at a minimum, a four (4') wide cleared pathway through the Property. Appropriately treat surfaces after clearing.

# (b) Safety

1. Supervise and direct the safety operation of the Property on behalf and for the Owner, in an efficient and satisfactory manner and to the best of its abilities:

2. Patrol the Property four (4) times each day and respond to calls for service.

3. Station a Safety Ambassador, or an off-duty police officer as needed, in the park during the hours of 11:30 AM to 1:30 PM and during the evening and night time hours until the park closes.

4. Coordinate communications with the Kansas City Police Department.

5. Distribute service information with the CID kiosk as needed.

6. Distribute homeless service cards as needed and facilitate the removal of any illegal camping on the Property.

# (c) **Programs**

1. Request (through the Owner's Special Use Permit Application Process) the use of the Property for all special events at least thirty-days in advance of the event.

2. Apply for all required permits identified through the Special Use Permit Application process.

3. Coordinate fundraising efforts for festivals, events and art installations.

# (d) **Property Improvements**

1. Develop and implement an annual Property Improvement Plan in consultation with the Owner.

2. For 2023 the Plan shall include the installation of synthetic turf in the mutually agreed upon areas on the north and east sides of the Property.

# 3. Insurance

(a) Manager shall take out and keep in force during the term of this Agreement, at its own cost and expense, commercial general public liability with limits of \$1,000,000 per occurrence and \$2,000,000 annual aggregate (both general and products-completed operations), to protect the Owner against any liability to persons or property incident to Manager's use of or resulting from any accident occurring in or about the Property that shall be due to, arise out of, result from, or in any way connected to the use or occupancy of the Property by the Manager or any other party acting by or through Manager.

(b) The policy of insurance required under Subsection (a) above shall be primary and noncontributory, shall be issued by an insurance company licensed to do business in Missouri, shall name the Owner as additional insured, and shall provide that the policy cannot be canceled or not renewed without first giving thirty (30) days written notice of such to the Owner. The Manager shall furnish to the Owner, on an annual basis, evidence reasonably satisfactory to the Owner that the insurance required herein is in full force and effect.

# 4. Notice

Any notice, request, instruction or other communication to be given to either party hereunder shall be in writing and shall be conclusively deemed to be delivered when personally delivered or when (a) transmitted by facsimile number indicated below follow with mailing by regular United States mail; (b) deposited for overnight delivery with an overnight courier such as Federal Express, Airborne, United Parcel Service or other overnight courier service; or (c) deposited in the United State mail, sent by certified mail, return receipt requested, and such notices are addressed to:

# 5. Termination

This Agreement can be terminated by either party by providing 120 days' written notice. In the event that the Manager terminates the agreement, any yearly service's fees that have been paid in advance will be refunded to the Owner at a monthly pro-rated amount.

# 6. Financial Responsibility.

Manager shall be solely responsible for all costs associated with daily maintenance, operation, security, programming, and improvement of the Property during the term of this Agreement and any extensions thereof.

1. Payments by Owner to Manager. Subject to appropriation, Owner agrees to pay Manager the total amount of \$75,000 for the first year of this Agreement, in one installment upon execution of this Agreement, and an additional \$75,000 per year for the remaining two years of the agreement, subject to the performance of all terms and conditions by the Association.

2. Conditions for Payments. Funding for 2023, and any future years, shall be subject to annual budget approval by County. For each year of appropriation, Manager shall prepare and submit to Owner a budget outlining anticipated expenditures.

# 7. Independent Contractor

The Manager shall work as an independent contractor and not as an employee of the County. The Manager shall be subject to the direction of the County only as to the result to be accomplished and not as to the means and methods for accomplishing the result.

# 8. Severability

If any covenant or other provision of this Agreement is invalid, or incapable of being enforced, by reasons of any rule of law or public policy, all other conditions and provision of this Agreement shall nevertheless remain in full force and effect and no covenant or provision shall be deemed dependent upon any other covenant or provision unless as expressed herein.

# 9. Incorporation

This Agreement incorporates the entire understanding and agreement of the parties.

**IN WITNESS WHEREOF,** THE PARTIES HAVE EXECUTED THIS Agreement as of the date and year first above written.

### Introduction

Action Items: ['Authorize', 'Transfer']

### Project/Title:

Transferring \$21,000 within the COMBAT's 2023 Dept. 4401 budget to cover costs for temporary office administration services.

### **Request Summary**

The COMBAT Department requests the transfer of funds to cover temporary administrative services for the period of March 27 through July 30, 2023.

The vendor, AtWork Personnel, is a current county Term & Supply vendor. It is requested that \$21,000 be transferred from Regular Salaries (55010) to the current budgeted Temp. Agency Services (56085).

### IN THE COUNTY LEGISLATURE OF JACKSON COUNTY, MISSOURI

**A RESOLUTION** awarding a contract for the purchase of one utility vehicle for use by the Parks + Rec Department to Clark Equipment of West Fargo, ND, under the terms and conditions of Missouri NASPO GME E194-81037, an existing competitively bid government contract, at an actual cost to the County in the amount of \$15,107.00.

**RESOLUTION NO. 21234**, April 17, 2023

**INTRODUCED BY** Charlie Franklin, County Legislator

WHEREAS, the Parks + Rec Department desires to purchase a utility vehicle to meet departmental needs; and,

WHEREAS, the Directors of Parks + Rec and Finance and Purchasing recommend the award of a contract for the furnishing of this equipment to Clark Equipment of West Fargo, ND, under the terms and conditions of NASPO GME E194-81037, an existing competitively bid government contract, at an actual cost to the County in the amount of \$15,107.00; and,

WHEREAS, pursuant to section 1030.4, <u>Jackson County Code</u>, 1984, the Director of Finance and Purchasing recommends award under the existing government contract for the reason that this will allow the County to take advantage of discounts offered to larger entities; now therefore,

BE IT RESOLVED by the County Legislature of Jackson County, Missouri, that the award be made under the existing competitively bid government contract as recommended by the Directors of Parks + Rec and Finance and Purchasing and that the Director of Finance and Purchasing be and hereby is authorized to execute for the County any documents necessary to the accomplishment of the award; and,

BE IT FURTHER RESOLVED that the Director of Finance and Purchasing be and hereby is authorized to make all payments, including final payment on the contract. Effective Date: This Resolution shall be effective immediately upon its passage by a majority of the Legislature.

APPROVED AS TO FORM:

Chief Deputy County Counselor

Certificate of Passage

County Counselor

I hereby certify that the attached resolution, Resolution No. 21234 of April 17, 2023, was duly passed on \_\_\_\_\_\_, 2023 by the Jackson County Legislature. The votes thereon were as follows:

### Introduction

Action Items: ['Authorize']

### Project/Title:

Authorizing the purchase of one (1) UV34 Bobcat Gas Utility Vehicle for \$15,107. This piece of equipment will be purchased from Clark Equipment, under the terms and conditions of NASPO GME E194-81037, an existing competitively bid government contract. This Contract offers an 18% discount which is reflected on the Bobcat Quotation MMB-03048.

### **Request Summary**

Pursuant to Section 1030.4 of the Jackson County Code, Parks + Rec and the Purchasing Department recommend the purchase of one (1) Bobcat UV34 Gas Utility Vehicle at a cost of \$15,107. The Gas Utility Vehicle will be purchased from Clark Equipment under the terms and conditions of the NASPO Ground Maintenance Equipment Contract E194-81037, an existing competitively bid contract. This utility vehicle will be used in rough terrain and in unimproved trail areas within the park system by our Natural Resources work group to perform environmental surveys, treat and/or remove invasive species, and other activities associated with properly maintaining the largely unimproved areas of the 21,000 acre park system.

Funding is available within the Department's approved 2023 Budget, Account 1010-003-58110 for this purchase. The cited NASPO GME Contract and quotes are attached for review and reference.

STATE - \_\_\_\_\_

## GROUND MAINTENANCE EQUIPMENT

### NON-MANDATORY FOR STATE AGENCIES AVAILABLE TO POLITICAL SUBDIVISIONS

NASPO ValuePoint leverages the buying power of all 50 states to offer exceptional pricing for participating states and their political subdivisions. Alaska is an active member of NASPO ValuePoint. To use a contract, the state must sign a Participating Addendum (PA).

**Notice to all State Agencies:** Please notify DOT prior to purchase of heavy-duty equipment from these contracts.

All discounts listed are the minimum discounts allowed. Ordering Agency may try to negotiate higher discounts for bulk orders.

The five product categories offered on this portfolio are:

- Category 1: Tractors (Heavy Duty and Compact)
- Category 2: Tractor Towed PTO (Gang Mowers and Single Unit Mowers)
- Category 3: Off Road Utility Vehicles
- Category 4: Self Propelled Riding Mowers (Medium Duty Wide Coverage and Zero Turn)
- Category 5: Turf Maintenance (Towed and Ground Driven)

The State of Alaska has signed PA's with the vendors listed below as non-mandatory contracts for Ground Maintenance Equipment.

The original solicitation and contract terms and conditions for these contracts can be found at the NASPO ValuePoint <u>website</u>.

### NASPO ValuePoint PARTICIPATING ADDENDUM

### GROUND MAINTENANCE EQUIPMENT (2020-2025) Led by the Commonwealth of Virginia

Master Agreement #: E194-81037-BC

Contractor: Bobcat Company

Participating Entity: State of Missouri

The Contractor shall provide Ground Maintenance Equipment to the Participating Entity as set forth in the Master Agreement for the following category:

- Category 1: Tractors (heavy duty and compact)
- Category 3: Off Road Utility Vehicles

The following categories of products or services are not included in this agreement:

- Category 2: Tractor Towed PTO (Gang Mowers and Single Unit Mowers)
- Category 4: Self Propelled Riding Mowers (Medium Duty Wide Coverage and Zero Turn)
- Category 5: Turf Maintenance (Towed and Ground Driven)

### **Master Agreement Terms and Conditions:**

- Scope: The terms and conditions of the Contractor's NASPO ValuePoint Master Agreement for Ground Maintenance Equipment (2020-2025) led by the Commonwealth of Virginia, remain in full force and effect. This Participating Addendum to the Contractor's Master Agreement allows the addition of specific terms and conditions required by the Participating Entity.
- 2. <u>Participation</u>: This Participating Addendum, as authorized by the Participating Entity's State statutes to utilize the Master Agreement with the prior approval of the State's Chief Procurement Official, may be used by all state agencies, institutions of higher institution, political subdivisions and other entities authorized to use statewide contracts in the Participating Entity's State. Issues of interpretation and eligibility for participation are solely within the authority of that State's Chief Procurement Official.
- 3. <u>Term</u>: The initial term of the Master Agreement shall be for three years and is effective from February 28, 2020 through February 27, 2023, with two optional additional one-year renewals. The term of this Participating Addendum will coincide with the Master Agreement's term in its entirety, including any renewals or extensions.
- 4. <u>Pricing</u>: Any products and/or services ordered under this Participating Addendum shall include the Contractor's Master Agreement negotiated percentage discount off the products and/or services available on the Contractor's current price catalog/list (MSRP/MPL).
- <u>Warranty</u>: All products furnished by the Contractor under this Participating Addendum shall be covered by all commercial warranties the Contractor provides for such products under the Master Agreement.

### **GROUND MAINTENANCE EQUIPMENT (2020-2025)** Led by the Commonwealth of Virginia

6. <u>Primary Contacts</u>: The primary contact individuals (or their named successors) for this Participating Addendum are as follows:

### Contractor

| Name:      | Jesse Rheault                                 |  |
|------------|-----------------------------------------------|--|
| Title:     | Government Account Manager                    |  |
| Address:   | 250 East Beaton Drive<br>West Fargo, ND 58078 |  |
| Telephone: | 701-241-8759                                  |  |
| Email:     | Jesse.rheault@doosan.com                      |  |

### Participating Entity

| Name:      | Autumn Klauba, State of Missouri               |
|------------|------------------------------------------------|
| Title:     | Buyer                                          |
| Address:   | 301 West High Street, Jefferson City, MO 65101 |
| Telephone: | (573) 522-0001                                 |
| Email:     | Autumn.klauba@oa.mo.gov                        |

7. <u>Participating Entity Additions to the Master Agreement</u>: These additions apply only to actions and relationships within this Participating Addendum:

[\_\_\_] No additions to the terms and conditions of the Contractor's Master Agreement are required.

[X\_] The following terms and conditions are added to the Contractor's Master Agreement:

State of Missouri Contract Document CC201986001

For informational purposes, the contractor is requested to complete Attachment 1 of this Participating Addendum regarding their economic impact to the State of Missouri.

8. <u>Leasing and Financing</u>: Procurement and other applicable laws of some Participating Entities may permit the use of leasing or alternative financing methods for the acquisition of products under the Master Agreement. The terms and conditions for leasing or alternative financing methods are subject to negotiation between the Contractor and the Participating Entity. When leasing or using alternative financing methods for this Participating Addendum, the Participating Entity is to follow the policy and guidelines outlined by their purchasing authority or state regulations, statutes, or any other applicable laws. NASPO ValuePoint
PARTICIPATING ADDENDUM

### **GROUND MAINTENANCE EQUIPMENT (2020-2025)** Led by the Commonwealth of Virginia

- 9. <u>Subcontractors</u>: All dealers, resellers, or other subcontractors authorized by the Contractor, as shown on the NASPO ValuePoint website, are approved to provide sales and service support under the Master Agreement. The Contractor's use of subcontractors will be in accordance with the terms and conditions set forth in the Master Agreement.
- 10. <u>Orders</u>: Any order placed by a Participating Entity for a product and/or service available from the Master Agreement shall be deemed to be a sale under (and governed by the prices and other terms and conditions) of the Master Agreement unless the parties to the order agree in writing that another contract or agreement applies to such order.

**IN WITNESS, WHEREOF**, the parties have executed this Participating Addendum as of the date of execution by both parties below.

PLEASE NOTE: Fully executed Participating Addendums must be submitted, via email in pdf format, to NASPO ValuePoint at: pa@naspovaluepoint.org

For questions regarding NASPO ValuePoint Participating Addendums, please contact the NASPO ValuePoint Cooperative Contract Coordinators Team at: <a href="https://ccc@napsovaluepoint.org">ccc@napsovaluepoint.org</a>

# NASPO ValuePoint PARTICIPATING ADDENDUM

### **GROUND MAINTENANCE EQUIPMENT (2020-2025)** Led by the Commonwealth of Virginia

### ATTACHMENT 1

### MISSOURI ECONOMIC IMPACT

The utilization of Missouri businesses and Missouri employees and other positive economic impact in the provision of the products and/or services under the agreement between the State of Missouri and the vendor is highly desirable for the State of Missouri. Therefore, please provide responses to the following to describe your Missouri economic impact.

 Provide a description of the company's economic presence within the State of Missouri, including Missouri employees statistics, Missouri business facilities (size, type of facility, location), Missouri subcontractors, etc.

There are thirteen independently owned Bobcat dealerships in the State of Missouri. Due to their independence, the number of employees I'm able to report is likely under-estimated, but our records, indicate that at least 315 Missouri based employees, primarily engage in retail activity or the servicing of the sold machines, may benefit from this participating addendum.

- Provide a description of the proposed services that will be performed and/or the proposed products that will be provided by the Missourians and/or Missouri products under the agreement.
  - Bobcat Company leads the industry in the design, manufacture, marketing and distribution of compact equipment for construction, rental, landscaping, agriculture, grounds maintenance, government, utility, industry and mining. We strive to empower our customers to do their jobs more efficiently and effectively. Missourians (the dealerships) will be the retail face of the contract, engaged in retail activity selling Bobcat Company products and maintaining the machines during the warranty period and after.
- 3. Provide a description of the economic impact returned to the State of Missouri through tax revenue obligations.

All transactions are reported to the state via the appropriate tax documents as required.

### IN THE COUNTY LEGISLATURE OF JACKSON COUNTY, MISSOURI

**A RESOLUTION** awarding a twelve-month term and supply contract, with one twelvemonth option to extend for the furnishing of public safety supplies and equipment for use by various County departments to Galls of Lexington, KY, under the terms and conditions set forth in BuyBoard Contract No. 698-23, an existing competitively bid government contract.

**RESOLUTION NO. 21235,** April 17, 2023

INTRODUCED BY Venessa Huskey, County Legislator

WHEREAS, the County has a need for public safety supplies and equipment for use by

various County departments; and,

WHEREAS, pursuant to section 1030.4 of the Jackson County Code, the Director of Finance and Purchasing recommends the award of a twelve-month term and supply contract with one twelve-month option to extend, for the furnishing of these supplies and equipment to Galls of Lexington KY, under the terms and conditions of BuyBoard Contract No. 698-23, an existing government contract; and,

WHEREAS, this award is made on an as needed basis and does not obligate Jackson County to pay any amount, with the availability of funds for specific purchases remaining subject to annual appropriation; now therefore, BE IT RESOLVED by the County Legislature of Jackson County, Missouri, that award be made as recommended by the Director of Finance and Purchasing and that the Director be and hereby, is authorized to execute for the County any documents necessary to the accomplishment of the award; and,

BE IT FURTHER RESOLVED that the Director of Finance and Purchasing is authorized to make all payments, including final payment on the contract, subject to the availability of funding in the current Jackson County budget. Effective Date: This Resolution shall be effective immediately upon its passage by a majority of the Legislature.

APPROVED AS TO FORM:

County Counselor butv

### Introduction

Action Items: ['Award']

### Project/Title:

Awarding a twelve (12) month term and supply contract with one (1) twelve (12) month option to extend, for the furnishing of Public Safety and Firehouse Supplies and Equipment for various County Departments to Galls of Lexington KY, under the terms and conditions of BuyBoard Contract No. 698-23, an existing government contract.

### **Request Summary**

The Department of Corrections and Sheriff's Office require a Term and Supply Contract for the furnishing of Public Safety & Firehouse Supplies & Equipment. Categories under this contract include Public Safety Uniforms, Rainwear, Jackets, Footwear and Accessories, Riot Equipment/Body Armor and All Other Public Safety Products and Equipment. With the Detention Center now being part of the Sheriff's Office, they will be using the same uniforms. Galls Response to Proposal Invitation No. 698-23, the BuyBoard Award Letter, Pricing Discount Document and the using departments Estimated Spend Memos are attached.

BuyBoard was created to support and serve public schools, municipalities, county government and all types of local government agencies and nonprofits. Their goal is to provide members with competitive pricing, a trusted and transparent procurement process, reduced administrative costs and superior service.

Pursuant to Section 1030.4 of the Jackson County Code, the Director of Finance and Purchasing recommends the award of a Twelve (12) Month Term and Supply Contract with One (1) Twelve (12) Month Option to Extend for the furnishing of Public Safety and Firehouse Supplies and Equipment for use by various County Departments to Galls of Lexington KY, under the terms and conditions of BuyBoard Contract No. 698-23, an existing government contract.

This award is made on as "As Needed" basis and does not obligate Jackson County to pay any specific amount. The availability of funds for specific purchases is subject to annual appropriation. The annual estimated spend for use by various county departments is \$145,000.00.

The Jackson County Compliance Portal was checked, status was green/issued and showed an expiration date of 2023-12-31.

Welcome to BuyBoard!

**Re:** Notice of National Purchasing Cooperative Award; Proposal Invitation No. 698-23, Public Safety and Firehouse Supplies and Equipment

Congratulations, The National Purchasing Cooperative (National Cooperative) has awarded your company a BuyBoard® contract based on the above-referenced Proposal Invitation. The contract is effective for an initial one-year term of April 1, 2023 through March 31, 2024, and may be subject to two possible one-year renewals. Please refer to the Proposal Invitation for the contract documents, including the National Purchasing Cooperative Vendor Award Agreement and General Terms and Conditions of the Contract.

To review the items your company has been awarded, please review Proposal Tabulation No. 698-23 at <u>www.buyboard.com/vendor</u>. Only items marked as awarded to your company are included in this contract award, and only those awarded items may be sold through the BuyBoard contract. All sales must comply with the contract terms and must be at or below the awarded pricing as set forth in the General Terms and Conditions.

The contract will be posted on the BuyBoard website as an online electronic catalog(s). You are reminded that, in accordance with the General Terms and Conditions, all purchase orders from National Cooperative members must be processed through the BuyBoard. Except as expressly authorized in writing by the Cooperative's administrator, you are not authorized to process a purchase order received directly from a National Cooperative member that has not been processed through the BuyBoard or provided to the Cooperative. If you receive a purchase order directly from a National Cooperative or processed through the BuyBoard or provided to the Cooperative. If you receive a purchase order directly from a National Cooperative or processed through the BuyBoard, you must promptly forward a copy of the purchase order by e-mail to info@buyboard.com

A list of National Cooperative members is available on the buyboard.com website. The BuyBoard vendor relations staff will be contacting you to assist with resources available and provide any support you may need as an awarded BuyBoard vendor.

On behalf of the National Cooperative, we are looking forward to your participation in the program. If you have any questions, feel free to contact me at 800-695-2919.

Sincerely,

Ligh A Clover

## VENDOR CONTACT INFORMATION

Vendor shall provide the requested Vendor Contact Information in the electronic proposal submission system including contract, purchase order, RFQ, and invoice contacts (or, if submitting a hard copy Proposal, timely request and complete the Vendor Contact Information form in accordance with the Instructions to Proposers).

## FEDERAL AND STATE/PURCHASING COOPERATIVE EXPERIENCE

The Cooperative strives to provide Cooperative members with the best services and products at the best prices available from Vendors with the technical resources and ability to serve Cooperative members. Please respond to the following questions.

- Provide the dollar value of sales to or through purchasing cooperatives at or based on an established catalog or market price during the previous 12-month period or the last fiscal year: \$<u>3mm</u>. (The period of the 12-month period is <u>11/8/2021</u> / <u>11/7/2022</u>). In the event that a dollar value is not an appropriate measure of the sales, provide and describe your own measure of the sales of the item(s).
- 2. By submitting a proposal, you agree that, based on your written discounting policies, the discounts you offer the Cooperative are equal to or better than the best price you offer other purchasing cooperatives for the same items under equivalent circumstances.
- 3. Provide the information requested below for other purchasing cooperatives for which Proposer currently serves, or in the past has served, as an awarded vendor. Rows should be added to accommodate as many purchasing cooperatives as required.

### IN THE COUNTY LEGISLATURE OF JACKSON COUNTY, MISSOURI

**A RESOLUTION** authorizing the County Executive to execute a Memorandum of Agreement with the Missouri State Historic Preservation Office, relating to federal funding for the Greenwood Connector Phase 1 Trail project.

**RESOLUTION NO. 21236**, April 17, 2023

INTRODUCED BY Charlie Franklin, County Legislator

WHEREAS, the Federal Highway Administration, Missouri Division, a federal agency, is responsible for ensuring the Greenwood Connector Phase I Trail project complies with Section 106 of the National Historic Preservation Act; and,

WHEREAS, the Missouri Department of Transportation (MoDOT) administers federal aid projects throughout Missouri and MoDOT Historic Preservation staff assisted the parties in drafting an agreement document and aided in its execution; and,

WHEREAS, the duties of the Missouri State Historic Preservation Officer are to advise, assist, review, consult with federal agencies as they carry out historic preservation; and,

WHEREAS, the County plans to construct a 16.5 mile, 10 foot wide, bicycle and pedestrian shared use path in the County using funding from the Surface Transportation Program and Transportation Alternatives Program funded by the Federal Highway Administration; and,

WHEREAS, a prior Memorandum of Agreement (MOA) was executed by the parties to this agreement related to federal projects on August 22, 2017, which determined that the projects had an adverse effect on historical railroad property and created stipulations and mitigations which have all been fulfilled; and,

WHEREAS, the prior MOA included incorrect information regarding the length of the project, and expired prior to the correction of such information; and,

WHEREAS, the Federal Highway Administration has determined that the improvements to Rock Island and Pacific Corridors under the current project number will result in no additional adverse effects; and,

WHEREAS, the execution of the attached MOA is in the best interests of the health, welfare, and safety of the citizens of Jackson County; now therefore,

BE IT RESOLVED by the County Legislature of Jackson County, Missouri, that the attached Agreement is approved and that the County Executive is authorized to execute on behalf of the County the attached MOA and any other documents necessary to give effect to this Resolution.

Effective Date: This Resolution shall be effective immediately upon its passage by the majority of the Legislature.

APPROVED AS TO FORM:

Coush ounty Counselor Chief Depu County Counselor

I hereby certify that the attached resolution, Resolution No. 21236 introduced on April 17, 2023, was duly passed on\_\_\_\_\_\_, 2023 by the Jackson County Legislature. The votes thereon were as follows:

#### MEMORANDUM OF AGREEMENT AMONG THE FEDERAL HIGHWAY ADMINISTRATION THE MISSOURI STATE HISTORIC PRESERVATION OFFICER AND JACKSON COUNTY, MISSOURI FOR THE MITIGATION OF ADVERSE EFFECTS

**TO HISTORIC PROPERTY:** Rock Island and Pacific Railroad Corridor (Corridor) in Jackson County, MO

**UNDERTAKING:** Phased Construction of the Rock Island Trail, a 16.5 mile, 10 foot wide bicycle and pedestrian Shared Use Path on and adjacent to the centerline of the historic Rock Island and Pacific Railroad in Jackson County, Missouri. *Missouri Department of Transportation Job Number J\_STP 3301(525)* (Attachment A). **STATE:** Missouri **AGENCY:** Federal Highway Administration

**WHEREAS**, the Federal Highway Administration (FHWA) Missouri Division is the federal agency responsible for ensuring the undertaking complies with Section 106 of the National Historic Preservation Act (NHPA) (54 U.S.C. § 306108) codified in its implementing regulations 36 CFR Part 800, *Protection of Historic Properties*; and

**WHEREAS**, the Missouri Department of Transportation (MoDOT) administers Federal-aid projects throughout Missouri; the MoDOT's Historic Preservation (HP) staff has assisted the consulting parties in the drafting of this agreement document and will aid in the execution of it; and

**WHEREAS,** the duties of the Missouri State Historic Preservation Officer (SHPO) pursuant to Section 106 of the NHPA (54 USC 306108) and 36 CFR Part 800 include responsibilities to advise, assist, review, and consult with Federal agencies as they carry out their historic preservation responsibilities and to respond to Federal agencies' requests within a specified period of time; and

WHEREAS, Jackson County plans to construct a 16.5 mile, 10 foot wide, bicycle and pedestrian shared use path in Jackson County, Missouri, using funding from the Surface Transportation Program and Transportation Alternatives Program funded by the FHWA pursuant to the Infrastructure Investment and Jobs Act (IIJA) (commonly called the Bipartisan Infrastructure Legislation) (BIL) (PL 117-58); and

**WHEREAS**, This project was planned to be constructed in phases, with the first two phases being completed under Federal Projects STP-3453(401) and STP-3453(402), and a new phase being proposed under Federal Project STP-3301(525); and

**WHEREAS,** A prior Memorandum of Agreement (MOA) was executed by the Parties of this agreement related to Federal Projects STP-3453(401) and STP-3453(402) on August 22, 2017, in which it was determined that these projects had an adverse effect on the historical railroad property. Stipulations and all related mitigation requirements included in the prior MOA were fulfilled as confirmend by SHPO Staff on March 9<sup>th</sup>, 2022; and

**WHEREAS**, The prior MOA included incorrect information regarding the length of the project, the parties attempted to correct this with an amendment in order to demonstrate that the previous agreement accounted for development of the trail along the railroad corridor within the current project area, however the prior MOA expired before execution of the amendment; and

**WHEREAS**, the MoDOT, acting on behalf of the FHWA, has determined that the undertaking's area of potential effects (APE), as defined at 36 CFR Part 800.16(d), has been identified as the project footprint, including existing right of way (ROW) and new ROW, including permanent and temporary easements, for the consideration of direct effects due to construction-related and ground disturbing activities. The APE for the history/architecture built environment resources is the corridor boundary, and includes the rail line and associated structures (mainly culverts) as well as resources identified within the linear resource of the rail such as tracks, ties, etc, between railroad mileposts 272-270.6. (see Attachement B). For the consideration of direct effects due to auditory, vibration, visual or atmospheric effects caused by the project an offset has been applied around new ROW and extends 50 feet beyond these areas. The APE is further described and mapped in Attachment B to this MOA; and

**WHEREAS**, the FHWA has determined that the Rock Island and Pacific Railroad Corridor is eligible for listing in the National Register of Historic Places (National Register) under Criterion C for significance in engineering and has consulted with the SHPO pursuant to 36 CFR Part 800, *Protection of Historic Properties*, regulations implementing Section 106 of the NHPA (54 U.S.C. § 306108) (see Attachment C), as amended; and

**WHEREAS**, the FHWA has determined that the proposed improvements to the Rock Island and Pacific Railroad Corridor under the current project number will result in no additional adverse effects, beyond those accounted for by the previous MOA, and will have no adverse effects upon the historic culverts eligible for inclusion in the National Register and has consulted with the SHPO pursuant to 36 CFR Part 800; and

**WHEREAS**, Jackson County, Missouri has been invited to participate in the preparation of and be invited signatories to this MOA; and

**WHEREAS**, the FHWA recognizes that the Iowa Tribe of Kansas and Nebraska, Iowa Tribe of Oklahoma, Kaw Indian Nation of Oklahoma, Miami Tribe of Oklahoma, Osage Nation, Ponca Tribe of Nebraska, Ponca Tribe of Oklahoma , Sac and Fox Tribe of the Missouri in Kansas and Nebraska, Sac and Fox Tribe of the Mississippi in Iowa, Sac and Fox Nation of Oklahoma, Wyandotte Nation, have an interest in the undertaking area, and has consulted with them on a government-to-government basis in June and July of 2020; and,

**WHEREAS,** The Osage Nation requested to review the Cultural Resources Survey, and the Miami Tribe of Oklahoma requested to consult and be made aware of any findings; and

WHEREAS, Missouri Rock Island Trail, Inc., Railway & Locomotive Historical Society, Inc., Katy Railroad Historical Society, Rock Island Technical Society, National Railway Historical Society, National Railway Historical Society - Missouri Chapter, Historic Kansas City, Kansas City Archeological Society, Raytown Historical Society & Museum, Historical Society of Lee's Summit & Museum, Jackson County Historical Society, Missouri Preservation Missouri Archaeological Society, National Trust for Historic Preservation, Historic Bridge Foundation, City of Kansas City Landmarks Commission, City of Kansas City Historic Preservation Commission, City of Lee's Summit, City of Raytown, Missouri Department of Conservation, Missouri State Parks KCATA have been notified of undertaking and have been invited to participate in consultation during July and August of 2017; and

**WHEREAS,** the City of Raytown, Lee's Summit Historical Preservation Commission, Kansas City Landmarks Commission, Kansas City Archeological Society, and the KCATA elected to consult on the project, but had no specific comments; and

**WHEREAS**, public involvement for this undertaking has been handled in accordance with the MoDOT *Engineering Policy Guide*, Chapter 129: Public Involvement; and

**WHEREAS**, public meetings were held on March 6<sup>th</sup>, 8<sup>th</sup>, and 15<sup>th</sup> of 2017 and May 2<sup>nd</sup> and 4th of 2017 and information about the undertaking, historic properties and the undertaking effects on historic properties was made available to the public; and

**WHEREAS**, No comments were received from the public about historic properties, project effects on historic properties, or proposed mitigation measures; and

**WHEREAS**, to the best of the FHWA's knowledge and belief, no human remains, associated or unassociated funerary objects or sacred objects, or objects of cultural patrimony as defined in the Native American Graves Protection and Repatriation Act (25 U.S.C. § 3001), are expected to be encountered; and

**NOW, THEREFORE,** the FHWA and the SHPO agree that the undertaking will be implemented in accordance with the following stipulations in order to take into account the effect of the undertaking on historic properties.

#### **STIPULATIONS**

#### **1. TREATMENT OF HUMAN REMAINS**

A. The FHWA recognizes that any human remains (other than from a crime scene or covered under Missouri's Cemeteries Law, §§ 214. RSMo) that may be discovered during project activities and are located on non-federal land are subject to the

immediate jurisdiction of the SHPO, albeit FHWA's delegate is responsible to have a professional archeologist analyze the remains and advise SHPO of the physical location and cultural and biological characteristics, and if SHPO determines, as per the consultation conducted under Section 106, excavation is warranted such remains will be handled pursuant to the Missouri Unmarked Human Burial Sites Act, §§ 194.400 – 194.410, RSMo. All discoveries of human remains shall be treated as sensitive information and shall not be made available to the public.

- B. If human remains are encountered during construction:
  - 1) The contractor shall immediately stop all work within a 50-foot radius of the remains and shall not resume without specific authorization from either the SHPO or the local law enforcement officer, whichever party has jurisdiction over and responsibility for such remains.
  - The contractor shall notify the MoDOT Construction Inspector and/or Resident Engineer who will contact the MoDOT HP section within 24 hours of the discovery.
  - 3) MoDOT HP staff will immediately notify the local law enforcement (to ensure that it is not a crime scene) and the SHPO as per RSMo 194 or to notify SHPO what has occurred and that it is covered by Missouri's Cemeteries Law, §§ 214. RSMo.
  - 4) MoDOT HP staff will notify FHWA that human remains have been encountered within 24 hours of being notified of the find.
  - 5) If, within 24 hours, the contractor is unable to contact appropriate MoDOT staff, the contractor shall initiate the involvement by local law enforcement and the SHPO. A description of the contractor's actions will be promptly made to MoDOT.
  - 6) FHWA will notify any Tribe that might attach cultural affiliation to the identified remains as soon as possible after their identification.
  - 7) FHWA shall take into account Tribal recommendations regarding treatment of the remains and proposed actions, and then direct MoDOT HP to carry-out the appropriate actions in consultation with the SHPO.
  - 8) MoDOT shall monitor the handling of any such human remains and associated funerary objects, sacred objects or objects of cultural patrimony in accordance with the Missouri Unmarked Human Burial Sites Act, §§ 194.400 – 194.410, RSMo.

#### 2. POST-REVIEW DISCOVERIES

- A. If cultural resources are encountered during construction:
  - 1) The contractor shall immediately stop all work within a 50-foot buffer around the limits of the resource and shall not resume without specific authorization from a MoDOT Historic Preservation Specialist.
  - 2) The contractor shall notify the MoDOT Resident Engineer or Construction Inspector, who shall contact the MoDOT HP within 24 hours of the discovery.

- 3) MoDOT HP shall contact FHWA and SHPO within 48 hours of learning of the discovery and provide an evaluation of the resource and reasonable efforts to assess whether avoidance is possible.
- 4) FHWA shall make an eligibility and effects determination based upon the preliminary evaluation and consult with MoDOT and SHPO to minimize or mitigate any adverse effect.
- 5) FHWA will notify the Council and any Tribes that might attach religious and/or cultural significance to the property within 48 hours of this determination.
- 6) FHWA shall take into account Council and Tribal recommendations regarding the eligibility of the property and proposed actions, and direct MoDOT to carry out the appropriate actions.
- 7) MoDOT will provide FHWA and SHPO with a report of the actions when they are completed.
- 8) FHWA shall provide this report to the Council and the Tribes.
- 9) MoDOT, in coordination with FHWA, will make this report available to the public and other consulting parties, if it is not limited by the requirements for confidentiality, as identified in Stipulation 3. Confidentiality.
- B. If the discovery is not limited by the confidentiality requirements of Section 304 of the NHPA and Stipulation 3 of this MOA, the public shall be notified of the late discovery, in the following manner:
  - 1) Information on the discovery shall be posted to the MoDOT website associated with the project, if one exists. This information will include the nature of the discovery, how it is being treated, and the evaluation of it. The website will include information on how to contact the project manager or the MoDOT HP Section with comments or concerns about the discovery.
  - 2) MoDOT will issue a press release about the discovery. The press release will include the nature of the discovery, how it is being treated and the evaluation. The press release will include a way for the public to contact the project manager or the MoDOT HP Section, if they have comments or concerns about the discovery.

#### **3. CONFIDENTIALITY**

The signatories acknowledge that information about historic properties may be subject to the provisions of Section 304 of the NHPA or would be otherwise exempt from disclosure pursuant to Freedom of Information regulations (5 USC 552 and Section 610.021.14 RSMo). Section 304 allows the applicable Lead Federal Agency to withhold from disclosure to the public, information about the location, character or ownership of a historic property if the applicable Lead Federal Agency determines that disclosure may: 1) cause a significant invasion of privacy, and 2) risk harm to the historic property. All actions stipulated in this MOA, where necessary, will be consistent with the requirements of Section 304 of the NHPA.

#### 4. DURATION

This agreement shall commence upon having been signed by the FHWA, SHPO and Jackson County And shall expire five (5) years from the date of its execution by the last of the signatories, unless otherwise terminated or amended pursuant to Stipulations 7 or 8.

#### 5. MONITORING AND REPORTING

Within one year after carrying out the terms of the MOA, the MoDOT, acting on behalf of FHWA, shall provide to all signatories a written report regarding the actions taken to fulfill the terms of the agreement, and shall file a copy with the Council per 36 CFR Part 800.6(b)(iv).

#### 6. **DISPUTE RESOLUTION**

- A. Should any signatory or concurring party to this MOA object at any time to any actions proposed or the manner in which the terms of this MOA are implemented, FHWA shall consult with such party to resolve the objection. If FHWA determines that such objection cannot be resolved, FHWA will:
  - Forward all documentation relevant to the dispute, including the FHWA's proposed resolution, to the Council. The Council shall provide FHWA with its advice on the resolution of the objection within thirty (30) days of receiving adequate documentation. Prior to reaching a final decision on the dispute, FHWA shall prepare a written response that takes into account any timely advice or comments regarding the dispute from the Council, signatories and concurring parties, and provide them with a copy of this written response. FHWA will then proceed according to its final decision.
  - 2) If the Council does not provide its advice regarding the dispute within the thirty (30) day period, FHWA may make a final decision on the dispute and proceed accordingly. Prior to reaching such a final decision, FHWA shall prepare a written response that takes into account any timely comments regarding the dispute from the signatories and concurring parties to the MOA and provide them and the Council with a copy of such written response.
  - 3) FHWA's responsibility to carry out all other actions subject to the terms of this MOA that are not the subject of the dispute remain unchanged.
- B. At any time during implementation of the terms of this Agreement, should any member of the public raise an objection in writing pertaining to such implementation to any signatory party to this Agreement, that signatory party shall immediately notify FHWA. FHWA shall immediately notify the other signatory parties in writing of the objection. Any signatory party may choose to comment on the objection to FHWA. FHWA shall establish a reasonable time frame for this comment period. FHWA shall consider the objection, and in reaching its decision, FHWA will take all comments from the other parties into account. Within 15 days following closure of the comment period, FHWA will render a decision regarding the objection and respond to the objecting party. FHWA will promptly notify the other parties of its decision in writing, including a copy of the response to the objecting party. FHWA's decision regarding resolution of the objection will be final. Following the issuance of its final decision, FHWA may authorize the

action subject to dispute hereunder to proceed in accordance with the terms of that decision.

#### 7. AMENDMENTS

This MOA may be amended when such an amendment is agreed to in writing by all signatories. The amendment will be effective on the date a copy signed by all of the signatories is filed with the Council.

#### 8. TERMINATION

If any signatory to this MOA determines its terms will not or cannot be carried out, that party shall immediately consult with the other signatories to attempt to develop an amendment per Stipulation 7 above. If within thirty (30) days an amendment cannot be reached, any signatory may terminate the MOA upon written notification to the other signatories.

Once the MOA is terminated, and prior to work continuing on the undertaking, FHWA must either (a) execute an MOA pursuant to 36 CFR Part 800.6 or (b) request, take into account, and respond to the comment of the Council under 36 Part CFR 800.7. FHWA shall notify the signatories as to the course of action it will pursue.

#### 9. EXECUTION

Execution of this MOA by the FHWA, the SHPO and the Jackson County and the implementation of its terms evidence that FHWA has taken into account the effects of this undertaking on historic properties and afforded the Council an opportunity to comment. A copy of the executed PA shall be provided by FHWA to the Council for their records.

The parties agree a person may execute this document by electronic symbol or process attached to or logically associated with the document, with an intent to sign the document and by method that must include a feature to verify the identity of the signer and the authenticity of the document, commonly referred to as verified electronic signature.

This document may be signed in two or more counterparts, each of which shall be deemed an original for all purposes, and all of which when taken together shall be considered one and the same agreement.

#### Introduction

Action Items: ['Authorize']

#### Project/Title:

Authorizing the County Executive to execute a Memorandum of Agreement with the Missouri State Historic Preservation Office, relating to federal funding for the Greenwood Connector Phase 1 Trail project.

#### **Request Summary**

We are requesting that the County Executive be authorized to execute a Memorandum of Agreement (MOA) with the Missouri State Historic Preservation Office (SHPO), relating to federal funding for the Greenwood Connector Phase 1 Trail Project. This MOA is required under Section 106 of the National Historic Preservation Act, as the Rock Island Railroad is considered eligible for the National Register of Historic Places. This MOA defines the project area, historic resources within the project area, and any required mitigation measures. In this case, the SHPO concluded that there would be no adverse effects on historical resources, and thus, no new mitigation measures are required.

#### IN THE COUNTY LEGISLATURE OF JACKSON COUNTY, MISSOURI

**A RESOLUTION** commemorating the 50<sup>th</sup> Anniversary of the League of United Latin American Citizens' National Education Services Centers, Inc., which provides education and leadership programs for Hispanic and minority students.

#### **RESOLUTION NO. 21237, April 17, 2023**

**INTRODUCED BY** Manuel Abarca IV, County Legislator

WHEREAS, the League of United Latin American Citizens' (LULAC) National Educational Service Centers, Inc. (LNESC) was established in 1973 to provide education and leadership programs for Hispanic and minority students; and,

WHEREAS, since then, LNESC has provided quality education and leadership programs for over 607,000 students, and has sent 159,000 students to post-secondary education, and awarded nearly \$30 million in scholarship funds; and,

WHEREAS, LNESC has received more U.S. Department of Education TRIO program awards than any other non-profit organization or post-secondary institution and has worked diligently to remain the premier Hispanic education non-profit for another fifty years and beyond; and,

WHEREAS, the LNESC National Office and LNESC field centers are planning celebratory activities throughout the year, including a one-day youth-centered education conference in Albuquerque, New Mexico, focused on college preparation and developing professional skill sets towards student success; and, WHEREAS, the program will include motivational speakers, professional workshops, and student resources for college and career opportunities, culminating in a reception celebration featuring live music, featured speakers and student voices; and,

WHEREAS, LNESC's positive impact on the future leaders of our community is immeasurable; now therefore,

BE IT RESOLVED that the County Legislature of Jackson County, Missouri, celebrates and recognizes the fifty years of exceptional service provided by LULAC's National Educational Service Centers, Inc., to Hispanic and minority students in their pursuit of higher education and leadership development; and,

BE IT FURTHER RESOLVED that the County Legislature encourages all residents to join in the celebration of LNESC's achievements and to support its ongoing efforts to build Latino communities, one student at a time. Effective Date: This Resolution shall be effective immediately upon its passage by a majority of the Legislature.

#### IN THE COUNTY LEGISLATURE OF JACKSON COUNTY, MISSOURI

**A RESOLUTION** authorizing the Director of Finance and Purchasing to make a payment to the Mid-America Regional Council for the purchase of automated abandoned 911 callback software for use by the Kansas City Police Department, in the amount of \$120,645.00.

**RESOLUTION NO. 21238,** April 17, 2023

**INTRODUCED BY** Sean E. Smith, County Legislator

WHEREAS, the Mid-America Regional Council (MARC), the administrator of the region's call emergency telephone system, has recommended the purchase of automated abandoned 911 call-back software for use by the Kansas City Police Department; and,

WHEREAS, this software will automatically call back any caller to 911 who subsequently hangs-up or abandons the call; and,

WHEREAS, the Kansas City Police Department has a need to use technology to offset its continued difficulty in hiring and retaining 911 dispatchers; and,

WHEREAS, MARC managed the software's procurement to insure that the technology is consistent across the metropolitan area; now therefore,

BE IT RESOLVED by the County Legislature of Jackson County, Missouri, that the Director of Finance and Purchasing be and hereby is authorized to make a payment to MARC for purchase of automated abandoned 911 call-back software, for use by the Kansas City Police Department, in the amount of \$120,645.00.

Effective Date: This Resolution shall be effective immediately upon its passage by a majority of the Legislature.

#### Introduction

Action Items: ['Authorize']

#### Project/Title:

Authorizing the County Executive to enter into an agreement with the Mid-America Regional Council (MARC) for the purpose of purchasing an automated abandoned 911 call-back software in the amount of \$120,645 for the Kansas City Police Department from previously appropriated County 911 funds.

#### **Request Summary**

This resolution requests that the Legislature approve an agreement with the Mid-America Regional Council (MARC) for the purpose of reimbursing MARC for the expense of \$120,644.68 for the purchase of automated 911 abandoned call-back software for use by the Kansas City Police Department. This software will automatically call-back any callers into 911 who subsequently hang-up or abandon the call. The source of these funds is the \$3 million in available County 911 funds that were designated in the 2023 budget for improvements in the County's 911 system. The KCPD identifed this need to use technology to offset their continued difficulty in hiring and retaining 911 dispatchers. MARC managed the procurement to insure that the technology is consistent across the metropolitan area.

SUBJECT: 911 Funding request – Jackson County MO

Executive Services Bureau NOV 0 2 2022

#### <u>Overview</u>

Funding for 911 in the MARC region is provided by tax dollars collected from telephone users, including wireless telephones. Each County in Missouri sets the tax rate and by legislation, may collect up to \$1 per telephone device or active telephone line. Jackson County collects the maximum of \$1 per line. In the MARC region, all 911 equipment and networking costs are paid based upon population in each county. All regional 911 equipment is owned by the regional 911 system, installed and supported by MARC technical staff. Each Emergency Communications Center pays for all other costs through our normal budget processes. One of the allowable expenses outlined in the 911 funding statute is software or hardware that connects to the 911 system. Attached are quotes for two items that are eligible for 911 funding that we are requesting Jackson County consider paying for to directly support Kansas City, MO 911 operations.

#### Requested Item #1

The first item is equipment and software that connects to the 911 system. It is an Automatic Abandoned Callback module from Motorola VESTA 911 systems. Abandoned calls are 911 calls where the caller hangs up prior to the Calltaker answering the call. In 2021 we had 98,742 abandoned 911 calls, each of which had to be manually called back by our calltakers. As of September 2022, we have taken 89,477 abandoned calls.

This additional equipment/software will automatically call back an abandoned 911 call and give the caller the option to push one (1) if the call was a mistake and they do not need first responders. They will also have the option to push two (2) if they do need police, fire, or EMS assistance. If no one answers or they do not make a selection, the call is put back into the Calltaker queue for them to manually call back and/or enter a call for service.

#### Item #1 Fiscal Information

Since we are the only agency that will benefit directly from this callback module, it is our responsibility to pay for the initial purchase and implementation. Ongoing maintenance costs will be submitted to MARC requesting they be cost-shared as part of the regional 911 system operational budget. This is a formal process outlined in the Interlocal agreements that establish the MARC regional 911 system. The cost-share request will be submitted to the Public Safety Users Committee for vetting and then sent to the Public Safety Communications Board for final determination.

The initial purchase and implementation cost along with four (4) years of ongoing maintenance by Motorola comes to \$128,676.87. Attached is a letter to Mr. Eric Winebrenner, the Director of Public Safety at the Mid-America Regional Council formally requesting cost-share consideration for ongoing maintenance cost of the callback module. The cost-share would be

.

implemented after the initial four (4) years of warranty coverage included in the purchase. Warranty cost are listed at \$14,985.66 annually. It is anticipated that there would be a minimum of a 10% increase in the annual cost so the estimated cost share request to MARC would be approximately \$16,484.23.

Implementation of this module will require an additional phone trunk at HQ and at SPD with a monthly total cost for KCPD of \$1,576.94. This will provide an additional 23 talk paths at each location for the new callback module to use while making the automated calls. Ongoing costs for these additional telephone lines to support the module are not allowable cost-share items and will need to be paid out of the department budget.

#### Request Item #2

The second item for consideration is a software component added to our NICE Inform 911 logging recorder that would add a Quality Assurance module. This would provide QA module capability to the 911 recorder at Headquarters and the 911 recorder at the backup center at South Patrol. The attached quote is from Voice Products, the company that provides and supports our voice logging recorders for both Headquarters and South Patrol.

This component will allow us to formalize the Quality Assurance process within the Communications Unit by randomly selecting 911 calls received based upon the employee identification number. It will include forms we can use for the QA process as well as implement an objective level of review for all Calltakers. A manual process to review radio dispatching will be implemented that mirrors the automated process provided by this software module. It is very important that KCPD Communications provide a more formal process of Quality Assurance reviews to provide the opportunity to improve the service provided to our citizens by our unit members.

#### Item #2 Fiscal Information

The QA module for the Headquarters recorder is price listed at \$68,700. We receive a Maintenance Customer Discount of \$51,600 and gives us a purchase and implementation price of \$17,100. There is an option for screen recording that will provide a video recording of the 911 phone and CAD monitors at a cost of \$45,197. This optional component is not necessary to provide a quality review process and I do not recommend it be included. Total cost for the HQ installation is \$17,100.

The QA module for the South Patrol location is priced at \$15,150 with a Maintenance Customer Discount of \$10,320. The optional video recording portion is priced at \$43,917 and I do not recommend it be implemented. Total cost for the SPD installation is \$4,830.00. Total cost for both locations is \$21,930.

These components will be added to our current maintenance contract with Voice Products and includes Software Upgrade Assurance and will increase the annual cost by \$12,690.

#### Fiscal request from Jackson County MO

Mr. Winebrenner from the MARC Public Safety Program had a conversation with Jackson County Manager Troy Schulte who indicated Jackson County would consider expending 911 funds to cover these costs. Total cost for the QA Modules and the Automated Abandoned Callback system is \$150,606.87.

#### **Recommendations**

Upon approval, I recommend KCPD reach out to Jackson County Manager Troy Schulte and formally request Jackson County MO expend 911 funds to cover the attached quotes for a total of \$150,606.87. Doing so will require a formal letter authorizing the expenditure to be submitted to MARC Public Safety along with our cost-share request.

Respectfully,

St L

Steve Hoskins A/Watch II Commander Communications Unit

Colonel. Both these request would benefit our operations in the communication Unit. I recommend for every to FSU for their assessment. 11/01/22 Approved and formult fired to make the affiil request. The Daug Mining

## VoiceProducts

Proposal #Q-40126 Prepared on 8/16/2022 for:

#### Kansas City Missouri Police Department

1125 Locust St., Kansas City, MO 64120

#### Presented to:

Contact Name: Jeffery Brame

Phone: 816-482-8510

Email: jeffery.brame@kcpd.org

Submitted by: Bob Farrell Regional Sales Manager Phone: 800-466-1152 E-mail: <u>bfarrell@voiceproducts.com</u>

## Record. Replay. Resolve.

We want to thank you for the opportunity to submit this proposal. We've identified ways Voice Products Inc. can help your organization meet your unique requirements based on our discussions. This proposal outlines our recommendation for an offering tailored to your needs and summarizes the initial estimated investment.

We look forward to receiving your feedback on this proposal. We appreciate the opportunity to work with the Kansas City Missouri Police Department's team to ensure the project's long-term success.

For any questions or other information, please feel free to contact me. Thank you for your time and consideration of this proposal.

Sincerely,

Bob Voice Products Inc.

**GSA** Contract Holder

#### **Proposed Solution**

We based the following offering on the Kansas City Missouri Police Department's stated requirements and the Voice Products Inc. team's experience with projects of a similar size and scope.

#### NICE Inform Recording Professional Package

NICE Inform Recording is the Next Generation Emergency Center Solution that enables organizations to generate accurate event reconstructions, ensuring the right information is in the right place, at the right time to handle investigative inquiries.

#### System Solution Summary

Add the NICE Inform QA Pack to KCMO PD System:

- Quality Assurance Pack = Enables you to evaluate performance and quickly impact the overall quality of service. Includes Licenses for Supervisors and named agents/dispatchers.
- Reporter = With the Quality Assurance Pack as part of the system, several reports specific to completed evaluations will also be available.

#### **Implementation and Services**

This offering includes turnkey project management: Professional implementation, complete training package, and ongoing support.

#### Implementation

The implementation approach will include a technical needs identification, coordination of pre-install activities, confirmation of services, site preparation, installation, testing, and go-live. Once the order is accepted, the actual implementation project scope and dates are determined and confirmed.

#### **Investment Proposal**

#### NICE Inform Recording Next Generation Emergency Center Solution for Kansas City Missouri Police Department

Payment terms:

Order placed with receipt of 50% down and signed Purchase & Services Agreement

• Balance due upon completion of system delivery and installation

#### **Voice Products Inc. Support Program**

Voice Products Inc. is committed to providing customers with outstanding service and support and therefore offers three levels of support to best suit your organization's needs:

#### **Silver Support**

• This option is our Remote Only Support package that Includes coverage from Monday through Friday, 8 AM to 5 PM local time, excludes holidays.

#### Gold Support

• This option is our Standard Support package that Includes coverage from Monday through Friday, 8 AM to 5 PM local time, excludes holidays.

#### **Platinum Support**

• This option is our Extended Support package that Includes coverage for 24 hours per day every day of the year.

Voice Products Inc. recommends the standard "Gold" support maintenance package for Kansas City Missouri Police Department.

| General Maintenance Agreement (GMA) Software & Hardware | Gold On-site (8 X 5)<br>Including Software Upgrade Assurance |  |  |
|---------------------------------------------------------|--------------------------------------------------------------|--|--|
| This is in addition to the next annual GMA Payment      | \$10,800.00                                                  |  |  |
|                                                         |                                                              |  |  |

#### NICE System Training

The NICE Recording with Inform system training may be conducted at the Customer site or via Remote Session (depending on customer requirements) for ten (10) students, providing instruction with the agency's data. The following courses are part of the total purchase price:

#### Kansas City Missouri Police Department's Training Package will include:

|                | Course Description                                        |
|----------------|-----------------------------------------------------------|
| How to Perform | Quality Management with the NICE Inform Evaluator Package |
| How to         | Generate Data with the NICE Inform Reports Package        |
|                |                                                           |

#### **Additional Information**

#### Pricing

- This proposal has been prepared and is being provided by Voice Products Inc. to Kansas City Missouri Police Department for budgetary purposes only. The information contained in this proposal is subject to change due to factors that include, but are not limited to, the number of products or services desired to be purchased by Kansas City Missouri Police Department.
- Kansas City Missouri Police Department's purchase from Voice Products Inc. of products and services is subject to (a) the parties entering into and executing Voice Products Inc. Purchase and Services Agreement (b) Kansas City Missouri Police Department issuing a purchase order to Voice Products Inc. for the products and services desired to be purchased by Customer
- The software pricing information contained in this proposal is firm for 90 days from the date of this proposal.
- The pricing contained in this exhibit is valid for this order only. Additional features and services are available at an additional cost. For more details or a quotation, please contact your Voice Products Inc. sales representative.
- Prices outlined in this proposal are exclusive of, and the customer will be responsible for, any excise, sales, import and use taxes, and like charges imposed concerning the products licensed or services provided by Voice Products. All prices are quoted in U.S. Dollars.
- The total cost of the Services is exclusive of travel and out-of-pocket expenses incurred by Voice Products Inc. in connection with its performance of the Services ("Expenses"). Voice Products Inc. shall invoice the Customer for Expenses monthly in arrears. Any Expenses incurred by Voice Products Inc. shall conform to Voice Products' Expense Reimbursement Policy and are invoiced at cost without markup.
- "Ground Shipping" charges for software and hardware are included. "Expedited Shipping" at the customer's request may incur additional charges.

#### Integration

- The customer is responsible for hardware, software, interfaces and other related fees associated with enabling an integration or other servers or systems for communication with the NICE solution such as PBX, ACD, ANI/ALI, Text, and so forth.
- Licenses do not include connectors or reports for the contact router, ANI/ALI, ACD or PBX systems, etc. The customer should contact the respective vendor for information related to those fees. Integrations with certain vendors may also require additional costs.
- For integrations that NICE Systems does not currently support, the customer may be requested to initiate discussions between the Voice Products Inc. Professional Services team and the respective vendor. Please note that additional charges may occur.

THIS ORDER IS PLACED IN ACCORDANCE WITH THE FOLLOWING TERMS: The Salesperson does not have the authority to accept this order. It must be signed by an officer of Voice Products, Inc. The title is and shall remain in Seller's name until the entire purchase price is paid. Seller shall maintain a purchase money security interest in all the collateral described in this document and Seller shall also have a security interest in all equipment, fixtures, and accounts receivable of Buyer to secure the payment of the sum hereunder. In the event of any default in payment by Buyer, Buyer agrees to pay all costs of collection including, but not limited to, reasonable attorney's fees and all court costs. This Agreement is non-assignable and the property hereunder, until paid for, non-transferable. Seller reserves the right to re-enter the premises of Buyer at any time and reposses any equipment that has not been paid for in full per the agreement of the parties. All sales are final, all sales are unconditional, and Seller offers no return policy. The parties agree that this sales order includes the entire agreement of the parties and neither party is relying on verbal statements by the other in any respect. The terms of the warranty are one (1) Year from the date of the order. There is a 20% restocking fee for items returned after the warranty period.

## ALL ACCOUNTS ARE DUE AND PAYABLE IN FULL UPON RECEIPT OF YOUR INVOICE. ANY AMOUNT NOT PAID WITHIN 30 DAYS SHALL BE SUBJECT TO A DELINQUENCY CHARGE OF 1.5% PER MONTH UNTIL PAID IN FULL.

This pricing is only budgetary. The quoted server may not be large enough. Voice Products will need to run a "screen storage calculation tool" to determine the actual minimum storage needed. This software will be installed onsite with a PC that is in service and handling the average amount of call activity. The technician will need administrator privileges to the PC for the installation of this software tool.

While Voice Products does sell physical servers, we recommend a Virtual Machine for screen logging for additional space to be added if / when required for video storage.

Voice Products recommends a 30-day retention policy for screens as they are used for QA and not as evidence.

Bob, Jackson County is going to pay for this for us out of county 911 funds. Because of that, it is taking a long time as we have to make a formal request which their county manager then has to take to the legislature for approval. As long as the quote will stay good, we are good to go, just taking a while.

Hi Steve,

I hope you had a great Thanksgiving and just checking in on the status of adding Evaluator and get a feel where we at before years end. Look forward to hearing from you.

Thanks, Bob

#### IN THE COUNTY LEGISLATURE OF JACKSON COUNTY, MISSOURI

**A RESOLUTION** awarding a contract for the furnishing of a compact track loader for use by the Parks + Rec Department to Clark Equipment of West Fargo, ND, under the terms and conditions of Missouri NASPO Construction Contract No. CC190249002, an existing competitively bid government contract, at an actual cost to the County in the amount of \$97,630.00.

**RESOLUTION NO. 21239**, April 17, 2023

INTRODUCED BY Charlie Franklin, County Legislator

WHEREAS, the Parks + Rec Department desires to purchase a compact track loader to

meet departmental needs; and,

WHEREAS, the Directors of Parks + Rec and Finance and Purchasing recommend the award of a contract for the furnishing of the equipment to Clark Equipment of West Fargo, ND, under the terms and conditions of Missouri NASPO Construction Contract No. CC190249002, an existing competitively bid government contract, at an actual cost to the County of \$97,630.00; and,

WHEREAS, pursuant to section 1030.4, <u>Jackson County Code</u>, 1984, the Director of Finance and Purchasing recommends the award for the reason that this will allow the County to take advantage of discounts offered to larger entities; now therefore,

BE IT RESOLVED by the County Legislature of Jackson County, Missouri, that award be made under the existing competitively bid government contract as recommended by the Directors of Parks + Rec and Finance and Purchasing and that the Director of Finance and Purchasing be and hereby is authorized to execute for the County any documents necessary to the accomplishment of the award; and,

BE IT FURTHER RESOLVED that the Director of Finance and Purchasing be and hereby is authorized to make all payments, including final payment on the contract. Effective Date: This Resolution shall be effective immediately upon its passage by a majority of the Legislature.

APPROVED AS TO FORM: Chief Deduty County Counselor

Conv County Counselor

Certificate of Passage

I hereby certify that the attached resolution, Resolution No. 21239 of April 17, 2023, was duly passed on \_\_\_\_\_\_, 2023 by the Jackson County Legislature. The votes thereon were as follows:

Yeas \_\_\_\_\_

Nays \_\_\_\_\_

Abstaining \_\_\_\_\_

Absent \_\_\_\_\_

Date

Mary Jo Spino, Clerk of Legislature

There is a balance otherwise unencumbered to the credit of the appropriation to which the expenditure is chargeable and there is a cash balance otherwise unencumbered in the treasury to the credit of the fund from which payment is to be made each sufficient to provide for the obligation herein authorized.

## **Request for Legislative Action**

| Completed by County Counselor's Office |                  |                           |           |  |
|----------------------------------------|------------------|---------------------------|-----------|--|
| Action Requested:                      | Resolution       | Res.Ord No.:              | 21239     |  |
| Sponsor(s):                            | Charlie Franklin | Legislature Meeting Date: | 4/17/2023 |  |

#### Introduction

Action Items: ['Authorize']

#### Project/Title:

Authorizing the purchase of one (1) T770 T4 Bobcat Compact Track Loader with attachments for \$97,630. This piece of equipment would be purchased from Clark Equipment, under the terms and conditions of NASPO Construction Contract CC190249002, an existing competitively bid government contract. This Contract offers a 30% discount on the Compact Track Loader and a 24% discount on the attachments.

#### **Request Summary**

Pursuant to Section 1030.4 of the Jackson County Code, Parks + Rec and the Purchasing Department recommend the purchase of one (1) T770 T4 Bobcat Compact Track Loader and attachments. The Compact Track Loader will replace an existing 1987 skid steer loader that is beyond it's expected useable life and cost-effective repair. This piece of equipment will be primarily used in Fleming Park for light construction, repairs and maintenance for facilities such as campgrounds, marinas, and historic sites. This unit will be used system-wide in the Parks for road and parking lot repairs. The attachments being ordered facilitate better quality and more efficient methods that result in longer lasting pothole repairs in the park roads and parking lots.

Funding is available within the Department's approved 2023 Budget, Account 1010-003-58110 for this purchase. The cited NASPO Construction Contract and quote are attached for your review and reference.

                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                            | 95°CIL 1000                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                   | 7, 22<br>597<br>8<br>3<br>3<br>3<br>3<br>3<br>3<br>3<br>3<br>3<br>3<br>3<br>3<br>3                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                        |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                        | * * * * * * * * * * * * * * * * * * *                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                   | x<br>eavy                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                   | x<br>eavy                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                        |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                       | x<br>eavy                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                     |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                        |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                       | 5<br>50<br>70<br>70<br>70<br>70<br>70<br>70<br>70<br>70<br>70<br>7                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                    | 78<br>7806<br>785<br>781<br>781<br>781<br>781<br>781<br>781<br>781<br>781<br>781<br>781                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                     | 78<br>7806<br>785<br>781<br>781<br>781<br>781<br>781<br>781<br>781<br>781<br>781<br>781                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                       |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                  | 78<br>7806<br>785<br>781<br>781<br>781<br>781<br>781<br>781<br>781<br>781<br>781<br>781
