- The Conservation Fund
- Bridging the Gap
- Blue River Watershed Association
- Missouri Department of Conservation
- City of Kansas City, Missouri

# Question 1 – How FAMILIAR are you with the Blue River Parkway and the amenities and programs that are offered there? How often do you or your family visit?

- Heard of it couldn't tell you. HCA has programs all along it. Own 40 acres.
- Wildlands is very familiar from Kenneth to Swope, hiked and ridden bikes unsuccessfully.
   Dedicated bird surveyors. Along Parkway and Jerry Smith Park. Bat surveys, Rick Clemmons in the 90's
- Very familiar assisted in some of the restoration and water quality monitoring along the entire river
- Very familiar, lived along the Kansas Side. Enjoy wilderness close by home and enjoyed programming of Wildlands and HCA.
- Ver Familiar working with partners and events, deer hunts, adjacent neighbors, looking for mountain lions, Saeger Woods which abuts a portion of the park.
- Lifelong supporter of parks in KC, only recently understood the expanse of it, preserved areas. Increase in awareness and support.
- Urban Trail Company is critical to the corridor. Visitation to the park, eco devo opportunities that could be leveraged as an part of the MP.

## Question 2 – What do you think are the BEST ASPECTS or STRENGTHS of the park?

- Natural areas for outdoor recreation, temporal strength because of development could threaten the parkway. Tree cover, carbon sequestration. Provides value to offset development. Pipes hanging out of eroded soil, upstream riparian corridors.
- Natural features, river forests, north south corridor, cover aa large area people could access.
   Very unique.
- A lot has already been said. Hidden jewels of KC region. Another corridor like Blue River like it. Opportunity to protect a riparian corridor, recreate to get outside.
- Parkway is more RAW, natural amenities and features and proximity to the urban area. Hidden jewel, and so many people have no idea its there. Increase its access. Market how unusual it is because its so unique.
- The entire Blue River System. KCMO, JOCO.
- Recreation, 70 contiguous miles of trail and full inversion into nature so close to the city. May have already driven the golden spike. Some natural areas are super high quality, species that

- are potentially threatened. Flood mitigation downstream, does mitigate water and a model on what to do along rivers.
- The KSU study Blue River, HCA BR Report and Action Plan.
- Historic aspect of the corridor preserved for over 100 years. Kessler was a visionary. Parkways
  and Boulevards. Like the riverfront until 10 years ago was industrial and now it's the focus on
  public housing.
- Intense plant communities and natural resource sand to connect to nature.

## Questions 3 – What is the biggest CHALLENGE facing the park (overall or environment specific)?

- Invasive species. Big part of the focus of HCA, honey suckle and other invasive species.
- Encroachment from abutting properties and contiguous properties.
- Major issues with dumping, makes people feel sketchy. Lack of fire. Lack of staff. Industrial areas adjacent to the parkway and their effects.
- Fire, long term management of the parkway along with planning. Only for certain habitats, glade forest east side of Blue River Road. Could be managed with fire, open woodlands, or glades.
- Connection and reputation of safety and lack of value for it. Need to change the mindset. Needs good marketing.
- Blue Valley Park concerned with safety and will the
- Upstream development aggravation storm water and erosion. Use downstream funding for upstream management.
- Invasive species. Honeysuckle, Japanese huss. Dumping, feeling safe and usage.

## Question 4 – How ACCESSIBLE is the park, and how could access be improved, in all respects?

- Glades don't have decent parking, Blue River Road not getting better, needs substantial investment.
- Completion of BR Trail from OP KS to KCMO to link to other regional trails. Truman Sports complex to connect to KATY. 100 yards to connect to Brush Creek. Kind of publicity rich opportunity to get people out to enjoy the land. Access to mountain biking system and natural trails. Concrete opportunity.
- Working in partnership with KCMO to develop trails system, Richard Allen getting grants to
  develop trails and the County will continue to do that. Former roads that go along the parkway
  and are easy opportunities to build new more trails. Blue River Road can be converted to a bike
  trail.
- Parking along BRR.
- Access for mobility restricted people. A lot of areas where mobility restricted people could not access. Access to the river itself.
- Water testing.
- Areas for little boat ramps to access the river.
- Drive in or parking lots in places to improve access.
- Dead end of 83<sup>rd</sup> street, good parking lot opportunity. Also making sure where people can park is kept free of debris. Honeysuckle walls. Open views to the river from the trails. Educational

- kiosks to enhance learning. Master naturalists have done some capstone projects, wayside interpretive exhibits. Wildlands has 3, wayside signs, they will help.
- Tour of the Blue River, drone footage. Car to kayak to foot.
- Red Bridge area? boat ramp or another location. Staff members Tom Kimes, class project with multiple locations to access the river, his class developed.
- Red Bridge to Blur Ridge erodible and a very sensitive environment. To prevent erosion.

# Question 5 – What is the best way to ENGAGE citizens in general, and neighbors and stakeholders of the park specifically, to CONNECT with the natural environment in meaningful ways?

- Start with volunteers, working with HCA or wildlands.
- Get dirt in their fingernails. More people interested in getting out there but don't know how. People want to get out there but are afraid. Use focus groups and talk with them. Marlborough Conservation Fund. Constructed wetlands. Awareness as well as access.
- Organized programming? County does not do a lot of it. Outdoor groups to turn onto the corridor. Outdoor Afro. Different groups invested in hiking and providing funding.
- Must have the resources, funding. Sarah Henny, heading up a group, Black Girls Ride Bikes.
- African American Camping 60 minutes, CBS Sunday morning. Conservation Federation for just the parkway. Parkway Partners. Swope Parkway. The trails went in. Swope Park Trails north end of the Blue River Trail. Eddy Ballentine trails, the glade.
- Honey suckle removal is critical to success.
- Blue River Investigators, artists, Blue River Society, simple, be here and experience the space. The art community. Soundscape tour, find different sounds and recreate the sounds in a large stormwater pipe in the dark and recreate them with your voice.
- Invite to a picnic and relaxing. Good food. Lead them to the glade. Show them the beauty and importance. Good food brings people together. Good ice breaker into the next thing. Picnic and BBQ for neighborhoods or non-traditional users.
- Older people in the group, orchards along the river historically. Many of them knew the name, always provide the food. Churches are aa good place.
- African American community are not afraid of nature they are afraid of not begin around similar people and experiences. More comfortable with people like themselves.
- Numerous minorities are afraid of nature. No experience with nature. Fearful of stepping on grass. There might be bears or tigers out there.

# <u>Question 6 – What PARTNERSHIPS should be enhanced, or what new COLLABORATIONS should be</u> developed, to improve the natural environment of the park?

- Pursue co-benefits Carbon sequestration, local group. Reforestation, local group. Not exactly square but bring allies.
- One tire company that will pick up dumped tires. Pick them up and recycle them.
- Collaboration with adjacent landowners abutting the parkland. Keep 100 acres instead of 100 houses
- Wilderness Development 135<sup>th</sup> and Nall.

- Partnership with trash company, to remove the dumping. Place logo on the website or newsletter.
- Any partnership for people that would use the parkway. Heart of America Fly Fishers, Possum Trotters, Orienteering organizations. Could be formal programming or elaborate on them.
   More people more eyes and perception of safety.
- SPARKS Continue to learn new things.
- Art museums Artist groups.
- Partners on the ground collaborate. Eddy Ballentine and Glade partnerships.
- Mountain bikers given hand saws to cut down honeysuckle while on breaks.
- State-line collaboration is a stretch, but informal partnerships could happen.
- American Rivers Important decision points. A river keeper. Urban waters ambassadors.
- Urban Waters Federal Program Green Infrastructure.
- Under benefitting from the green infrastructure federal programs, MARC.
- Shovel ready projects?? 100-mile trail systems.
- Q8 Outdoors for all, urban trails...collaborate and have application to submit.
- In the absence of MARC leading those efforts we need to figure it out.
- Blue River Summit No one had marching orders. Who's on the ground now?
- Elected officials need to tell staff it's a priority. And fund it.

# Question 7 – In general, what should be the main focus for IMPROVING the natural landscapes of the park?

- Trees planting new and maintaining existing.
- Shrub Honey Suckle eradication.
- Restore native plant, tree canopy (1)
- Restore natural communities
- Funding and resources need Jackson County Staff.
- Monument signage Rocky point glade, importance of the site. Simple and more of it. Social media presence, post able things.
- Plant community management, Robust native plant communities, easy access items, glades, etc.
- Intentionality

# Question 8 – If you could select ONE PRIORITY for improving the Blue River Parkway, what would it be, and how can this priority be implemented, and funded?

- Be intentional.
- Conservation the natural areas. Public awareness and publicity. To leverage money from. Ends are Natural resources, but means is recreation.
- Preventing the golf course from expanding into the parkway.
- 88888 multi-use trail
- Conservation through public awareness and access.
- Well site multi-use trails with maps, markers, and parking

- Increasing awareness.
- Invasive Species management Trails idea, boardwalk, save plant community, small footprint. Could cost more but saves intact plant community. Design to protect NR.
- Support the end of conservation through the means of recreation.
- Awareness with local neighborhoods and communities.

# Question 9 – In the future, what ONE WORD OR PHRASE would you like to be able to use to describe the Blue River Parkway?

- Destination in the Metro Area
- Blue Artery of the heart of America
- Spectacular natural corridor
- Historic
- Healthy, contiguous natural community destination
- Kansas City natural jewel, heartline
- Jewel

#### **Blue River Parkway Master Plan**

### **City Partners Focus Group Notes**

### 11/23/21

## **Organizations Present:**

- City of Kansas City, Missouri
  - o Parks
  - Public Works
  - Planning
  - Water Services
  - Housing & Community Development

# Question 1 – How FAMILIAR are you with the Blue River Parkway and the amenities and programs that are offered there? How often do you or your family visit?

- Pretty familiar with the corridor started Renewing the Blue effort. Like bike trails, like Alex George Wetland. KC Water, river cleanups at Blue River Road where it's an issue.
- Familiar with it from stormwater water group but don't use it.
- Planned along the corridor but used a boundary.
- Worked in the corridor a lot, a couple of closed section of the road use hike bike trails.
- Go to the Zoo that's about it, only know minor park access off Red Bridge Road.

# Questions 2 – What do you think are the BEST ASPECTS or STRENGTHS of the park?

- Urban forest through the center of the city. Open space with trees, get lost in.
- Linear nature connects to many things, intact and natural components.
- River, natural value, most dominate river in KCMO area, half water shed with JOCO, wildlife migration corridor. Tremendous potential for community focal point.
- Great asset connected, healthy riparian habitat, ecosystem services, climate perspective, more
  natural areas, nature in the city, climate it's a gem. Glad areas should be protected because of
  beauty and natural area. wetlands sequester carbon.

## Question 3 – What is the biggest CHALLENGE facing the park (overall or environment specific)?

- Insane urge to develop, no funding to bring up to what it could be. Lack of knowledge of it.
- See it to appreciate it, if they don't see it depreciates.
- Community appreciation of natural resources. River systems should be pinnacle and communities not connect, a flood nuisance.
- Echo, size of it. Creates problems, both funding for protecting from development.
- Money to invest for development, access, and marketing.

## Questions 4 - How ACCESSIBLE is the park, and how could access be improved, in all respects?

- Land and property tracts, places to access and control, safe to park cars. ID and resources to invest.
- Not extremely accessible, balance there. More attention.
- Too accessible for dumping or hide. Other ways its not accessible or connected to it. Needs boating access. Students did a study for boat ramps, UMKC. MDC funding. 3-d printed model of boat ramp.
- Agree with Tom, too accessible. Only bike and walking. Vehicle traffic is dangerous. AGL is great. More access and trailheads, bike repair station. Restrooms. Beautiful parts limited to vehicular traffic. Safer vehicular traffic, biking is dangerous. Focus on water, boat ramp access.

# Question 5 – What is the best way to ENGAGE citizens in general, and neighbors, and stakeholders of the park specifically, to CONNECT with the natural environment in meaningful ways?

- That's the big questions. Meet stakeholder where they are. Bikers, those cleaning up. More programming in some of those areas. Something at the wetlands, bike trails, signage is a need, blur river glade, signage and have park events.
- River biggest asset, connect to the river, important. A lot of active recreation sites, flat and floodplain, don't have to do with river at all. Rivers, trails, water trails. Mary Gara, parkways, and greenways can be a part of the education system. Can be educational.
- Reoccurring them of programming the various groups to access and get them. Programing multiple activities. Not specific to one area. But not attach to the rest of the parkway. Multiple areas
- Give them a reason to go out there. Cleanup from Brush Creek. More visible. Hard for people to buy in.

# Question 6 – What PARTNERSHIPS should be enhanced, or what new COLLABORATIONS should be developed, to improve the natural environment of the park?

- Get like Little Blue. Partner with City elected officials through cooperative agreement. For trails or access points.
- State has resource MDC. Water quality, fish counts. Edibility of fish. Hunters bow hunting. Wildlife corridor and manage it more deliberately. Collaborations, USACE, water shed study, habitat restoration authorities, JOCO is important on the upstream side. KS Water office some interest in the watershed.
- Runs through neighborhoods, Neighborhood partnerships. Industrial or residential. Keep as an asset for aa long time.
- KC Climate activists, BikeWalk KC, Clean air now, USF and Wildlife Nova Clark, run816, run and pick up trash. Bridging the gap, KC Wildlands. HCA.
- Public elected officials by in on a long-term plan. Private partnerships, not get into specifics because river has many aspects.

# Question 7 – In general, what should be the main focus for IMPROVING the natural landscapes of the park?

- Getting rid of Honeysuckle and roadway maintenance.
- State of the aquatic habitat needs examination, bank stability. Blue River Road. Natural landscapes.
- Natural landscapes
- Echo same, invasive species.
- Flooding flood plain best served as open space. Health of agriculture habitat.

# Question 8 – If you could select ONE PRIORITY for improving the Blue River Parkway, what would it be, and how can this priority be implemented, and funded?

- Invasive species under control. Two parts for local funding and private organizations through the area to attack it.
- Priority for the neighbors, flood, invasives, safe. Not true answer on funding.
- Community engagement, money to projects people care about. Water trail system. JOCO boating program on lake, MDC has program for boat ramps. Parking area for boats can serve other users. Kayak rentals or canoe.
- Community outreach and value of it. Infrastructure bill. Trees healthy access to nature. Ask neighborhoods around it.

# Question 9 – In the future, what ONE WORD OR PHRASE would you like to be able to use to describe the Blue River Parkway?

- Welcoming
- Accessible
- Healthy waterway
- Valuable natural asset.

<sup>&</sup>quot;Value the ecosystem services of the corridor and their loss to development."

Blue River Parkway Master Plan Recreation Focus Group Notes 12/3/21

## **Organizations Present:**

- Urban Trail Co.
- Saddle & Sirloin
- Kansas City Ultimate
- Overland Park Soccer Shots

# Question 1 – How FAMILIAR are you with the Blue River Parkway and the amenities and programs that are offered there? How often do you or your family visit?

- Right outside the back door, 20 years ago a lot more horseback riding. Not a lot of use until bow season. Since baseball fields have been shut down not as nearly as much activity.
- Intimately familiar hiked most of it built trails lives nearby, out the on daily basis.
- Saddle and sirloin club, have 200 acres of trail access point from club to the park occasional
  use by members. Personally ridden trails. Been a few years ago. Amazing trails, various
  trails to ride in. Competition between MB and ER. Preserve ability to ride the trails.
  Preserve the boundaries to the private land, hunters, hikers and bikers. Trying to do
  markers to demark property boundaries. Have trail map that clearly marks property. Digital
  mapping system.
- Visit parts weekly, not as familiar with organized sports. More likely to hike and use multiuse trails. Closed road use as hiking.
- Very familiar with trails along the river and the southern area. Frequent those a lot.

## Question 2 – What do you think are the BEST ASPECTS or STRENGTHS of the park?

- Conservation clubs, most KC people don't realize the asset BRP is. Muni farm, swope park, etc. Mountain lion natural. Area.
- Within City limits of KCMO, extensive park system, not as well know as it should be. Varied things you can see, Ozark Mountain like. Rail trail to ride down conveniently located.
- Single track trails best aspect, agree with natural areas, wide variety of terrain. High bluffs river lowlands. Nice its long and narrow, various access points, find somewhere to park. River itself is awesome, southern side natural unaffected by industry lots of animals and nature. 60 plus mile dirt single track system in the city. Largest in City trail network.
- Strip of land nice corridor for wildlife without encroaching on development.
- Live near Kenneth Road polo fields spent more hours in the park than any other human. Disc golf group. Overall, answer question, trails are unique and amazing. One of the real strengths.

## Question 3 – What is the biggest CHALLENGE facing the park (overall or environment specific)?

- Biggest challenge, difficult to police all the areas, cutting down walnut trees. Trying to maintain and keep things up. Perhaps having policing and checking on things, funky things.
- Family has been here since early 90's, homeless people in the park, would not go down into some areas. Japanese honeysuckle established itself within and along the borders of the park. Park system had been discussing ways to manage it due to degradation of native plant system. Polo fields and softball fields. Is there a plan.
- Main goal, protection of property and land. Impossible for future developments to use the land. Honeysuckle is a huge thing. Major pain. Block view to river. Crime and homeless,

- and other odd things happening in the park. Very few negative interactions with people. General trash pick-up, keep areas clean. River water quality and cleanliness. During COVID, a lot of river swimmers.
- Challenge from park standpoint. Softball and soccer, usage of all synthetic fields for practice and games. Not seeing it growing.
- Not riding for a number of years, erosion, flooding, etc. Mangers of trails battle that, larger rains, more volume. Crime front, people just show up, difficult to keep them off and police have other priorities. As it gets more developed. More users more presence.
- Agree with invasives, homeless and trash. Development leading to erosion and flooding, exposing pipes, dirt eroded cliff. Degrading the user experience. Solve and reduce stormwater runoff. More people more eyes help with crime, positive aspect.

## Question 4 - How ACCESSIBLE is the park, and how could access be improved, in all respects?

- Two hidden assets, improving awareness and access is a goal of the plan. Create a Blue River Trail along the river. Improve access for hiking and mountain biking. Obvious thing Brush Creek Trail, Blue River Trail.
- Horseback, trailer in. Trailhead by the soccer fields, not sure if it is adequate. Find it, get permit. Digital map front, are all the trails on a map? Avenza Map.???? Zach at UTC. Trail mapping. MARC are out of date. Do distinguished between planned and existing. Visit Big Bull Creek Park you can see what they have done in terms of signage. Exactly what needs to be done, they have their master plan up on the website. Great place to look at.
- Do show equestrian trails on UTC club map, there are apps for mapping, hiking, mountain bike project, all trails, smart phone apps.
- Access from private property, before they closed the softball fields, trails would use and unload. Not sure if members crossroad, Holmes.
- Need for mapping, exposure out there. Find where to go would be good. Tell where access.
- Kayaking access, minor park, easy solution. Access to the water, inner city residents who live a few blocks from it but perceive it as a polluted industrial area. Inner City neighborhoods.

# Question 5 – What is the best way to ENGAGE citizens in general, and neighbors, and stakeholders of the park specifically, to CONNECT with the natural environment in meaningful ways?

- Clean accessible and safe
- Easy access, mapping access points, where the trails are and how to get to them. Guided adventures, check out local trail, Natural resource to talk about trees. Curb appeal is a big thing. Keep things picked up and make people want to explore.
- Robust website, maps, rules, time. What BRP is all about.
- Ditto what others have said. Trail that connects to other trails, chances to connect to others in the metro area. Northern end the Rock Island and Blue River a mile gap.
- Economic stakeholders, American discovery trail, economic development, the urban trails system is world class but not as nearly know as Bentonville Arkansas.
- Advertising it more, challenges educating about trail conditions, can't use after rain need time to dry out. Arkansas has more of a dry soil.

Question 6 – What PARTNERSHIPS should be enhanced, or what new COLLABORATIONS should be developed, to improve the natural environment of the park?

- Not up on all the partnerships, KC Disc Dogs, have great relationship with parks and Tina. Could be other groups that would benefit from an enhanced partnership with Parks. Clean-up days and get to use a field. Whether is a group of soccer players or other groups.
- No real good thoughts, social media, Facebook, Twitter, Instagram, etc. Share experiences, volunteer, and help maintenance.
- Thinking of Leawood dog park. Hall Family, Stowers a part of the agreement to development.
- Nothing new, continue to maintain and grow existing groups, HCA, Wildlands, NR side of things.
- HCA, over 100 partners on website, candidates. Neighborhood Associations, Marlborough, native plant garden. Youth oriented groups, skew to the older side but youth group are younger. Easement are form of collaboration, there are gaps in the system. Easements for trail usage. Easement or cooperation. Trillions of extra dollars a substantial amount going to park systems and trails, how can we get some of those.

# Question 7 – In general, what should be the main focus for IMPROVING the natural landscapes of the park?

- Urban tree canopy reduces urban heat island, carbon sequestration. This could improve the natural landscape, with carbon sequester, wildlife and health.
- Ditto...everything is interrelated, invasive plants, water quality and waters edge, get to it. Anything would be an improvement.
- Disagree,
- Water quality, doing more WQ testing.

# Question 8 – If you could select ONE PRIORITY for improving the Blue River Parkway, what would it be, and how can this priority be implemented, and funded?

- Horseback riding important to safely cross the Blue River, sage place and well-marked.
   Overall maintenance and good signage.
- Four dogs, narrower trails are harder to navigate. Wider trails, gravel
- Plans for the close's softball fields, dog park, parking area.
- Cycling perspective, skills area, or paved pump track younger users. Initial point to access and explore from there. A dedicated bike area. Cycling has exploded.
- Improving access and awareness by improving trail corridor. Connecting all the way through the Parkway.

# Question 9 – In the future, what ONE WORD OR PHRASE would you like to be able to use to describe the Blue River Parkway?

- Jewel of KCMO Parks and Recreation system.
- Get out and enjoy natural beauty in the city.
- Something along those lines
- World-class inner-City trails system
- Blue artery through the heart of America

#### Bonus question – Brian Nowotny

• Protecting the parkway from development and encroachment. Numerous inquiries about the land every year. Listen but explain the importance of open space. Special interest areas, is there any scenario where a public private partnership that respectively gives

- another opportunity? Soccer fields with restaurant, trails with a conference center. Is that something you have thought about.
- Possibility, planned for agreement, well though out. Could enhance user experience. Well thought out from...
- Appreciate receiving the slides.
- Good examples of development that enhances trails, Wilderness Subdivision preserving
  acres for buffer for the Blue River. Developer extended trail through the neighborhood,
  trails oriented development. Nice natural area, promote as an asset to the residents.
   Rocheport, Mo, restaurants just off the trail. Not a natural experience. Win-win. Promotion
  and amenities.
- Not a hard no, always some possibility, could be adventitious, stay out of wooded areas older soccer field areas, community user group involved decision.
- A way if it is done right to provide funding for other uses, Middlebrook Country Club.
- New jail proposed in trailer.
- Certainly, possible but serious thought, pain to see trees removed, slippery slope, can't go back.

# Blue River Parkway Master Plan Neighborhood Focus Group Notes 12/15/21

## **Organizations Present:**

- Loch Lloyd Neighborhood
- Indian Heights HOA
- Grace Point Church
- Jackson County Park Rangers

# Question 1 – How FAMILIAR are you with the Blue River Parkway and the amenities and programs that are offered there? How often do you or your family visit?

- Not familiar with the BRP programs and amenities, on the south tip. Helped with Kenneth Road bridge, just installed and participation with the soccer fields.
- Familiar with amenities, program not familiar. Use daily, trail running or biking.
- Very familiar with corridor, wife once a week.

## Questions 2 – What do you think are the BEST ASPECTS or STRENGTHS of the park?

- Trails mountain bike, trails, dogs to rover to swim softball and soccer.
- Pretty narrow piece of land, feel secluded in an urbanized area.
- A lot of use at Kenneth Road soccer fields, a lot of dog walkers and bicyclists. Trying to join in to implement a trail system to connect to JCP+R. New gate to community, Kenneth, and Loch Lloyd Parkway. Nice sidewalks to connect to park. Do engineering to widen Kenneth Road and add a trail. Connectivity. Leawood connects parks to commercial, businesses and residential areas. Traffic on Kenneth Road is busy, safety is important since bridge is open. Timeline on road upgrade would be good to share. 90% with Plans to widen, hoping next several years to be accomplished.

## Question 3 – What is the biggest CHALLENGE facing the park?

- Biggest challenge is funding. Different and alternate funding partnering with commercial developers.
- Consistent issue, blue river erosion. Increase trash and debris problem, worse during covid.
- Funding for road repair and maintenance. And to clean up the dumping.

## Question 4 – How ACCESSIBLE if the park, and how could access be improved, in all respects?

- ADA comes to mind, lake/wetland, nicely accessible, paved trails and can access. Major hinderance is Blue River Road and have to drive circuitous route to get to places. On SKC Commerce Board. Input in Blue River Road has waned over the last few years, everyone seems like they could live without it. Leave.
- Very accessible, can walk in from neighborhoods. Access is good, fix road.
- Perspective from Kenneth, soccer is gated. Park and walk into the park. Leawood is very
  accessible and connected to communities, security on bikes. Appear to be police officers. A lot
  of dumping and lack of maintenance on this end, south. Improved with greater access.

# Question 5 – How do you look for INFORMATION about parks and recreation services, for the Blur River Parkway or other parks? What ideas do you have on how we can best communicate with you and the public about our parks?

- Get info from work, JCP+R, don't look for information. Social Media but still need flyers and other methods.
- Website and UTC websites, nice PDF maps. Helpful and updated regularly. Number of Trail heads, boards for new things, maintenance, modifications of trails.
- Walk the Shawnee Mission Park, many boards for information and trail markers, great trail
  system and is marker. Tomahawk Creek is similar on boards on the trails. Website to go to and
  download things related to the parkway.

# Question 6 – What effect does the Blue River Parkway have on your neighborhood quality of life and property values?

- Has a tremendous effect on Quality of Life, and being out with neighbors and increase in property value. Biggest issue is dumping and perceived sense of safety on the trail system.
   Clean and maintained would tremendously effect quality of life.
- The reason I live by the corridor, go to church there. Cross paths with neighbors who use the corridor, a big deal in the St. Catherine's Gardens and Birchwood area.
- Nor sure on Property values, leave neighborhoods and get on trails, a selling point for neighborhood.

# Question 7 – What type of NEW DEVELOPMENT or SERVICES are needed in your neighborhood, if any, and would it make sense for them to be located within or adjacent to the park? If so, what factors should be considered in making nay proposed project a "win-win" for you and the users of the park?

- Services side nothing comes to mind. Retail, library, all those close to trail system. Use trails to
  access overland park office with a connection to Indian Creek trails. Partnership with City and
  County to connect to Jerry Smith Park.
- No input.
- Undeveloped ground next to Kenneth Road soccer fields, add more commercial services there. LL is a village but no library, police, or other facilities. Have to leave village. Connect trail and partnership and a beneficial area for people to congregate. Leawood, leave office and connect to stores for daily needs, parks etc., pools. Commute on foot to different properties.

# Question 8 – If you could select ONE PRIORITY for improving the Blue River Parkway, what would it be, and how can this priority be implemented and funded?

- Not familiar with area, one priority would be reach out to churches, developers, HOA's for a funding mechanism for services on the trail.
- Really like to see BRR opened, expensive and not sure how to fund.
- Trash and dumping situation, pre-covid, met with City manager to add wireless cameras to police dumping situation, combined effort with City to combat dumping issue. Funding, something funded through KCMO Police, not sure on the county side.

Question 9 – In the future, what ONE WORD OR PHRASE would you like to be able to use to describe the Blue River Parkway?

- Accessibility, to everyone
- Natural, natural state, rather than asphalt and concrete
- Urban surprise nature and natural area, you don't know you're in the city.

#### **Blue River Parkway Master Plan**

### **Diversity, Equity, and Inclusion Focus Group Notes**

## 1/19/22

## **Organizations Present:**

- Heartland Conservation Alliance
- UMKC Center for Neighborhoods
- EITAS
- YMCA

# Question 1 – How FAMILIAR are you with the Blue River Parkway and the amenities and programs that are offered there?

- Not as familiar with amenities and programs, fam with HCA. Suppose other partners, A little bit but room to learn more.
- Pretty familiar, knew UTC before coming to HCA. Mostly what she knows.
- Not familiar with all the 2200 acres, been there growing up. Played Golf at Minor Park. Ridden bike trails with family, area north of Swope Park and neighborhoods.
- Similar to previous comments, have ridden bike, not as familiar with amenities. More familiar with SP.
- Soccer fields
- Knowledge of Hispanic Soccer Leagues

## Question 2 – What do you think are the BEST ASPECTS or STRENGTHS of the park?

- Location is a strength, trails and golf course, like to know more about it and what parts are being used. Soccer fields could be maximized for people here and around metro area, very accessible.
- Agree, size of the area is helpful. Large geographic area.
- Protected parkway corridor, to the southern part of the watershed to the Mo River has not been divided up by urbanization and industry is good. Indian creek, east-west access is good, nature in the city, proximity to neighborhoods is good but could be improved. Baseball games as a kid with dad, proximity to the city.
- Location is good, Hidden gem, so much there and so many people can benefit from it. I am a transplant; locals might know it more.
- Trails best aspect, maintained by UTC and volunteers, best for mountain bikers. 80-90 miles from BR to SP.
- Ditto with everyone, Nature, escape from what happening connect communities is an asset.

## Question 3 – What is the biggest CHALLENGE facing the park?

- Getting information out about it, not aware of the amenities and what's happening.
- Invasive species, honey suckle throughout the entire WS.

- Size of it is blessing and curse. Need a lot of partners
- Climate change and impact on the water shed and river and species including humans.
- Public awareness would be helpful.
- Agrees with awareness, lack of making it a destination. Red Bridge, maintain and keep it real for the folks that live there. Destination and a place to be, develop things for local metro tourism.

## Question 4 – How ACCESSIBLE is the park, and how could access be improved, in all respects?

- Strength, is accessible, people can get to it. Bus stops along the way, shuttles, good location. Not as well publicized. Not sure about Public Transportation. Infrastructure bill.
- Limited interaction with the park, its important for not accessibility but inclusivity. Signage is very important. Signage with brail and audio persons, gradient of trail signage for people need access, accessible as opposed to handicap. Areas along the trail for people to rest.
- Feel like its accessible from an able body person or car, but not so sure about bus. Parts are highly accessible but its just so big. Part of it is obscure. Signage is pretty good underpasses and overpasses are well marked if able body. Different abilities lens not qualified to say.
- Universal design, world is a problem it wasn't set up for people with all abilities. Disabilities
  people have pictures instead of words. Make it truly for everyone. Sensory needs, autism, park
  would be a great place for them. Let them have access or quite times in the park. Gender
  neutral bathrooms, adult diaper changing stations, free of judgement and open for all.
   Wheelchair swings, love them.
- Nothing more to say, everyone has covered it.
- Signage and brail, Spanish or LatinX. Tension and disconnect with black communities. Safety aspects are there signs if your in trouble, policies, ambassador, safety issue.

# Question 5 – How FREQUENTLY do you use parks or engage in outdoor activities?

- Personally, around corner from Gilliam Park. Community of concern, people of color. What we
  have seen since covid, people what to be outside, seeing more usage of park in COC, park needs
  welcoming, culturally competent, lighting a huge issue on east side.
- Use parks a lot to get out any time I can.
- Walking trail does not park away from it, people with disabilities, low income, park system is
  important to them, case notes reflect parks going out and using parks. People with low income
  looking for free or cheap.
- Parks daily or weekly for sure
- Yes, extremely frequently, echo for disabilities and low-income positive places to explore
  outdoors, safety, free resource to explore to get out in the community. Looking for community
  resources to link to clientele. Inclusive programming with KCMO, adaptive sports programming.
- All the time, even when its cold, dog park to get out and about. To work out walk hike bike. Only time used BRP is to golf, cookouts, festival, birthday parties, soccer, noise permits, trash picked up for minority communities. Used for different things, works hand in hand and doesn't discriminate. Mesh it, chiefs broadcast in Mexico, recycling programs. Work out, cook out recreation and dog park, friendly to serve different needs and interest. That is the potential, people what to get out and about. Garden City KS parks festive and happy and utilized.

## Question 6 – What PREVENTS you from participating in more outdoor activities?

- Not having enough time, lunch take dogs for walk. Can speak for safety like black or brown, not see people who look like him or speak like him. Inclusive festivals, concerts, Juneteenth, taco trail in KCK, use parks to facilitate. Time safety issue not enough lighting.
- Not enough time, not knowing where they are, often times with people and groups it new
  information, get awareness out more, about programs in community, accessible sports in
  greater kc group. Put-on city-wide calendar more awareness the better.
- Habit of breaking habits, go to parks he knows, soccer fields with kids. Making the time for it and scheduling it, going on trails, throwing bike in car, being a homeowner digs into time.
- Connecting certain things, boat rentals, don't know about them, don't know how to drive a boat or feel safe, caregivers are people of color and if they don't feel safe, they won't take others out to the parks. Website, more information there. Accessibility of website needs improvement.
- Hard things about the trails, which ones are good for him. Descriptions as people of said of the trails, likes difficult trails. Seeing what it looks like before going on it in the future.
- Not making enough time, health issues for some folks, asthma, mobility issues.

# Question 7 – How do you primarily get INFORMATION about parks and recreation services? Example, from websites, social media, or word of mouth? Also, what ideas do you have on how we can best communicate with you and the public about our parks?

- Weekly newsletter that goes out to neighborhood leaders, can share with neighborhood leaders, FB, word of mouth, survey. Do some old fashion flyers on doors on beauty or barber shops, church bulletins?
- Social media, actively follow the parks pages, flyers would be best way. Some not on social media, all-trails app, helpful find things around here, more common found posting outside of hiking apps, brochures or flyers.
- An app, AllTrails something that could be accessible to frequent users of the trails, help people
  with disabilities and take them on trip Special Olympics and to Swiss alps. You have connections
  with people who can get the word out. Send out with disability focus but not segregated but
  inclusive.
- Center for Neighborhoods, news you can use, conservation workshop. Innovation around parks, parkways and greenways, SM, events can be catalyst to get word out and positive contact with the parkway. Programs and events are important.
- Agree with previous statement, I focus on websites for information to share. Make sure info is current, challenging to call and not be able to get through to a person, update with current information, reach out with additional questions. Closure of program notice to people, make things up to date.
- Website, SM, newsletter, direct mail, flyers SM, word of mouth. Communicate with certain demographic join radio for Spanish speaking community. YMCA different programming, flyers, schools, churches, etc. Teen night SM, older demo radio or flyers. Not cookie cutter approach, specific to different groups. End language is huge.

# Question 8 – When you think of INCLUSION in the parks, do you see anyone being left out?

- People with limited physical abilities, events for kids with limited abilities. People use parks for different reasons. Appealing to who you want and see usage you want, soccer with get out the vote event. Income levels, free or resourceful, even on golf minor park is affordable, not like regular golf course. Inclusion on getting word out. Have in language signage and visual, everyone is invited, nice soccer field people don't feel like they belong. Sporting KC fields at swope park, only brookside soccer uses them, left others out, never inclusive.
- Option b limited physical abilities, continue to install amenities and promote programs for inclusivity, MLK Park form Mahomes Fountain, great example of inclusive, VarietyKC with inclusive play and make community aware would be beneficial.
- Means welcoming to all and going out of way to welcome all, work with all form of community, are there people being left out, language, signage symbolism space, not looking like yourself.
   New Americans, challenges of adjusting to life in KC, English not the first language, people who are deaf or blind. Ethnic enrichment festival. People who have no home are most marginalized spaces because they have no place to go, homelessness, need to address in parks as housing of last resort.
- Agree with last part, homeless are left out. People come to parks, arm in a bench so they can't lay down. Groups you don't talk to everyday. Uses Park a lot, all the different amenities and programs. Program for including all people like soccer, wheelchair child how do they play, making it easier to integrate their children into all activities, fishing, and boating. People who are urban who have not been out in the woods, what does hiking mean, completing everyone. Refugees, JVS, apartment to adjust hot water is the first lesson, parks a place to go. Marginalized group.
- Used to work at Encentro inc. bring basic necessities that people need. Focus on going outdoors, do those people have what they need? Do they have a car, roof over the head before the parks, healthcare needs being before going out? Groups have been welcoming, signage, limited abilities, how do we make them feel included.
- Seniors have three handicap parking spaces and shade, placement of park amenities, playground a football field away can't access. Not going there.

# Question 9 – When you IMAGINE or THINK of a more inclusive, diverse, and equitable community enjoying parks and recreation programs, what do you see?

- Have covered it conversation today, accessible, cultural competency in parks.
- More access by transportation, KCMO or KCATA for low income, have covered it today. We want to remind us to be human make it as easy as possible to access trails. Nature of Missouri.
- Mental health, accessible need can be resolved by County, family with autism, explore but gets lost, what park, monitoring devices so they don't get lost. Parks could do this.
- Partnerships to activate spaces over a year and 2200 acres, dedicated park stewards, people
  neighborhoods, reachable to meet at park and facilitate action. Think of music programs, can
  use it better, musicians to get outside and preform, get out and connect, can convert to
  performance spaces. Building a culture of equity.

- Inclusivity looks like in parks, word is intentional, outreach, to groups and different communities, signage and amenities, programing, set up in an impowering way. Welcomed engaged and involved. Very intentional.
- Covered it all, echo music component, a way to get out, a multipurpose park. Come for different reasons, YMCA summer camp, take student to park for summer camp for a trail visit, celebrate culture learn about others, music and activities bring people together.

# Question 10 – In the future, what ONE WORD OR PHRASE would you like to be able to use to describe your ideal park experience?

- Multipurpose Park, incorp. Health fitness wellness for everyone.
- Connected, utilize to connect to others nature health
- Outdoor education, education, infrastructure for climate change working together
- Inclusive and unity
- Engagement and advocacy
- Attended maintained supported
- Rewarding
- Equitable

## One word or phrase

Really know that much about it.

BR Athletic fields really clean not a lot of issues. Snows, see a lot of 4-wheeler use. Issues with local dumping issues.

See areas where there is litter, check BR for fishermen, calls about walnut tree removal and deer stands during deer season, putting out corn. Location to check permits for fishing. Typically, the access areas with boat launch and kayak access, Brown athletic fields, check permits at that location. Issues of drug use and homeless camps in that area. BRR little pull offs and will walk down to river to check for fishermen.

Officers get calls for homeless camps, so deep inside so much brush in the area. Boat launch area, railroad property vs. Jackson County property. Get with right enforcement agency. Get homeless camps out of there, treehouse of pallets on Railroad property. The trees being harvested south of 137<sup>th</sup> also by canoe launch. Challenge, such a big area to enforce. Area at Brown access, is that a hot spot or is it 3 and 2? Park near boat launch and south, Jerry Smith Park, homeless activity. A lot of things going on. Gravel parking lot used for drug use and maybe deals. Living in cars in parking lot.

Not a lot to add. Underused from the resource area.

Like any other challenge we have in Conservation. Comes down to saturation of officers to make sure they are safe.

Housing situation has been a big issue with parks. One of the more troublesome areas is Kessler Park. Heavily wooded and a lot of homeless, probably a shelter size space. Could patrol 24 hours a day to get to campsites.

Officers - 30 minutes and it's been eye opening, can run homeless out of a county park, then they go to KCMO park or railroad property. Captain Huston has patrolled and lived in the area for quite some time. Covered it except off-road vehicle use.

Time and resources once a year or twice a year get a representative for each of the entities and go area to problem areas. Boots on the ground. First idea. It takes resources and time. Collaboration and resources will help.

Natural surveillance of the area. Cleaning the underbrush so you can see what going on. Getting to the area is difficult.

CPTED techniques in the design and master plan. Great techniques, signs, cameras, gates. Go a long way.

Park safety presence. Resource enforcement, honeysuckle is bad. Limited access. Cleaning up underbrush.

Ranger – Honeysuckle is a big problem for them too, homeless camps cleaning up honeysuckle. Have ATV and UTV will help with vast amount of property. Kessler Park and other areas. KC Residents telling us what's wrong in the parks without that enforcement would have no idea.

JC P+R has a UTV but nobody on it. Or in the area.

MDC – no ATV or UTV access, on corps ground. When there are common issues, they will pull agents from other counties to work a specific problem. Show a large number of officers. Available to help, going in on walnut tree theft, litter, etc. Her and her partner are available.

Officers are not trained on them, but they have 3-4. It's a training issue. A few officers trained to use them. 3-4 of each. KCMO Parks – ATV barrowed from north district, ordered UTV's when they come in. with trailers. Training offered at Parks north of river. Can offer that to KCMO Police.

Best practices - Crime safety and deterrents -

Need consultation on CPTED, implement in the planning phases and you don't get the same effects. Natural surveillance, like any kind of trails. Lighting, need to spend money on it. Line of sight, great width, no blind areas. Open surveillance, camera in key locations that are wired or Wi-Fi.

Some officers have CPTED training.

Most architects have been through CPTED training, have designers have park CPTED training.

# Question 1 - What do you think are the BEST ASPECTS or STRENGTHS of the park?

- Use sustainable methods when redeveloping amenities or parking lots along the BRP
- Regionwide significance. A good number of users are from JoCo. Could expand opportunities to draw more people into the County.

## Question 2 - What is the biggest CHALLENGE facing the park?

Safety and security and infrastructure people travel over. Big hurdle that needs to be overcome. Negative activities over by minor park. HTC has helped, utilities that go back there, locks cut off all the time to get access to utilities. Light pollution, consider that as we move forward. Solid surface parking can be good and bad. Safety, Security, and illegal dumping. Need really good plans and enforcement.

Work with KCMO Parks to bring them in on a project to assist? Can we bring them in to the conversation? We have worked with them in trail development. City is facing challenges with roadway, sloughing of the road going on. Potentially closing the sections closed now.

Illegal dumping passing closed gates.....Had dumping in the past but since its been closed its gotten worse, one-way in one-way out. Overgrowth of brush and trees, honeysuckle. Impractical to get equipment there. Houses prevent access to Park. Illegal cutting of walnut trees has been going on. Preserving the natural resources, the soil from erosion and natural from honey suckle from drowning out trees. Thief and vandalism. Get neighbors to get involved, they have some ownership in the park. 118<sup>th</sup> and Lydia, trailhead not in the best of shape. Still large debris there, water tank came off a train. Been back there since the 50's. Getting back there to get it out 118th and Lydia on the west side. Homeless live out there, meth labs people put them everywhere they could. Little encampments everywhere but it has gotten better, nothing in the last 2-3 years. A lot of vandalism, motorbike on trails and soccer fields. Are of Brown Athletic has been notorious for homelessness, other areas, 135th and Holmes, big encampment, 140<sup>th</sup> old steel structure that recreation used to use. Section at 71 and prospect had a couple shacks up on the hill, one or two guys at 128th. Old mess hall on the backside of the blue river glade, 83<sup>rd</sup> and hillcrest. Structure off park property, very close to park, gate is not on County property. It leads to park property. But back barriers rock, sand, they move them and go right on in. Any subsidence? Same problem, a lot of stolen vehicles dumped out there on soccer field and up on hill. Pulled concrete barriers and destroyed soccer fields. Fix, tear or cut. Utilities that have to get back there. Its an ongoing fight, they have better equipment than we do. Make it much less than and every week issue.

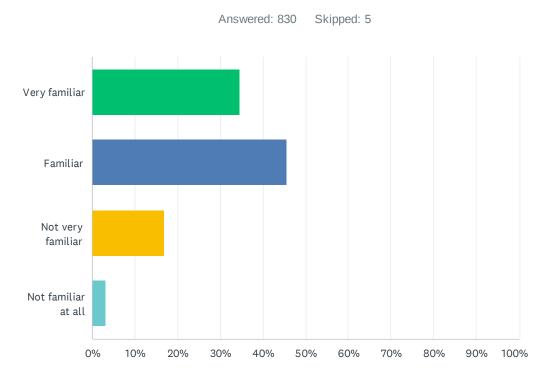

With the gate It got better at first. Until they figured out there was nobody there. More of a permanent closure. Bikers could come from the south with small parking lot.

## Question 3 - One thing we can't miss. Top priority -

Program maintains the ecosystem, on the glade, a half dozen of species that only exist there. Protect and ecosystem people could come and learn from. Do a survey of the whole thing, from a natural resource perspective and preserve the balance. Balance of recreation and natural resource protection. Trails is one of the biggest assets, improve wildlife, control invasives. Some education along the way, school groups come out. Educational opportunities for natural resources. Identify species in the area for them, similar to Alex George Lake. One or two sentences, things native to Missouri. Disc golf would work in that environment and is more friendly to the environment. Low-impact recreation. RC flying field at Minor Park is a low-use facility. A dozen to two dozen who use it once a week. Helicopter flying field, one at Fleming and Longview. Unsavory things that happen in the parking lots at minor park. Patrons take ownership of park on their walk.

164	Distance. For instance, many Blue River trails are VERY close to neighborhoods in Raytown and nearby Kansas City. BUT you have to get in your car to drive 2 miles (on bike/walk UNFRIENDLY roads) just to get to a place where you can enter the trail. We should be thinking about CONNECTING the entire Blue River area to nearby neighborhoods, for purposes of walking and bicycling and trails. Not every trail entrance has to be a trailhead with 40 parking spots.	5/3/2022 11:30 AM

122	I believe we need increased security in the parks. My wife and I often hear gunshots coming from the park located off Red Bridge Road. I know of two people who were killed in that park, and my wife and I were riding our bicycles on the trail when four youths pulled out guns and began shooting at each other. Although no one was hurt, it was a very dangerous situation. ## Q14 What else would you like to SHARE WITH Jackson County about Parks + Rec facilities and services?

Answered: 293 Skipped: 542

#	RESPONSES	DATE
1	The trails are great and I love using them. I would like them to connect to more trails to make riding bikes a safer transportation option around the city.	6/5/2022 2:34 PM
2	Please reopen Blue River Pkwy Rd	6/2/2022 9:54 AM
3	Roads in some parks need improvement.	6/1/2022 6:43 AM
4	Safety, clean bathrooms, well maintained areas.	5/31/2022 11:18 PM
5	I would love for the county to be more bike accessible. Wider, dedicated bike lanes. Distracted drivers are very scary for bike riders.	5/31/2022 10:13 PM
6	Address the dumping, littering is important. Provide clean restrooms, clean areas where trash is collected	5/31/2022 10:05 PM
7	The Blue River system is a local/regional treasure and SHOULD NOT be placed in the hands of commercial or residential developers!	5/31/2022 9:53 PM
8	Please consider making the Blue River and/or Missouri River an officially recognized water trail.	5/31/2022 1:22 PM
9	Urban trail co does a great job, but the city has become comfortable using private groups to maintain trails. If the city got behind our trail systems and improved and expanded our trails it would help bring people from all around to KC, look at bentonville, the city is missing out on millions	5/30/2022 9:20 PM
10	I'm very concerned about the preserving the river and the habitats it supports. I want me great great grandchildren to be able to enjoy nature the way I do.	5/30/2022 4:48 PM
11	You need to do a better job of controlling invasive plants in your parks, especially in Fleming park. There is tons of bush honeysuckle and sericea lespedeza. You could work with local nonprofits for removal events.	5/30/2022 6:44 AM
12	PLEASE consider restoring the little lake on the trail by Red Bridge and Blue River Road. So many people used to enjoy it!	5/29/2022 10:41 PM
13	Keep the Blue River clean! We love it. Add signs about taking trash out with you.	5/29/2022 4:38 PM
14	Some parts of the walking trails need more trash cans. I'm glad to see that some of the graffiti along some parts is being eliminated. I love good art graffiti, but sometimes it's political and I don't like seeing it. I always remove political stickers/decals when I find them.	5/29/2022 12:08 PM
15	thank you!	5/29/2022 12:19 AM
16	The small lakes are clogged with weeds and algae and not at all inviting. Maintenance might be expensive but these lakes could be made useable.	5/28/2022 3:34 PM
17	Please just increase a police presence in and around the parks trails. I love coming out here but about 35 percent of the time i feel uncomfortable. Minor park is a major meetup for gay men(nothing wrong with homosexuality). I've seen needles around Alex George lake in Johnson county I frequently see cops cycling/ even hiking at times	5/28/2022 1:36 PM
18	This should fall more under TPW. We need to a push towards light rail along 71 Highway. It is time for this!	5/27/2022 11:28 PM
19	I went walking on the trail in the winter after a snow fall. there was a very young man pushing a snow removal up the trail it unexpectedly made my walk longer and easier as I have 3 little dogs and health issues. I stopped him and thanked him and I don't know if he was one of	5/27/2022 10:19 PM

	yours but if he is you have a gem. Also as stated before I have so many pictures because I'm slow and my dogs stop a lot. The trail is kept up very well, and I have not came home with the same walk once in at least a year that's incredible.	
20	I'd love to see more (permanent) large-scale trail maps and info about proper trail use in inclement weather conditions at trailheads. More volunteer community work crews to help control invasive honeysuckle. Some sort of Poison Ivy control near pathways and trails would be helpful for families and those with dogs. More trash/recycling receptacles where folks tend to congregate, assuming they would be regularly checked and emptied. Additional security patrols in areas where dumping and other less desirable activities occur (north end of Blue River Rd, south of 435 sometimes feels unsafe and unsanitary).	5/26/2022 3:56 PM
21	Blue River Road was built in the 1930s, yet city officials claim it cannot be restored today, It's been poor maintenance, specifically blocked culvert pipes, that has caused the road subgrade failures. I'm a retired professional surveyor who has worked on numerous projects along and adjacent to the road, and have seen the original plans that show the location of the blocked pipes. One used to be able to follow the Blue River from Truman Road to Blue Ridge Extension until zoo expansion cut off Lewis Road. That is a something of value that has been lost to residents and visitors alike. Yes, I know the road is currently the City's responsibility, but it was originally a county road built during Harry Truman's tenure. Whatever the cost, RE-OPEN THE ROAD!!!	5/26/2022 12:35 PM
22	Disc golf course help bring all ages to the outdoors for fun exercise	5/26/2022 6:03 AM
23	Disc golf course please!	5/25/2022 11:42 PM
24	Putting in a disc golf course is very affordable.	5/25/2022 6:44 PM
25	Just need more trash bins along the route!	5/25/2022 4:54 PM
26	The sport of Disc Golf is currently booming with a lot of additional players in the last few years without the additional of a proportional number of courses. The best courses in the area see a lot of traffic. It is an activity that can be enjoyed by unskilled and high skilled players at the same time and a course can be designed in a way to accommodate different skill levels. If this option is considered for the area I think it is important to bring in professional Disc Golf Course Designers. If planned correctly this property can accommodate a course that could be renowned in the region and not only would attract local players but also tournaments and traveling players as well.	5/25/2022 3:04 PM
27	I know you know this but maintence is most important. Disc Golf will attract lots of people to use the parks.	5/25/2022 2:49 PM
28	After the removal of the historic Swope Park disc golf course there was no where near this part of town for the disc golf community to play. The new Swope disc course is nowhere close to the quality of the original. KC is a regional hub for the sport but fails to get national attention. The Blue River area has tremendous potential to make use of currently unused/under used acreage for a new disc golf course.	5/25/2022 1:35 PM
29	I would like more disc golf courses and I would like them to be much more fun than swope park.	5/25/2022 1:25 PM
30	I'd love for Jackson County to put in another disc golf course	5/25/2022 10:36 AM
31	Give us a high quality disc golf course just south of Swope to replace the one the public/private venture (KC PET PROJECT) and the parks department stole from the volunteers who did all the work to make it happen for 20+ years.	5/25/2022 10:14 AM
32	I think the areas I have visited and/or frequent are wonderfully maintained. The staff I've spoken with are cordial and knowledgeable. Thanks for offering these wonderful places to the community.	5/25/2022 9:27 AM
33	Keep investing in disc golf	5/25/2022 8:52 AM
34	More disc golf please!	5/25/2022 6:11 AM
35	At least one eighteen hole disc golf course.	5/24/2022 10:08 PM
36	You have serious potential with the disc golf course at swope. Disc golfers take care of their courses. We just need the city to put it in the work and funding they promised. There are more than enough volunteers eager to make a new course great	5/24/2022 9:23 PM

37	More disc golf	5/24/2022 9:09 PM
38	We need a disc golf course designed for all ages and skill levels.	5/24/2022 9:08 PM
39	More disc golf! Perfect park	5/24/2022 9:06 PM
40	PAY contractors to FIGHT INVASIVE SPECIES! Budget for it at a high high level. Look to Matt Garrett's work at JCPRD, and Forest Preserves of Cook County. Only relying on volunteers means you don't actually VALUE nature, and are willing to see our environment degraded and our natural heritage continue to get replaced by wintercreeper, bush honeysuckle, and callery pear etc etc.	5/24/2022 2:37 PM
41	KCMO is doing even worse. The division between the two in the same watershed makes both do worse jobs. Conservation land should be cared for a such, in bioregions. Both KCMO and Jackson County should partner to protect our natural lands from themselves.	5/24/2022 1:51 PM
42	Clean up all the dumping.	5/23/2022 9:56 PM
43	I lead Slerra Club volunteers for montly trail maintenance on the Eddy-Ballentine Trail. WE have put in over 200 hours in the past year. Belinda Bass of Special Projects & Natural Resources has been very helpful in providing loppers/Tordon/gloves but their needs to be more JCPR staff in this department. The amount of work to be done on this trail because of the invasive honeysuckle is overwhelming as most of it is old-growth and needs to be removed with chain saws and big machines. There has not been consistent maintenance on this trail or burns on the glade in years. This should be a priority since this has been designated a KC Wildland and its location is in central KC. More people would use this trail if it was maintained because rigth now it is scary with overgrowth and signage is lacking. My name is Eileen McManus and my phone number is 816-523-7823.	5/22/2022 3:42 PM
44	Do not sell or trade any park property to developers. Recent attempt at land grab by Oakwood Country Club is an example.	5/22/2022 12:01 PM
45	There are a lot of good people in the park but there is also a big percentage of bad people using the parks to do drugs or sex acts and crime in general. The good people can't really enjoy the park if they are worried about the bad people.	5/21/2022 2:05 AM
46	A few years ago, I reported an abandoned and vandalized car (Honda CR-V) on the trail in the Blue River Glade; has it been removed?	5/19/2022 3:28 PM
47	I love the little blue trace. Please keep the far end of the Lees Summit Road access as a wild space and not paved.	5/19/2022 8:17 AM
48	Brush honeysuckle is only getting worse as the years go on. Development and land use practices within the Blue river watershed are creating flash flood events that contribute to lower environmental health. Efforts should be made to have a dialogue with Johnson CO, Ks to help preserve the Blue river	5/18/2022 10:05 PM
49	Please designate ALL County owned land along Blue River as protected PARK LAND.	5/18/2022 1:44 PM
50	There are conversion opportunities to take advantage of closed roadways for positive pedestrian/walking/biking that would be minuscule cost relative to restoring vehicle traffic	5/18/2022 8:13 AM
51	I'm enthused that something good may result from these efforts - I.e this survey	5/16/2022 9:02 PM
52	Would love to see better maintenance with our parks, like Swope Park *could* become as excellent as say Tower Grove in St. Louis. Establishing more interconnected parks in the city that includes a focus on accessing parks through multi-modal transportation.	5/16/2022 3:28 PM
53	Keep up the good work!	5/16/2022 2:35 PM
54	Let's get this done! permanently close Blue River road and turn it into paths. Put parking and picnic structures in place. fund trails and improvements to sporting areas. Protect the natural areas from further encroachment and make Blue River Parkway the natural green space that KC can brag about 50 years from now.	5/16/2022 2:05 PM
55	Please consider a championship discgolf course that will attract players from all over the metro! It is one of the fastest growing sports in America and if done right we can host the best players in the world.	5/16/2022 11:40 AM
56	The condition of the paved trails is exceptional for bicycling. We also really enjoy hiking the	5/15/2022 12:27 PM

	unpaved trails. There is starting to be a lot of overgrowth of invasive plants such as honeysuckle.	
57	Really excited to see there is interest in this. Brining more people to the park will help me feel safer. I often turn back if I feel I will be alone on the trails. I love how secluded they are though.	5/15/2022 9:17 AM
58	Add fire pits and designated areas or even grills	5/15/2022 2:32 AM
59	Would love to feel safer on the park trails and parking lots. Drug deals and trash dumping seem to be an issue at some of the parking lots.	5/14/2022 11:52 PM
60	I love blue river trails. Some more trail markings, more maps and maybe more safety measures would be great	5/14/2022 10:41 PM
61	Please finishing paving the section of trail at 99th. Also, there are concrete fences along that section that are in disrepair.	5/14/2022 10:12 PM
62	Please do not widen or pave existing natural trails, or cut back vegetation. The local mountain biking, equestrian, and running/hiking community does an excellent job of maintaining trails.	5/14/2022 10:30 AM
63	Have one long connecting paved trail and several dirt loop paths	5/14/2022 1:20 AM
64	Need more drive through patrols by park rangers and police by tennis courts and horse trailer parking areas. Can more 'wild' native flowering plants be planted near the trails and in flood plane.	5/13/2022 10:32 PM
65	Volunteers and others poor in a great amount of effort to maintain/create an awesome network of trails. Even with a great network of trails, there is definitely untouched potential. I believe many have a vision and desire to continue to make blue river a destination that attract people from all over. This vision could be hit with the proper support and resources. This park is worth pouring into to.	5/13/2022 9:30 PM
66	Maybe small mom and pop shops for bait snacks water and such and times when open like holidays.	5/13/2022 8:53 PM
67	Promote parks and rivers more! More kayak rental/water access. Protecting the Blue River more. Lots of people say they love to hike but don't know where to go. We could use more trails in general. There is a lot of trash and invasive species on some trails.	5/13/2022 3:51 PM
68	Put in spot on the little blue river need to be easily found.	5/13/2022 3:50 PM
69	Please put some resources towards cleaning up the dilapidated areas of parks especially buildings such as the South Jacomo Marina building and Swope park	5/13/2022 3:45 PM
70	Your park maintenance and mowing are not as nice as they used to be. It seems more and more are left to into weeds.	5/13/2022 3:45 PM
71	Please help this area. There is so much conservation that needs to be done, the dumping needs to be eliminated, and signage and advocacy needs to be generated to show people how special this corridor of Kansas City is. Right now it looks like it's been neglected because it's east of 71. This is simply not the case, so many people care about this park but can't do as much as the city can do.	5/13/2022 12:53 PM
72	Can be creepy to go run in the morning before work. More patrols thorough would probably help.	5/13/2022 12:51 PM
73	Disc golf is where it's at!	5/13/2022 12:42 PM
74	Hi my name is Dakota and i participate in the little blue River management hunt. I waited 5 years to get drawn for this hunt and was very disappointed in this hunt on zone two with the poor conservation efforts. A list of things that were noticed are predators were at an all time high with coons walking around looking very sick I'm assuming due to over population. There was invasive honey suckle to the extent that there was no vegetation for native animals or sunlight for native natural plants giving you a decrease in bugs equals a decrease in turkey and bird habitat along with a very poor number of deer. I could go on for days on what could be needed but bottom line is the wildlife needs some serious attention.	5/13/2022 12:21 PM
75	It would be really awesome to have a nice playground for the kids. We usually cross the state line to get to a decent play area for our kids. We are in south KC	5/13/2022 11:48 AM

	97	Make illegal dumping fines a huge deterrent, even littering.	5/12/2022 4:40 PM

98	The green area is an important resource for maintaining the floral and faunal ecosystem of the area. The water quality is generally poor, but due to location of runoff sources I'm not sure what methods there are to improve that. Surveillance along Blue River Road is something I believe to be important due to the issue of dumping in the area.	5/12/2022 4:12 PM
99	Trail markers along the route with information about the wildlife and plants, possibly geographical/historical information, pollinators, etc. A few stops with restroom/water facilities, mostly by entrances where roadways intersect with trail. Several maintained trash/recycle receptacles. Trail should accommodate both bikers and foot traffic alike. Information along trail can be both informative and educational and the importance of clean waterways should also be a focus.	5/12/2022 2:59 PM
100	NA	5/12/2022 2:13 PM
101	Please keep this park system as natural as possible. It does no need added sports or entertainment amenities. Please don't give development rights to private companies who want to make money off our parkland.	5/12/2022 12:42 PM
102	Our county parks play a key role in the preservation of species. I would like to see more money put forward for conservation.	5/12/2022 12:10 PM
103	A disc golf course would make a good addition in this or Minor Park.	5/12/2022 11:03 AM
104	Litter control and dumping prevention need to be improved	5/12/2022 9:16 AM
105	Seems like getting the trail extended north of 95th Street behind the back of the old Bannister Fed Complex up to near where the Trolley Trail ends should be a "no-brainer". I don't know how much Parks + Rec have to do with all the illegal dumping along Blue River Road but it is awful. I would be all for closing even more of that road than is already closed if that would prevent the dumping. It could become a bike/hike only road like Cliff Drive.	5/12/2022 8:59 AM
106	It's time for a disc golf course in the blue river parkway or another area within Jackson county parks. There's a public demand and need for one in the area and the sport is growing so fasts it's a surprise Jackson county parks hasn't taken Advantage of having one yet.	5/12/2022 8:58 AM
107	Kayak takeout would be nice at Red Bridge or Bannister area, similar to the river access near Blue Ridge and Holmes.	5/12/2022 8:22 AM
108	I would love to see the roads repaired all along the river coming from swope to blue ridge. More lighting along the road for the safety of the animals that cross.	5/12/2022 7:58 AM
109	Would like to keep the section of Blue River Road under 435 closed and maintained as greenspace.	5/12/2022 7:15 AM
110	Make more accessible path and clear more bushes and car slowing signs on blue river road and blue ridge road would be nice	5/11/2022 5:11 PM
111	The blue river trails are some of the oldest trails in KC. I use frequently. The work done there over the last 5 years or so is nothing short of amazing.	5/11/2022 2:20 PM
112	Take a note from Bentonville and other areas that have successfully leveraged their green belts to serve as community attractions and an economic generators.	5/11/2022 1:52 PM
113	I would like some sort of rules enforcement surrounding the football practices at 103rd. There are often cars parked in grass, walkways and trails blocked, and lots of trash and belongings left behind. I would like to see some kind of security check in the parking lots at 103rd street - there are often sketchy cars conducting sketchy dealings - especially early in the mornings.	5/11/2022 10:55 AM
114	You also need to focus more on the urban core of the city where more trails and outdoor recreational activities are needed. The Urban Core needs more green spaces and multi-use trails for biking, walking, hiking, etc.	5/11/2022 10:25 AM
115	I love visiting Jackson County Parks facilities. We have some great parks and trails in KCMO, but often times the signs are not clear. It is easy to get off one trail and onto another one or to get off the trail completely and then can't find where the trail continues. There are trails that are really isolated in places, like Swope park or Blue River Trails, but there is no security and at times they are not highly trafficed. As much as I enjoy these places much more than some trails in JOCO, I feel they are so much less safe than on the JOCO side. If our trails, parks and lakes were better maintained and safer, I think they would be visited so much more often.	5/11/2022 10:14 AM

116	We are an outdoors family and we love visiting parks, walking trails and mountain biking. It's cool to tell people about the BRP trail that connects Swope to Kenneth. I think if more people knew about the features that are available they might check it out.	5/11/2022 10:01 AM
117	Safety is needed. Multiple times they have been times where people of the same sex have confronted me about sexual favors. This is a common occurrence and is happening where kids play. It's also common to have cars broken into and see piles of glass in parking lots where windows were shattered. I don't feel safe at the park causing me to avoid the park	5/11/2022 8:19 AM
118	Please consider adding more paved trails to make our parks more wheelchair accessible.	5/11/2022 7:11 AM
119	In general, jackson county parks aren't maintained very well. Most likely due to funding. Stop giving tax abatement to large developers	5/11/2022 6:57 AM
120	Blue River Parkway road surface is horrible and the trash is out of control	5/11/2022 6:55 AM
121	The blue river and the Indian Creek feeder Are woefully polluted. In fact, The federal environmental protection agency has indicated that there is not one river or stream in the entire metro area that you could safely wade, Swim, or eat fish from.	5/10/2022 6:03 PM
122	The bike lanes at Longview Lake are amazing. Not sure if the Parks Department have influence something similar in Independence and Blue Springs (i.e. Little Blue Trace and Rock Island)	5/10/2022 4:46 PM
123	Your website is not very user friendly, and really seems geared towards the "lake crowd"	5/10/2022 12:40 PM
124	Jackson County misses the mark with programs geared to families. Take a look at what Johnson County offers and mimic those items. Jackson County should have the best facilities given it's land mass. Better boats, cleaner facilities and more educational programs for all age levels. Jackson County should be the premier location with all of it's lakes but needs many upgrades and lots of programs for families. Maybe camping cabins built to create more of a destination location.	5/10/2022 8:30 AM
125	Please make connection of existing Little Blue Trace Trail and Rock Island Trail a priority. These are both wonderful trails that are close enough there should be a connector.	5/10/2022 6:53 AM
126	I live in red bridge. I love the trails but I will only go with my husband. We can't use all the trails bc some of the parking lots have robbers	5/10/2022 1:22 AM
127	More attention on trails like little blue trace!	5/9/2022 9:11 PM
128	Love it there. Bikes, hikers and horses share trail well	5/9/2022 6:09 PM
129	Good park system. Love the little blue trail and rock island trail	5/9/2022 5:17 PM
130	I've been silly! Missing things I'd enjoy doing	5/9/2022 1:57 PM
131	Please keep the Blue River Valley parkways as natural as possible without commercialdevelopment	5/9/2022 12:29 PM
132	PLEASE focus on connecting the Rock Island Trail to the Little Blue Trace Trail and the Greenwood Gap. By doing so, you'll be opening safe access to miles of already created trails and the economic benefits will soon follow (ie. Crane Brewery) with opportunities in Independence and Greenwood. Thank you so much for your hard work and support for our parks!	5/9/2022 12:02 PM
133	Please help keep the water clean and forest trash free.	5/9/2022 8:29 AM
134	Please keep the equestrian trails open to us; many of us local riders help with maintenance and we so much appreciate and enjoy this beautiful treasure!	5/8/2022 7:50 PM
135	It would be awesome to have more regular activities for families with young kids year round and more activities in western Jackson County mot just in the Lee's Summit area	5/8/2022 6:53 PM
136	open blue river road 87th st.	5/8/2022 5:00 PM
137	The blue river park is beautiful as is. I have hiked here for 12 years and hike here daily as weather permits. This park is a beautiful park of Kansas City. Please do not disrupt and disturb one of the only beautiful nature hikes we have along a river.	5/8/2022 4:30 PM
138	improved signage in blue river park would be helpful, also this is my favorite trail in KC, I'd love to see it expanded	5/8/2022 2:31 PM

139	My house is on Blue River Rd. Near Red Bridge Rd. I really miss access to the area north of Grace Point by road. I am concerned about how it may attract squatters.	5/7/2022 9:01 PM
140	Please make this park a great family fun destination!	5/7/2022 7:28 PM
141	More mountain bike trails	5/7/2022 1:20 PM
142	Nice place, but if I drive Blue River Parkway to go to work early at 5:00 am, I see people LEAVING the park. Gunfire all the time (scary), one day found over a dozen spent shell casings on the street right in front of my house and one got stuck in my tire. Homeless live there, one lady pounded on our windows late one night. Neighbors pick up trash and mow parkway on Blue River Road because the city does not do it, and it looks very trashy and is hazardous if we don't.	5/7/2022 11:28 AM
143	I love the trails - do feel like there is some drug or illegal activity that goes on at these parks, specifically at the tennis court parking lot.	5/7/2022 10:11 AM
144	Blue River Road needs to be fixed	5/7/2022 9:14 AM
145	Open up cliff drive. And ask the people of all the underprivileged-mid-gentrification hoods what we want. I can assure you you guys are only hearing the voices of the Karen's.	5/7/2022 12:38 AM
146	Open closed section of Parkway. Repave roads.	5/6/2022 2:54 PM
147	STOP pointing the finger. I know our taxes dont ho directly to parks and rec, but maybe a portion should. With all the gains through property tax increases nothing in Jackson County should be wanting of funding. Not Urban Trail Co. Does not own the parks system. They can do good work, but they dont necessarily represent Our county. If we have suggestions the parks department needs to deal with them rather than to refer people to UTC. I'm glad for the survey.	5/6/2022 2:29 PM
148	BRT is a true gem - please clear the toxic undergrowth like they are doing at shawnee mission, or the home suckle will destroy the forest. I've been riding there since the 1970s and it's almost overrun - but not quite yet. You can still save it	5/6/2022 11:14 AM
149	You should consider partnering with Saddle and Sirloin across the street.	5/6/2022 11:01 AM
150	I like to kayak, but getting out of the kayak is difficult and requires assistance. I would like to see an ADA compliant kayak/canoe launch, one with the seat that you sit on and then go down a step at a time until you are in/out of the kayak. I think the sail boat cove would be a good spot for one.	5/6/2022 10:55 AM
151	Please bring this area into better use. It could be a gem.	5/6/2022 10:16 AM
152	More mountain biking trails. Better trail maintenance. More bike friendly parking lots and amenities	5/6/2022 1:23 AM
153	I feel in KC, the streams and rivers are the best natural features we have. Let's highlight what we've got.	5/5/2022 9:06 PM
154	keep developing parks	5/5/2022 3:56 PM
155	Clean, safe parks are an essential part of a healthy community. Some areas of the trail need better rain water/mud management If nothing else, known problem areas need to be cleared of mud/ice asap after rain/snow/ice.	5/5/2022 3:51 PM
156	Need to put word out ,more information	5/5/2022 11:20 AM
157	Please protect our natural spaces by not developing every inch of them.	5/5/2022 9:57 AM
158	Awareness of parks and the amenities they offer is limited by lack of messaging to the public	5/5/2022 8:50 AM
159	I think if the illegal dumping, and unsavory traffic can be stopped along with increased parking security, more people will use the park.	5/5/2022 5:43 AM
160	Stopping the dumping, trash cleanup, honeysuckle eradication.	5/5/2022 5:34 AM
161	More natural areas. Less industrialized areas. More hiking trails. Space to spread out from others	5/4/2022 11:04 PM
162	The Blue River corridor unfortunately has become a magnet for disposal of garbage and a haven for many of Kansas City's homeless. It is rare for cities to have undeveloped riverfront	5/4/2022 10:14 PM

and natural areas such as this. Kansas Citians do not need more high-dollar development. Our efforts should begin with the removal of rubbish. A thoughtful, fiscally-reasonable but ambitious plan--partnering with carefully-chosen organizations, groups, (trusts? public figures?) could provide an example to other US cities and provide opportunities for people in KC. Maybe it's not too much to believe that Kansas City could improve the corridor for recreation AND provide a more controlled, safer area for our homeless with some very basic (refuse, sanitation, potable water) services for those who may choose to remain.

	personal results of the second	
163	I love the mountain bike trails, both on bike and on foot.	5/4/2022 9:57 PM
164	Do not ignore horse trails. The All Trails link leaves out horse trails	5/4/2022 9:20 PM
165	Please focus on conservation of land and making the Blue River healthy and accessible to all	5/4/2022 8:32 PM
166	I would love to see beehives and bat houses around as additional conservation efforts.	5/4/2022 8:05 PM
167	More equestrian & bicycle opportunities Good value for horse trailer tags & campground fees. Users could pay a little more	5/4/2022 7:43 PM
168	More support for equestrians! We love our parks and those who maintain them!	5/4/2022 6:25 PM
169	Please use funds to help develop our extensive trail networks that have been built and maintained by volunteers . If you look at communities across the country that have embraced Mountain Biking the benefits are huge.	5/4/2022 4:10 PM
170	Considering the size of our city and the resources we have in KC, we should be looking closely at the outdoor recreation model presented by Bentonville AR. It is a perfect case study in how investments in parks, trails, and quality outdoor spaces can completely change an area for the better	5/4/2022 3:39 PM
171	I think you should promote recreational activities on the blue river	5/4/2022 2:41 PM
172	natural areas are being ruined by honeysuckle invasion, control needs to be coordinated with MDC; parking lot access off of 118th St needs to be locked at night to reduce trash, users of soccer fields need to be selected carefully (due to trash problems)	5/4/2022 2:32 PM
173	Many of the Equestrian Parks such as Monkey Mountain, Longview, and others are not maintained by the county & impossible to ride our horse. We pay for horse trailer permits & get minimal maintenance if any at all. Most trails at Blue & Grey Park are maintained by riders & a family nearby. Why should we pay for permits if in return we can't get maintained trails?	5/4/2022 2:18 PM
174	It is important to me that the habitat in the Blue River water shed not be turned into developments more sports fields or other uses that diminish the amount of the park that has high quality habitat for wildlife. I would like to see increased access for manage hunts for residents of the area. Fields that are generally not used would be the best candidates for playground equipment and other developed uses.	5/4/2022 1:12 PM
175	Jackson County Parks and Rec should take a look at what has been done with James A. Reed Wildlife area in respect to what could be created at Blue and Gray Park.	5/4/2022 12:45 PM

## Response

178	Support more trails, and do what you can to reduce car vandalism and break-ins at trail heads.	5/4/2022 11:35 AM
179	Great parks! Would be nice to have nicer mountain bike trails designed and constructed by a design firm.	5/4/2022 11:07 AM

180	Please help out for horse facilities	5/4/2022 11:02 AM
181	I would love to see a push for single track trail connecting Kenneth polo fields with the MCBP/	5/4/2022 9:50 AM
101	southern BuRP trails. A large volunteer clean up day along the closed section of blue river road between 435 and bannister where a dumpster is dropped off at either end and we can use wheel barrows to haul off the trash. As a regular volunteer for UTC at the old blue river ball fields/ new MCBP I would love to see a pump track where the old ball fields were long term.	5/4/2022 9.50 AM
182	Thanks for all you do. More biking opportunities are appreciated.	5/4/2022 6:51 AM
183	Please provide more Ranger patrol	5/4/2022 1:38 AM
184	Blue river park seems neglected except for the wonderful biking volunteers. They should be considered in any discussion or decision.	5/3/2022 11:22 PM
185	Additional mountain bike trails.	5/3/2022 10:28 PM
186	I would love to have a community center like Grandview has here in the red bridge area	5/3/2022 10:17 PM
187	Save our parks including Swope Park. So much potential	5/3/2022 9:38 PM
188	Repair the roads and bridge!	5/3/2022 9:34 PM
189	The mtb trails are awesome and we really enjoy them, but we rarely go anymore because of the constant car break ins and windows being smashed out at the trail heads.	5/3/2022 9:24 PM
190	The blue river corridor is beautiful. Please help us clean it up and build more bike trails.	5/3/2022 9:09 PM
191	Thanks!	5/3/2022 9:05 PM
192	Please think about creating wildlife / butterfly waystations	5/3/2022 8:55 PM
193	Would love a park similar to roe park, meadowbrook park, leawood park, or splash pad. Also there's a couple homeless camps in the parks that need to be addressed	5/3/2022 8:29 PM
194	I just wish there was water stations from Swope to south of Blue River. There's not enough stations that has guaranteed water.	5/3/2022 8:28 PM
195	Please do not partner with private organizations. I feel that leads to a conflict of interest often.	5/3/2022 8:06 PM
196	We love having our trails and use them frequently. It would be nice to feel safer leaving our cars parked but I don't want investors to come in to improve and then take the land currently built for hiking and biking.	5/3/2022 8:04 PM
197	We need to focus on those coming in and dumping in our parks. Install trail cams and prosecute. Trash is overrun in our parks!	5/3/2022 7:56 PM
198	Please more mountain biking opportunities, read up on Bentonville if you need an example of successful bike tourism. Branson is entering the game with "Howler Bike park" and while not at county-owned property, I have a theory they're going to benefit from proximity to Bentonville. Sorry I don't have a fail-case, but can't think of one right now.	5/3/2022 7:16 PM
199	Too many homosexuals backed up in cars in parking spots looking for inappropriate activities	5/3/2022 6:44 PM
200	It's a tough job and I appreciate all you do!	5/3/2022 6:32 PM
201	I just want the road repaired!!	5/3/2022 6:09 PM
202	Thanks for all you do. I try to support and attend all events I am aware of.	5/3/2022 6:07 PM
203	Thanks for getting the future on uts way.	5/3/2022 5:55 PM
204	More connecting, paved trails for bikes that are safe for females. Heavy usage makes me feel safer in Kansas trails	5/3/2022 5:49 PM
205	Please keep our natural areas as natural as possible.	5/3/2022 5:38 PM
206	Maintenance is almost zero please start with good maintenance	5/3/2022 5:01 PM
207	Safe park areas that practice conservation and are not open to commercial development are important to the area.	5/3/2022 4:59 PM
208	More mountain bike trails	5/3/2022 4:37 PM

209	Would love to see more protections on park property so we don't lose forested land to development. Conservation, eradicating and managing invasive species, dedicated maintenance for trails, and safer parking and park facilities.	5/3/2022 2:52 PM
210	check out my map of all KC outdoor pursuits! http://jercollins.com	5/3/2022 2:18 PM
211	I would LOVE to see mountain bike trails at Longview, NOT just gravel bike paths. There are some interesting unused terrain at Longview that should have better bike trails. Equestrians seem to have a monopoly on wooded trail opportunities at Longview why? I am retired, live nearby and would love to develop/maintain mountain bike trails at Longview.	5/3/2022 1:43 PM
212	Clean up the trash, fund the mtb trails, and watch your tourism grow!	5/3/2022 1:24 PM
213	Keep up the great work	5/3/2022 12:32 PM
214	We should feel safe in our parks. Let Rangers set up stings to catch people breaking into cars please.	5/3/2022 12:19 PM
215	There needs to be better attention placed on rock island trail I have seen many motorized skateboards and actual motorcycles blasting up and down the trail	5/3/2022 12:18 PM
216	We love our parks and are encouraging family and friends to visit them more frequently. Please continue to invest in up keeping and growing our opportunities to explore in nature. Thank you.	5/3/2022 12:11 PM
217	We have such a gorgeous natural resource in the middle of our city, and yet the majority of KC residents barely know it is here. They associate the area with crime and trash dumping. We need to change the narrative on the region by bringing people together over their love of outdoor recreation and love of natural areas. I've lived all over the country, this area is REALLY SPECIAL!!!	5/3/2022 11:52 AM
218	We love the new Rock Island Trail! Connecting it to downtown/plaza/trolley trail would be awesome. The more our bike trails can connect - thus allowing people to safely bike the city - the healthier our city will become.	5/3/2022 11:31 AM
219	Thank you for working on this plan. The Blue River has the potential to be a major asset to the region - a potential that is only partially fulfilled now.	5/3/2022 11:30 AM
220	Very opposed to public-private partnerships within publicly owned land when the trade-off is to provide development rights to the private entity. Block Real Estate attempted to procure sections of the Blue River Parkway trail previously that would have impacted existing public use mountain bike and hiking trails that were built and maintained by volunteers and users. That private land grab would have restricted the use of previously public access land	5/3/2022 11:17 AM
221	The road needs fixed and reopened	5/3/2022 11:08 AM
222	Bike trails are beyond amazing, especially that they are built and maintained by volunteers. I would like to see the city contribute/allocate money to cut into that and fund the volunteer groups and pay for more/improved trails	5/3/2022 11:08 AM
223	Ever sense Covid the price for the community center went up but yet the amenities have gone down. We pay more and get much less Community outreach and services. I would love to get to know my neighbors and feel a connection with our great city.	5/3/2022 10:44 AM
224	BRP trails are amazing. The work done on them our top-notch and fantastic for anyone who uses those trails	5/3/2022 10:39 AM
225	mountain bike trails bring in good people and its a wonderful hobby. the better the trails the more use they get.	5/3/2022 10:33 AM
226	More bike infrastructure!	5/3/2022 10:12 AM
227	Great opportunity to improve the park as listed above.	5/3/2022 10:11 AM
228	Blue river park is a wonderful place to be able to visit as a family but it needs to be maintained not neglected. Keep it clean, keep it maintained.	5/3/2022 9:59 AM
229	It's difficult to convey the quality of the mountain biking trails in this corridor. They are world-class. This park is an absolutely amazing resource. Please invest in it and protect it.	5/3/2022 9:58 AM
230	The Mountain bike trails are really good, and I am finding less and less reasons to go to	5/3/2022 9:57 AM

	Bentonville. Although it would be nice to have some of what NW Arkansas has to offer in terms of MBT.	
231	Love the park system. Need more garbage pick up at Longview lake	5/3/2022 9:51 AM
232	I live near the Lydia access to the trail system on the West side of the park. I would love to see that trail system continued north to connect to the Minor Park trails or have a low water crossing across the river to access the rest of the park that way.	5/3/2022 9:51 AM
233	The trash clean-up is most important to me. It is just embarrassing how much trash is dumped at BRP and Swope Park. Get more security and enforce the dumping laws. Once you are in the trails looking out there are whole hill sides covered in trash.	5/3/2022 9:51 AM
234	The litter and illegal dumping along Blue River Rd is awful. It would also be nice to have Blue River Rd repaired and reopened at 103rd to provide access to the entire stretch of Blue River Rd	5/3/2022 9:49 AM
235	Blue River is amazing! I *especially* love the area by the water treatment plant where the natural bank is being restored!	5/3/2022 9:49 AM
236	We need a dedicated year-round use hard surface pump track at Blue River Parks or at some other Jackson County Park. It could be used by many folks and could allow people to be riding/skating/scooting year round on a hard surface when the trails are closed due to wet weather.	5/3/2022 9:42 AM
237	until law enforcement and legal system put some serious teeth into the dumping situation, it'll never stop. Laws need to change.	5/3/2022 9:41 AM
238	More singletrack, please. Maybe even pay the people that maintain it.	5/3/2022 9:30 AM
239	Please don't allow private companies to develop this beautiful park. It is best enjoyed in a primarily natural state with multi use nature trails.	5/3/2022 9:20 AM
240	Connecting all the trail systems swope, BRP and Martin City trail system would be priority if I was running the show. Second would be enforcement of the dumping.	5/3/2022 9:20 AM
241	The important high quality natural areas within the corridor have been neglected. The singletrack trail system is dense enough to pause and just work on safe quality parking and ecological improvement.	5/3/2022 9:07 AM
242	Mountain bike is my primary use of the park and will continue to be my number one priority to visit an area and spend money.	5/3/2022 9:05 AM
243	Thank you for all you have provided. But we can do better.	5/3/2022 9:05 AM
244	We need more facilities in the parks. Also trash dumping is a huge problem. I think using the shut down oarts or blue river road as a multi purpose paved trail is a good idea, potentially adding food or a business in the middle as a hub area would be beneficial, similar to Coler MTB Preserve in Arkansas	5/3/2022 8:59 AM
245	thank you for allowing ebikes!! game changer for so many people to access healthy lifestyle choices that were not capable or intimidated before.	5/3/2022 8:55 AM
246	City needs more multi use fields (not baseball)	5/3/2022 8:51 AM
247	Highly in favor of continuing paved trails connectivity through this area. On question 8, it's not just no but HELL no. I do not want private developers dictating land use in public spaces.	5/3/2022 8:51 AM
248	More MTB trails please.	5/3/2022 8:42 AM
249	I'd like to see the road turned into a bike path and the mountain bike trails completed. Closing it should eliminate the trash problem and it would be a wonderful asset to the city	5/3/2022 8:40 AM
250	Please get better signage for mountain bike trails!	5/3/2022 8:37 AM
251	The Blue River watershed is critical wildlife habitat, as well as a necessity for flood prevention and pollution prevention. It's an extraordinary resource within an essentially urban area and it must be protected from over-development. Ball fields are not helpful even if users pay fees for park maintenance - which never cover the real costs. The destruction of the wild habitat is unrepairable. There is very little of it left, and developers coming for it from all sides. The County and City Park lands are the only parts that have a chance of being preserved. It is a	5/3/2022 8:35 AM

sacred responsibility of the Parks Departments to protect the open space. That includes cleaning up trash, catching and prosecuting litterers, protecting the native plants and wildlife from invasives, etc. More public education about the values of the open space might help. We have to eliminate the attitude that land is "unused" if it doesn't have a human-built structure on it. Just the fundamental flaw of calling human-use projects "improvements" is a clear sign of misplaced priorities. The wild open space is its own "highest and best use." This survey only allows for a vote on one type of funding, but all of the options should be employed as much as possible. Thank you. 252 Love the mountain bike trails at blue river, don't go as often because I'm worried my car will 5/3/2022 8:34 AM get broken into. Had it happen to a few friends and hear stories of it happening often on social media. 253 Clean up the dump known as Blue River Road. Then keep it clean. Patrol the park and trails 5/3/2022 8:34 AM and enforce the rules. 254 We really need more signage about leash laws. I used to love seeing a well trained dog with 5/3/2022 8:31 AM good recall off leash but my horse was attacked by an off leash pit bull on the trails a few weeks ago. I did not make a huge fuss about it but am more apprehensive about our safety 255 BRP is a treasure to the heart of the city and metro. It is so close to a large population but is 5/3/2022 8:19 AM underutilized, uglied by trash dumping, and underinvested. I go there all the time and I love it but I want to see some investment in restoring the natural beauty, seeing more trails, and more security presence to prevent the trash dumping and stealing of trees. I have been helping build trails there for many years and I can see a vision where BRP is THE main attraction for KCMO and Jackson Co. Imagine a protected green space with great, clean trails winding 30+ miles through the heart of the city. It has so much potential! Look up a youtube channel called "Berm Peak" for MTB trail building ideas. 256 5/3/2022 8:16 AM 257

#### Response

Thanks for all the hard work and welcoming e-bikes. It has allowed this breast cancer survivor to ride the trails again thanks	5/3/2022 8:13 AM
Urban Trail Co. has built some of the best multi use trails in the country. I regularly volunteer maintaining and building trails long Blue River Parkway. We are so lucky to have such a well organized trail building non-profit in the KC Metro!	5/3/2022 8:02 AM
keep them public!	5/3/2022 8:01 AM
Kansas City/Jackson County has potential to make outdoor activities a community habit. We just have to make it happen	5/3/2022 7:58 AM
general concerns are safety and illegal trash dumping	5/3/2022 7:56 AM
Blue River Road really needs a complete overhaul along the entire length of the park with better security and maintenance to prevent illegal dumping.	5/3/2022 7:43 AM
We need to be able to build more features on our MTB trails like Bentonville and all of Arkansas has done. Take a look there and you will see what the potential is for bijijijijijijijijijijijijijijijijijijij	5/3/2022 7:41 AM
An effort to remove the invasive honeysuckle would be a huge improvement	5/3/2022 7:32 AM
I don't think equestrian riders should be allowed to let their horses poop on the trails, really ruins everyone else's experience. The road needs to be completely repaved. The mountain bike trails we have are wonderful but need to be refreshed, on the Blue River side. Swope is doing wonderfully, it's just the difference of who is the trail steward.	5/3/2022 7:32 AM
People drive their cars on the bike trail that runs along the Blue River south of Emanuel	5/3/2022 7:32 AM

	Cleaver/north of Coal Mine Rd and its really annoying. Love everything else about that trail tho	
268	The closed section of blue river parkway needs a cleanup. There's always all sorts of trash. I avoid some of the trails near there because there's always broken glass.	5/3/2022 7:04 AM
269	Restroom facilities need vast improvement. I frequent Landahl Park in Blue Springs weekly. There are NO facilities	5/3/2022 6:35 AM
270	Dedicated parking lots and bathrooms (vs Porta pottys) at trail heads is needed. Maybe security cameras to deter car break ins too. Trails still have a lot of trash and broken glass on them, can a bigger budget be applied to help get these trails in better condition?	5/3/2022 4:43 AM
271	Removal of trash and garbage from dumping should be top of the list.	5/3/2022 2:59 AM
272	Parts of park/trails is littered with trash. Tennis court parking lot is a well known spot used for "hook ups" (indicated by backed in vehicles) sometimes those "hook ups" happen in near by brush and trails, nothing is done to prevent that as fas as I know. Dirt bikes/motorized vehicles used the trails, reporting those also results in zero response.	5/3/2022 2:58 AM
273	Thank you for how amazing BRP already is	5/3/2022 1:26 AM
274	Please try to preserve the natural areas. Avoid paved walking paths in areas that have grass/dirt paths. Possibly consider events that educate how to use the parks such as cyclists or what the different parks offer and in what areas.	5/3/2022 12:49 AM
275	Having paths like the little blue trace and the rock island to travel around on and spend less time with traffic really add to the area and quality of travel for non-motorists.	5/3/2022 12:19 AM
276	I'd love more kayak access along the blue river in places that were accessible in the river for a kayak	5/2/2022 11:54 PM
277	Safety, conservation and volunteering activities is all that is needed. Don't over-think it. The park is perfect, just needs littering prevention (& clean up), preservation and getting the community to value it and participate maintaining it.	5/2/2022 11:33 PM
278	The homeless issue and letting the paved trails become overgrown are the biggest issues with our trails in this area. If you ride from Missouri into Kansas on Indian Creek Trail it is like an entirely different world once you go under Stateline. Leawood shows it is possible to have a GOOD trail system here, that people love to use. If our City Counsel members would get outside every once in a while, maybe they'd see that. This is by far the worst run city I've ever lived in as far as outdoor recreation goes. Do better and maybe people will start having pride in KCMO again	5/1/2022 10:03 PM
279	On several occasions I've witnessed city park workers, parked in our parks. Not working, but standing outside their trucks chit chatting. You would think with all the spare time they have to chat, our park systems are the best in the area because the work is handled. Who cares about 10-20 minutes of chatting, everyone needs to blow off steam. But 45mins-1hr, several times a week. Someone's boss needs to start micromanaging his subordinates.	5/1/2022 10:02 PM
280	Thank you for the beautiful trails and working to support biodiversity in our ecosystem!	4/30/2022 1:06 PM
281	I reported an incident where my car window was smashed in at a trail head. Seen some shady characters from time to time in park. I carry pepper spray now. I usually stay around the minor park area, but venture farther north occasionally. Parking areas need better upkeep. Not sure what kind of security/deterrents could be incorporated	4/30/2022 1:01 PM
282	I love roller skating the RIT from Stadium to Brewery because the trail is improved and friendly to roller skaters.	4/30/2022 8:16 AM
283	Please make conservation efforts more obvious with signs and/or QR codes and websites	4/29/2022 11:42 PM
284	Conservation and trash cleanup are badly needed. In addition, there is much less security than there used to be. I have felt unsafe more than in the past.	4/29/2022 6:18 PM
285	I choose to live in South KC and believe improving our parks would help develop community pride. Continued upkeep and maintenance are vital. Our park system along the Blue River is unique for its size and natural state. We definitely need to take advantage of this natural aspect and highlight it. An excellent example of this are the additional mountain bike/hiking trails which were done by volunteer mtn. bike groups. They seem to draw the largest group of visitors. We should capitalize on that aspect. They are not my draw but the tennis courts,	4/29/2022 3:29 PM

	basketball courts, cricket field, paved jogging trail and shelter/picnic/party sites are nice to have and seemed to be utilized by many. Enhance and improve those areas continuing to provide healthy, active spaces for your residents to enjoy. Thank you for reading/hearing my opinions. PS Is the actual Blue River Road a lost cause? It used to be a favorite drive of mine whenever I wanted to take a realizing spin. It was also a nice alternative route to get to Swope park, the zoo and Starlite Theater.	
286	There is a four tenths of a mile stretch on the Blue River nature/bicycle trail between 103rd and Lydia streets that is not paved. It has small gravel which is difficult to ride on my street bike when it has rained. Why is it not paved like the rest of the trail?	4/29/2022 1:45 PM
287	Keep the parks safe and clean.	4/29/2022 1:10 PM
288	Blue River for all its beauty can feel like a 'lawless land'. Dumping, reckless driving, poaching, vandalism, drugsit must be stopped.	4/29/2022 12:29 PM
289	My priorities: Resource management and protection. Visitor safety and park security.	4/29/2022 11:53 AM
290	the blue river road is a hidden gem from the past. If the road was repaired and opened, it would reduce illegal dumping and prevent crime and improve visibility for the park and access for people. at this time, one has to drive around the park to get to the park because of the closed road.	4/29/2022 11:06 AM
291	Lower the boat usage fee!!!!	4/29/2022 10:53 AM
292	too many homeless people near Martin City	4/29/2022 10:52 AM
293	Coordinate with neighboring city/county parks and trails	4/29/2022 10:49 AM

## Q3 Is there anything else about the Blue River Parkway Master Plan you would like us to consider?Comments:

Answered: 63 Skipped: 9

#	RESPONSES	DATE
1	Increasing security at the parks	11/1/2022 12:30 PM
2	Get closed sections of BR Road re-opened or convert to trail.	11/1/2022 12:29 PM
3	More proper trailheads that are safer, have lighting, dedicated restrooms. Having only one proper trailhead for the amount of trails (paved/dirt) doesn't help and keeps users from coming. Safety and access is the most important improvements that need to be made.	11/1/2022 12:28 PM
4	No private funding for golf courses.	11/1/2022 12:25 PM
5	The road needs to be kept continuous from Swope Park to 129th. Preserving the water transmission line that parallels the road necessitates stabilizing the embankment. If the road is not kept open, the elderly will no longer enjoy rides through the forest.	11/1/2022 12:24 PM
6	The words say "Connect trails from Swope Park to Kenneth bridge" but the maps don't show that. Besides cooperating with UTC mountain biking trails, promote tourism/economic development. More emphasis on flood control, carbon sequestration, and riparian habitat restoration. "Water trails" with improve boat ramps deserves more focus.	11/1/2022 12:21 PM
7	The keep the horse trails open. Our horses are getting used to the bikes and the bikes are getting used to the horses. The hikers love to see the horses also. Getting rid of the homeless camps.	11/1/2022 12:17 PM
8	All 3 of our umbrella neighborhood groups in South KC - Southern Communities Coalition, South Kansas City Alliance, and Center Planning & Development Council favor reopening the closed sections of Blue River Road. With Council redistricting more of the Road with be in the 6th Council District and we think those councilmembers will be supportive.	11/1/2022 12:15 PM
9	Add more trails - for ALL users.	11/1/2022 12:03 PM
10	Adding a rugby complex will be very beneficial. The Blues have a massive international and national outreach; through our players, fans, and opponents.	11/1/2022 12:03 PM
11	Consider working with the KC Blues in supporting the initiative of growing the sport of rugby. We can do this by building a complex fit to host all levels of rugby and built around our organization, the premier rugby club in the area. With your partnership, we can improve Blue River as well as grow rugby just in time for the Rugby World Cup coming to the states.	11/1/2022 12:01 PM
12	The addition of a rugby complex would be beneficial to the community. It would give rugby in the community and allow the sport to grow. The growth of rugby would allow us to give youth a chance to play and grow.	11/1/2022 11:58 AM
13	Traffic control crossing Holmes Road to get to new bike trails	11/1/2022 11:53 AM
14	We walk and bike the Blue River Trail (trailhead: Alex George Wetland). We are thrilled to see young kids having soccer and football practice/games there. Often, after they leave the area is heavily littered - please make it a requirement to clean up after use! Such a poor example for young kids!	11/1/2022 11:53 AM
15	Expand/improve trailhead parking, lighting at parking lots	11/1/2022 11:49 AM
16	A multi-purpose turf field	11/1/2022 11:48 AM
17	The Blues Rigby Club would love the opportunity to call 99th & Blue River home.	11/1/2022 11:47 AM
18	Just keep up the good work!	11/1/2022 11:46 AM
19	Linear park would be awesome, traffic count on Blue River Road isn't high enough to keep road	11/1/2022 11:43 AM

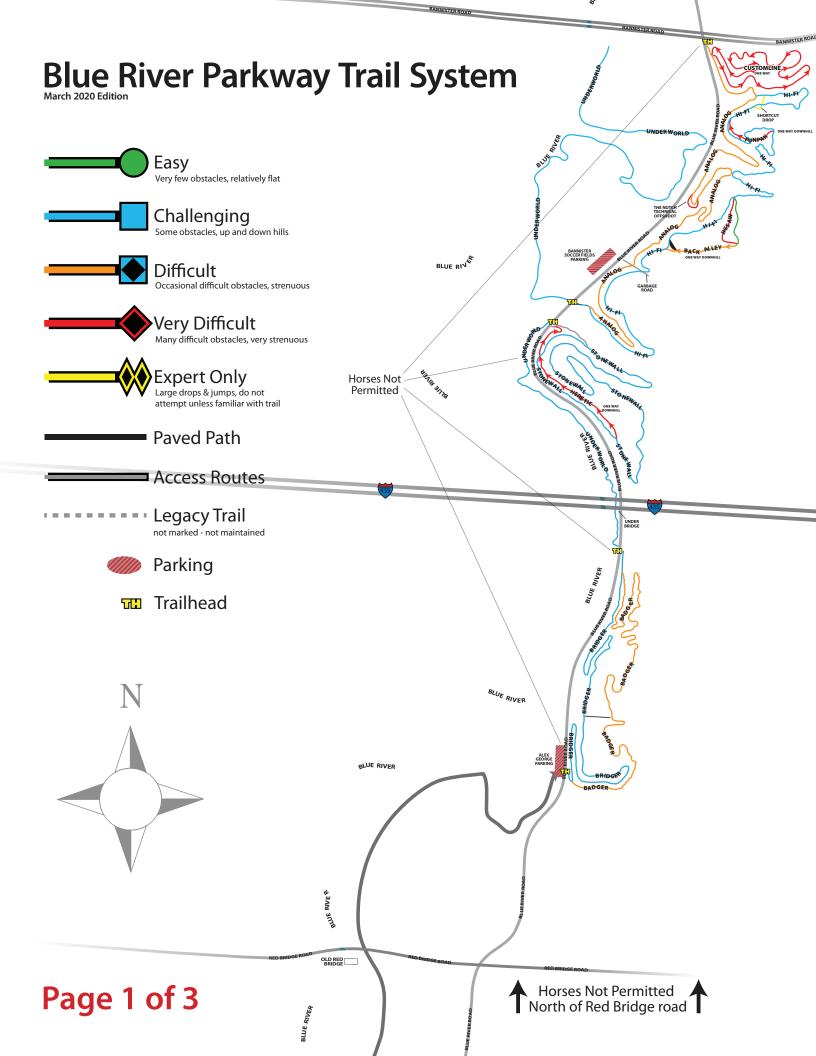

open. Promote the trails as much as the Plaza, etc. Trails bring in locals and tourists with

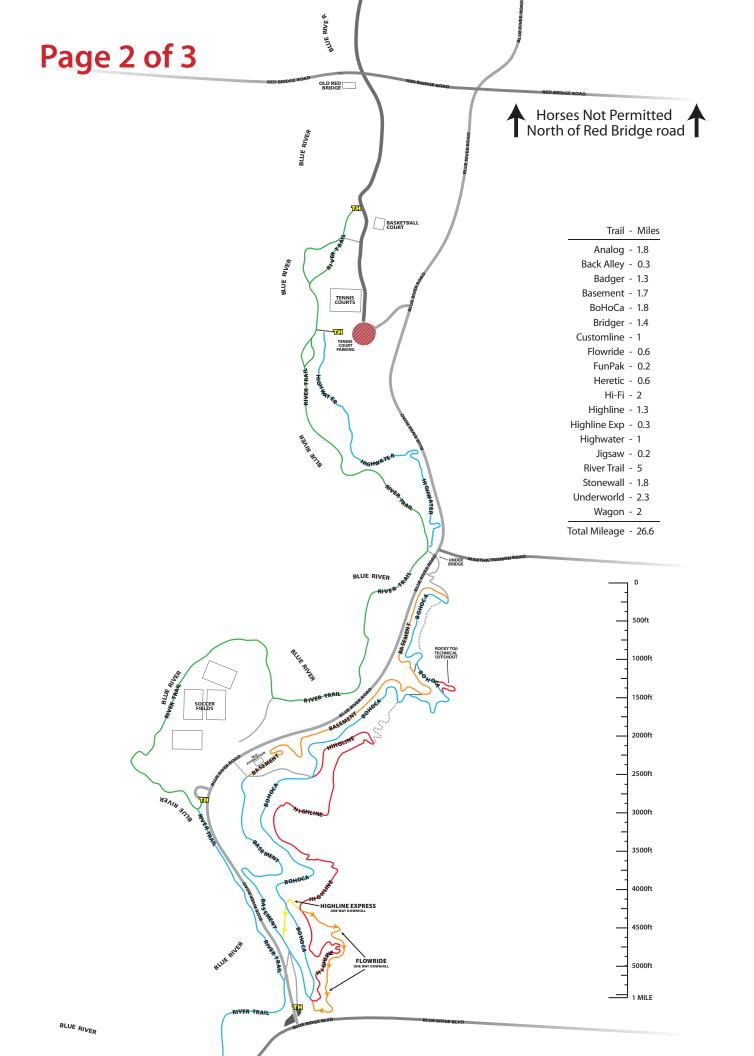

money. My bike costs multiple times what a set of golf clubs cost. I spend a lot of money locally supporting my hobby/sport. 20 Crossing safely at Holmes Road intersection. 11/1/2022 11:41 AM 21 Tell the city to not only keep Blue River Road closed but to close more of it and replace with 11/1/2022 11:40 AM parking, paved/gravel walkways, and other park amenities. 22 Open all of Blue River Road and control speed with structures (speed bumps, round-a-bouts, 11/1/2022 11:27 AM islands, parking etc.) 23 It needs to be done NOW. Join with KC and others to get things moving. 11/1/2022 11:25 AM 24 Enhanced security and lighting with solar 11/1/2022 11:24 AM 25 Athletic fields for KC Blues Rugby. 2 fields for exclusive use by rugby club - high school -11/1/2022 11:23 AM school boy youth Major focus on protecting park lands so they can't be bought by developers in the future. 11/1/2022 11:21 AM 26 Nothing currently. 11/1/2022 11:18 AM 27 28 \*\*This fence has been down for most of this year, city has been contacted by e-mail...no 11/1/2022 11:17 AM responses. \*If this is KC, please share my concerns. I would like to see these two sections of BRRoad repaired and opened! 29 Consider adding in a rugby field for people to use for the Blues Club. 11/1/2022 11:15 AM The KC Blues would be the ultimate tenants. We are dedicated to greatness with both rugby 11/1/2022 11:13 AM 30 and the community. We are a premier rugby program and would love to bring that level of professionalism to 99th & Bannister. Go Blues! 31 You guys are doing great and we are excited about a bright future along Blue River. We need to 11/1/2022 11:10 AM keep the positive momentum rolling and keep working to make the area safer and more accessible. I'm excited to play rugby at 99th & Bannister this Saturday, October 29th, 2002. Don't let me 11/1/2022 11:09 AM 32 down. 33 Providing a location for sports & rugby can provide opportunities for athletics within the KC 11/1/2022 11:07 AM community. 34 I think the master plan draft has a lot of great improvements to the park. Also, I'm really 11/1/2022 11:05 AM excited about the sports complex and can't wait to see it in the future. 35 The 99th & Bannister - I'm really hoping that could be included into the master plan. It will help 11/1/2022 11:02 AM us a lot and we could give the park a good recognition. 36 Promoting and sustaining ecology within the region and implementing conservation methods to 11/1/2022 11:00 AM support the local wildlife. Green belts are invaluable and enhance the city's aesthetic and air quality whilst significantly contributing to tourism and the positive visitor experience. 37 Strengthen connection with local communities to keeping people fit and active. 11/1/2022 10:57 AM Overall, the development plan looks great! 38 11/1/2022 10:55 AM Seeing continued support for growing local clubs and activities 39 11/1/2022 10:54 AM 40 The KC Blue Rugby would love the opportunity to call Blue River home. 11/1/2022 10:52 AM Lighting for the athletic fields as well as the parking lots would be great. 11/1/2022 10:51 AM 41 42 99th is very underutilized. So, we might as well play rugby. 11/1/2022 10:48 AM Worried about putting a lot of effort developing rugby fields without a long-term agreement. 43 11/1/2022 10:47 AM Public food forests could provide food security for local residents, improved forests, cleared by 11/1/2022 10:44 AM 44 hogs could open the ground for accelerated growth and carbon credit sales. 45 1. Explore parkland protections through conservation easements. 2. Consider limited 11/1/2022 10:41 AM development and riparian habitat restoration projects in "land preservation zones" noted on the

	map. 3. Development of partners who are willing to collaborate to offer new programs such as guided nature hikes and float trips.	
46	Close from 21 to Prospect. Allow for reclaimed road to become trail.	11/1/2022 10:38 AM
47	Improving sports field for bigger events to be hosted, driving more traffic to KC.	11/1/2022 10:33 AM
48	I pretty much wrote all my thoughts out on sticky notes, but getting Kenneth or 122nd complexes up to an elite level would allow us to host a lot of really quality events, like the other nationwide complexes that can hold 40-50 team events! Restrooms, parking, and well-maintained flat field areas for lost of use (tournaments!).	11/1/2022 10:31 AM
49	The master plan needs more focus on low to moderate income communities for color, whose first language is not English. Needs to provide strategies for legal repercussions against illegal dumping.	11/1/2022 10:28 AM
50	I am very concerned about how this will be feasibly maintained and invasives kept at bay over such a large area. Needs a much bigger upkeep plan with more personnel. I am also concerned about the lack of planning for reaching out and engaging with underserved communities.	11/1/2022 10:27 AM
51	The condition of the water might be out of scope but if there is anything, like open sewers, that can be done, would love to see.	11/1/2022 10:24 AM
52	Partnerships with agriculture to manage and improve land. Grazing goats and sheep. Food producing trees. Interactive and educational opportunities in nature. Agri-business.	11/1/2022 10:22 AM
53	More inclusion of the non-white community. Maintenance long-term?	11/1/2022 10:20 AM
54	The land area from Swope to Alex George is narrow. I would be interesting to expand that by buying land and/or partnering with neighboring landowners and conservation trusts like HCA, conservation fund, etc.	11/1/2022 10:19 AM
55	The ecosystem restoration efforts highlighted the Alex George Wetland, invasive honeysuckle, and riparian restoration. I LOVE all of that. More detailed restoration plans might contemplate biodiversity (flora & fauna) as a key performance indicator, w/ an eye on prairies, upland forests, glades, and savannahs too. I also wonder if agroforestry could be incorporated into the riparian restoration work to link food security w/ ecological health. Consider a 4-P agroforestry approach = pecans, wild plums, paw paw, and persimmon? Many other understory plants could be incorporated as well. I've imagined that community groups might be granted concessions to harvest produce in exchange for stewarding certain acreages. Models like that have been used successfully in Brazil and elsewhere to link social/economic needs with ecological betterment.	11/1/2022 10:18 AM
56	What is the big destination idea? National plan? River signage upgrade, community-led programming, find a way to invest in areas with groups who agreed to take on w/ critical mass.	11/1/2022 10:07 AM
57	Closing the Blue River Road from Swope to Blue Ridge except for access to soccer fields. No other practical use for auto traffic and would a) reduce blight/dumping, and b) provide for safe route for bike/pedestrians.	11/1/2022 9:55 AM
58	More lighting	10/26/2022 6:00 PM
59	The Blues have been the premier rugby club in KC since 1966 and would love the opportunity to establish a home for rugby in KC.	10/26/2022 5:53 PM
60	Continued sharing with horses, bikes, dogs, and walkers. We need safer routes to walk/bike to the trails though as the roads are some of the most dangerous to walk or bike	10/26/2022 5:36 PM
61	I would like to see river access for fishing and kayak/canoes, it does not need to be concrete or a substantial structure (those add to cost and seem like overkill). I would like to see riparian areas (most of the park) actively managed rather than preserved and untouched. I would like community advertising and involvement in volunteer programs such "clean up" days and educational events through partnerships with multiple agencies. I would like the surrounding communities to be involved and enthusiastic about the Blue River and it's riparian to create a more pristine ecosystem for all biota.	10/26/2022 5:16 PM
62	I would like to make sure we are keeping things as natural as possible. I think this is a good start but needs more plan to protect the resource	10/26/2022 5:11 PM
63	Please provide these posters online. Please provide a list of all external stakeholders engaged	10/26/2022 5:09 PM

in the October 2021 meetings. Thank you!

## APPENDIX E

#### The Blue River Action Plan Summary

The future vision for the greenway includes:

- A connected trail and riparian corridor
- Protecting floodplain and restored floodplain forests along the corridor and the river's banks
- Connecting some of our region's most vulnerable residents to an essential resource for nature-based recreation and economic opportunities
- Providing a critical step towards climate justice in Kansas City

The HCA's 2020 Blue River Action Plan, identified the Blue River Parkway and Alex George Park Wetland as two of eight Action Areas, which were determined to:

- Be highly visible to the public
- Offer public access to the Blue River
- Represent important habitat
- Provide good opportunities to enhance stormwater management
- Are located in and will benefit underserved communities, and
- Provide opportunities to advance social and environmental equity
  - The Blue River Parkway Action Area represents 993 acres or 44% of the total Park. Riparian forest is the keystone habitat within this Action Area. Wooded areas near streams, also called riparian forests or corridors, prevent erosion, trap sediment and polluted runoff, cool water, and provide habitat for fish and wildlife. These forests also provide travel corridors, as well as resting and nesting habitats. These same corridors also provide opportunities for people to move from place to place and enjoy nature.
  - The Alex George Wetland Action Area represents 1,416 acres within the Parkway located on the southern side of the Blue River and Minor Park located immediately adjacent on the northern side of the river. Minor Park is managed by KCMO Parks and Recreation. Wetlands provide valuable habitat for fish, waterfowl, and other wildlife. They also purify polluted waters and help reduce the destructive power of floods and storms.
