<p>REQUEST SUMMARY</p>	<p>Jackson County, with Cass, Clay, Platte and Ray counties, has formed a Local Emergency Planning Committee (LEPC) under the provision of the Local Emergency Planning Committee (LEPC) Right-to-know Act of 1986. Each county receives grants from the Missouri Emergency Response Commission in accordance with Missouri's Emergency Planning and Community Right-to-Know Act (RSMo 292.600 to 292.625) to be used for programs which support the LEPC's Hazardous Materials planning, training and related activities.</p> <p>As a member of the LEPC, the County has entered into an agreement with Mid America Regional Council (MARC) to provide administrative and technical assistance to carry out the scope of work developed for the aforementioned grants. The attached Agreement for Services with MARC and the Mid America LEPC adequately sets out the rights and obligations of LEPC and MARC.</p> <p>This resolution seeks authorization for the County Executive to execute this Agreement for Services with the Mid America Local Emergency Planning Committee (LEPC) and the Mid America Regional Council (MARC) at no cost to the County.</p>

Hi Miriam:

The attached is an annual agreement between Mid America Regional Council and Jackson County (as well as other regional counties) regarding the LEPC (Local Emergency Planning Committee) and support funds for the LEPC. We receive funds for the Jackson County portion of the overall agreement from the state, we receive the funds and pass them on to MARC.

I have been on the LEPC committee for 10 years and recently my department wrote the tracking system of hazardous material storage for the total MEMC / LEPC area.

There is no signature due from me so, if Frank could sign the statements, please send them on to MARC and forward me a copy of the documents.

We will have to write an RLA to receive and transfer the funds from the state.

Thanks for your help.

Good morning. Attached you will find electronic copies of the LEPC FY2017-2018 application mailed to your County Executive. Your assistance in expediting and securing the necessary approvals and signatures is most appreciated. You'll note that we are asking that the County return two signed copies of the agreements, compliance certification forms and membership rosters by June 16, 2017. Thank you for help with this process! If you have questions please don't hesitate to phone myself or Erin Lynch. – Cynthia Allen

Please confirm receipt of this email. Thank you.

Mr. Frank White
Jackson County Executive
415 E. 12th Street, 2nd Floor
Kansas City, MO 64106

Dear Mr. White,

Each year the Mid-America Local Emergency Planning Committee (LEPC) applies to the Missouri Emergency Response Commission (MERC) for funding to support the operation of the LEPC. As part of the application package, all agreements with participating counties must be updated and County Commissioners must sign the application form.

Please sign both copies of the enclosed agreements, compliance certification forms, and membership rosters and return to MARC by June 16, 2017. Address these documents to the Mid-America Regional Council, 600 Broadway, Suite 200, Kansas City, MO 64105, Attention: Ms. Cynthia Allen. We will forward you an original once all of the signatures are obtained. The LEPC Chair will sign off on final applications submitted to the state.

LEPC funding in Missouri is from the State's Chemical Emergency Preparedness Fund (CEPF) grant. The Mid-America LEPC is eligible to receive an estimated \$65,274 in CEPF funds. Jackson County's portion of this allocation is approximately \$34,535 which is financed by fees from facilities using, storing or producing hazardous materials above certain thresholds. In 2016 there were 627 facilities in Jackson County that filed required chemical reports and paid fees.

In closing, please do not hesitate to contact me if you have questions by phoning 816-701-8390 or by emailing elynych@marc.org. Thank you very much for your assistance with this application. We appreciate your support of the Mid-America LEPC and look forward to working with your jurisdictions and emergency services agencies.

Sincerely,

Erin E.S. Lynch
Emergency Services & Homeland Security Director

LEPC/D 2017 Activities, Goals and Objectives

Based on the list of activities eligible for funding through CEPF (RSMO 292.606), describe the LEPC/D's activities, goals and objectives with respect to the following: if you click on the "click here to enter text" below, it will become an expandable document. Please tell us about the LEPC activities and the Goal for that activity and how money will be spent on that activity (See attached funding Guidelines for further suggestions)

Activity and Goal Description
Activity: CONTINGENCY PLANNING FOR CHEMICAL RELEASES
Goal(s): Review and update the LEPC Hazardous materials plan - Conduct research and interviews with selected RMP and EHS operators and private hazmat response companies to determine the number of trained response personnel and their level of training, type and quantity of hazmat response equipment and capability, and the existence of any private mutual aid agreements, then update the LEPC Plan where appropriate with this information; query the LEPC hazmat teams to update information on capability. . . • Continue outreach to RMP and EHS facilities in the metro area to raise aware of their responsibilities under EPCRA, the availability of the plan and invite participation in LEPC.
Activity: EXERCISING, EVALUATING AND DISTRIBUTING PLANS
Goal(s): Evaluate the LEPC Plan and Update the Regional Coordination Guide ESF10 – Oil and Hazardous Materials annex through the Conduct a table top exercise in September, followed by a full scale exercise in the first quarter of 2018, involving multiple hazmat teams and other agencies and disciplines in response to a complex CBRNE incident at a large venue, with a focus on communications, organization and unified command, site characterization, chemical identification, and use of specialized resources Research requirements and determine how to ensure the information about the availability of the LEPC plan is received by those who need it
Activity: PROVIDING TRAINING RELATED TO CHEMICAL EMERGENCY PREPAREDNESS AND PREVENTION OF CHEMICAL ACCIDENTS
Goal(s): To provide training to appropriate agencies in the LEPC area so they can safely respond to a hazardous materials incidents based on their level of capability; To ensure that the area hazmat teams increase/maintain their proficiency and are able to interoperate across jurisdictions; • Continue to convene the LEPC training subcommittee to assess training needs, identify available training, host trainings and secure trainings sites. Training is done in a way that increases interoperability between the various teams and helps develop leaders i.e. attendance from each team at the IAFC training conference in 2018. Coordinate efforts with the MERC • Host speakers on hazmat related topics including lessons learned. Offer Rapid Risk Assessment training Click here to enter text.
Activity: PROCESSING INFORMATION SUBMITTED BY FACILITIES AND IDENTIFYING FACILITIES TO REPORT
Goal(s): Design, set up and implement a program to make key information from facilities that house hazardous materials available to first responders on mobile devices addressing security and access considerations and coordinating with the MERC. Work with MARC 911 Public Safety to include these data layers on GeoLynx mapping software once the server upgrade is complete late 2017/early 2018 Outline a process to be able to identify the facilities that should be reporting that are not within the LEPC area.
Activity: RECEIVING AND HANDLING EMERGENCY NOTIFICATIONS OF CHEMICALS RELEASES
Goal(s): Ensure appropriate emergency response agencies receive required notifications of chemical releases Work with area fire departments to gather information on number of initial notifications received from facilities of a spill with the potential for offsite consequences. Communicate with regulated facilities the need to provide written follow up to the LEPC. Establish a way to be notified by the fire department after an emergency notification has occurred
Activity: OPERATING A LOCAL EMERGENCY PLANNING COMMITTEE
Goal(s): Sustain the LEPC as a mechanism for developing capacity to respond to hazardous material incidents and educating the public about chemical risks and protective actions Maintain membership and contact information• Meet regularly to maintain and build relationships between industry, emergency response agencies and other community partner to identify & manage expectations, identify resources and discuss hazmat related topics •Review LEPC business processes in light of lessons learned from Incidents to improve preparedness and response •Educate members on proposed regulatory changes
Activity: PROCESSING INFORMATION SUBMITTED BY FACILITIES; MAKE IT AVAILABLE TO THE PUBLIC
Goal(s): Provide the public with open access to information about chemical hazards in the community. • Maintain the LEPC website to provide information to facilities and the public, annually advertise the availability of the plan and other information Click here to enter text.
Activity: PROCESSING INFORMATION SUBMITTED BY FACILITIES; MAKE IT AVAILABLE TO THE PUBLIC
Goal(s): Establish a systematic process for the review and processing for facility plans (spill contingency, hazardous waste disposal, etc.) received at the LEPC with the goal of ensuring the local fire department is aware of and has received the plan and that the facility is included in the plan if appropriate.
