Dan Tarwater III, Chairman, called the meeting of the Jackson County Legislature to order.

**1 ROLL CALL**

Present 9 - Dan Tarwater III, Ronald E. Finley, Jalen Anderson, Crystal Williams, Tony Miller, Scott Burnett, Charlie Franklin, Jeanie Lauer and Theresa Cass Galvin

**2 THE PLEDGE OF ALLEGIANCE**

Recited.

**3 APPROVAL OF THE JOURNAL OF THE PREVIOUS MEETING**

A motion was made by Jeanie Lauer, seconded by Scott Burnett to approve the journal of the previous meeting held on August 16, 2021. The motion passed by a voice vote.

**4 HEARINGS**

*Brian Gaddie, Director of Public Works, introduced Dr. Troy Nash, Rick Davidson, Dan Musser, and Babette Macy from JCDC Partners, LLC, for an update on the status of the Jackson County Detention Center project. Dr. Nash said the site selection is completed with the letter of intent for the detention center. They are assisting county staff to move the deliverables forward. JCDC has addressed concerns by County staff. The site report was distributed, and a copy is available under the Meeting Details for the August 23, 2021, Legislative meeting at <https://jacksonco.legistar.com/Attachment.aspx?M1=M&M2=Add&M3=File&ID=887133&GUID=5D2182E7-64CE-4446-A698-22EBB9AD3112>.*

*The deliverables include the site report, the RFQ, RFP, budget, and proposed contract and agreement for procurement. Significant time and attention have been placed on each of these items. With respect to the site*

*report, the site has been selected and purchased. JCDC is in the process of completing the owner's design criteria phase. The owner's design criteria phase defines the quality expectations design and operation objectives for the team. This is a detailed phase of the project. Based on input from County staff, JCDC is working to finalize the language for the RFQ and RFP for the design and construction of the project. The budget was dependent on the site determination for the project. The JCDC team is updating the budget to take in consideration the site costs for the project.*

*The project procurement plan, model, and schedule have been presented to staff and is under consideration. The MBE and WBE discussions are a major part of the project. They have recommended both MBE/WBE goals and workforce participation plan. One deals with the owner of the firm and the other deals with the people working for the firm. The County does not have workforce goals and that will be something for the County to consider. These goals will impact the RFQ and RFP deliverables.*

*Communication has been affected by COVID. Their communication efforts have been active over the past few months and include meetings with community leaders, neighborhood groups, business associations, and faith-based leaders. JCDC expresses its thanks to Sheriff Forte, County Administrator Troy Schulte, and Vice Chairman Ronald E. Finley. It has been helpful to have County elected staff participating in these meetings. As they meet in the community, JCDC focuses on the guiding principles of the Steering Committee: a better environment for detainees and employees, educational programming to support positive activities, and the start of a campus to include social services to meet the needs of the detention center residents. The detention center will be cost effective for the taxpayer with respect for best planning and best practices to reduce recidivism in our community.*

*Theresa Cass Galvin, County Legislator, asked about the timeline to complete the RFQ and RFP. Rick Davidson said they have made their recommendations and are meeting with the legal team to resolve these matters by the end of the week. The plan is to have this stage completed by the end of the month.*

*Dan Tarwater III, County Legislator, asked about the timeline to complete the entire project. Mr. Davidson said they think it will take about three and a half years to complete the detention center once they have the design builder contracted. He plans to come before the Legislature to present that schedule. The design builder should be on board by January 2022.*

*Crystal Williams, County Legislator, said there are several people in the room waiting for decisions to be made that will affect their lives. She said she is wondering about the stakeholder meetings in the community, and if there have been meetings with these key stakeholders that are present in the room. Dr. Troy Nash said they work at the discretion of the Steering Committee. They will meet with anyone the Steering Committee wants them to meet. Dr. Nash said he agrees that it is important to hear from these people that took the time to come to the meeting.*

*Jalen Anderson, County Legislator, asked for a list of the community groups with which JCDC met. Dr. Nash said he would provide that list. Mr. Anderson said he is confused about the Steering Committee telling JCDC that they need to meet with people from the Heart Village Mobile Home Park. Theresa Cass Galvin said the Steering Committee had not met since April, but several people have met with members of the community.*

*Jalen Anderson asked if anyone has talked to the residents of Heart Village. Several residents in attendance said they had not been contacted by anyone.*

*Dan Tarwater III said they have gone out to the site and have exchanged information with residents. The Administration has a phone line set up. Troy Schulte, County Administrator, said they have a proposal before the Legislature to contract with the Community Services League to provide for relocation services for the residents. Also present was the relocation specialist who will make sure the County is abiding by federal relocation act requirements and coordinate the actual relocation. They need the funding in place to move forward with the project. They will provide rental assistance and handle the relocation on a case by case basis.*

*Dan Tarwater III said this will help with the outreach to move things forward. Mr. Anderson said there is a lot of frustration within this community. We have not been prepared properly to give them answers to their questions. Mr. Anderson said he believes the Legislature should hear from the constituents in the park before they move forward to understand their needs and problems.*

*Ronald E. Finley, County Legislator, said he wished his name had not been included in Dr. Nash's remarks. These people have had one meeting and they had many questions. Mr. Finley said what is important to him is where the County goes from here. Of the number of sites visited, this site was best for the taxpayers. Today the Legislature must consider the funding for the relocation program. He said he is not prepared to vote*

*for the relocation funding program without the proper hearings. Mr. Finley said the Legislature needs to get on track with these citizens.*

*Dan Tarwater III said it was his intention to get the funding approved today so the County can move forward to get these concerns addressed. Mr. Tarwater recommended a hearing with the residents on the Courthouse steps on Friday. Mr. Tarwater assured the residents they will receive assistance. Mr. Schulte said there are 15 residents ready to move right away as soon as funding is approved.*

*Crystal Williams questioned if a meeting outdoors is the best recommendation. Jeanie Lauer, County Legislator, said there is a process for hearing from people. She said she expected to have a communication plan for how the residents will be handled. She said a plan needs to be put into place to address the concerns of the citizens so they can feel they are going to be heard. She recommends a formalized plan to move forward.*

*Dan Tarwater III agreed that an outdoor meeting may not be ideal because of heat concerns. He said the meeting will be held in the Legislative Assembly Area. He is glad the citizens are here, and they will be helped. Mr. Tarwater directed the Clerk of the Legislature to notice a hearing.*

*Tony Miller, County Legislator, said he is willing to pass the proposed legislation to get funds out more quickly to the residents. He said he heard from the citizens that there is not a one size fits all proposal. He said they are in favor of individually tailored solutions. He would support a supplemental proposal later if more funding is needed.*

*Mr. Tarwater asked the Clerk to read Resolution #20739. He asked Mr. Schulte to explain the proposal. Mr. Schulte said the contract is for \$1.2 million for CSL to act as the fiscal agent to handle the relocation of the residents. They will provide two social workers to assist residents to find affordable housing. They will follow residents for a year to handle any housing issues that come up later. They have asked for a halt to all planned evictions. In addition, they will provide a full time relocation expert as the person on the ground to handle issues. The overhead costs are about \$200,000.00. They will provide relocation costs of \$5,000 plus all moving costs of personal possessions. There are 104 residents at the trailer park. Of those, 74 own their trailers, 20 are renters, 10 are on a rent to own plan, and the remainder are using a space and have other situations. Mr. Schulte said they will move any trailer to another park in the area or will purchase any trailer that cannot be moved. They believe the \$1 million requested may be sufficient, but some cases may be more or less.*

*On average the County will pay about \$10,000 per relocation and cover the cost of moving with an additional \$5,000 per household for rental assistance.*

*Dan Tarwater III said the biggest concern is to get CSL on board to move forward with handling each individual case. If someone else had bought this property, the residents would have had 30 days to leave with no assistance.*

*A motion was made by Scott Burnett, seconded by Theresa Cass Galvin, to adopt Resolution #20739.*

*Discussion.*

*Jalen Anderson asked for clarification about the costs for relocation. He asked about the Site Preparation Oversight Committee objectives. Mr. Finley said they did not discuss the in-depth details that Mr. Schulte proposed. The process is evolving. Mr. Anderson said he is opposed to the proposed legislation because he does not believe \$5,000 is sufficient for the costs imposed on the residents. He said he believes the amount should be \$10,000. There has not been a sufficient plan and the people have not been heard from on the issue.*

*Crystal Williams asked Jay Haden, Chief Deputy County Counselor, if it is required to have a notice of a public hearing or if the residents could be heard today. Mr. Haden said the public notice of this meeting did not include notice that there would be public comment. If the Chairman desires he may allow public comment. Scott Burnett said he requests a vote on the motion on the floor. Dan Tarwater III said he was willing to have people come forward to speak today. Mr. Burnett called for the question.*

*The motion failed by a roll call vote:*

*Yes: 4 - Dan Tarwater III, Scott Burnett, Charlie Franklin, and Theresa Cass Galvin*

*No: 5 - Jalen Anderson, Crystal Williams, Tony Miller, Ronald E. Finley, and Jeanie Lauer*

*Troy Schulte said the proposal was to put staff in place to meet with the residents. Without funding in place, the County Administration has its hands tied. The Administration will be unable to work with residents without staff and funding.*

*Theresa Cass Galvin clarified the \$200,000 in overhead costs is spread over several employees and the administrative costs with managing the process.*

*Tony Miller suggested the Legislature reconsider Resolution #20739.*

*Mr. Miller asked for clarification about back rent. Mr. Schulte said there is about \$55,000 in back rent due to the previous owner. The County will handle those issues through the emergency rental assistance program. Other issues included the failure of the previous owner to pay the water bill. The County has paid the water bill. The total amount of rent each month is about \$45,760.00, for a total of \$275,000.00. This is a policy issue for the Legislature to decide. The County has taken on the maintenance of the common areas.*

*Discussion.*

*Jalen Anderson asked for a commitment to increase the amount of funding. Troy Schulte said the additional cost of increasing the rental assistance to each household will increase the proposal to \$1.7 million.*

*Crystal Williams requested that the rent should be waived. Jay Haden said he will prepare an amendment while the Legislature continues with hearings.*

*Dan Tarwater III invited Babette Macy, Communications Chair with JCDC, to address the issues brought up regarding minority and women-owned workforce and the procurement process. She said the meetings held were on the project itself, not the project site. For many months the site was not known. The County just took possession of the site on Monday. The County has contractor utilization goals. Workforce goals are different because they apply to the employees working on the site. She recommended the Legislature reach out to the Administration or Mr. Gaddie for input or questions about the workforce issues. Mr. Anderson asked about utilizing labor unions for work on the project. Mr. Schulte said they are working on project labor agreements and have had preliminary conversations with union leadership.*

*Mr. Tarwater invited speakers to address the Legislature for two minutes each. Urban Schaefer addressed the issues of owning his mobile home. He and his wife live on a fixed income and cannot afford to rent. Many residents are disabled and homebound. Toi Moore explained she was homeless before moving to the trailer park. Steve Sloan said residents*

*who own their trailers cannot afford to rent since rents run \$900 to \$1,000. The \$5,000 in assistance is insufficient. Residents stated their trailers are not movable. Vincent Smith said this issue has caused anxiety for residents. Kristen Snelling said she is concerned about being evicted. Her case has different issues because she has a rent to own situation. Zoyla Guzman said the residents need compensation for their emotional distress. Residents asked the Legislature to listen.*

*Mr. Tarwater said since residents were allowed to speak, there will not be a public hearing on Friday.*

*A motion was made by Tony Miller, seconded by Scott Burnett, to reconsider Resolution #20739. The motion passed by a voice vote.*

*A motion was made by Tony Miller, seconded by Scott Burnett, to substitute Resolution #20739. The motion passed by a voice vote.*

*Resolution #20739, as substituted, was adopted at this time. See pages 12 and 13 for details.*
