RESOLUTION NO. 20139, April 8, 2019

INTRODUCED BY Crystal Williams, County Legislator

WHEREAS, by Resolution 19938 dated July 30, 2018, the Legislature did award a term and supply contract to ConvergeOne Inc., for information technology hardware, software, and services for use by various County departments; and,

WHEREAS, the Information Technology Department is updating the virtual server and storage system for the County, as the County's existing system is aging and near the end of its life; and,

WHEREAS, the five-year, zero percent interest back-up and data recovery plan offered by ConvergeOne Inc., will allow the County to replace the existing system with the latest technology, which will reduce risk and complexity, accommodate for future growth, and reduce physical data center space, resulting in a lower total cost of ownership; and,

WHEREAS, legislative authorization is required for this purchase under the existing term and supply contract due to specific indemnification language required by the vendor; and,

WHEREAS, the Director of Finance and Purchasing also recommends that the County's existing data storage system be declared surplus to the County's needs pursuant to section 1143 of the County Code, and that he be authorized to dispose of it by way of trade-in; now therefore,

BE IT RESOLVED by the County Legislature of Jackson County, Missouri, that the Director of Finance and Purchasing be and hereby is authorized to execute an installment payment agreement under the existing term and supply contract with ConvergeOne Inc., of Overland Park, KS, and any other documents necessary to give effect to the intent of this Resolution; and,

BE IT FURTHER RESOLVED that the Director of Finance and Purchasing is authorized to make all payments, including final payment on the contract thereby made, to the extent that sufficient appropriations to the issuing spending agency are contained in the then current Jackson County
